SECTION 2. Each line appearing in Section 1 of this Article shall constitute an appropriation.

SECTION 3. Upon the transfer of any function of a department or agency to another department or agency, the Governor is hereby authorized by means of executive order to transfer or reallocate, in whole or in part, the appropriations and the full-time equivalent limits affected thereby.

SECTION 4. From the appropriation for contingency shall be paid such sums as may be required at the discretion of the Governor to fund expenditures for which appropriations may not exist. Such contingency funds may also be used for expenditures in the several departments and agencies where appropriations are insufficient, or where such requirements are due to unforeseen conditions or are non-recurring items of an unusual nature. Said appropriations may also be used for the payment of bills incurred due to emergencies or to any offense against public peace and property, in accordance with the provisions of Titles 11 and 45 of the General Laws of 1956, as amended. All expenditures and transfers from this account shall be approved by the Governor.

SECTION 5. The general assembly authorizes the state controller to establish the internal service accounts shown below, and no other, to finance and account for the operations of state agencies that provide services to other agencies, institutions and other governmental units on a cost reimbursed basis. The purpose of these accounts is to ensure that certain activities are managed in a businesslike manner, promote efficient use of services by making agencies pay the full costs associated with providing the services, and allocate the costs of central administrative services across all fund types, so that federal and other non-general fund programs share in the costs of general government support. The controller is authorized to reimburse these accounts for the cost of work or services performed for any other department or agency subject to the following expenditure limitations:

SECTION 6. The General Assembly may provide a written "statement of legislative intent" signed by the chairperson of the House Finance Committee and by the chairperson of the Senate Finance Committee to show the intended purpose of the appropriations contained in Section 1 of this Article. The statement of legislative intent shall be kept on file in the House Finance Committee and in the Senate Finance Committee.

At least twenty (20) days prior to the issuance of a grant or the release of funds, which grant or funds are listed on the legislative letter of intent, all department, agency and corporation directors, shall notify in writing the chairperson of the House Finance Committee and the chairperson of the Senate Finance Committee of the approximate date when the funds are to be released or granted.

SECTION 7. Appropriation of Temporary Disability Insurance Funds -- There is hereby appropriated pursuant to sections 28-39-5 and 28-39-8 of the Rhode Island General Laws all funds required to be disbursed for the benefit payments from the Temporary Disability Insurance Fund and Temporary Disability Insurance Reserve Fund for the fiscal year ending June 30, 2016.

SECTION 8. Appropriation of Employment Security Funds -- There is hereby appropriated pursuant to section 28-42-19 of the Rhode Island General Laws all funds required to be disbursed for benefit payments from the Employment Security Fund for the fiscal year ending June 30, 2016.

SECTION 9. Appropriation of Lottery Division Funds -- There is hereby appropriated to the Lottery Division any funds required to be disbursed by the Lottery Division for the purposes of paying commissions or transfers to the prize fund for the fiscal year ending June 30, 2016.

SECTION 10. Departments and agencies listed below may not exceed the number of full-time equivalent (FTE) positions shown below in any pay period. Full-time equivalent positions do not include seasonal or intermittent positions whose scheduled period of employment does not exceed twenty-six consecutive weeks or whose scheduled hours do not exceed nine hundred and...
twenty-five (925) hours, excluding overtime, in a one-year period. Nor do they include individuals engaged in training, the completion of which is a prerequisite of employment. Provided, however, that the Governor or designee, Speaker of the House of Representatives or designee, and the President of the Senate or designee may authorize an adjustment to any limitation. Prior to the authorization, the State Budget Officer shall make a detailed written recommendation to the Governor, the Speaker of the House, and the President of the Senate. A copy of the recommendation and authorization to adjust shall be transmitted to the chairman of the House Finance Committee, Senate Finance Committee, the House Fiscal Advisor and the Senate Fiscal Advisor.

State employees whose funding is from non-state general revenue funds that are time limited shall receive limited term appointment with the term limited to the availability of non-state general revenue funding source.

**SECTION 12. Reappropriation of Funding for Rhode Island Capital Plan Fund Projects.**

Any unexpended and unencumbered funds from Rhode Island Capital Plan Fund project appropriations may be reappropriated at the recommendation of the Governor in the ensuing fiscal year and made available for the same purpose. However, any such reappropriations are
subject to final approval by the General Assembly as part of the supplemental appropriations act.

Any unexpended funds of less than five hundred dollars ($500) shall be reappropriated at the
discretion of the State Budget Officer.

SECTION 13. For the Fiscal Year ending June 30, 2016, the Rhode Island Housing and
Mortgage Finance Corporation shall provide from its resources such sums as appropriate in
support of the Neighborhood Opportunities Program. The Corporation shall provide a report
detailing the amount of funding provided to this program, as well as information on the number
of units of housing provided as a result to the Director of Administration, the Chair of the
Housing Resources Commission, the Chair of the House Finance Committee, the Chair of the
Senate Finance Committee and the State Budget Officer.

SECTION 14. This article shall take effect as of July 1, 2015.
ARTICLE 2 AS AMENDED

RELATING TO DEBT MANAGEMENT

SECTION 1. University of Rhode Island Fraternity Circle Improvements Phase I.

WHEREAS, The University of Rhode Island is proposing a utility and infrastructure project to replace, improve, and reorganize aged, incrementally developed utility and paved infrastructure in the sector of the Kingston Campus devoted to fraternity and sorority houses, referred to as Fraternity Circle Improvements Phase I, including improvements to water, wastewater, electrical, telecommunications, natural gas connections, and storm water management systems, as well as roadways, walkways, and parking lots as a first phase of improvements reflected in a "master plan" for this unique neighborhood of on-campus residences serving organizations of students; and

WHEREAS, Fraternities and sororities first developed in the early 1900s at the University of Rhode Island and were expanded with the initial designation and development of the "fraternity circle" neighborhood that was established in 1964, with the complement of fraternity and sorority buildings presently housing over 800 students, while maintaining strong bonds with affiliated alumni supporters of the University; and

WHEREAS, The capacity of the present water distribution system in this sector is a concern for serving sprinkler systems in both present and future houses and the wastewater system and storm water management systems must be improved and contemporized; and

WHEREAS, The upgrade and reconfiguration of gas, electric, and telecommunication infrastructure in the district, with the cooperation of National Grid and the university's networking and telecommunications operation, will address reliability, safety and long-term functionality, while reconfigured roadways, with service access, improved pedestrian safety, and parking area enhancements will bring this sector in line with the hardscape, exterior lighting, and blue-light emergency phone complements in the adjacent residence hall districts; and

WHEREAS, The design and construction of this project will be financed through Rhode Island Health and Educational Building Corporation (RIHEBC) revenue bonds, with an expected term of twenty (20) years; and

WHEREAS, Debt service payments would be supported by university general revenues; now, therefore, be it
RESOLVED, That the total amount of the debt approved to be issued in the aggregate shall be limited to not more than five million one hundred thousand dollars ($5,100,000). Total debt service on the bonds is not expected to exceed four hundred seven thousand dollars ($407,000) annually and eight million one hundred forty thousand dollars ($8,140,000) in the aggregate based on an average interest rate of five (5.0%) percent and a twenty (20) year maturity; and be it further

RESOLVED, That the Fraternity Circle Improvement Project Phase I is an important investment in the upgrade of essential utility systems to enhance public safety, ensure reliability and capacity, and safeguard the woodland/wetland setting of this sector of the Kingston Campus; and that this general assembly hereby approves financing; and it be further

RESOLVED, That this Joint Resolution shall take effect upon passage by this General Assembly.

SECTION 2. Rhode Island Turnpike and Bridge Authority.

WHEREAS, The Rhode Island Turnpike and Bridge Authority (the "Authority") is a public corporation of the State of Rhode Island (the "State"), constituting a public instrumentality and agency exercising public and essential governmental functions of the State, created by the General Assembly pursuant to Rhode Island General Laws § 24-12-1, et seq. (as enacted, reenacted and amended, hereinafter referred to as the "Act"); and

WHEREAS, The State recognizes that the Pell Bridge, the Jamestown Verrazzano Bridge and other facilities of the Authority are an essential part of the State's transportation system and facilitates the tourism industry; and it is the policy of the State that the public welfare and the further economic development and the prosperity of the State requires the maintenance of such facilities and the financing thereof; and

WHEREAS, The Act provides that the Authority shall have the power to charge and collect tolls for the use of its facilities; and

WHEREAS, Pursuant to Rhode Island General Laws § 31-36-20, three and one-half cents ($0.035) per gallon of the motor fuel tax is transferred to the Authority to be used for maintenance, operations, capital expenditures and debt service on any of its projects as defined in chapter 12 of title 24; and

WHEREAS, The Act also provides that the Authority shall have the power to acquire, hold and dispose of real and personal property in the exercise of its powers and performance of its duties; and

WHEREAS, The Act authorizes the Authority to make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its
powers under the Act, to issue revenue bonds of the Authority for any of its purposes and to
refund its bonds, borrow money in anticipation of the issuance of its bonds, and secure its bonds
and notes by the pledge of its tolls and other revenues; and

WHEREAS, In furtherance of its corporate purposes, the Authority is authorized to issue
from time to time its negotiable revenue bonds and notes in one or more series in such principal
amounts for the purpose of paying all or a part of the costs of any one or more projects authorized
by the Act, making provision for working capital and a reserve for interest; and

WHEREAS, Pursuant to Rhode Island General Laws §§ 35-18-3 and 35-18-4 of the
Rhode Island Public Corporation Debt Management Act (as enacted, reenacted and amended, the
"Debt Management Act"), the Authority has requested the approval of the General Assembly of
the Authority's issuance of not more than sixty five million dollars ($65,000,000) Rhode Island
Turnpike and Bridge Authority Revenue Bonds with a term not to exceed thirty (30) years and six
(6) months (together with any notes issued in anticipation of the issuance of bonds, the " Bonds")
to be secured by toll, transfers of motor fuel taxes and/or other revenues, for the purpose of
providing funds to finance the renovation, renewal, repair, rehabilitation, retrofitting, upgrading
and improvement of the Pell Bridge, the Jamestown Verrazano Bridge, the Sakonnet River
Bridge, Mount Hope Bridge, and other projects authorized under the Act, replacement of the
components thereof, working capital, capitalized interest, a debt service reserve and the costs of
issuing and insuring the Bonds (the "Project"); and

ARTICLE 5 AS AMENDED

THE REINVENTING MEDICAID ACT OF 2015

Preamble: The following Act shall be known as “The Reinventing Medicaid Act of 2015”, which achieves significant Medicaid savings while improving quality, controlling costs and putting Rhode Island on a path toward closing a $190 million structural deficit.

The Rhode Island Medicaid program is an integral component of the State’s health care system. Medicaid provides services and supports to as many as one out of four Rhode Islanders, including low-income children and families, developmentally-disabled residents, elders and individuals with severe and persistent mental illness.

Rhode Island currently spends more than 30 cents of every state revenue dollar on Medicaid, much of it on fee-for-service payments to hospitals and nursing homes. As the program’s reach expands, the costs of Medicaid have continued to rise, the delivery of care has become more fragmented and uncoordinated and funding for Medicaid has crowded out investments for important economic development priorities like education, skills training and infrastructure.

Given the crucial role of the Medicaid program to the state, it is of compelling importance that the state conduct a fundamental restructuring of its Medicaid program that achieves measurable improvement in health outcomes for the people of Rhode Island and transforms the health care system to one that pays for outcomes and quality at a sustainable, predictable and affordable cost for Rhode Island taxpayers and employers.

Rhode Island cannot build a foundation for economic growth unless the state addresses its structural deficit. Nor can it tackle the structural deficit without reforming Medicaid. Rhode Island needs a strong Medicaid system that functions as a safety net for the most vulnerable Rhode Islanders, but it also needs a sustainable model that works for patients, providers, and taxpayers.

The Reinventing Medicaid Act of 2015 makes a number of statutory changes to the state Medicaid program, including the creation of incentive models that reward better hospitals and nursing homes for better quality and better coordination, a pilot coordinated care program that establishes person-centered care and payment methods, targeted community-based programs for individuals who need intensive services and managed care for Rhode Islanders with severe and
This Act shall be known as the "Reinventing Medicaid Act of 2015."

SECTION 1. Chapter 15-10 of the General Laws entitled "Support of Parents" is hereby amended by adding thereto the following section:

15-10-8. Support for certain patients of nursing facilities. -- The uncompensated costs of care provided by a licensed nursing facility to any person may be recovered by the nursing facility from any child of that person who is above the age of eighteen (18) years, to the extent that the child previously received a transfer of any interests or assets from the person receiving such care, which transfer resulted in a period of Medicaid ineligibility imposed pursuant to 42 USC 1396p(c), as amended from time to time, on a person whose assets have been transferred for less than fair market value.

Recourse hereunder shall be limited to the fair market value of the interests or assets transferred at the time of transfer. For the purposes of this section "the costs of care" shall mean the costs of providing care, including nursing care, personal care, meals, transportation and any other costs, charges, and expenses incurred by the facility. Costs of care shall not exceed the customary rate the nursing facility charges to a patient who pays for his or her care directly rather than through a governmental or other third party payor. Nothing contained in this section shall prohibit or otherwise diminish any other causes of action possessed by any such nursing facility.

The death of the person receiving nursing facility care shall not nullify or otherwise affect the liability of the person or persons charged with the costs of care hereunder.

(b) In order to improve efficiency and cost effectiveness, the executive office of health and human services shall:

(1)(A) With respect to inpatient services for persons in fee for service Medicaid, which is non-managed care, implement a new payment methodology for inpatient services utilizing the Diagnosis Related Groups (DRG) method of payment, which is, a patient classification method which provides a means of relating payment to the hospitals to the type of patients cared for by the hospitals. It is understood that a payment method based on Diagnosis Related Groups may include cost outlier payments and other specific exceptions. The executive office will review the DRG payment method and the DRG base price annually, making adjustments as appropriate in consideration of such elements as trends in hospital input costs, patterns in hospital coding, beneficiary access to care, and the Center for Medicare and Medicaid Services national CMS Prospective Payment System (IPPS) Hospital Input Price index. For the twelve (12) month period beginning July 1, 2015, the DRG base rate for Medicaid fee-for-service inpatient hospital services shall not exceed ninety-seven and one-half percent (97.5%) of the payment rates in effect as of July 1, 2014.

(2) With respect to outpatient services and notwithstanding any provisions of the law to the contrary, for persons enrolled in fee for service Medicaid, the executive office will reimburse hospitals for outpatient services using a rate methodology determined by the executive office and in accordance with federal regulations. Fee-for-service outpatient rates shall align with Medicare payments for similar services. Notwithstanding the above, there shall be no increase in the Medicaid fee-for-service outpatient rates effective on July 1, 2013 or July 1, 2014, or July 1, 2015. For the twelve (12) month period beginning July 1, 2015, Medicaid fee-for-service outpatient rates shall not exceed ninety-seven and one-half percent (97.5%) of the rates in effect as of July 1, 2014. (Page -15-)
not exceed one hundred percent (100%) of the rate in effect as of June 30, 2010. Negotiated increases in hospital outpatient payments for each annual twelve (12) month period beginning January 1, 2012 may not exceed the Centers for Medicare and Medicaid Services national CMS Outpatient Prospective Payment System (OPPS) hospital price index for the applicable period; (ii) provided, however, for the twenty-four (24) month period beginning July 1, 2013 the Medicaid managed care outpatient payment rates between each hospital and health plan shall not exceed the payment rates in effect as of January 1, 2013 and for the twelve (12) month period beginning July 1, 2015, the Medicaid managed care outpatient payment rates between each hospital and health plan shall not exceed ninety-seven and one-half percent (97.5%) of the payment rates in effect as of January 1, 2013; (iii) negotiated increases in outpatient hospital payments for each annual twelve (12) month period beginning July 1, 2015 may not exceed the Centers for Medicare and Medicaid Services national CMS Outpatient Prospective Payment System (OPPS) Hospital Input Price Index, less Productivity Adjustment, for the applicable period.

Notwithstanding the preceding language, the negotiated Medicaid managed care payment rates for a court-approved purchaser that acquires a hospital through receivership, special mastership or other similar state insolvency proceedings (which court-approved purchaser is issued a hospital license after January 1, 2013) shall be based upon the newly negotiated rates between the court-approved purchaser and the health plan, and such rates shall be effective as of the date that the court-approved purchaser and the health plan execute the initial agreement containing the newly negotiated rate. The rate-setting methodology for inpatient hospital payments and outpatient hospital payments set for the §§ 40-8-13.4(b)(1)(B)(iii) and 40-8-13.4(b)(2), respectively, shall thereafter apply to negotiated increases for each annual twelve (12) month period as of July 1 following the completion of the first full year of the court-approved purchaser's initial Medicaid managed care contract.

(c) It is intended that payment utilizing the Diagnosis Related Groups method shall reward hospitals for providing the most efficient care, and provide the executive office the opportunity to conduct value based purchasing of inpatient care.

(d) The secretary of the executive office of health and human services is hereby
authorized to promulgate such rules and regulations consistent with this chapter, and to establish fiscal procedures he or she deems necessary for the proper implementation and administration of this chapter in order to provide payment to hospitals using the Diagnosis Related Group payment methodology. Furthermore, amendment of the Rhode Island state plan for medical assistance (Medicaid) pursuant to Title XIX of the federal Social Security Act is hereby authorized to provide for payment to hospitals for services provided to eligible recipients in accordance with this chapter.

(e) The executive office shall comply with all public notice requirements necessary to implement these rate changes.

