STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2012

A N   A C T

RELATING TO REDISTRICTING OF THE GENERAL ASSEMBLY

Introduced By: Senators McCaffrey, Bates, Lanzi, Pichardo, and Goodwin

Date Introduced: January 19, 2012

Referred To: Senate Judiciary

It is enacted by the General Assembly as follows:

SECTION 1. Section 22-1-2 of the General Laws in Chapter 22-1 entitled "Composition
of Senate" is hereby amended to read as follows:

22-1-2. Districts. -- The state is hereby divided into thirty-eight (38) senatorial districts
bounded and described as follows:

(1) It is understood and intended that for the purpose of this section a line described as
running on, along, to or through any street (including road, avenue, lane, way, parkway,
expressway, divided highway, state route or interstate route, or trail), stream or river, is intended
to mean the center line of that street, stream or river, and a line described as the shoreline is
intended to mean the line along the mean low water level, and a feature extension is intended to
mean the imaginary straight-line extension from the end of a map feature, usually a street or road,
to another feature, as for example, from the end of a dead-end street to a nearby river, in all
instances, unless it shall be otherwise specified.

(2) It is further understood and intended that for the purpose of this section, the districts
described in this section shall be composed of United States census geography (tracts and blocks),
as defined by the 2000 2010 version of the "TIGER" files from the United States Census Bureau,
whose boundaries correspond to the below metes and bounds set forth in this section and which
are hereby made a part of this chapter. A listing of which census blocks are contained within each
district shall be deemed to be incorporated by reference.

(3) (i) It is further understood and intended that for the purpose of this section, the
districts will be depicted on thirty-nine (39) maps, compiled by Election Data Services, Inc. for each city and town, and hereinafter may be referred to as town maps.

(ii) The secretary of state shall keep a copy of each set of the foregoing maps and a copy of the census tract and block listing available for inspection during ordinary business hours at his or her office. The secretary of state shall furnish each city and town a copy of the town map covering that particular city or town within ten (10) days from the passage of this act.

(iii) For purposes of this title, references to "tract" or "CT" shall mean "census tract", as that demographic unit is established by the United States Bureau of the Census for the 2000 census described by maps and publications of the bureau. References to "block", "blocks", or "block groups", "enumeration district", or "enumeration districts", refer to those demographic units as established by the United States Census Bureau for the 2000 census as described by maps and publications of the bureau.

(iv) Any reference to a "city or town", "city or town boundaries", or "city or town limits" shall refer to the boundaries or limits of the particular city or town as they existed on January 1, 2000 as defined by the 2010 version of the “TIGER” files from the United States Census Bureau.

(v) In the census tract and block listing, the first two (2) digits of a census description shall refer to the state of Rhode Island (44), the next three (3) digits of a census description shall refer to the county in which the district lies. Bristol county carries the code 001; Kent county carries the code 003; Newport county carries the code 005; Providence county carries the code 007 and Washington county carries the code 009. The next six (6) digits refer to the census tract within the county set forth in the description. The last four (4) digits refer to the census block within the census tract. “TIGER” is an acronym for the computer readable geographic data base that automates the mapping and related geographic activities required to support the United States' Census Bureau's census and survey programs and stands for "Topologically Integrated Geographic Encoding and Referencing."

(vi) If any census tract, block, block group, or enumeration district is omitted, listed more than once, or is only partially provided for, it is intended that the districts be defined in such a manner as to not omit any area of Rhode Island from a district and to comply with the standard of Articles VII and VIII of the Rhode Island Constitution requiring that districts be reasonably equal. In order to carry out the intent of the general assembly as expressed in this section the secretary of state, shall if necessary, undertake measures to insure compliance with this section. 

