AN ACT

RELATING TO MOTOR AND OTHER VEHICLES -- SPEED RESTRICTIONS

Introduced By: Senators Jabour, Nesselbush, Crowley, Lombardi, and Lombardo

Date Introduced: March 04, 2014

Referred To: Senate Judiciary

(Transportation)

It is enacted by the General Assembly as follows:

SECTION 1. Section 31-14-3 of the General Laws in Chapter 31-14 entitled "Speed Restrictions" is hereby amended to read as follows:

31-14-3. Conditions requiring reduced speed. -- (a) The driver of every vehicle shall, consistent with the requirements of section §31-14-1, drive at an appropriate, reduced speed when approaching and crossing an intersection or railroad grade crossing; when approaching and going around a curve; when approaching a hill crest; when traveling upon any narrow or winding roadway; when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions; and in the presence of emergency vehicles displaying flashing lights as provided in section §31-24-31, tow trucks, transporter trucks, highway maintenance equipment displaying flashing lights (while performing maintenance operations), and roadside assistance vehicles displaying flashing amber lights while assisting a disabled motor vehicle.

Violations of this section are subject to fines enumerated in section §31-41.1-4.

(b) When an authorized vehicle, as described in subsection (a), is parked or standing within twelve feet (12') of a roadway and is giving a warning signal by appropriate light, the driver of every other approaching vehicle shall, as soon as it is safe, and when not otherwise directed by an individual lawfully directing traffic, do one of the following:

(1) Move the vehicle into a lane that is not the lane nearest the parked or standing authorized highway maintenance equipment displaying flashing lights (while performing maintenance operations) or emergency vehicle and continue traveling in that lane until safely
clear of the authorized highway maintenance equipment displaying flashing lights (while performing maintenance operations) or emergency vehicle. This paragraph applies only if the roadway has at least two (2) lanes for traffic proceeding in the direction of the approaching vehicle and if the approaching vehicle may change lanes safely and without interfering with any vehicular traffic.

(2) Slow the vehicle, maintaining a safe speed for traffic conditions, and operate the vehicle at a reduced speed until completely past the authorized highway maintenance equipment displaying flashing lights (while performing maintenance operations) or emergency vehicle. This paragraph applies only if the roadway has only one lane for traffic proceeding in the direction of the approaching vehicle or if the approaching vehicle may not change lanes safely and without interfering with any vehicular traffic.

Violations of this section are subject to fines enumerated in section §31-41.1-4.

SECTION 2. This act shall take effect upon passage.

EXPLANATION
BY THE LEGISLATIVE COUNCIL
OF
A N A C T
RELATING TO MOTOR AND OTHER VEHICLES -- SPEED RESTRICTIONS

***

1 This act would require drivers to move a vehicle into a lane that is not the lane nearest a
2 parked or standing piece of highway maintenance equipment and would continue traveling in the
3 lane until safely clear of the highway maintenance equipment.
4 This act would take effect upon passage.