(f) As a condition of participation in the DRG methodology for payment of hospital services, every hospital shall submit year-end settlement reports to the executive office within one year from the close of a hospital's fiscal year. Should a participating hospital fail to timely submit a year-end settlement report as required by this section, the executive office shall withhold financial cycle payments due by any state agency with respect to this hospital by not more than ten percent (10%) until said report is submitted. For hospital fiscal year 2010 and all subsequent fiscal years, hospitals will not be required to submit year-end settlement reports on payments for outpatient services. For hospital fiscal year 2011 and all subsequent fiscal years, hospitals will not be required to submit year-end settlement reports on claims for hospital inpatient services. Further, for hospital fiscal year 2010, hospital inpatient claims subject to settlement shall include only those claims received between October 1, 2009 and June 30, 2010.

(g) The provisions of this section shall be effective upon implementation of the amendments and new payment methodology pursuant to this section and § 40-8-13.3, which shall in any event be no later than March 30, 2010, at which time the provisions of §§ 40-8-13.2, 27-19-14, 27-19-15, and 27-19-16 shall be repealed in their entirety.

§ 40-8-13.5, Hospital Incentive Program (HIP). -- The secretary of the executive office of health and human services is authorized to seek the federal authorities required to implement a hospital incentive program (HIP). The HIP shall provide the participating licensed hospitals the ability to obtain certain payments for achieving performance goals established by the secretary. (3) times the amount of the injury.

40-8.2-6. Civil actions brought by attorney general on behalf of persons injured by
violations of chapter. -- (a) The attorney general may bring a civil action in superior court in the
name of the state, as parens patriae on behalf of persons residing in this state, to secure monetary
relief as provided in this section for injuries sustained by such persons by reason of any violation
of this chapter. The court shall exclude from the amount of monetary relief awarded in an action
any amount of monetary relief:

Which duplicates amounts which have been awarded for the same injury, or

Which is properly allocable to persons who have excluded their claims pursuant to
subsection (c)(1) of this section.
(b) The court shall award the state as monetary relief threefold the total damage sustained as described in subsection (a) of this section and the costs of bringing suit, including reasonable attorney's fees.

(c) In any action brought under subsection (a) of this section, the attorney general shall, at such times, in such manner, and with such content as the court may direct, cause notice thereof to be given by publication.

(1) Any person on whose behalf an action is brought under subsection (a), may elect to exclude from adjudication the portion of the state claim for monetary relief attributable to him or her by filing notice of the election with the court within such time as specified in the notice given pursuant to this subsection.

(2) The final judgment in an action under subsection (a) shall be res judicata as to any claim under § 40-8.2-5 by any person on behalf of whom the action was brought and who fails to give notice within the period specified in the notice given pursuant to this subsection.

(e) In any action under subsection (a):

(1) The amount of the plaintiff's attorney's fees, if any, shall be determined by the court, and any attorney's fees awarded to the attorney general shall be deposited with the state as general revenues; and

(2) The court may, in its discretion, award a reasonable attorney's fee to a prevailing defendant upon a finding that the attorney general has acted in bad faith, vexatiously, wantonly, or for oppressive reasons.

(g) In any action under this section the fact that a person or public body has not dealt directly with the defendant shall not bar or otherwise limit recovery. Provided, however, that the court shall exclude from the amount of monetary relief which duplicates amounts which have been awarded for the same injury.

40-8.2-10. Other civil remedies and criminal penalties. -- The penalties and remedies
under this statute are not exclusive and shall not preclude the use of any other civil remedy or the
application of any other criminal penalty as deemed appropriate by the attorney general in
accordance with federal law or regulations governing Title XIX or Title XXI or the general or
public laws of this state.

40-8.2-11. Barring or suspending participation in program. -- Whenever a provider is
sentenced or placed on probation for an offense under this chapter, the trial judge may, in his or
her discretion, order that the provider be permanently barred from further participation in the
program, that the provider's participation in the program be suspended for a definite period of
time not exceeding two (2) years, or that the provider conform to applicable federal regulations.

For the purposes of this section, the Rhode Island Medicaid program office of program integrity
may submit a recommendation to the trial judge as to whether the provider should be suspended
or barred from the Medicaid program. Nothing contained herein shall be construed to prevent the
Rhode Island Medicaid program executive office of health and human services from imposing its
own administrative sanctions.

40-8.2-17. Stays and review of revocation orders. -- An order of the Rhode Island
Medicaid program executive office of health and human services revoking a provider's
certification may, in the discretion of the program, go into immediate effect or may be stayed.
Review of any order may be had in accordance with the Rhode Island administrative procedures
law, §§ 42-35-1 -42-35-18. If an administrative hearing is claimed, the program may, in its
discretion, stay the effect of a revocation until a hearing is held and a decision is rendered,
and for a period not to exceed ten (10) days after the administrative decision is rendered.

40-8.2-18. Filing and enforcement of administrative decision. -- An administrative
decision, not appealed, or which has been affirmed after judicial review under the Rhode Island
administrative procedures law, §§ 42-35-1 - 42-35-18, determining any amounts due to the
Rhode Island Medicaid program executive office of health and human services or to a provider,
may be filed with the clerk of the superior court for Providence County and shall be enforceable
as a judgment of that court.

40-8.2-19. Certification as a provider. -- Revocation or suspension of certification.-
Before any provider of medical services receives payment from the Rhode Island Medicaid
program, and as a condition of receipt of payment, the provider must have in effect a valid
certification of eligibility from the Rhode Island department of human services executive office
of health and human services. This certification of eligibility will take the form of either a
separate provider agreement or language as required by federal regulations imprinted on the
medical assistance billing form, which must be signed by the provider. This certification may be
revoked or suspended, in accordance with administrative rules to be promulgated by the
department executive office, if a provider fails to meet professional licensure requirements,
violates any administrative regulations of the Rhode Island Medicaid program executive office of
health and human services, does not provide proper professional services, is the subject of a
suspension of payments order, is convicted of Medicaid fraud, or otherwise violates any provision
of this chapter.

40-8.2-21. Suspension of payments to a provider. -- (a) The Rhode Island Medicaid
program executive office of health and human services may issue a suspension of payments order
if:

(1) The provider does not meet certification requirements of the Rhode Island Medicaid
program; or

(2) The Rhode Island Medicaid program has been unable to collect (or make satisfactory
arrangements for the collection of ) amounts due on account of overpayments to any provider; or

(3) The Rhode Island Medicaid program office of program integrity and/or the Medicaid
fraud control unit of the attorney general's office has been unable to obtain, from a provider, the

overpayments made to a provider; or

(4) The office of program integrity or the Medicaid fund control unit of the attorney
general's office has been denied reasonable access to information by a provider which pertains to
a patient or resident of a long term residential care facility or to a former patient or resident of a
long term residential care facility; or

(5) The Rhode Island Medicaid program office of program integrity and/or the Medicaid
fraud control unit of the attorney general's office has been denied reasonable access to data and
information by the provider for the purpose of conducting activities as described in § 1903(g) of
the Social Security Act, 42 U.S.C. § 1396b(g); or

(6) The Rhode Island Medicaid program office of program integrity has been presented
with reliable evidence that the provider has engaged in fraud or willful misrepresentation under
the Medicaid program.

(b) Any such order of the Rhode Island Medicaid program executive office of health and
human services may cease to be effective at such time as the program office of program integrity
is satisfied that the provider is participating in substantial negotiations which seek to remedy the
conditions which gave rise to its order of suspension of payments, or that amounts are no longer
due from the provider or that a satisfactory arrangement has been made for the payment of the
provider or that a satisfactory arrangement has been made for the payment by the provider of any
such amounts.

**40-8.2-22. Interest on overcharges.** -- Any provider of services or goods contracting with the department of human services, executive office of health and human services pursuant to Title XIX or Title XXI of the Social Security Act—42 U.S.C. § 1396 et seq., who, without intent to defraud, obtains payments under this chapter in excess of the amount to which the provider is entitled, thereby becomes liable for payment of the amount of the excess with payment of interest allowable by law, under § 6-26-2, as was in effect on the date payment was made to the provider. The interest period will commence on the date upon which payment was made and will extend to the date upon which repayment is made to the state of Rhode Island.

SECTION 13. Chapter 40-8 of the General Laws entitled “Medical Assistance” is hereby amended by adding thereto the following section:

**40-8.32. Support for certain patients of nursing facilities.** -- (a) Definitions. For purposes of this section,

"Applied Income" shall mean the amount of income a Medicaid beneficiary is required to contribute to the cost of his or her care.

"Authorized Individual" shall mean a person who has authority over the income of a patient of a Nursing Facility such as a person who has been given or has otherwise obtained authority over a patient’s bank account, has been named as or has rights as a joint account holder, or is a fiduciary as defined below.

"Costs of Care" shall mean the costs of providing care to a patient of a nursing facility, including nursing care, personal care, meals, transportation and any other costs, charges, and expenses incurred by a nursing facility in providing care to a patient. Costs of care shall not exceed the customary rate the nursing facility charges to a patient who pays for his or her care directly rather than through a governmental or other third party payor.

"Fiduciary" shall mean a person to whom power or property has been formally entrusted for the benefit of another such as an attorney-in-fact, legal guardian, trustee, or representative payee.

"Nursing Facility" shall mean a nursing facility licensed under Chapter 17 of Title 23, which is a participating provider in the Rhode Island Medicaid program.

"Penalty Period" means the period of Medicaid ineligibility imposed pursuant to 42 USC §1396p(c), as amended from time to time, on a person whose assets have been transferred for less than fair market value;

"Uncompensated Care" – Care and services provided by a nursing facility to a Medicaid applicant without receiving compensation therefore from Medicaid, Medicare, the Medicaid
Applicant, or other source. The acceptance of any payment representing actual or estimated
Applied Income shall not disqualify the care and services provided from qualifying as
uncompensated care.

(b) Penalty Period Resulting from Transfer. Any transfer or assignment of assets
resulting in the establishment or imposition of a penalty period shall create a debt that shall be
due and owing to a nursing facility for the unpaid costs of care provided during the penalty period
to a patient of that facility who has been subject to the penalty period. The amount of the debt
established shall not exceed the fair market value of the transferred assets at the time of transfer
that are the subject of the penalty period. A nursing facility may bring an action to collect a debt
for the unpaid costs of care given to a patient who has been subject to a penalty period, against
either the transferor or the transferee, or both. The provisions of this section shall not affect
other rights or remedies of the parties.

(c) Applied Income. A nursing facility may provide written notice to a patient who is a
Medicaid recipient and any authorized individual of that patient of:

(1) Of the amount of applied income due;

(2) Of the recipient's legal obligation to pay the applied income to the nursing facility;

and

(3) That the recipient's failure to pay applied income due to a nursing facility not later
than thirty days after receiving such notice from the Nursing Facility may result in a court action
to recover the amount of applied income due.

A nursing facility that is owed applied income may, in addition to any other remedies
authorized under law, bring a claim to recover the applied income against a patient and any
authorized individual. If a court of competent jurisdiction determines, based upon clear and
convincing evidence, that a defendant willfully failed to pay or withheld applied income due and
owing to a Nursing Facility for more than thirty days after receiving notice pursuant to this
subsection (d), the court may award the amount of the debt owed, court costs and reasonable
attorneys' fees to the nursing facility.

(d) Effects. Nothing contained in this section shall prohibit or otherwise diminish any
other causes of action possessed by any such nursing facility. The death of the person receiving
nursing facility care shall not nullify or otherwise affect the liability of the person or persons
charged with the costs of care rendered or the applied income amount as referenced in this
section.

30. 2016, the executive office of health and human services shall submit to the Secretary of the U.S. Department of Health and Human Services a state plan amendment to the Rhode Island Medicaid state plan for disproportionate share hospital payments (DSH Plan) to provide:

(1) That the disproportionate share hospital payments to all participating hospitals, not to exceed an aggregate limit of $138.2 million, shall be allocated by the executive office of health and human services to the Pool A, Pool C and Pool D components of the DSH Plan; and,

(2) That the Pool D allotment shall be distributed among the participating hospitals in direct proportion to the individual participating hospital's uncompensated care costs for the base year, inflated by the uncompensated care index to the total uncompensated care costs for the base year inflated by uncompensated care index for all participating hospitals. The disproportionate share payments shall be made on or before July 11, 2016 and are expressly conditioned upon approval on or before July 5, 2016 by the Secretary of the U.S. Department of Health and Human Services, or his or her authorized representative, of all Medicaid state plan amendments necessary to secure for the state the benefit of federal financial participation in federal fiscal year 2016 for the disproportionate share payments.

(d) No provision is made pursuant to this chapter for disproportionate share hospital payments to participating hospitals for uncompensated care costs related to graduate medical education programs.

(e) The executive office of health and human services is directed, on at least a monthly basis, to collect patient level uninsured information, including, but not limited to, demographics, services rendered, and reason for uninsured status from all hospitals licensed in Rhode Island.

(f) Beginning with federal FY 2016, Pool D DSH payments will be recalculated by the state based on actual hospital experience. The final Pool D payments will be based on the data from the final DSH audit for each federal fiscal year. Pool D DSH payments will be redistributed among the qualifying hospitals in direct proportion to the individual qualifying hospital's uncompensated care to the total uncompensated care costs for all qualifying hospitals as determined by the DSH audit. No hospital will receive an allocation that would incur funds received in excess of audited uncompensated care costs.

SECTION 15. Section 5 of Article 18 of Chapter 145 of the Public Laws of 2014 is hereby amended to read as follows:

A pool is hereby established of up to $4.5 million $2.5 million to support Medicaid Graduate Education funding for Academic Medical Centers with level I Trauma Centers who provide care to the state's critically ill and indigent populations. The office of Health and Human Services shall utilize this pool to provide up to $2 million $5 million per year in additional
Medicaid payments to support Graduate Medical Education programs to hospitals meeting all of the following criteria:

SECTION 16. Section 40-8.9-9 of the General Laws in Chapter 40-8.9 entitled "Medical Assistance – Long-Term Care Service and Finance Reform" is hereby amended to read as follows:

40-8.9-9. Long-term care re-balancing system reform goal. -- (a) Notwithstanding any other provision of state law, the department of human services executive office of health and human services is authorized and directed to apply for and obtain any necessary waiver(s), waiver amendment(s) and/or state plan amendments from the secretary of the United States department of health and human services, and to promulgate rules necessary to adopt an affirmative plan of program design and implementation that addresses the goal of allocating a minimum of fifty percent (50%) of Medicaid long-term care funding for persons aged sixty-five (65) and over and adults with disabilities, in addition to services for persons with developmental disabilities and mental disabilities, to home and community-based care on or before December 31, 2013; provided, further, the executive office of health and human services executive office shall report annually as part of its budget submission, the percentage distribution between institutional care and home and community-based care by population and shall report current and projected waiting lists for long-term care and home and community-based care services. The department executive office is further authorized and directed to prioritize investments in home and community-based care and to maintain the integrity and financial viability of all current long-term care services while pursuing this goal.

(b) The reformed long-term care system re-balancing goal is person-centered and encourages individual self-determination, family involvement, interagency collaboration, and individual choice through the provision of highly specialized and individually tailored home-
based services. Additionally, individuals with severe behavioral, physical, or developmental
disabilities must have the opportunity to live safe and healthful lives through access to a wide
range of supportive services in an array of community-based settings, regardless of the
complexity of their medical condition, the severity of their disability, or the challenges of their
behavior. Delivery of services and supports in less costly and less restrictive community settings,
will enable children, adolescents and adults to be able to curtail, delay or avoid lengthy stays in
long-term care institutions, such as behavioral health residential treatment facilities, long-term
care hospitals, intermediate care facilities and/or skilled nursing facilities.

(c) Pursuant to federal authority procured under § 42-7.2-16 of the general laws, the
department of human services executive office of health and human services is directed and
authorized to adopt a tiered set of criteria to be used to determine eligibility for services. Such
criteria shall be developed in collaboration with the state's health and human services departments
and, to the extent feasible, any consumer group, advisory board, or other entity designated for
such purposes, and shall encompass eligibility determinations for long-term care services in
nursing facilities, hospitals, and intermediate care facilities for the mentally retarded persons with
intellectual disabilities as well as home and community-based alternatives, and shall provide a
common standard of income eligibility for both institutional and home and community-based
care. The department executive office is, subject to prior approval of the general assembly,
authorized to adopt clinical and/or functional criteria for admission to a nursing facility, hospital,
or intermediate care facility for the mentally retarded persons with intellectual disabilities that are
more stringent than those employed for access to home and community-based services. The
department executive office is also authorized to promulgate rules that define the frequency of re-
assessments for services provided for under this section. Legislatively approved levels Levels of
care may be applied in accordance with the following:

(1) The department executive office shall continue to apply pre-waives the level of care
criteria in effect on June 30, 2015 for any recipient determined eligible for and receiving
Medicaid recipient eligible for Medicaid-funded long-term services in supports in a nursing
facility, hospital, or intermediate care facility for the mentally retarded persons with intellectual
disabilities as of June 30, 2009 on or before that date, unless: (a) the recipient transitions to home
and community based services because he or she: (a) Improves to a level where he/she would no
longer meet the pre-waives level of care criteria in effect on June 30, 2015; or (b) The individual
the recipient chooses home and community based services over the nursing facility, hospital, or
intermediate care facility for the mentally retarded persons with intellectual disabilities. For the
purposes of this section, a failed community placement, as defined in regulations promulgated by
the department executive office, shall be considered a condition of clinical eligibility for the highest level of care. The department executive office shall confer with the long-term care ombudsperson with respect to the determination of a failed placement under the ombudsperson's jurisdiction. Should any Medicaid recipient eligible for a nursing facility, hospital, or intermediate care facility for the mentally retarded persons with intellectual disabilities as of June 30, 2009 receive a determination of a failed community placement, the recipient shall have access to the highest level of care; furthermore, a recipient who has experienced a failed community placement shall be transitioned back into his or her former nursing home, hospital, or intermediate care facility for the mentally retarded persons with intellectual disabilities whenever possible. Additionally, residents shall only be moved from a nursing home, hospital, or intermediate care facility for the mentally retarded persons with intellectual disabilities in a manner consistent with applicable state and federal laws.