(vii) In the event of a discrepancy between the metes and bounds description, the description of census tracts and blocks, and the maps which shall be on file with the secretary of state, then the listing of census tracts and blocks shall take precedence and be controlling.
First district: The first senatorial district shall consist of all of that part of the city of Providence bounded by a line beginning at the intersection of the Providence-North Providence boundary line and Woodward Rd; thence southeasterly on Woodward to Branch Ave; thence westerly on Branch Ave to Douglas Ave; thence southeasterly on Douglas Ave to Easton St; thence southwesterly on Easton St to Veazie St; thence southeasterly on Veazie St to Douglas Ave; thence southerly on Douglas Ave to Eaton St; thence westerly on Eaton St to Tyndall Ave; thence southerly on Tyndall Ave to Smith St; thence westerly on Smith St to River Ave; thence southerly on River Ave to Whitford Ave; thence westerly on Whitford Ave to Academy Ave; thence southerly on Academy Ave to Justice St; thence easterly to the southern side of Pleasant Valley Pkwy; thence easterly on the southern side of Pleasant Valley Pkwy to Berlin St; thence southerly on Berlin St to Chalkstone Ave; thence westerly on Chalkstone Ave to Academy Ave; thence northerly on Academy Ave to Molloy St; thence westerly on Molloy St to Rowan St; thence southerly on Rowan St to Chalkstone Ave; thence westerly on Chalkstone Ave to Carleton St; thence southerly on Carleton St to Roanoke St; thence easterly on Roanoke St to Academy Ave; thence southerly on Academy Ave to Regent Ave; thence easterly on Regent Ave to Harold St; thence southerly on Harold St to Allston St; thence westerly on Allston St continuing on the boundary line between census block 4007002200300 and census blocks 440070022002012, 440070022002013, 440070022002014, 440070022002017, 440070022002018, and 440070022003006 to Academy Ave; thence southerly on Academy Ave to Atwells Ave; thence easterly on Atwells Ave to US Highway 6; thence easterly on US Highway 6 to I-95; thence northerly on I-95 to Providence Place; thence easterly on Providence Place to the Woonasquatucket River; thence easterly on the Woonasquatucket River to Exchange St; thence northwesterly on Exchange St to Stillman St; thence northeasterly on Stillman St to Park Row W; thence easterly on Park Row W to the Moshassuck River; thence northerly on the Moshassuck River to Smith St; thence westerly on Smith St to the New York, New Haven and Hartford Railroad; thence northerly on the New York, New Haven and Hartford Railroad to I-95; thence northeasterly on I-95 to the Providence-Pawtucket boundary line; thence westerly on the Providence-Pawtucket boundary line to the Providence-North Providence boundary line; thence westerly on the Providence-North Providence Boundary Line to the point of origin.

SECTION 2. Section 22-2-2 of the General Laws in Chapter 22-2 entitled "Composition of House of Representatives" is hereby amended to read as follows:

22-2-2. Districts, -- The state is hereby divided into seventy-five (75) representative districts bounded and described as follows:

(1) It is understood and intended that for the purpose of this section a line described as running on, along, to or through any street (including road, avenue, lane, way, parkway, expressway, divided Highway, state route or interstate route, or trail), stream or river, is intended to mean the centerline of that street, stream or river, and a line described as the shoreline is intended to mean the line along the mean low water level, and a feature extension is intended to mean the imaginary straight-line extension from the end of a map feature, usually a street or road, to another feature as for example, from the end of a dead-end street to a nearby river, in all instances, unless the same shall be otherwise specified.

(2) It is further understood and intended that for the purpose of this section, the districts described in this section shall be composed of United States census geography (tracts and blocks), as defined by the 2000 2010 version of the "TIGER" files from the United States Census Bureau, whose boundaries correspond to the below metes and bounds set forth in this section and hereby made a part of this chapter. A listing of which census blocks are contained within each district shall be deemed to be incorporated by reference.

(3) (i) It is further understood and intended that for the purpose of this section, the districts will be depicted on thirty-nine (39) maps, compiled by Election Data Services, Inc. for each city and town, and hereinafter may be referred to as town maps.