(2) Any Medicaid recipient eligible for the highest level of care who voluntarily leaves a nursing home, hospital, or intermediate care facility for the mentally retarded persons with intellectual disabilities shall not be subject to any wait list for home and community based services.

(3) No nursing home, hospital, or intermediate care facility for the mentally retarded persons with intellectual disabilities shall be denied payment for services rendered to a Medicaid recipient on the grounds that the recipient does not meet level of care criteria unless and until the department of human services executive office has: (i) performed an individual assessment of the recipient at issue and provided written notice to the nursing home, hospital, or intermediate care facility for the mentally retarded persons with intellectual disabilities that the recipient does not meet level of care criteria; and (ii) the recipient has either appealed that level of care determination and been unsuccessful, or any appeal period available to the recipient regarding that level of care determination has expired.

(d) The department of human services executive office is further authorized and directed to consolidate all home and community-based services currently provided pursuant to § 1915(c) of title XIX of the United States Code into a single system of home and community-based services that include options for consumer direction and shared living. The resulting single home and community-based services system shall replace and supersede all §1915(c) programs when fully implemented. Notwithstanding the foregoing, the resulting single program home and community-based services system shall include the continued funding of assisted living services at any assisted living facility financed by the Rhode Island housing and mortgage finance corporation prior to January 1, 2006, and shall be in accordance with chapter 66.8 of title 42 of...
the general laws as long as assisted living services are a covered Medicaid benefit.

(e) The department of human services executive office is authorized to promulgate rules that permit certain optional services including, but not limited to, homemaker services, home modifications, respite, and physical therapy evaluations to be offered to persons at risk for Medicaid-funded long-term care subject to availability of state-appropriated funding for these purposes.

(f) To promote the expansion of home and community-based service capacity, the department of human services executive office is authorized and directed to pursue rate payment methodology reforms that increase access to homemaker, personal care (home health aide), assisted living, adult supportive care homes, and adult day care services, as follows:

1. A prospective base adjustment effective, not later than July 1, 2008, across all departments and programs, of ten percent (10%) of the existing standard or average rate, contingent upon a demonstrated increase in the state-funded or Medicaid caseload by June 30, 2009;

2. Development, not later than September 30, 2008, of revised or new Medicaid certification standards supporting and defining targeted rate increments to encourage that increase access to service specialization and scheduling accommodations including but not limited to, medication and pain management, wound management, certified Alzheimer’s Syndrome treatment and support programs, and work and shift differentials for night and week-end services, and by using payment strategies designed to achieve specific quality and health outcomes.

(g) The department, in collaboration with the executive office of human services, shall implement a long-term care options counseling program to provide individuals or their representatives, or both, with long-term care consultations that shall include,
at a minimum, information about: long-term care options, sources and methods of both public and
private payment for long-term care services and an assessment of an individual's functional
capabilities and opportunities for maximizing independence. Each individual admitted to or
seeking admission to a long-term care facility regardless of the payment source shall be informed
by the facility of the availability of the long-term care options counseling program and shall be
provided with long-term care options consultation if they so request. Each individual who applies
for Medicaid long-term care services shall be provided with a long-term care consultation.

(h) The department of human services executive office is also authorized, subject to
availability of appropriation of funding, and federal Medicaid-matching funds, to pay for certain
expenses, services and supports necessary to transition residents back to the community or divert
beneficiaries from institutional or restrictive settings and optimize their health and safety when
receiving care in a home or the community. The secretary is authorized to obtain any state plan
or waiver authorities required to maximize the federal funds available to support expanded access
to such home and community transition and stabilization services; provided, however, payments
shall not exceed an annual or per person amount.

(i) To ensure persons with long-term care needs who remain living at home have
adequate resources to deal with housing maintenance and unanticipated housing related costs, the
department of human services secretary is authorized to develop higher resource eligibility limits
for persons or obtain any state plan or waiver authorities necessary to change the financial
eligibility criteria for long-term services and supports to enable beneficiaries receiving home and
community waiver services to have the resources to continue who are living in their own homes
or rental units or other home-based settings.

(j) The executive office shall implement, no later than January 1, 2016, the following
home and community-based service and payment reforms:

(1) Community-based supportive living program established in § 40-8.13-2.1;
(2) Adult day services level of need criteria and acuity-based, tiered payment
methodology; and
(3) Payment reforms that encourage home and community-based providers to provide the
specialized services and accommodations beneficiaries need to avoid or delay institutional care.

(k) The secretary is authorized to seek any Medicaid section 1115 waiver or state plan
amendments and take any administrative actions necessary to ensure timely adoption of any new
or amended rules, regulations, policies, or procedures and any system enhancements or changes,
for which appropriations have been authorized, that are necessary to facilitate implementation of
the requirements of this section by the dates established. The secretary shall reserve the discretion
to exercise the authority established under §§ 42-7.2-5(6)(v) and 42-7.2-6.1, in consultation with
the governor, to meet the legislative directives established herein.

SECTION 17: Sections 40-8.10-1, 40-8.10-2, 40-8.10-3, 40-8.10-4, 40-8.10-5, and 40-

Medicaid Eligible Individuals" are hereby amended to read as follows:

of the directors of the department of elderly affairs, the department of children, youth and
families, and the department of mental health, retardation and hospitals. Assessments conducted
by each department's staff shall be coordinated through the Assessment Coordination Unit
(ACU). Members of each department's staff responsible for assessing level of care, developing
care plans, and determining budgets will meet on a regular basis in order to ensure that services
are provided in a uniform and consistent manner. Importance shall be placed upon the proper and consistent determination of levels of care across the state departments for each long-term care setting, including behavioral health residential treatment facilities, long-term care hospitals, intermediate care facilities, and/or skilled nursing facilities. Three (3) appropriate Specialized plans of care that meet the needs of the individual Medicaid recipients shall be coordinated and consistent across all state departments. 40-8.13-5. Financial savings under managed care. Financial principles under managed care. -- To the extent that financial savings are a goal under any managed long-term care arrangement, it is the intent of the legislature to achieve such savings through administrative efficiencies, care coordination, and improvements in care outcomes and in a way that encourages the highest quality care for patients and maximizes value for the managed care organization and the state, rather than through reduced reimbursement rates to providers. Therefore, any managed long-term care arrangement shall include a requirement that the managed care organization reimburse providers for services in accordance with the following: these principles.

Notwithstanding any law to the contrary, for the twelve (12) month period beginning July 1, 2015, Medicaid managed long term care payment rates to nursing facilities established pursuant to this section shall not exceed ninety-eight percent (98.0%) of the rates in effect on April 1, 2015.

(1) For a duals demonstration project, the managed care organization:

(i) Shall not combine the rates of payment for post-acute skilled and rehabilitation care provided by a nursing facility and long-term and chronic care provided by a nursing facility in order to establish a single payment rate for dual eligible beneficiaries requiring skilled nursing services;

(ii) Shall pay nursing facilities providing post-acute skilled and rehabilitation care or long-term and chronic care rates that reflect the different level of services and intensity required to provide these services; and

(iii) For purposes of determining the appropriate rate for the type of care identified in subsection (1)(ii) of this section, the managed care organization shall pay no less than the rates which would be paid for that care under traditional Medicare and Rhode Island Medicaid for these service types. The managed care organization shall not, however, be required to use the same payment methodology as EOHHS.

The state shall not enter into any agreement with a managed care organization in
(2) For a managed long-term care arrangement that is not a duals demonstration project, the managed care organization shall reimburse providers in an amount not less than the rate amount that would be paid for the same care by EOHHS under the Medicaid program. The managed care organization shall not, however, be required to use the same payment methodology as EOHHS.

(3) Notwithstanding any provisions of the general or public laws to the contrary, the protections of subsections (1) and (2) of this section may be waived by a nursing facility in the event it elects to accept a payment model developed jointly by the managed care organization and skilled nursing facilities, that is intended to promote quality of care and cost effectiveness, including, but not limited to, bundled payment initiatives, value-based purchasing arrangements, gainsharing, and similar models.

(b) Notwithstanding any law to the contrary, for the twelve (12) month period beginning July 1, 2015, Medicaid managed long-term care payment rates to nursing facilities established pursuant to this section shall not exceed ninety-eight percent (98.0%) of the rates in effect on April 1, 2015.

SECTION 19. Chapter 40-8.13 of the General Laws entitled "Long-Term Managed Care Arrangements" is hereby amended by adding thereto the following section:

40-8.13-12. Community-based supportive living program. -- (a) To expand the number of community-based service options, the executive office of health and human services shall establish a program for beneficiaries opting to participate in managed care long-term care arrangements under this chapter who choose to receive Medicaid-funded assisted living, adult supportive care home, or shared living long-term care services and supports. As part of the program, the executive office shall implement Medicaid certification or, as appropriate, managed care contract standards for state authorized providers of these services that establish an acuity-based, tiered service and payment system that ties reimbursements to: beneficiary’s clinical/functional level of need; the scope of services and supports provided; and specific quality and outcome measures. Such standards shall set the base level of Medicaid state plan and waiver services that each type of provider must deliver, the range of acuity-based service enhancements that must be made available to beneficiaries with more intensive care needs, and the minimum state licensure and/or certification requirements a provider must meet to participate in the pilot at each service/payment level. The standards shall also establish any additional requirements, terms or conditions a provider must meet to ensure beneficiaries have access to high quality, cost...
(b) Room and board. The executive office shall raise the cap on the amount Medicaid certified assisted living and adult supportive home care providers are permitted to charge participating beneficiaries for room and board. In the first year of the program, the monthly charges for a beneficiary living in a single room who has income at or below three hundred percent (300%) of the Supplemental Security Income (SSI) level shall not exceed the total of both the maximum monthly federal SSI payment and the monthly state supplement authorized for persons requiring long-term services under § 40-6-27.2(a)(1)(vi), less the specified personal need allowance. For a beneficiary living in a double room, the room and board cap shall be set at eighty-five percent (85%) of the monthly charge allowed for a beneficiary living in a single room.

(c) Program Cost-effectiveness. The total cost to the state for providing the state supplement and Medicaid-funded services and supports to beneficiaries participating in the program in the initial year of implementation shall not exceed the cost for providing Medicaid-funded services to the same number of beneficiaries with similar acuity needs in an institutional setting in the initial year of the operations. The program shall be terminated if the executive office determines that the program has not met this target.

Office of Health and Human Services is responsible for the review and coordination of any
Medicaid section 1115 demonstration waiver requests and renewals as well as any initiatives and
proposals requiring amendments to the Medicaid state plan or category II or III changes as
described in the demonstration, with "the potential to affect the scope, amount, or duration of
publicly-funded health care services, provider payments or reimbursements, or access to or the
availability of benefits and services provided by Rhode Island general and public laws”; and

WHEREAS, in pursuit of a more cost-effective consumer choice system of care that is
fiscally sound and sustainable, the Secretary requests general assembly approval of the following
proposals to amend the demonstration:

(a) Nursing Facility Payment Rates and Incentive Program. The executive office of health
and human services proposes to eliminate the projected nursing facility rate increase that would
otherwise take effect during the state fiscal year 2016. In addition, the executive office proposes
to establish a nursing facility incentive program which ties certain payments to nursing facilities
in state fiscal year (SFY) 2017 to specific performance-based outcomes. Implementation of these
initiatives may require amendments to the Rhode Island’s Medicaid state plan and/or Section
1115 waiver under the terms and conditions of the demonstration. Further, implementation of
these initiatives may require the adoption of new or amended rules, regulations and procedures.

(b) Medicaid Hospital Payments Reform – Eliminate Rate Increases for Hospital
Inpatient and Outpatient Payments, Incentive Program. In its role as the Medicaid Single State
Agency, the EOHHS proposes to reduce inpatient and outpatient hospital payments by
eliminating the projected rate increase for both managed care and fee-for-service for state fiscal
year (SFY) 2016. Also, the EOHHS proposes to adopt alternative payment strategies for certain
hospital services. A payment incentive program for participating hospitals is proposed for SFY
2017 that will support performance targets identified by the secretary. Changes in the Medicaid
state plan and/or section 1115 waiver authority are required to implement these initiatives.

(c) Pilot Coordinated Care Program. The executive office of health and human services
proposes to establish a coordinated care program with a community provider that uses shared
savings model. Creating a new service delivery option may require authority under the Medicaid
waiver demonstration and may necessitate amendments to the state plan. The adoption of new or
amended rules may also be required.

(d) Medicaid Managed Care Contracts – Improved Efficiency. The EOHHS seeks to
realign managed care contracts to focus on paying for value, coordinating health care delivery
across providers, and modifying risk/gain sharing arrangements. Implementation of these changes
may require section 1115 waiver or state plan authorities.

(e) Long-term care arrangements. Implementation of Medicaid reinvention policy
initiatives authorized by law or in the SFY 2016 budget that result in managed care contractual
arrangements may require new or amended section 1115 and/or state plan authorities.

(f) Integrated Care Initiative (ICI) – Enrollment. The EOHHS proposes to establish
mandatory enrollment for all Medicaid beneficiaries including but not limited to beneficiaries receiving long-term services and supports through the ICI, including those who are dually eligible for Medicaid and Medicare. Implementation of mandatory enrollment requires section 1115 waiver authority under the terms and conditions of the demonstration. New and/or amended rules, regulations and procedures are also necessary to implement this proposal.

(g) Behavioral Health --Coordinated Care Management. To improve health outcomes, the state is pursuing development of a population-based health home approach that uses an alternative payment methodology to maximize the cost-effectiveness and quality of services provided to persons living with serious mental illness. Implementation of this approach may require amendments to the Medicaid state plan and section 1115 waiver authorities as well as adoption or amendment of rules, regulations and procedures.

(h) Community Health Teams and Targeted Services. The EOHHS proposes to use community health teams to provide services and supports to beneficiaries with intensive care needs. Implementation of the initiative may require additional section 1115 waiver authorities. New and amended rules, regulations and procedures may also be necessary related to these program changes.

(i) Implementation of Home and Health Stabilization Services. The EOHHS may implement an innovative home and health stabilization program that targets beneficiaries who have complex needs and are homeless, at risk for homelessness, or transitioning from high cost intensive care settings back into the community. Implementation of this program requires Section 1115 waiver authority and may necessitate changes to EOHHS’ rules, regulations and procedures.

(j) STOP Program Established. The Medicaid agency proposes to establish a new Sobering Treatment Opportunity Program (STOP). Section 1115 demonstration waiver authority for this program may be required and the adoption of new or amended rules and regulations.

(k) Medicaid Eligibility Criteria and System Processes – Review and Realignment. The EOHHS proposes to review state policies related to each Medicaid eligibility coverage group to ensure application, renewal, and service delivery requirements pose the least administrative burden on beneficiaries and provide the maximum amount of financial participation allowed under applicable federal laws and regulations. Changes in the section 1115 waiver and/or state plan may be required to implement any changes deemed necessary by the secretary necessary as a result of this review. New and amended rules, regulations and procedures may also be required.

(l) Reform of Long-term Care Eligibility Criteria – The EOHHS proposes to reform the clinical/functional eligibility used to determine access to the highest and high level of care to reflect regional and national standards and promote greater utilization of non-institutional care
settings by beneficiaries with lower acuity care needs. Section 1115 waiver authority is required
to implement the reform in clinical/functional criteria. Amendments to related rules, regulations
and procedures are also necessary.

(m) Alternative Payment Arrangements – The EOHHS proposes to develop and
implement alternative payment arrangements that maximize value and cost-effectiveness, and tie
payments to improvements in service quality and health outcomes. Amendments to the section
1115 waiver and/or the Medicaid state plan may be required to implement any alternative
payment arrangements the EOHHS is authorized to pursue.

(n) Behavioral Healthcare Services Reform – As part of its reform implementation plan
for achieving integrated, coordinated care of those with chronic mental illness, the department of
behavioral healthcare, developmental disabilities, and hospitals, in partnership with the executive
office of health and human services, shall include the option for at least one population-based
arrangement, pilot, contract, or agreement for the care of those with chronic mental illness.

The goal of this population-based arrangement shall be to test and evaluate this
arrangement as an effective means of realizing total improved health outcomes for the population,
improved quality of care, and the more efficient and effective utilization of resources.

The department, in partnership with the executive office of health and human services,
will be given the authority to execute contracts with Medicaid and/or the contracted managed care
entity/entities to achieve the alternative payment methodology for the population specified. These
arrangements are targeted to be executed and implemented by September 1, 2015.

(o) Payment Methodology for Services to Adults with Developmental Disabilities. The
department of behavioral healthcare developmental disabilities and hospitals proposes to revise
the payment methodology and/or rates for services provided to adults with developmental
disabilities pursuant to the individual services plans defined in §40.1-21-4.3. Amendments to the
section 1115 waiver and/or the Medicaid state plan may be required to implement any alternative
payment methodology, arrangements or rates. New and amended rules, regulations and
procedures may also be required. The office of health and human services shall certify that
sufficient funding exists within the current appropriation to implement the changes.

(p) Approved Authorities: Section 1115 Waiver Demonstration Extension. The Medicaid
agency proposes to continue implementation of authorities approved under the Section 1115
waiver demonstration extension request – formerly known as the Global Consumer Choice
Waiver – that (1) continue efforts to re-balance the system of long term services and supports by
assisting people in obtaining care in the most appropriate and least restrictive setting; (2) pursue
utilization of care management models that offer a “health home”, promote access to preventive
care, and provide an integrated system of services; (3) use payments and purchasing to finance
and support Medicaid initiatives that fill gaps in the integrated system of care; and (4) recognize
and assure access to the non-medical services and supports, such as peer navigation and
employment and housing stabilization services, that are essential for optimizing a person’s health,
wellness and safety and reduce or delay the need for long term services and supports.

(q) ACA Opportunities --Medicaid Requirements and Opportunities under the U.S.
Patient Protection and Affordable Care Act of 2010 (PPACA). The EOHHS proposes to pursue
any requirements and/or opportunities established under the PPACA that may warrant a Medicaid
State Plan Amendment or amendment under the terms and conditions of Rhode Island’s Section
1115 Waiver, its successor, or any extension thereof. Any such actions the EOHHS takes shall
not have an adverse impact on beneficiaries or cause there to be an increase in expenditures
beyond the amount appropriated for state fiscal year 2016. Now, therefore, be it
RESOLVED, that the general assembly hereby approves proposals (a) through (q) listed
above to amend the demonstration; and be it further
RESOLVED, that the secretary of the office of health and human services is authorized
to pursue and implement any waiver amendments, state plan amendments, and/or changes to the
applicable department’s rules, regulations and procedures approved herein and as authorized by §
42-12.4-7; and be it further
RESOLVED, that this joint resolution shall take effect upon passage.

SECTION 1. Sections 16-99-2, 16-99-3 and 16-99-4 of the General Laws in Chapter 16-99 entitled "Full-Day Kindergarten Accessibility Act" are hereby amended to read as follows:

16-99-2. Legislative findings. -- The general assembly hereby finds and declares as follows:

(1) According to the National Center for Education Statistics, children in full-day kindergarten classes make greater academic gains in both reading and mathematics compared to those in half-day classes;

(2) According to Kids Count RI, full-day kindergarten can contribute to closing academic achievement gaps between lower and higher income children;

(3) According to the National Center for Education Statistics, full-day kindergarten classes are more likely than half-day classes to instruct students daily in the areas of mathematics, social studies and science; and

(4) According to Kids Count RI, children in full-day kindergarten are more likely to be ready for first grade than those in half-day programs, regardless of family income, parental education and school characteristics; and

(5) While this act does not mandate school districts to operate a full-day kindergarten program, it provides limited one-time, start-up funding for school districts that move to provide students with access to full-day kindergarten programs, distributed on a competitive basis.

16-99-3. Full-day kindergarten. -- (a) For the purpose of this chapter, the term "full-day kindergarten" means a kindergarten program that operates a minimum of five and one-half (5 1/2) hours or three hundred thirty (330) minutes of actual school work, excluding lunch, recess periods, common planning time, pre- and post-school teacher time, study halls, homeroom periods, student passing time and any other time that is not actual instructional time.

(b) The commissioner of elementary and secondary education has discretion to further define and approve full-day kindergarten programs consistent with this section, through the 2015-2016 school year.

(c) Beginning August 2016, each school district must offer full-day kindergarten to every eligible student to qualify for state education aid provided for in title 16. In fiscal year 2016, the
Rhode Island department of elementary and secondary education shall provide funding to support transition expenses for all districts that do not offer universal full-day kindergarten programs in the 2015-2016 school year. This funding shall not exceed the amount of state aid that would otherwise have been provided to the district for operating a universal full-day kindergarten program and shall be based upon 2015 enrollment data and funding formula transition rates. For purposes of the calculation under this section, a district's half-day kindergarten enrollment as of March 2015 shall be multiplied by two.

16-99-4. Eligible school districts: funding. -- (a) A school district shall be eligible to request funding pursuant to § 16-99-4(b), if:

(1) The school district is a public school district; and

(2) The school district operates a half-day kindergarten program as of September 1, 2012, but not a full-day kindergarten, as defined herein, serving more than one-half of the kindergarten students in the district as determined on a headcount basis.

(b) Subject to appropriation, beginning with school year 2013-2014, and through school year 2014-2015, the commissioner of elementary and secondary education shall rank and approve eligible public school districts that voluntarily implement a full-day kindergarten program as defined herein. The aforementioned school district shall receive funding to offset a portion of the reasonable, one-time start-up costs including, but not limited to, desks, books, facility upgrades, ancillary costs associated with relocation of students, costs associated with the development and implementation of new curriculum, and any other necessary expenses associated with each school's implementation of a full-day kindergarten program. Ranking shall be based upon criteria established by the commissioner of elementary and secondary education to ensure the quality and sustainability of the full-day kindergarten programs implemented.

In ranking the school districts' proposals, the commissioner shall consider the quality and sustainability of the program and the average number of children eligible for USDA reimbursable school meals served by the respective district's elementary schools with priority given to school districts with enrollment greater than eight thousand (8,000).

If no school district has enrollment greater than eight thousand (8,000), then priority shall be given to school districts with enrollment greater than four thousand (4,000).

(c) The commissioner shall fully fund all eligible expenditures of each district in rank order. If a district's proposal cannot be fully funded, the district may either accept the available funding for the project or refuse funding. If funding is refused, the commissioner shall fund the next eligible school district's request based on the aforementioned ranking.

(d) School districts receiving funds pursuant to this chapter must operate only a full-day
program, no half-day programs. The full-day kindergarten program must continue to operate for five (5) years.

(e) All funding provided under this section is subject to appropriation.

(f) Notwithstanding the provisions of subsection (d), school districts that request funding pursuant to this chapter may be allowed to phase-in the implementation of a full-day kindergarten program, provided that the district provides the department of elementary and secondary education with a schedule and plan as to the implementation of such program.

SECTION 6. Sections 16-57-1, 16-57-2, 16-57-3, 16-57-4, 16-57-6.1, 16-57-6.2, 16-57-6.3, 16-57-6.5, 16-57-7, 16-57-8, 16-57-9, 16-57-10 and 16-57-12 of the General Laws in Chapter 16-57 entitled "Higher Education Assistance Authority" [See Title 16 Chapter 97—The Rhode Island Board of Education Act] are hereby amended to read as follows:

16-57-1 Short title. — This chapter shall be known as the "Rhode Island Higher Education Assistance Authority" Act”.

16-57-2 Findings. — The purpose of this chapter is to authorize a system of financial
assistance, consisting of loan guaranties, savings programs, and other aids, for qualified students, parents, and others responsible for paying the costs of education to enable them to obtain an education beyond the high school level by attending public or private educational institutions. The general assembly has found and declares that it is in the public interest and essential to the welfare and well being of the inhabitants of the state and to the proper growth and development of the state to foster and provide financial assistance to qualified students, parents, and others responsible for paying the costs of education in order to help prospective students to obtain an education beyond the high school level. The general assembly has found that many inhabitants of the state who are fully qualified to enroll in appropriate educational institutions for furthering their education beyond the high school level lack the financial means and are unable, without financial assistance as authorized under this chapter, to pay the cost of their education, with a consequent irreparable loss to the state of valuable talents vital to its welfare. The general assembly also recognizes that educational institutions for higher education are in need of appropriate additional means to provide financial assistance to qualified students, parents, and others responsible for paying the costs of education. The general assembly has determined that the establishment of a proper system of financial assistance, containing eligibility opportunities for students and residents of this state and other states serves a public purpose and is fully consistent with the long established policy of the state to encourage, promote, and assist the education of the people of the state. The general assembly further finds that higher education financial assistance needs of Rhode Islanders will be better served by transferring all of the functions and programs of the Rhode Island higher education assistance authority to the Rhode Island division of higher education assistance and the office of the general treasurer.

credit of the state or any political subdivision other than the division of higher education
assistance authority, but shall be payable solely from the revenues or assets of the authority

(i) "Medical assistance cost share arrearage" means any amount due and owing to the
department of human services as a result of a Medicaid recipient's failure to pay their cost share
obligation, including any amount due for a cost sharing obligation or medical assistance premium
obligation, imposed in accordance with Title 40, Chapter 8.4 of the Rhode Island General Laws.

(j) "Obligation owed" means the total amount owed by any individual on:

(1) Any guaranteed student loan or parent loan for undergraduate students for which the
Rhode Island division of higher education assistance RIHEAA has had to pay the guarantee, or
for which the Rhode Island division of higher education assistance RIHEAA is acting as agent on
behalf of the United States Department of Education or other state cooperating agencies which
have had to pay a guarantee,

(2) Any contract fee advanced by either the Rhode Island division of higher education
assistance RIHEAA or the state of Rhode Island on behalf of any individual participating in a
health professions educational program for which payment has not been made according to the
terms of the contract, and

44-30.1-3 Collection of debts by setoff. -- Within a time frame established by the
division of taxation, the claimant agency shall supply the information necessary relative to each
debtor owing the state money, and further, shall certify the amount of debt or debts owed to the
state by each debtor. Upon receiving notice from the claimant agency that a named debtor owes
past-due support, delinquent court costs, fines, or restitution or benefit overpayments and interest
owed, has obligations owed as described in § 44-30.1-1(g), cash assistance benefit overpayments,
medical assistance benefit overpayments, or medical assistance cost share arrearages, the division
of taxation shall determine whether any amount, as a refund of taxes paid, is payable to the
debtor, regardless of whether the debtor filed an income tax return as a married or unmarried
individual. If the division of taxation determines that any refund is payable, the division of
taxation shall set off the past-due support, delinquent court costs, fines or restitution or benefit
overpayments and interest owed, the obligation owed, cash assistance benefit overpayments,
medical assistance benefit overpayments, or medical assistance cost share arrearages, against the
debtor's refund and shall reduce the debtor's refund by the amount so determined. The division of
taxation shall transfer the amount of past-due support, delinquent court costs, fines or restitution,
or benefit overpayments and interest owed, obligation owed, cash assistance benefit
overpayments, medical assistance benefit overpayments, or medical assistance cost share
arrearages, set off against the debtor's refund to the claimant agency or in the case of the United
States Department of Education or other out-of-state agencies, to the Rhode Island division of
higher education assistance as its agent, and in the case of education loans
held by the Rhode Island Student Loan Authority (RISLA) for itself or as agent for another out-
of-state education loan agency and which education loans are not guaranteed by the Rhode Island
division of higher education assistance or another guarantor, to RISLA. The pendency
of judicial proceedings to contest the setoff shall not stay nor delay the setoff and transfer of
refunds to the claimant agency. If the amount of the debtor's refund exceeds the amount of the
past-due support, delinquent court costs, fines, or restitution or benefit overpayments and interest
owed, obligation owed, cash assistance benefit overpayments, medical assistance benefit
overpayments, or medical assistance cost share arrearages, the division of taxation shall refund
the excess amount to the debtor. If in any instance with regard to the debtor the division of
taxation has received notice from more than one claimant agency, the claim by the bureau of
child support shall receive first priority, the obligations owed shall have second priority, and the
delinquent court costs, fines or restitution shall have third priority, the benefit overpayments and
interest owed the fourth priority and the cash assistance benefit overpayments the fifth priority,
and medical assistance benefit overpayments, or medical assistance cost share arrearages the sixth
priority.

44-30.1-5 Hearing procedures. -- (a) If the claimant agency receives written application
pursuant to § 44-30.1-4(b) contesting the setoff or the delinquent court costs, fines or restitution
or the past-due support or benefit overpayments and interest owed or the obligation owed upon
which the setoff is based, it shall grant a hearing to the applicant in accordance with chapter 35 of
title 42, "Administrative Procedure".

(b) Appeals from the administrative decisions made by the claimant agency shall be in
accordance with chapter 35 of title 42, "Administrative Procedures". Appeals contesting the setoff
of past due support shall be to the family court of Providence County.

(c) In those cases where the Rhode Island division of higher education assistance
authority (RIHEAA) acts as agent for the United States Department of Education or other out-of-
state agencies, the Rhode Island division of higher education assistance RIHEAA must obtain
appropriate documentation of the obligation owed such as promissory notes, evidence of
guarantees paid and any other items that may be necessary to conduct a fair hearing. The Rhode
Island division of higher education assistance RIHEAA as agent for other states shall negotiate
appropriate reciprocal agreements with those states for purposes of transferring funds and setting
charges for cost of services.

(d) In those cases where the Rhode Island Student Loan Authority (RISLA) is the
claimant either for itself or as agent for another out-of-state education loan agency, RISLA must
obtain appropriate documentation of the obligation owed such as promissory notes, and any other
items that may be necessary to conduct a fair hearing. RISLA as agent for other states or agencies
shall negotiate appropriate reciprocal agreements with those states and agencies for purposes of
transferring funds and setting charges for cost of services.

SECTION 22. This article shall take effect as of July 1, 2015.

SECTION 1. Sections 16-7-41.1 and 16-7-44 of the General Laws in Chapter 16-7 entitled "Foundation Level School Support" are hereby amended to read as follows:

16-7-41.1. Eligibility for reimbursement. -- (a) School districts, not municipalities, may apply for and obtain approval for a project under the necessity of school construction process set forth in the regulations of the board of regents for elementary and secondary education, provided, however, in the case of municipality which issues bonds through the Rhode Island Health and Educational Building Corporation to finance or refinance school facilities for a school district which is not part of the municipality, the municipality may apply for and obtain approval for a project. Such approval will remain valid until June 30 of the third fiscal year following the fiscal year in which the board of regents for elementary and secondary education's approval is granted. Only those projects undertaken at school facilities under the care and control of the school committee and located on school property may qualify for reimbursement under §§ 16-7-35 -- 16-7-47. Facilities with combined school and municipal uses or facilities that are operated jointly with any other profit or non-profit agency do not qualify for reimbursement under §§ 16-7-35 -- 16-7-47. Projects completed by June 30 of a fiscal year are eligible for reimbursement in the following fiscal year. A project for new school housing or additional housing shall be deemed to be completed when the work has been officially accepted by the school committee or when the housing is occupied for its intended use by the school committee, whichever is earlier.

(b) Notwithstanding the provisions of this section, the board of regents shall not grant final approval for any project between June 30, 2011 and May 1, 2015 except for projects that are necessitated by immediate health and safety reasons. In the event that a project is requested during the moratorium because of immediate health and safety reasons, those proposals shall be reported to the chairs of the house and senate finance committees.

(c) Any project approval granted prior to the adoption of the school construction regulations in 2007, and which are currently inactive; and any project approval granted prior to the adoption of the school construction regulations in 2007 which did not receive voter approval or which has not been previously financed, are no longer eligible for reimbursement under this chapter. The department of elementary and secondary education shall develop recommendations.
for further cost containment strategies in the school housing aid program.

(d) Beginning July 1, 2015, the council on elementary and secondary education shall approve new necessity of school construction applications on an annual basis. The department of elementary and secondary education shall develop an annual application timeline for LEAs seeking new necessity of school construction approvals.

16-7-44. School housing project costs. – School housing project costs, the date of completion of school housing projects, and the applicable amount of school housing project cost commitments shall be in accordance with the regulations of the commissioner of elementary and secondary education and the provisions of §§ 16-7-35 – 16-7-47; provided, however, that school housing project costs shall include the purchase of sites, buildings, and equipment, the construction of buildings, and additions or renovations of existing buildings and/or facilities. School housing project costs shall include the cost of interest payment on any bond issued after July 1, 1988, provided that such bond is approved by the voters on or before June 30, 2003 or issued by a municipal public building authority or by the appropriate approving authority on or before June 30, 2003. Except as provided in subsection 16-7-41(d), those projects approved after June 30, 2003, interest payments may only be included in project costs provided that the bonds for these projects are issued through the Rhode Island Health, and Educational and Building Corporation. School housing project costs shall exclude: (1) any bond issuance costs incurred by the municipality or regional school district; (2) demolition costs for buildings, facilities, or sites deemed surplus by the school committee; and (3) restrictions pursuant to § 16-7-44.1 below. A building, facility, or site is declared surplus by a school committee when the committee no longer has such building, facility, or site under its direct care and control and transfers control to the municipality, § 16-2-15. The board of regents for elementary and secondary education will promulgate rules and regulations for the administration of this section. These rules and regulations may provide for the use of lease revenue bonds, capital leases, or capital reserve funding, to finance school housing provided that the term of any bond, or capital lease shall not be longer than the useful life of the project and these instruments are subject to the public review and voter approval otherwise required by law for the issuance of bonds or capital leases. Cities or towns issuing bonds, or leases issued by municipal public buildings authority for the benefit of a local community pursuant to chapter 50 of title 45 shall not require voter approval. Effective January 1, 2008, and except for interim finance mechanisms, refunding bonds, borrowing from the school building authority capital fund, and bonds issued by the Rhode Island Health and Educational Building Corporation to finance school housing projects for towns, cities, or regional school districts borrowing for which has previously been authorized by an
enabling act of the general assembly, all bonds, notes and other forms of indebtedness issued in
support of school housing projects shall require passage of an enabling act by the general
assembly.

SECTION 2. Title 16 of the General Laws entitled "EDUCATION" is hereby amended
by adding thereto the following chapter:

CHAPTER 105
SCHOOL BUILDING AUTHORITY

16-105-1. Legislative findings. -- (a) The state of Rhode Island is committed to providing
high quality educational opportunities for all public school students.

(b) School facilities provide more than a place for instruction. The physical learning
environment contributes to the successful performance of educational programs designed to meet
students' educational needs.

(c) Every student needs a safe, healthy, and sanitary learning environment that promotes
student learning and development.

(d) School construction policies should encourage districts to reduce excess capacity
through means such as partnering with other districts, closing buildings, and altering grade
configurations in certain buildings to maximize the use of square feet.

(e) In order to maximize limited state resources, the project prioritization process should
focus on projects with the most urgent and immediate need.