(ii) The secretary of state shall keep a copy of each set of the foregoing maps and a copy of the census tract and block listing available for inspection during ordinary business hours at his or her office. The secretary of state shall furnish each city and town a copy of the town map covering that particular city or town within ten (10) days from the date of passage of this act [February 20, 2002].

(iii) For purposes of this title, references to "tract" or "CT" shall mean "census tract", as that demographic unit is established by the United States Bureau of the Census for the 2000 2010 census as described by maps and publications of the bureau. References to "block", "blocks", or "block groups", "enumeration district", or "enumeration districts", refer to those demographic units as established by the United States Census Bureau for the 2000 2010 census as described by maps and publications of the bureau.
(iv) Any reference to a "city or town", "city or town boundaries", or "city or town limits"
shall refer to the boundaries or limits of the particular city or town as they existed on January 1,
2000 as defined by the 2010 version of the “TIGER” files from the United States Census Bureau.

(v) In the census tract and block listing, the first two (2) digits of a census description
shall refer to the state of Rhode Island (44), the next three (3) digits of a census description shall
refer to the county in which the district lies. Bristol county carries the code 001; Kent county
carries the code 003; Newport county carries the code 005; Providence county carries the code
007 and Washington county carries the code 009. The next six (6) digits refer to the census tract
within the county set forth in the description. The last four (4) digits refer to the census block
within the census tract. “TIGER” is an acronym for the computer readable geographic data base
that automates the mapping and related geographic activities required to support the United
States' Census Bureau's census and survey programs and stands for "Topologically Integrated
Geographic Encoding and Referencing."

(vi) If any census tract, block, block group, or enumeration district is omitted, listed
more than once, or is only partially provided for, it is intended that the districts be defined in such
a manner as to not omit any area of Rhode Island from a district and to comply with the standard
of Articles VII and VIII of the Rhode Island Constitution requiring that districts be reasonably
equal. In order to carry out the intent of the general assembly as expressed in this section the
secretary of state, shall if necessary, undertake measures to insure compliance with this section.

(vii) In the event of a discrepancy between the metes and bounds description, the
description by census tracts and blocks, and the maps which shall be on file with the secretary of
state, then the listing of census tracts and blocks shall take precedence and be controlling.

First district: The first representative district shall consist of all of that part of the city of

The second congressional district shall also consist of all of that part of the city of Providence not included in the first congressional district.

SECTION 4. The senatorial committees of the senatorial districts and the district committees of the representative districts in office on the effective date of this act shall not thereafter exercise any powers of nomination or endorsement of candidates for senator or
representative, except for an election for senator or representative prior to the first Tuesday after
the first Monday in November, 2012, but the chairperson of the state committee of each political
party, forthwith upon passage of this act shall appoint the members of a senatorial district
committee for each senatorial district and the members of a representative district committee for
each representative district. Each of said senatorial district committees shall consist of five (5)
members except that in senatorial districts which include all or parts of two (2) or more cities or
towns, the committee shall consist of seven (7) members. Each of said representative district
committees shall consist of three (3) members, except that in representative districts which
include all or parts of two (2) or more cities and towns, the committee shall consist of five (5)
members. Such district committee members, so appointed, shall hold office until the primary
elections in 2012 and thereafter until their successors shall have been duly elected, qualified and
organized. Nothing herein contained shall be construed to vacate the office or terminate the term
of office of any state committee member of any party prior to the party primary election in
September, 2012.

SECTION 5. Whenever in the general laws or in any public law a duty is imposed upon
the president of a town council or upon the local board of any city or town or upon a town clerk,
town sergeant or constable in connection with the election of a senator or representative, such
duty in the case of a senatorial or representative district comprising parts or the whole of more
than one town shall be deemed to be imposed upon the president of the town council or local
board or town clerk, town sergeant or constable of each or all of the towns in which such
senatorial or representative district shall lie. Wherever in the general laws or in any public law a
duty is imposed upon the city committee, town committee, or ward committee of a political party
in connection with the election of a senator or representative, such duty shall be deemed to be
imposed upon the senatorial or representative district committee of the party as the context shall
require.