(f) State funded school construction project financing should transition from a system that
largely reimburses local debt service to one that provides a set amount of financing annually, to
provide greater stability from a budgetary perspective while guiding limited resources to best use.

16-105-2. School building authority established. -- The general assembly hereby
designates the department of elementary and secondary education as the state's school building
authority with the responsibility to implement a system of state funding for school facilities
designed to:

(1) Promote adequate school housing for all public school children in the state, and

(2) Prevent the cost of school housing from interfering with the effective operation of the
schools.

16-105-3. Roles and responsibilities. -- The school building authority roles and
responsibilities shall include:

(1) Management of a system with the goal of assuring equitable and adequate school
housing for all public school children in the state;

(2) Prevention of the cost of school housing from interfering with the effective operation
of the schools;

(3) Management of school housing aid in accordance with statute;

(4) Reviewing and making recommendations to the council on elementary and secondary education on necessity of school construction applications for state school housing aid and the school building authority capital fund, based on the recommendations of the school building authority advisory board;

(5) Managing and maintaining school construction regulations, standards, and guidelines applicable to the school housing program, based on the recommendations of the school building authority advisory board, created in § 16-105-8;

(6) Providing technical advice and assistance, training and education to cities, towns, and/or LEAs and to general contractors, subcontractors, construction or project managers, designers and others in planning, maintenance and establishment of school facility space;

(7) Developing a project priority system, based on the recommendations of the school building authority advisory board, in accordance with school construction regulations for the state school housing aid set forth in §§ 16-7-35 to 16-7-47 and the school building authority capital fund, subject to review and if necessary to be revised on intervals not to exceed five (5) years. Project priorities shall be in accordance with, but not limited to, the following order of priorities:

(i) Projects to replace or renovate a building which is structurally unsound or otherwise in a condition seriously jeopardizing the health and safety of school children, where no alternative exists;

(ii) Projects needed to prevent loss of accreditation;

(iii) Projects needed for the replacement, renovation or modernization of the HVAC system in any schoolhouse to increase energy conservation and decrease energy related costs in said schoolhouse;

(iv) Projects needed to replace or add to obsolete buildings in order to provide for a full range of programs consistent with state and approved local requirements; and

(v) Projects needed to comply with mandatory instructional programs.

(8) Maintaining a current list of requested school projects and the priority given them;

(9) Collecting and maintaining readily available data on all the public school facilities in the state;

(10) Recommending policies and procedures designed to reduce borrowing for school construction programs at both state and local levels;

(11) At least every five (5) years, conducting a needs survey to ascertain the capital construction, reconstruction, maintenance and other capital needs for schools in each district of
the state including public charter schools;

(12) Developing a formal enrollment projection model or using projection models already available;

(13) Encouraging local education agencies to investigate opportunities for the maximum utilization of space in and around the district;

(14) Collecting and maintaining a clearinghouse of prototypical school plans which may be consulted by eligible applicants;

(15) By regulation, offering additional incentive points to the school housing aid ratio calculation set forth in § 16-7-39, as the authority, based upon the recommendation of the advisory board, determines will promote the purposes of this chapter. Said regulations may delineate the type and amounts of any such incentive percentage points; provided, however, that no individual category of incentive points shall exceed two (2) additional points; and provided further, that no district shall receive a combined total of more than five (5) incentive percentage points. Such incentive points may be awarded for a district's use of highly efficient construction delivery methods; regionalization with other districts; superior maintenance practices of a district; energy efficient and sustainable design and construction; the use of model schools as adopted by the authority; and other incentives as recommended by the advisory board and determined by the authority to encourage the most cost-effective and quality construction. Notwithstanding any provision of the general laws to the contrary, the reimbursement or aid received under this chapter or § 45-38.2 shall not exceed one hundred percent (100%) of the sum of the total project costs plus interest costs.

16-105-4. Funding mechanisms for school facilities. -- The school building authority, within the department shall oversee and manage two distinct funding mechanisms for school facilities: the foundation program for school housing, as set forth in §§ 16-7-35 to 16-7-47, and the school building authority capital fund, as set forth in chapter 38.2 of title 45. The school building authority shall determine the necessity of school construction, establish standards for design and construction of school buildings, ensure that districts have adequate asset protection plans in place to maintain their school facilities, make recommendations to the council on elementary and secondary education for approval of projects for school housing aid reimbursement and establish a project priority list for projects funded by the school building authority capital fund and school housing aid set forth in §§ 16-7-35 to 16-7-47 that shall apply to any projects submitted or reviewed on or after May 1, 2015.

16-105-5. Procedure for school building authority capital fund project approval. -- (a) The department of elementary and secondary education shall promulgate rules and regulations...
that establish the process through which a city, town, or LEA may submit an application for school building authority capital funding. The department may also prescribe, without limitation, forms for financial assistance applications. All rules and regulations promulgated pursuant to this chapter shall be promulgated in accordance with the provisions of chapter 42-35, and shall apply to any projects submitted or reviewed on or after May 1, 2015.

(b) As part of the budget process, the governor shall specify the amount included in his/her budget recommendation that the school building authority may commit to new projects in the ensuing fiscal year, as well as any funding pursuant to § 16-105-7. Subsequently, the general assembly shall authorize the maximum amount that the school building authority may commit to new projects in the ensuing fiscal year.

c) Each LEA shall develop, implement, and maintain a comprehensive asset protection plan for every school building, not only buildings for which housing aid or school building authority capital funds are sought or received. Only LEAs that have adequate asset protection plans in place to maintain their school facilities are eligible for funding from the school building authority capital fund. LEAs must annually provide asset protection information to the department of elementary and secondary education. If an LEA fails to provide asset protection information in a fiscal year, they are not eligible to receive school building authority capital funds the next fiscal year.

d) Upon issuance of the project priority list, the Rhode Island health and educational building corporation shall award financial assistance to cities, towns, and LEAs for approved projects. The corporation may decline to award financial assistance to an approved project which the corporation determines will have a substantial adverse effect on the interests of holders of bonds or other indebtedness of the corporation or the interests of other participants in the financial assistance program, or for good and sufficient cause affecting the finances of the corporation. All financial assistance shall be made pursuant to a loan or financing agreement between the corporation and the city, town or LEA, acting by and through the officer or officers, board, committee, or other body authorized by law, or otherwise its chief executive officer, according to terms and conditions as determined by the corporation, and each loan shall be evidenced and secured by the issue to the corporation of city or town obligations in principal amount, bearing interest at the rate or rates specified in the applicable loan or financing agreement, and shall otherwise bear such terms and conditions as authorized by this chapter and/or the loan or financing agreement.

16-105-6. Inspection of approved projects. -- For any approved project, the school building authority shall have the authority to inspect the construction and operation thereof to
ensure compliance with the provisions of this chapter.

16-105-7. Expenses incurred by the department. -- In order to provide for one-time or limited expenses of the department of elementary and secondary education under this chapter, the corporation shall provide funding from the school building authority capital fund. The school building authority shall, by October 1 of each year, report to the governor and the chairs of the senate and house finance committees, the senate fiscal advisor and the house fiscal advisor the amount sought for expenses for the next fiscal year.

16-105-8. School building authority advisory board established. -- (a) There is hereby established a school building authority advisory board that shall advise the school building authority regarding the best use of the school building authority capital fund, including the setting of statewide priorities, criteria for project approval, and recommendations for project approval and prioritization.

(b) The school building authority advisory board shall consist of seven (7) members as follows:

(1) The general treasurer;

(2) The director of the department of administration, who shall serve as chair;

(3) Policies and procedures designed to reduce borrowing for school construction programs at both state and local levels;

(4) Development of a formal enrollment projection model or consideration of using projection models already available;

(5) Processes and procedures necessary to apply for, receive, administer, and comply with the conditions and requirements respecting any grant, gift or appropriation of property, services or moneys;

(6) The collection and maintenance of a clearinghouse of prototypical school plans which may be consulted by eligible applicants and recommend incentives to utilize these prototypes.
(7) The determination of eligible cost components of projects for funding or reimbursement, including partial or full eligibility for project components for which the benefit is shared between the school and other municipal and community entities;

(8) Development of a long term capital plan in accordance with needs and projected funding;

(9) Collection and maintenance of data on all the public school facilities in the state, including information on size, usage, enrollment, available facility space and maintenance;

(10) Advising districts on the conduct of a needs survey to ascertain the capital construction, reconstruction, maintenance and other capital needs for schools across the state;

(12) The recommendation of policies, rules and regulations that move the state toward a pay-as-you-go funding system for school construction programs; and

(13) Encouraging local education agencies to investigate opportunities for the maximum utilization of space in and around the district.

16-105-9. Severability. -- If any provision of this chapter or the application of this chapter to any person or circumstances is held invalid, the invalidity shall not affect other provisions or applications of the chapter, which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are declared to be severable.

SECTION 3. Sections 45-38.1-4 and 45-38.1-17 of the General Laws in Chapter 45-38.1 entitled "Health and Educational Building Corporation" are hereby amended to read as follows:

45-38.1-4. Corporation established. – (a) There is hereby created a public body corporate and corporation of the state to be known as the "Rhode Island health and educational building corporation" as successor to the Rhode Island educational building corporation, previously created as a nonbusiness corporation under and pursuant to chapter 6 of title 7, as amended by chapter 121 of the Public Laws of 1966, and constituted and established as a public body corporate and corporation of the state for the exercising of the powers conferred on the corporation under and pursuant to §§ 45-38.1-1 – 45-38.1-24.

(b) All of the powers of the corporation are vested in the board of directors of the corporation elected at the first meeting of the incorporators of the Rhode Island educational building corporation, and the members of the board shall continue to serve for the duration of the terms for which they were originally elected. Successors to the members of the board of directors shall be appointed by the governor, as follows: prior to the month of June in each year, commencing in the year 1968, the governor shall appoint a member to serve on the board of directors for a term of five (5) years to succeed the member whose term will expire in June of that year. (c) Each member of the board of directors, before entering upon his or her duties, shall take an oath to administer the duties of his or her office faithfully and impartially, and the oath shall be filed in the office of the secretary of state.

(d) The board of directors shall select two (2) of its members as chairperson and vice chairperson, and also elect a secretary, assistant secretary, treasurer, and assistant treasurer, who need not be members of the board. Three (3) members of the board of directors of the corporation shall constitute a quorum, and the affirmative vote of the majority of the directors present and entitled to vote at any regular or special meeting at which a quorum is present, is necessary for any action to be taken by the corporation; except, however, that the affirmative vote of three (3) members of the board of directors is necessary for the election of officers of the corporation and to amend the bylaws of the corporation. No vacancy in the membership of the board of directors of the corporation impairs the right of a quorum to exercise all the powers of and perform the duties of the corporation.

(e) Any action taken by the corporation under the provisions of this chapter may be authorized by resolution at any regular or special meeting, and each resolution takes effect immediately and need not be published or posted.

(f) The members of the board of directors shall receive compensation at the rate of fifty dollars ($50.00) per meeting attended; however, the compensation shall not exceed one thousand five hundred dollars ($1,500) per fiscal year per member.

(g) Notwithstanding any other law to the contrary, it shall not be or constitute a conflict of interest for a trustee, director, officer, or employee of an institution for higher education or a health care provider to serve as a member of the board of directors of the corporation; provided, that the trustee, director, officer, or employee abstains from deliberation, action and vote by the board under this chapter in specific respect to the institution for higher education or the health care provider of which the member is a trustee, director, officer, or employee.

(h) The board and corporation shall comply with provisions of chapter 155 of title 42, the quasi-public corporations accountability and transparency act.

45-38.1-17. Annual report and audit. -- Within four (4) months after the close of each fiscal year of the corporation, it shall make a report to the governor, the speaker of the house, the president of the senate and the secretary of state of its activities for the preceding fiscal year, and the report shall present a complete operating and financial statement covering the corporation's operations during the preceding fiscal year. In addition the report shall provide a summary of the
applications received and approved loans or aid provided to the communities and a summary of the status of loans and status of the school building authority capital fund. The corporation shall cause an audit of its books and accounts to be made at least once each fiscal year by certified public accountants, and the cost of the audit shall be paid by the corporation from funds available to it pursuant to this chapter. The report shall be posted as prescribed in § 42-20-8.2. The director of the department of administration shall be responsible for the enforcement of this provision.

projects, and to refinance the costs of the projects, subject to such terms and conditions, if any, as
are determined by the department and/or the corporation;

this chapter or funds otherwise lawfully payable to the corporation for the purposes of this
chapter, such amounts as shall have been appropriated or lawfully designated for the fund. All
amounts so paid shall be credited to the fund in addition to any other amounts credited or

SECTION 2. Each line appearing in Section 1 of this Article shall constitute an appropriation.

SECTION 3. The general assembly authorizes the state controller to establish the internal service accounts shown below, and no other, to finance and account for the operations of state agencies that provide services to other agencies, institutions and other governmental units on a cost reimbursed basis. The purpose of these accounts is to ensure that certain activities are managed in a businesslike manner, promote efficient use of services by making agencies pay the full costs associated with providing the services, and allocate the costs of central administrative services across all fund types, so that federal and other non-general fund programs share in the costs of general government support. The controller is authorized to reimburse these accounts for the cost of work or services performed for any other department or agency subject to the following expenditure limitations:

(1) A credit equal to fifty percent (50%) of the total amount of wages paid to those

(4) In the case of a corporation, the credit allowed under this section is only allowed against the tax of that corporation included in a consolidated return that qualifies for the credit and not against the tax of other corporations that may join in the filing of a consolidated tax return.

ARTICLE 12

RELATING TO STATE POLICE PENSIONS

SECTION 1. Section 42-28-22.1 of the General Laws in Chapter 42-28 entitled “State Police” is hereby amended to read as follows:

42-28-22.1 Retirement contribution.-- (a) Legislative findings. The general assembly finds that:

(1) A trust was created for retirement purposes for members of the state police who were hired after July 1, 1987; however, as of January 1, 2015, there was an unfunded liability of approximately $200 million attributable to the retirement benefits for members of the state police hired on or before July 1, 1987, and no trust had been created for them.

(2) Unless a trust is established, these members’ benefits will continue to be funded on a pay-as-you-go basis and would not be recognized as a liability on the state’s financial statements under generally accepted accounting purposes.

(3) An investigation of Google, Inc., conducted by the Rhode Island U.S. attorney’s office and the Rhode Island task force of the U.S. food and drug administration’s office of criminal investigations, the department of the attorney general, and state and local police netted settlement amounts of approximately $230 million to the state, of which $45.0 million has been allocated for use by the state police.

(4) The allocation of Google settlement monies to the state police presents a unique opportunity to reduce the amount of the unfunded liability attributable to the retirement benefits for members of the state police hired on or before July 1, 1987.

(5) It is in the best interests of the members of the state police and the taxpayers of this state to reduce the amount of the unfunded liability attributable to retirement benefits for these police officers by creating a separate trust and to fund those benefits on an actuarial basis.

(b) Each member of the state police initially hired after July 1, 1987 shall have deducted from “compensation” as defined in § 36-8-1(8) beginning July 1, 1989, an amount equal to a rate percent of such compensation of eight and three quarters percent (8.75%). The receipts collected from members of the state police shall be deposited in a restricted revenue account entitled “state police retirement benefits”. The proceeds deposited in this account shall be held in trust for the purpose of paying retirement benefits under this section to participating members of
the state police or their beneficiaries. The retirement board shall establish rules and regulations to
govern the provisions of this section.

\( \text{At } \) A member of the state police \textit{initially hired after July 1, 1987} who withdraws from
service or ceases to be a member for any reason other than death or retirement, will, at the
member's request, be paid on demand a refund consisting of the accumulated contributions
standing to his or her credit in his or her individual account in the state police retirement benefits
account. Any member receiving a refund shall thereby forfeit and relinquish all accrued rights as
a member of the system together with credits for total service previously granted to the member;
provided, however, that if any member who has received a refund shall subsequently reenter the
service and again become a member of the system, he or she shall have the privilege of restoring
all moneys previously received or disbursed to his or her credit as refund of contributions, plus
regular interest for the period from the date of refund to the date of restoration.

\( \text{Ct } \) Upon the repayment of the refund \textit{as herein} provided \textit{in subsection (c) above}, the
member shall again receive credit for the amount of total service which he or she had previously
forfeited by the acceptance of the refund.

\( \text{Ee } \) The state shall deposit contributions for members of the state police \textit{initially hired on}
or before July 1, 1987, from time to time (as provided in § 42-28-22.2) to be held in trust. The
proceeds of this trust shall pay retirement benefits under this section to participating members of
the state police or their beneficiaries. The retirement board shall establish rules and regulations to
govern the provisions of this section.

\textbf{SECTION 2.} Section 42-28-22.2 of the General Laws in Chapter 42-28 entitled “State
Police” is hereby amended to read as follows:

\textbf{42-28-22.2 State contributions.} -- The state of Rhode Island shall make its contribution
for the maintaining of the system established by § 42-28-22.1 and providing the annuities,
benefits, and retirement allowances in accordance with the provisions of this chapter by \( \text{a } \)
anually appropriating an amount which will pay a rate percent of the compensation paid after
July 1, 1989 to members of the state police hired after July 1, 1987 and \( \text{b } \) appropriating an
amount which will amortize the unfunded liability associated with the benefits payable to
members of the state police hired on or before July 1, 1987. \textit{This rate percent} The dollar amount
specified in subsection (b) above shall be computed \textit{on an actuarial basis using an eighteen (18)
year amortization schedule commencing on July 1, 2015, taking into account an initial
supplemental contribution from the state,} and certified in accordance with the procedures set forth
in §§ 36-8-13 and 36-10-2 under rules and regulations promulgated by the retirement board
pursuant to § 36-8-3.
SECTION 3. Section 36-8-1 of the General Laws in Chapter 36-8 entitled “Retirement System – Administration” is hereby amended to read as follows:

SECTION 5. Section 39-1-27.7 of the General Laws in Chapter 39-1 entitled "Public Utilities Commission" is hereby amended to read as follows:

39-1-27.7. System reliability and least-cost procurement. -- Least-cost procurement shall comprise system reliability and energy efficiency and conservation procurement as provided for in this section and supply procurement as provided for in § 39-1-27.8, as complementary but distinct activities that have as common purpose meeting electrical and natural gas energy needs in Rhode Island, in a manner that is optimally cost-effective, reliable, prudent and environmentally responsible.

(a) The commission shall establish not later than June 1, 2008, standards for system reliability and energy efficiency and conservation procurement, which shall include standards and guidelines for:

   (1) System reliability procurement, including but not limited to:

      (i) Procurement of energy supply from diverse sources, including, but not limited to, renewable energy resources as defined in chapter 26 of this title;

      (ii) Distributed generation, including, but not limited to, renewable energy resources and thermally leading combined heat and power systems, which is reliable and is cost-effective, with measurable, net system benefits;

      (iii) Demand response, including, but not limited to, distributed generation, back-up generation and on-demand usage reduction, which shall be designed to facilitate electric customer participation in regional demand response programs, including those administered by the independent service operator of New England ("ISO-NE") and/or are designed to provide local system reliability benefits through load control or using on-site generating capability;

      (iv) To effectuate the purposes of this division, the commission may establish standards and/or rates (A) for qualifying distributed generation, demand response, and renewable energy resources; (B) for net-metering; (C) for back-up power and/or standby rates that reasonably facilitate the development of distributed generation; and (D) for such other matters as the commission may find necessary or appropriate.

   (2) Least-cost procurement, which shall include procurement of energy efficiency and energy conservation measures that are prudent and reliable and when such measures are lower cost than acquisition of additional supply, including supply for periods of high demand.

(b) The standards and guidelines provided for by subsection (a) shall be subject to
periodic review and as appropriate amendment by the commission, which review will be conducted not less frequently than every three (3) years after the adoption of the standards and guidelines.

(c) To implement the provisions of this section:

(1) The commissioner of the office of energy resources and the energy efficiency and resources management council, either or jointly or separately, shall provide the commission findings and recommendations with regard to system reliability and energy efficiency and conservation procurement on or before March 1, 2008, and triennially on or before March 1, thereafter through March 1, 2024. The report shall be made public and be posted electronically on the website to the office of energy resources.

(2) The commission shall issue standards not later than June 1, 2008, with regard to plans for system reliability and energy efficiency and conservation procurement, which standards may be amended or revised by the commission as necessary and/or appropriate.

(3) The energy efficiency and resources management council shall prepare by July 15, 2008, a reliability and efficiency procurement opportunity report which shall identify opportunities to procure efficiency, distributed generation, demand response and renewables, which report shall be submitted to the electrical distribution company, the commission, the office of energy resources and the joint committee on energy.

(4) Each electrical and natural gas distribution company shall submit to the commission on or before September 1, 2008, and triennially on or before September 1, thereafter through September 1, 2017, a plan for system reliability and energy efficiency and conservation procurement. In developing the plan, the distribution company may seek the advice of the commissioner and the council. The plan shall include measurable goals and target percentages for each energy resource, pursuant to standards established by the commission, including efficiency, distributed generation, demand response, combined heat and power, and renewables. The plan shall be made public and be posted electronically on the website to the office of energy resources, and shall also be submitted to the general assembly.

(5) The commission shall issue an order approving all energy efficiency measures that are cost effective and lower cost than acquisition of additional supply, with regard to the plan from the electrical and natural gas distribution company, and reviewed and approved by the energy efficiency and resources management council, and any related annual plans, and shall approve a fully reconciling funding mechanism to fund investments in all efficiency measures that are cost effective and lower cost than acquisition of additional supply, not greater than sixty (60) days after it is filed with the commission.
(6)(i) Each electrical and natural gas distribution company shall provide a status report, which shall be public, on the implementation of least cost procurement on or before December 15, 2008, and on or before February 1, 2009, to the commission, the division, the commissioner of the office of energy resources and the energy efficiency and resources management council which may provide the distribution company recommendations with regard to effective implementation of least cost procurement. The report shall include the targets for each energy resource included in the order approving the plan and the achieved percentage for energy resource, including the achieved percentages for efficiency, distributed generation, demand response, combined heat and power, and renewables as well as the current funding allocations for each eligible energy resource and the businesses and vendors in Rhode Island participating in the programs. The report shall be posted electronically on the website of the office of energy resources.

(ii) Beginning on November 1, 2012 or before, each electric distribution company shall support the installation and investment in clean and efficient combined heat and power installations at commercial, institutional, municipal, and industrial facilities. This support shall be documented annually in the electric distribution company's energy efficiency program plans. In order to effectuate this provision, the energy efficiency and resource management council shall seek input from the public, the gas and electric distribution company, the economic development corporation, and commercial and industrial users, and make recommendations regarding services to support the development of combined heat and power installations in the electric distribution company's annual and triennial energy efficiency program plans.

(iii) The energy efficiency annual plan shall include, but not be limited to, a plan for identifying and recruiting qualified combined heat and power projects, incentive levels, contract terms and guidelines, and achievable megawatt targets for investments in combined heat and power systems. In the development of the plan, the energy efficiency and resource management council and the electric distribution company shall factor into the combined heat and power plan and program, the following criteria: (A) Economic development benefits in Rhode Island, including direct and indirect job creation and retention from investments in combined heat and power systems; (B) Energy and cost savings for customers; (C) Energy supply costs; (D) Greenhouse gas emissions standards and air quality benefits; and (E) System reliability benefits.

(iv) The energy efficiency and resource management council shall conduct at least one public review meeting annually, to discuss and review the combined heat and power program, with at least seven (7) business day's notice, prior to the electric and gas distribution utility submitting the plan to the commission. The commission shall evaluate the submitted combined
heat and power program as part of the annual energy efficiency plan. The commission shall issue an order approving the energy efficiency plan and programs within sixty (60) days of the filing.

(d) If the commission shall determine that the implementation of system reliability and energy efficiency and conservation procurement has caused or is likely to cause under or over-recovery of overhead and fixed costs of the company implementing said procurement, the commission may establish a mandatory rate adjustment clause for the company so affected in order to provide for full recovery of reasonable and prudent overhead and fixed costs.

(e) The commission shall conduct a contested case proceeding to establish a performance based incentive plan which allows for additional compensation for each electric distribution company and each company providing gas to end-users and/or retail customers based on the level of its success in mitigating the cost and variability of electric and gas services through procurement portfolios.

SECTION 6. Section 39-2-1.2 of the General Laws in Chapter 39-2 entitled "Duties of Utilities and Carriers" is hereby amended as follows:

39-2-1.2. Utility base rate -- Advertising, demand side management and renewables -

(a) In addition to costs prohibited in section 39-1-27.4(b), no public utility distributing or providing heat, electricity, or water to or for the public shall include as part of its base rate any expenses for advertising, either direct or indirect, which promotes the use of its product or service, or is designed to promote the public image of the industry. No public utility may furnish support of any kind, direct, or indirect, to any subsidiary, group, association, or individual for advertising and include the expense as part of its base rate. Nothing contained in this section shall be deemed as prohibiting the inclusion in the base rate of expenses incurred for advertising, informational or educational in nature, which is designed to promote public safety conservation of the public utility’s product or service. The public utilities commission shall promulgate such rules and regulations as are necessary to require public disclosure of all advertising expenses of any kind, direct or indirect, and to otherwise effectuate the provisions of this section.

(b) Effective as of January 1, 2008, and for a period of ten (10) fifteen (15) years thereafter, each electric distribution company shall include a charge per kilowatt-hour delivered to fund demand side management programs. The 0.3 mills per kilowatt-hour delivered to fund renewable energy programs shall remain in effect until December 31, 2017. The electric distribution company shall establish and, after July 1, 2007, maintain two (2) separate accounts, one for demand side management programs (the "demand side account"), which shall be funded by the electric demand side charge and administered and implemented by the distribution company, subject to the regulatory reviewing authority of the commission, and one for renewable
energy programs, which shall be administered by the economic development corporation Rhode Island commerce corporation pursuant to § 42-64-13.2 and, shall be held and disbursed by the distribution company as directed by the economic development corporation Rhode Island commerce corporation for the purposes of developing, promoting and supporting renewable energy programs.

During the ten (10) year period time periods established in § 39-2-1.2(b), the commission may, in its discretion, after notice and public hearing, increase the sums for demand side management and renewable resources. Thereafter, in addition, the commission shall, after notice and public hearing, determine the appropriate charges for these programs. The office of energy resources and/or the administrator of the renewable energy programs may seek to secure for the state an equitable and reasonable portion of renewable energy credits or certificates created by private projects funded through those programs. As used in this section, "renewable energy resources" shall mean: (1) power generation technologies as defined in § 39-26-5, "eligible renewable energy resources", including off grid and on-grid generating technologies located in Rhode Island as a priority; (2) research and development activities in Rhode Island pertaining to eligible renewable energy resources and to other renewable energy technologies for electrical generation; or (3) projects and activities directly related to implementing eligible renewable energy resources projects in Rhode Island. Technologies for converting solar energy for space heating or generating domestic hot water may also be funded through the renewable energy programs. Fuel cells may be considered an energy efficiency technology to be included in demand sided management programs. Special rates for low-income customers in effect as of August 7, 1996 shall be continued, and the costs of all of these discounts shall be included in the distribution rates charged to all other customers. Nothing in this section shall be construed as prohibiting an electric distribution company from offering any special rates or programs for low-income customers which are not in effect as of August 7, 1996, subject to the approval by the commission.

(1) The renewable energy investment programs shall be administered pursuant to rules established by the economic development corporation Rhode Island commerce corporation. Said rules shall provide transparent criteria to rank qualified renewable energy projects, giving consideration to:

(i) the feasibility of project completion;

(ii) the anticipated amount of renewable energy the project will produce;

(iii) the potential of the project to mitigate energy costs over the life of the project; and

(iv) the estimated cost per kilo-watt hour (kwh) of the energy produced from the project.
(c) [Deleted by P.L. 2012, ch. 241, § 14].

(d) The executive director of the economic development corporation is authorized and may enter into a contract with a contractor for the cost effective administration of the renewable energy programs funded by this section. A competitive bid and contract award for administration of the renewable energy programs may occur every three (3) years and shall include as a condition that after July 1, 2008 the account for the renewable energy programs shall be maintained and administered by the economic development corporation as provided for in subdivision (b) above.

(e) Effective January 1, 2007, and for a period of eleven (11) sixteen (16) years thereafter, each gas distribution company shall include, with the approval of the commission, a charge per deca therm delivered to fund demand side management programs (the "gas demand side charge"), including, but not limited to, programs for cost effective energy efficiency, energy conservation, combined heat and power systems, and weatherization services for low income households.

(f) Each gas company shall establish a separate account for demand side management programs (the "gas demand side account"), which shall be funded by the gas demand side charge and administered and implemented by the distribution company, subject to the regulatory reviewing authority of the commission. The commission may establish administrative mechanisms and procedures that are similar to those for electric demand side management programs administered under the jurisdiction of the commissions and that are designed to achieve cost-effectiveness and high life-time savings of efficiency measures supported by the program.

(g) The commission may, if reasonable and feasible, except from this demand side management charge:

(i) gas used for distribution generation; and

(ii) gas used for the manufacturing processes, where the customer has established a self directed program to invest in and achieve best effective energy efficiency in accordance with a plan approved by the commission and subject to periodic review and approval by the commission, which plan shall require annual reporting of the amount invested and the return on investments in terms of gas savings.

(h) The commission may provide for the coordinated and/or integrated administration of electric and gas demand side management programs in order to enhance the effectiveness of the programs. Such coordinated and/or integrated administration may after March 1, 2009, upon the recommendation of the office of energy resources, be through one or more third-party entities

(c) Failed and poorly functioning ISDS systems contribute directly to pollution in such environmentally sensitive areas as Greenwich Bay, coastal salt ponds and other water resources.

(d) It is further found that there is a need to establish a fund that shall provide to communities financial assistance to create and adopt a community septic system management plan and provide the corpus of a fund within the existing State SRF as administered by the Clean Water Finance Agency Rhode Island infrastructure bank that shall enable communities to offer to homeowners within those communities the opportunity to access low-cost loans for repair or replacement of failed or poorly functioning septic systems.

SECTION 16. The title of Chapter 46-12.2 of the General Laws entitled "Rhode Island Clean Water Finance Agency" is hereby amended to read as follows:

CHAPTER 46-12.2

Rhode Island Clean Water Finance Agency

CHAPTER 46-12.2

RHODE ISLAND INFRASTRUCTURE BANK

SECTION 17. Sections 46-12.2-1, 46-12.2-2, 46-12.2-3, 46-12.2-4, 46-12.2-6, 46-12.2-8, 46-12.2-9, 46-12.2-10, 46-12.2-11, 46-12.2-13, 46-12.2-14, 46-12.2-17 and 46-12.2-25 of the General Laws in Chapter 46-12.2 entitled "Rhode Island Clean Water Finance Agency" are hereby amended to read as follows:

46-12.2-1. Legislative findings. -- (a) It is hereby found that there exists and will in the
future exist within the state of Rhode Island the need to construct facilities and to facilitate
projects for the abatement of pollution caused by wastewater and for the enhancement of the
waters of the state, and for the completion of renewable energy and energy efficiency projects in
order to save property owners money and to encourage job and business growth in Rhode Island.
And that the traditional source for funding construction of such facilities and projects under the
grant program of title II of the Clean Water Act, 33 U.S.C. §§1281-1299, will terminate at the end
of fiscal year 1990.

(b) It is hereby further found that to meet water quality goals under federal and state law,
and to secure maximum benefit of funding programs available under federal and state law
pertaining to wastewater pollution abatement projects, it is necessary to establish a revolving loan
fund program in accordance with federal and state law to provide a perpetual source of low cost
financing for water pollution abatement projects.

(c) It is hereby further found that to secure maximum benefit to the state from funding
programs available under federal and state law and, to the extent permissible to attract private
capital, for water pollution abatement projects, for safe drinking water projects, for municipal
road and bridge projects, and other infrastructure related projects, it is necessary to establish a
finance agency to administer the revolving loan funds and other financing mechanisms, and for
the finance agency to work with the department of environmental management, Rhode Island
department of transportation, the Rhode Island office of energy resources and other federal and
state agencies for proper administration of the revolving loan funds and other financing
mechanisms.

(d) It is hereby further found that cities and towns can lower the costs of borrowing for
road and bridge projects through cooperation with the Rhode Island infrastructure bank and that
greater coordination among cities and towns will enable more efficient allocation of infrastructure
resources by the state of Rhode Island.

(e) It is hereby further found that the geographic size of and population of Rhode Island,
while often derided as an impediment to economic growth, are potential assets, not handicaps, to
better infrastructure development.

(f) It is hereby further found that initiatives for infrastructure finance can best be
accomplished through a new, streamlined entity that seeks to foster and develop a public-private
sector partnership that takes advantage of all of Rhode Island's strengths.

(g) It is hereby further found that expanding the Rhode Island clean water finance agency
and renaming it the Rhode Island infrastructure bank provides the best avenue for reducing
ongoing pollution to the waters of the state and emissions that degrade air quality and contribute
to climate change while fostering the creation of jobs and the realization of energy cost savings through the facilitation of infrastructure improvements.

The agency shall take all necessary actions to effectuate this name change, including, but not limited to, changing the name of the agency on file with any government office. The exercise by the agency of the powers conferred by this chapter shall be deemed to be the performance of an essential public function.

(b) Nothing in this act shall be construed to change or modify the corporate existence of the former Rhode Island clean water finance agency, or to change or modify any contracts or agreements of any kind by, for, or to which the Rhode Island clean water finance agency is a party thereto.

(b)(c) The powers of the agency shall be exercised by or under the supervision of a board of directors consisting of five (5) members, four (4) of whom shall be members of the public appointed by the governor, with the advice and consent of the senate. The governor in making these appointments shall give due consideration to persons skilled and experienced in law, finance, and public administration and give further due consideration to a recommendation by the general treasurer for one of those appointments. The newly appointed member will serve for a limited term to expire in March of 2006. All appointments made by the governor shall serve for a term of two (2) years. bonds of the agency may be issued with such terms as will cause the interest thereon to be subject
to federal income taxation. The agency may sell its bonds in such manner, either at public or
private sale, for the price, at the rate or rates of interest, or at discount in lieu of interest, as it may
determine will best effect the purposes of this chapter or chapter 24-18, as applicable.

shall have been destroyed or lost. The agency, by itself or through such agency as it may select,
may purchase and invite offers to tender for purchase any bonds of the agency at any time

thereafter coming into existence and whether then held or thereafter acquired by the agency, and
the proceeds thereof. The trust agreement may contain such provisions for protecting and

including, without limiting the generality of the foregoing, provisions defining defaults and
providing for remedies in the event thereof which may include the acceleration of maturities,
restrictions on the individual right of action by bondholders, and covenants setting forth the duties

application of moneys, the enforcement of loan, and local governmental obligations and non-
governmental obligations, the issue of additional or refunding bonds, the fixing, revision,
charging, and collection of charges, the use of any surplus bond proceeds, the establishment of
reserves, and the making and amending of contracts.

chapter or chapter 19.16 of title 23, 24-18 chapter 18 of title 24, and chapter 26.5 of title 39, may
be issued by the agency in the form of lines of credit or other banking arrangements under terms
and conditions, not inconsistent with this chapter or chapter 19.16 of title 23, 24-18 chapter 18 of
title 24, and chapter 26.5 of title 39, and under such agreements with the purchasers or makers
thereof or any agent or other representative of such purchasers or makers, as the board of
directors may determine to be in the best interests of the agency. In addition to other security

chapter or chapter 19.16 of title 23, 24-18 chapter 18 of title 24, and chapter 26.5 of title 39, may

pledge or assign, in whole or in part, any loan, and local governmental obligations and non-
governmental obligations, and the revenues, funds, and other assets and property held or to be
received by the agency, and any contract or other rights to receive the same, whether then existing
or thereafter coming into existence and whether then held or thereafter acquired by the agency,
and the proceeds thereof, as security for the guarantees or insurance or for the reimbursement by
the agency to any issuer of the line or letter of credit.