SECTION 6. Wherever in the general laws or in any public law reference is made to a
senator or representative from any city or town, or to the election of a senator or representative
from any city or town, such reference shall mean and be deemed to refer to a senator or
representative from a senatorial or representative district, or the election of a senator or
representative from a senatorial or representative district, as the context may require.

SECTION 7. This act shall be liberally construed to effectuate the purposes thereof and
to apportion the state into senatorial or representative districts in compliance with the
requirements of the United States Constitution. It is intended that the senatorial or representative
districts described herein completely encompass all the area within the state and contain all the
population residing in the state. It is further intended that the apportionment and districting
provided for in this act results in the creation of districts containing substantially equal
population. It is also intended that no senatorial or representative district shall include any of the
area included within the description of any other senatorial or representative district. If the
districts described in this act do not carry out the purposes thereof because of patent unintentional
omissions, duplications, overlapping area, erroneous nomenclature, faulty description of
boundary lines, street closings, changes in names of streets or of public places, alteration of the
courses of rivers or streams, the filling in of lands under water or changes in shorelines due to
accretion, the secretary of state is hereby authorized and empowered to correct such omissions,
overlaps, erroneous nomenclature, or other defects in the description of districts so as to
accomplish the purposes and objectives of this act. In making such corrections, the secretary of
state shall be guided by the following standards:

(1) Gaps in the description of any district shall be completed in a manner which results in
a total description of the district in manner consonant with the description of adjacent districts;

(2) Areas included within the descriptions of more than one district shall be allocated to
the district having the lowest population; and

(3) Areas not included within the descriptions of any district shall be allocated to the
adjacent district having the lowest population.

SECTION 8. This act shall take effect upon passage; provided, however, that the
provisions hereof shall first be effective in connection with elections to be held on or subsequent
to the first day of September, 2012, and for the purpose of greater clarity, the first election under
the provisions of this act for congress, senator and representative from each of the senatorial,
congressional or representative districts hereby created, shall be held on the Tuesday next after
the first Monday in November, 2012, and the first primary election under the provisions of this
act for nomination of candidates for congress, senate and for representative from each of said
representative district shall be held on the second Tuesday after the first Monday in September,
2012, provided, however, that if any provision of this act or the application of such provision to
any person or under any circumstances shall be held unconstitutional or otherwise invalid or
inoperative by a decision of any court of competent jurisdiction, or if any action performed or to
be performed under any provision of this act is restrained or enjoined by any court of competent
jurisdiction, the remaining provisions of this act shall not be deemed to be impaired or affected
thereby but shall be deemed to remain in full force and effect. Any primary or special election
held prior to the first day of September, 2012, shall be conducted under the laws as they existed
prior to the passage of this act.
SECTION 9. This act shall take effect upon passage.

This act would set forth the boundaries of the voting districts for the House of Representatives and the Senate. The act would also set forth the territory for the First and Second Congressional Districts in Rhode Island.

This act would take effect upon its passage; provided, however, that the provisions hereof would first be effective in connection with elections to be held on or subsequent to the first day of September, 2012, and for the purpose of greater clarity, the first election under the provisions of this act for congress, senator and representative from each of the congressional, senatorial, or representative districts hereby created, would be held on the Tuesday next after the first Monday in November, 2012, and the first primary election under the provisions of this act for nomination of candidates for congress, senator and for representative from each of said representative district would be held on the second Tuesday after the first Monday in September, 2012, provided, however, that if any provision of this act or the application of such provision to any person or under any circumstances would be held unconstitutional or otherwise invalid or inoperative by a decision of any court of competent jurisdiction, or if any action performed or to be performed under any provision of this act is restrained or enjoined by any court of competent jurisdiction, the remaining provisions of this act would not be deemed to be impaired or affected thereby but would be deemed to remain in full force and effect. Any primary or special election held prior to the first day of September, 2012, would be conducted under the laws as they existed prior to the passage of this act.