(f) It shall be lawful for any bank or trust company to act as a depository or trustee of the
proceeds of bonds, revenues, or other moneys under a trust agreement of the agency, and to furnish indemnification and to provide security as may be required by the agency. It is hereby declared that any pledge or assignment made by the agency under this chapter or chapter 19.16 of title 23, 24-18 chapter 18 of title 24, and chapter 26.5 of title 39 is an exercise of the governmental powers of the agency, and loan agreements, and local governmental obligations and non-governmental obligations, revenues, funds, assets, property, and contract or other rights to receive the same and the proceeds thereof, which are subject to the lien of a pledge or assignment created under this chapter or chapter 19.16 of title 23, 24-18 chapter 18 of title 24, and chapter 26.5 of title 39, shall not be applied to any purposes not permitted by the pledge or assignment.

(g) Any holder of a bond issued by the agency under the provisions of this chapter or chapter 19.16 of title 23, 24-18 chapter 18 of title 24, and chapter 26.5 of title 39 and any trustee or other representative under a trust agreement securing the trustee or representative, except to the extent the rights herein given may be restricted by the trust agreement, may bring suit upon the bonds in the superior court and may, either at law or in equity, by suit, action, mandamus, or other proceeding for legal or equitable relief, protect and enforce any and all rights under the laws of the state or granted hereunder or under the trust agreement, and may enforce and compel performance of all duties required by this chapter, chapter 19.16 of title 23, 24-18 chapter 18 of title 24, and chapter 26.5 of title 39, or by the trust agreement, to be performed by the agency or by any officer thereof.

chapters are inconsistent with the provisions of any general or special law, municipal charter,
administrative order or regulations, the provisions of these chapters shall be controlling. Any
amounts appropriated by these chapters to the agency or the department shall be in addition to
any other amounts appropriated to the agency or the department by any other law.

SECTION 18. Chapter 46-12.2 of the General Laws entitled “Rhode Island Clean Water
Financing Agency” is hereby amended by adding thereto the following sections:

46-12.2-4.2 Establishment of the efficient buildings fund. -- (a) There is hereby
authorized and created within the Rhode Island infrastructure bank an efficient buildings fund for
the purpose of providing technical, administrative and financial assistance to local governmental

including, but not limited to, streetlights. The Rhode Island infrastructure bank shall review and
approve all applications for projects to be financed through the efficient buildings fund.

The office of energy resources shall promulgate rules and regulations establishing a

convenient to carry out and effectuate the purposes and provisions of this section including,
without limiting the generality of the preceding statement, the authority:

(5) To provide a reserve for, or to otherwise secure, by pledge, lien, assignment, or otherwise as provided in this chapter, any bonds of the Rhode Island infrastructure bank.

(d) In addition to other remedies of the Rhode Island infrastructure bank under any loan
agreement or otherwise provided by law, the Rhode Island infrastructure bank may also recover
from a borrower, in an action in superior court, any amount due the Rhode Island infrastructure
bank together with any other actual damages the Rhode Island infrastructure bank shall have
sustained from the failure or refusal of the borrower to make the payments or abide by the terms
of the loan agreement.

(e) The Rhode Island infrastructure bank may create one or more loan loss reserve funds
to serve as further security for any loans made by the Rhode Island infrastructure bank or any
bonds of the Rhode Island infrastructure bank issued to fund energy efficiency improvements in
public buildings in accordance with this section.

(f) To the extent possible, and in accordance with law, the infrastructure bank shall
encourage the use of project labor agreements for projects over ten million dollars ($10,000,000)
and local hiring on projects funded under this section.

from energy efficiency savings. — (a) If required by the applicable loan agreement, and
notwithstanding any general or special law or municipal charter to the contrary, local
governmental obligations shall be issued as limited obligations payable solely from an
appropriation of general revenues in an amount not to exceed the projected energy savings of the
project. Notwithstanding § 45-12.2-2 or any general or special law or municipal charter to the
contrary, all local governmental units shall have the power to issue such local governmental
obligations pursuant to this section without limit as to amount, and the amount of principal and
premium, if any, and interest on the obligations shall not be included in the computation of any
limit on the indebtedness of the local governmental unit or on the total taxes which may be levied

state. This section shall constitute the bond act for the issuance of such local governmental
obligations by local governmental units. Any local governmental obligations issued in accordance
with this section shall recite on its face that it is a limited obligation payable solely from an
appropriation of general revenues in an amount not to exceed the projected energy savings
pledged to its payment.

(b) The issuance of local governmental obligations in accordance with this section, the
maturity or maturities and other terms thereof, the security thereof, the rights of the holders thereof, and the rights, duties, and obligation of the local governmental unit in respect of the same shall be governed by the provisions of this chapter relating to the issue of local governmental obligations to the extent applicable and not inconsistent with this section.

(c) A local government unit may appropriate general revenues on an annual basis to pay any local governmental obligation provided that an event of non-appropriation shall not be an event of default under any local governmental obligation.

46-12.2-14.1 Electric and gas demand side charge proceeds as further security for debt funding energy efficiency improvements in public buildings. -- (a) Upon receipt of the electric and gas demand side charge proceeds identified in §§ 39-2-1.2(l) and 39-2-1.2 (m), the Rhode Island infrastructure bank shall deposit the electric and gas demand side charge proceeds in a loan loss reserve fund to provide security for any loans made by the Rhode Island infrastructure bank or any bonds of the Rhode Island infrastructure bank issued to fund energy efficiency improvements in public buildings pursuant to § 46-12.2-4.2. The funds in the loan loss reserve fund described therein shall only be used after all other available loan loss reserve funds have been applied.

(b) After all loans and bonds in connection with the efficient buildings fund have been repaid in full, the balance of the loan loss reserve fund, including any accrued interest, shall be remitted to the electric and gas utilities described in § 39-2-1.2, to be used for energy efficiency programmatic purposes.

Notwithstanding the foregoing, for safe drinking water projects funded outside of the drinking water state revolving fund, the Agency may provide financial assistance without the requirement of the issuance of a certificate of approval.

The agency and the department shall enter into an operating agreement and amend the same, from time to time, allocating their respective rights, duties, and obligations with respect to the award of financial assistance and grants to finance approved projects under this chapter and establishing procedures for the application, approval, and oversight of projects, financial assistance, and grants.

administration of its financial assistance programs and the provision of financial assistance under
this chapter. The rules, regulations, procedures, and guidelines shall be consistent with any rules,

the local governmental obligations or obligations of the privately organized water supplier issued
to evidence the same.

(f) In addition to other remedies of the agency under any loan agreement or otherwise
provided by law, the agency may also recover from a local governmental unit or privately
organized water supplier, in an action in superior court, any amount due the agency together with
any other actual damages the agency shall have sustained from the failure or refusal of the local

ARTICLE 15 AS AMENDED

RELATING TO GOVERNMENT ORGANIZATION

SECTION 1. Section 8-8-1 of the General Laws in Chapter 8-8 entitled "District Court" is hereby amended to read as follows:

8-8-1. District Court established -- Chief and associate justices. -- There is established a district court for the state of Rhode Island which shall consist of a chief judge and twelve (12) associate judges. The district court shall be a court of record and shall have a seal with such words and devices as it shall adopt.

SECTION 2. Chapter 8-8 of the General Laws entitled "District Court" is hereby amended by adding thereto the following section:

8-8-1.1. Veterans' treatment calendar. -- (a) Findings and declarations. The general assembly finds and declares as follows:

(1) Veterans and active military, Reserve and National Guard service members have provided or are currently providing an invaluable service to our country. In doing so, many return and suffer from mental health injuries, including, but not limited to, post-traumatic stress disorder, depression, anxiety, acute stress and other injuries that may affect brain function and may also suffer drug and alcohol dependency or co-occurring mental illness and substance abuse problems.

(2) The call back to active duty status rate of Rhode Island's National Guard is the second highest in the entire United States with over ten thousand (10,000) unit deployments.

(3) The number of veterans living in Rhode Island who have served in the Gulf Wars is three (3) times higher than the national per capita average and is expected to grow as troops continue to withdraw from Afghanistan.

(4) While the vast majority of returning military do not have contact with the justice system and are well adjusted, contributing members of society, there exists a growing number of defendants appearing in the district court who have served in the United States armed forces and are involved in the criminal justice system as a result of the above referenced diagnoses.

(5) As a grateful state, we must continue to honor the service of these participants by providing them an alternative to incarceration when feasible, permitting them instead to obtain proper treatment for mental health and substance abuse problems that have resulted from military...
service through a jail diversion program/treatment program that recognizes their special set of circumstances while at the same time providing accountability for their wrong-doing and providing for the safety of the public.

(b) Declaration of policy. It is hereby declared to be the policy of the state of Rhode Island to successfully rehabilitate participants by providing the tools and skills necessary to address their unique challenges and to develop the insight to reintegrate successfully into society and maintain a productive and law abiding lifestyle within the community.

(c) Establishment. To accomplish this purpose in an effort to direct defendants who have served in the United States armed forces into a court program which integrates support and treatment plans with the judicial process that will result in potential jail diversion, possible reduction of charges or alternatives in sentencing, there shall be established a separate calendar within the jurisdiction of the district court for hearing, trial and disposition of certain offenses.

(d) Veterans' treatment calendar. The chief judge of the district court shall create a veterans' treatment calendar in the district court and shall assign personnel to the extent warranted to exclusively hear and decide all criminal actions involving offenses committed by defendants accepted into the program, and the calendar shall be referred to as the "veterans' treatment court".

(e) Use of section. Under no circumstances shall the defendant(s) be permitted to use this section as a basis for a dismissal of an action, as this section is enacted for the benefit and convenience of the district court.

SECTION 3. Sections 36-4-2 and 36-4-16.4 of the General Laws in Chapter 36-4 entitled "Merit System" are hereby amended to read as follows:

ARTICLE 16 AS AMENDED

RELATING TO BAYS, RIVERS AND WATERSHEDS

SECTION 1. Chapter 46-31 of the General Laws entitled “The Rhode Island Bays, Rivers and Watersheds Coordination Team” is hereby repealed in its entirety:

46-31-1 Legislative findings.—The general assembly hereby finds and declares as follows:

1. The bays, rivers, and associated watersheds of Rhode Island are unique and unparalleled natural resources that provide significant cultural, ecological, and economic benefit to the state.

2. Pursuant to the provisions of R.I. Const., art. 1, § 17, it is the duty of the general assembly to provide for the conservation of the air, land, water, plant, animal, mineral, and other natural resources of the state; and to adopt all means necessary and proper by law to protect the natural environment of the people of the state by providing adequate resource planning for the control and regulation of the use of the natural resources of the state; and for the preservation, regeneration, and restoration of the natural environment of the state.

3. It is in the best interest of the state and its citizens to preserve, protect, and restore our bays, rivers, and associated watersheds.

4. Sixty percent (60%) of the watershed of Narragansett Bay is within Massachusetts, almost all of the watershed of Mount Hope Bay is within Massachusetts, and five percent (5%) of the watershed of Little Narragansett Bay is within Connecticut; further, a cluster of water-related economic interests spans the three (3) states.

5. There are a number of separate agencies of the state defined by statute, granted statutory authority, and appropriated state resources for the performance of distinct functions, the development of various programs, and the execution of diverse regulatory powers that affect the bays, rivers, and watersheds of Rhode Island including management, preservation, restoration, and monitoring of the natural resources, and promotion of sustainable economic development of the water cluster. It is important to retain these various agencies as separate and distinct entities. Each agency has essential and distinct responsibilities. However, each of these agencies has limited responsibilities and jurisdictions. No one agency has the statutory authority to adequately address the full range of issues that pertain to the bays, rivers, and watersheds.
(6) The formation of an interagency group for the coordination of the functions, programs, and regulations that affect the bays, rivers, and watersheds is the most effective way to transcend the limited responsibilities and jurisdictions of each agency, address complex issues using an ecosystem-based approach, and provide for continuity over time.

(7) There is a need for coordination of the development and implementation of policies and plans for the management, preservation, restoration, and monitoring of the bays, rivers, and watersheds; and the promotion of sustainable economic development of businesses that rely directly or indirectly on the bays, rivers, and watersheds.

(8) There is a need for the development of a systems-level plan that synthesizes individual plans and coordinates separate authorities. The systems-level plan must establish overall goals and priorities, set forth a strategy for obtaining goals which delineates specific responsibilities among agencies, identify funding sources and a timetable for obtaining goals, provide an estimate of the total projected cost of implementation, and oversee a monitoring strategy to evaluate progress in implementing the plan and to provide the necessary information to adapt the plan in response to changing conditions.

(9) The implementation of a systems-level plan needs to include the preparation of coordinated annual work plans, annual work plan budgets, and multi-year funding plans in order to identify areas of duplicative or insufficient effort or funding.

(10) The development and implementation of a systems-level plan must be coordinated with local and federal efforts and efforts in Massachusetts and Connecticut and in some cases with other states in the region that have connections with the ecosystem and/or the water cluster. It must be accomplished with input from scientists, policy makers, non-governmental organizations, and the general public.

(11) There is a need for a structure and process that enhances the efficiency of the goal setting and oversight roles of the legislature including fiscal and performance accountability.

SECTION 2. Title 42 of the General Laws entitled "STATE AFFAIRS AND GOVERNMENT" is hereby amended by adding thereto the following chapter:

CHAPTER 157

42-157-1. Establishment of exchange. -- Purpose. - The department of administration is hereby authorized to establish the Rhode Island health benefit exchange, to be known as HealthSource RI, to exercise the powers and authority of a state-based exchange which shall meet the minimum requirements of the federal act.

(1) "Director" means the director of the department of administration.

(2) "Federal act" means the Federal Patient Protection and Affordable Care Act (Public Law 111-148), as amended by the Federal Health Care and Education Reconciliation Act of 2010 (Public Law 111-152), and any amendments to, or regulations or guidance issued under, those
acts.

(3) “Health plan” and “qualified health plan” have the same meanings as those terms are defined in § 1301 of the Federal Act.

(6) “Qualified dental plan” means a dental plan as described in § 1311(d)(2)(B)(ii) of the Federal Act.

(7) “Qualified individuals” and “qualified employers” shall have the same meaning as defined in federal law.

42-157-3. General requirements. -- (a) The exchange shall make qualified health plans available to qualified individuals and qualified employers. The exchange shall not make available any health benefit plan that has not been certified by the exchange as a qualified health plan in accordance with federal law.

(b) The exchange shall allow an insurer to offer a plan that provides limited scope dental benefits meeting the requirements of § 9832(c)(2)(A) of the Internal Revenue Code of 1986 through the exchange, either separately or in conjunction with a qualified health plan, if the plan provides pediatric dental benefits meeting the requirements of § 1302(b)(1)(J) of the Federal Act.

(c) Any health plan that delivers a benefit plan on the exchange that covers abortion services, as defined in 45 CFR § 156.280(d)(1), shall comply with segregation of funding requirements, as well as an annual assurance statement to the Office of the Health Insurance Commissioner, in accordance with 45 C.F.R. §§ 156.680(e)(3) and (5).

(d) At least one plan variation for individual market plan designs offered on the exchange at each level of coverage, as defined by section 1302(d)(1) of the federal act, at which the carrier is offering a plan or plans, shall exclude coverage for abortion services as defined in 45 CFR § 156.280(d)(1). Revenues from the assessment shall be deposited in a restricted receipt account for the sole use of the exchange and shall be exempt from the indirect cost recovery provisions of § 35-4-27 of the general laws.

(b) The general assembly may appropriate general revenue to support the annual budget for the exchange in lieu of or to supplement revenues raised from the assessment under § 42-157-4(a).

(c) If the director determines that the level of resources obtained pursuant to § 42-157-4(a) will be in excess of the budget for the exchange, the department shall provide a report to the governor, the speaker of the house and the senate president identifying the surplus and detailing how the assessment established pursuant to § 42-157-4(a) may be offset in a future year to reconcile with impacted insurers and how any future supplemental or annual budget submission to the general assembly may be revised accordingly.

42-157-5. Regional purchasing, efficiencies, and innovation. -- To take advantage of economies of scale and to lower costs, the exchange is hereby authorized to pursue opportunities to jointly negotiate, procure or otherwise purchase exchange services with or partner with another state or multiple states and to pursue a Federal Affordable Care Act 1332 Waiver.

42-157-6. Audit. -- (a) Annually, the exchange shall cause to have a financial and/or performance audit of its functions and operations performed in compliance with the generally accepted governmental auditing standards and conducted by the state bureau of audits or a certified public accounting firm qualified in performance audits.

(b) If the audit is not directly performed by the state bureau of audits, the selection of the
auditor and the scope of the audit shall be subject to the approval of the state bureau of audits.

(c) The results of the audit shall be made public upon completion, posted on the department's website and otherwise made available for public inspection.

In addition to the provisions of this chapter, all insurers offering qualified health plans or qualified dental plans in this state shall comply fully with all applicable health insurance laws and regulations of this state.

42-157-10. Severability. -- The provisions of this chapter are severable, and if any provision hereof shall be held invalid in any circumstances, any invalidity shall not affect any other provisions or circumstances. This chapter shall be construed in all respects so as to meet any constitutional requirements. In carrying out the purposes and provisions of this chapter, all steps shall be taken which are necessary to meet constitutional requirements.

SECTION 3. This article shall be effective as of January 1, 2015.
ARTICLE 19 AS AMENDED

RELATING TO COMMERCE CORPORATION AND ECONOMIC DEVELOPMENT

SECTION 1. Section 42-64-13 of the General Laws in Chapter 42-64 entitled "Rhode Island Commerce Corporation" is hereby amended to read as follows:

42-64-13. Relations with municipalities. -- (a) (1) With respect to projects situated on federal land, the Rhode Island commerce corporation is authorized to plan, construct, reconstruct, rehabilitate, alter, improve, develop, maintain, and operate projects: (i) in conformity with the applicable provisions of chapter 1 of title 2 except that the projects shall not require the approval of a town or city council provided for in § 2-1-21, and (ii) without regard to the zoning or other land use ordinances, codes, plans, or regulations of any municipality or political subdivision; provided, however, that the exemption from the zoning or other land use ordinances, codes, plans, or regulations shall be subject to the corporation's compliance with the provisions of this subsection. Projects which are planned, constructed, reconstructed, rehabilitated, altered, improved, or developed by the corporation on federal land in accordance with the provisions of this subsection may be maintained and operated by lessees from and successors in interest to the corporation in the same manner as if the projects had been in existence prior to the enactment of the zoning or other land use ordinances, codes, plans, or regulations which, but for this chapter, would otherwise be applicable. With respect to other projects of the commerce corporation, or projects receiving state incentives as administered by the commerce corporation, developers are authorized to plan, construct, reconstruct, rehabilitate, alter, improve, develop, maintain, and operate a project subject only to the state building code and the state fire code, and all inspections regarding any such project shall be conducted by the state building commissioner or his designee without regard to the building and fire codes of any municipality or political subdivision; provided, however, that the exemption from the building and fire codes shall be subject to the corporation's compliance with the provisions of this subsection.

(2) As used in this section, "the comprehensive plan" means a comprehensive plan adopted pursuant to chapter 22 of title 45 by a planning board or commission; "the applicable comprehensive plan" shall mean the comprehensive plan of any municipality within which any project is to be situated, in whole or in part; and "the project plan" shall mean a general description of a proposed project situated on federal land, describing in reasonable detail its
location, nature, and size. A zoning ordinance adopted by a municipality pursuant to chapter 24 of

title 45 shall not be deemed to be a comprehensive plan nor a statement of the land use goals,
objectives, and standards.

(3) If any project plan of the corporation with respect to projects situated on federal land
conforms to the land use goals, objectives, and standards of the applicable comprehensive plan as
of the time of the corporation's adoption of the project plan, or if there is no applicable
comprehensive plan, then before proceeding with the project described in the project plan, the
corporation shall refer the project plan to the appropriate community advisory committee which
may thereafter hold any public hearings as it may deem to be desirable for the purpose of
permitting the public to comment on the project plan. The community advisory committee shall
not later than forty-five (45) days after its receipt of the project plan, transmit its comments on the
project plan, in either written or oral form, to the corporation and thereupon, or upon the
community advisory committee's failure to take any action within the time specified, the
corporation shall be authorized to proceed with the project described in the project plan without
regard to the zoning or other land use ordinances, codes, plans, or regulations of a municipality
within which the project is to be situated in whole or in part.

(4) If any project plan of the corporation with respect to projects situated on federal land
does not conform to the land use goals, objectives, and standards of the applicable comprehensive
plan as of the time of the corporation's adoption of the project plan, then, before proceeding with
the project described in the project plan, the corporation shall refer the project plan to the local
governing body of any municipality within which any project is to be situated, in whole or in part.
The local governing body may thereafter hold any public hearings as it may deem to be desirable
for the purpose of permitting the public to comment on the project plan. The local governing
body shall, not later than forty-five (45) days after its receipt of the project plan, advise the
corporation of its approval or disapproval of that plan. If it shall disapprove the project plan, the
corporation shall nevertheless be authorized to proceed with the project described in the project
plan (without regard to the zoning or other land use ordinances, codes, plans, or regulations of a
municipality within which the project is to be situated in whole or in part) upon the subsequent
affirmative vote of a majority of the members of the board of directors then holding office as
directors taken at a meeting open to the public. If the local governing body approves the project
plan or fails to take any action within the time specified, the corporation shall be authorized to
proceed with the project described in the project plan without regard to the zoning or other land
use ordinances, codes, plans, or regulations of a municipality within which the project is to be
situated in whole or in part.
(5) The project plan's conformity with the applicable comprehensive plan shall be determined by the board of directors of the corporation and its determination shall be binding and conclusive for all purposes.

(b) With respect to projects situated on real property other than federal land, the corporation shall plan, construct, reconstruct, rehabilitate, alter, improve, develop, maintain, and operate projects in conformity with the applicable zoning or other land use ordinances, codes, plans, or regulations of any municipality or political subdivision of the state in which those projects are situated.

(c) The corporation shall, in planning, constructing, reconstructing, rehabilitating, altering, or improving any project, comply with all requirements of state and federal laws, codes, or regulations applicable to that planning, construction, reconstruction, rehabilitation, alteration, or improvement. The corporation shall adopt a comprehensive building code (which may, but need not be, the BOCA Code) with which all projects shall comply. That adoption shall not preclude the corporation's later adoption of a different comprehensive building code or of its alteration, amendment, or supplementation of any comprehensive building code so adopted. Except as otherwise specifically provided to the contrary, no municipality or other political subdivision of the state shall have the power to modify or change in whole or in part the drawings, plans, or specifications for any project of the corporation; nor to require that any person, firm, or corporation employed with respect to that project perform work in any other or different manner than that provided by those drawings, plans, and specifications; nor to require that any such person, firm, or corporation obtain any approval, permit, or certificate from the municipality or political subdivision in relation to the project; and the doing of that work by any person, firm, or corporation in accordance with the terms of those drawings, plans, specifications, or contracts shall not subject the person, firm, or corporation to any liability or penalty, civil or criminal, other than as may be stated in the contracts or may be incidental to the proper enforcement thereof; nor shall any municipality or political subdivision have the power to require the corporation, or any lessee or successor in interest, to obtain any approval, permit, or certificate from the municipality or political subdivision as a condition of owning, using, maintaining, operating, or occupying any project acquired, constructed, reconstructed, rehabilitated, altered, or improved by the corporation or pursuant to drawings, plans, and specifications made or approved by the corporation; provided, however, that nothing contained in this subsection shall be deemed to relieve any person, firm, or corporation from the necessity of obtaining from any municipality or other political subdivision of the state any license which, but for the provisions of this chapter, would be required in connection with the rendering of personal
services or sale at retail of tangible personal property.

(d) Except to the extent that the corporation shall expressly otherwise agree, a municipality or political subdivision, including, but not limited to, a county, city, town, or district, in which a project of the corporation is located, shall provide for the project, whether then owned by the corporation or any successor in interest, police, fire, sanitation, health protection, and other municipal services of the same character and to the same extent as those provided for other residents of that municipality or political subdivision, but nothing contained in this section shall be deemed to require any municipality or political subdivision to make capital expenditures for the sole purpose of providing any of these services for that project.

(e) In carrying out a project, the corporation shall be empowered to enter into contractual agreements with municipalities and public corporations and those municipalities and public corporations are authorized and empowered, notwithstanding any other law, to enter into any contractual agreements with the corporation and to do all things necessary to carry out their obligations under the agreements.

(f) Notwithstanding the provisions of any general, special, or local law or charter, municipalities and public corporations are empowered to purchase, or to lease for a term not exceeding ninety-nine (99) years, projects of the corporation, upon any terms and conditions as may be agreed upon by the municipality or public corporation and the corporation.

SECTION 3. Title 42 of the General Laws entitled “STATE AFFAIRS AND
GOVERNMENT” is hereby amended by adding thereto the following chapter:

CHAPTER 64.2

REBUILD RHODE ISLAND TAX CREDIT

42-64.20-1. Short title. -- This chapter shall be known and may be cited as the “Rebuild
Rhode Island Tax Credit Act.”

42-64.20-2. Findings and declarations. -- (a) It is hereby found and declared that due to
long-term and short-term stagnant or declining economic trends in Rhode Island, businesses in
the state have found it difficult to make investments that would stimulate economic activity and
create new jobs for the citizens of the state. Moreover, such economic trends have caused
business closures or out-of-state business relocations, while other out-of-state businesses are
deterred from relocating to this state. This situation has contributed to a high rate of
unemployment in the state. Consequently, a need exists to promote the retention and expansion of
existing jobs, stimulate the creation of new jobs, attract new business and industry to the state,
and stimulate growth in real estate developments and/or businesses that are prepared to make
meaningful investment and foster job creation in Rhode Island.

(b) Through the establishment of a rebuild Rhode Island tax credit program, Rhode Island
can take steps to stimulate business development; retain and attract new business and industry to
the state; create good-paying jobs for its residents; assist with business, commercial, and
industrial real estate development; and generate revenues for necessary state and local
governmental services.

On an annual basis, the commerce corporation shall confer with the executive office of commerce, the department of administration, and the division of taxation regarding the availability of funds for the award of new tax credits.

42-64.20-5. Tax credits. -- (a) An applicant meeting the requirements of this chapter may be allowed a credit as set forth hereinafter against taxes imposed upon such person under applicable provisions of title 44 of the general laws for a qualified development project.

(b) To be eligible as a qualified development project entitled to tax credits, an applicant's chief executive officer or equivalent officer shall demonstrate to the commerce corporation, at the time of application, that:

(c) Applicants qualifying for a tax credit pursuant to chapter 44-33.6 of the General Laws shall be exempt from the requirements of subsections (b)(3)(ii) and (b)(3)(iii) of this section. The following procedure shall apply to such applicants:

   (1) The division of taxation shall remain responsible for determining the eligibility of an applicant for tax credits awarded under chapter 44-33.6 of the General Laws;
   (2) The commerce corporation shall retain sole authority for determining the eligibility of an applicant for tax credits awarded under this chapter; and
   (3) The commerce corporation shall not award in excess of fifteen percent (15%) of the annual amount appropriated in any fiscal year to applicants seeking tax credits pursuant to this subsection (c).

(d) Maximum project credit. (i) For qualified development projects, the maximum tax credit allowed under this chapter shall be the lesser of (1) thirty percent (30%) of the total project
cost; or (2) the amount needed to close a project financing gap (after taking into account all other
private and public funding sources available to the project), as determined by the commerce
corporation.

(ii) The credit allowed pursuant to this chapter shall not exceed fifteen million dollars
($15,000,000) for any qualified development project under this chapter. No building or qualified
development project to be completed in phases or in multiple projects shall exceed the maximum
project credit of fifteen million dollars ($15,000,000) for all phases or projects involved in the
rehabilitation of such building.

(e) Credits available under this chapter shall not exceed twenty percent (20%) of the
project cost, provided, however, that the applicant shall be eligible for additional tax credits of not
more than ten percent (10%) of the project cost, if the qualified development project meets any of
the following criteria or other additional criteria determined by the commerce corporation from
time to time in response to evolving economic or market conditions:

(1) The project includes adaptive reuse or development of a recognized historical
structure;

(2) The project is undertaken by or for a targeted industry;

industrial property remediation and reuse act, sections 23-19.14-1, et seq. of the general laws; or

(6) The project includes commercial facilities constructed in accordance with the

pursuant to LEED or other equivalent standards.

(f) Tax credits shall not be allowed under this chapter prior to the taxable year in which
the project is placed in service.

(g) The amount of a tax credit allowed under this chapter shall be allowable to the
taxpayer in up to five annual increments; no more than thirty percent (30%) and no less than
fifteen percent (15%) of the total credits allowed to a taxpayer under this chapter may be
allowable for any taxable year.

(h) If the portion of the tax credit allowed under this chapter exceeds the taxpayer's total
tax liability for the year in which the relevant portion of the credit is allowed, the amount that
exceeds the taxpayer's tax liability may be carried forward for credit against the taxes imposed for
the succeeding four (4) years, or until the full credit is used, whichever occurs first. Credits
allowed to a partnership, a limited liability company taxed as a partnership, or multiple owners of property shall be passed through to the persons designated as partners, members or owners respectively pro rata or pursuant to an executed agreement among such persons designated as partners, members or owners documenting an alternate distribution method without regard to their sharing of other tax or economic attributes of such entity.

(i) The commerce corporation in consultation with the division of taxation shall establish, by regulation, the process for the assignment, transfer or conveyance of tax credits.

(j) For purposes of this chapter, any assignment or sales proceeds received by the taxpayer for its assignment or sale of the tax credits allowed pursuant to this section shall be exempt from taxation under title 44 of the general laws. If a tax credit is subsequently revoked or adjusted, the seller's tax calculation for the year of revocation or adjustment shall be increased by the total amount of the sales proceeds, without proration, as a modification under chapter 30 of title 44 of the general laws. In the event that the seller is not a natural person, the seller's tax calculation under chapters 11, 13, 14, or 17 of title 44 of the general laws, as applicable, for the year of revocation, or adjustment, shall be increased by including the total amount of the sales proceeds without proration.

(k) The tax credit allowed under this chapter may be used as a credit against corporate income taxes imposed under chapters 11, 13, 14, or 17, of title 44, or may be used as a credit against personal income taxes imposed under chapter 30 of title 44 for owners of pass-through entities such as a partnership, a limited liability company taxed as a partnership, or multiple owners of property.

(l) In the case of a corporation, this credit is only allowed against the tax of a corporation included in a consolidated return that qualifies for the credit and not against the tax of other corporations that may join in the filing of a consolidated tax return.

(m) Upon request of a taxpayer and subject to annual appropriation, the state shall redeem such credit in whole or in part for ninety percent (90%) of the value of the tax credit. The division of taxation, in consultation with the commerce corporation, shall establish by regulation a redemption process for tax credits.

(n) Projects eligible to receive a tax credit under this chapter may, at the discretion of the commerce corporation, be exempt from sales and use taxes imposed on the purchase of the following classes of personal property only to the extent utilized directly and exclusively in such project: (1) furniture, fixtures and equipment, except automobiles, trucks or other motor vehicles; or (2) such other materials, including construction materials and supplies, that are depreciable and have a useful life of one year or more and are essential to the project.
(o) The commerce corporation shall promulgate rules and regulations for the administration and certification of additional tax credit under subsection (e) of this section, including criteria for the eligibility, evaluation, prioritization, and approval of projects that qualify for such additional tax credit.

(p) The commerce corporation shall not have any obligation to make any award or grant any benefits under this chapter.

42-64.20-6. Administration. -- (a) To obtain the tax credit authorized in this chapter, applicants shall apply to the commerce corporation board for approval of a qualified development project for credits under this chapter. Such approval shall at a minimum require:

(1) That the applicant has submitted a completed application as developed by the commerce corporation in consultation with the division of taxation;

(2) That the chief executive of the commerce corporation provide written confirmation to the commerce corporation board (i) that the commerce corporation has reviewed the application and any determination regarding the potential impact on the project's ability to stimulate business development; retain and attract new business and industry to the state; create jobs, including good-paying jobs, for its residents; assist with business, commercial, and industrial real estate development; and generate revenues for necessary state and local governmental services; and (ii) the total credits to be awarded to the applicant.

(3) That the secretary of commerce provide written confirmation to the commerce corporation board that the recommendation of the commerce corporation is consistent with the purposes of this chapter; and

(4) That the director of the office of management and budget provide (i) written confirmation to the commerce corporation board that the total credits recommended by the commerce corporation do not exceed the existing and anticipated revenue capacity of the state and its funding commitment described in 42-64.20-7; and (ii) an analysis of the fiscal impact, if any, in the year of application and any subsequent year. Such determination shall be made in a timely manner.

(c) To claim a tax credit authorized by the board of the commerce corporation, applicants shall apply to the commerce corporation for a certification that the project has met all
requirements of this chapter and any additional requirements set by the commerce corporation
subsequent to the time the qualified development project is placed in service. The commerce
corporation shall issue to the applicant a certification or a written response detailing any
deficiencies precluding certification. The commerce corporation may deny certification, or may
revoke the delivery of tax credits if the project does not meet all requirements of this chapter and
any additional requirements set by the commerce corporation.

(d) Upon issuance of a certification by the commerce corporation under subsection (c) of
this section, the division of taxation shall, on behalf of the State of Rhode Island, issue tax credit
certificates equaling one hundred percent (100%) of the tax credits approved by the commerce
corporation.

(e) In the event that tax credits or a portion of tax credits are revoked by the commerce
corporation and such tax credits have been transferred or assigned, the commerce corporation will
pursue its recapture rights and remedies against the applicant of the tax credits who shall be liable
to repay to the commerce corporation the face value of all tax credits assigned or transferred, and
all fees paid by the applicant shall be deemed forfeited. No redress shall be sought against
assignees or transferees of such tax credits provided the tax credits were acquired by way of an
arms-length transaction, for value, and without notice of violation, fraud or misrepresentation.

(f) The commerce corporation and division of taxation shall promulgate such rules and
regulations as are necessary to carry out the intent and purpose and implementation of the
responsibilities of each under this chapter.

42-64.20-7. Rebuild Rhode Island tax credit fund. -- There is hereby established at the
commerce corporation a restricted account known as the rebuild Rhode Island tax credit fund (the
“fund”) in which all amounts appropriated for the redemption and/or reimbursement of tax credits
under this chapter shall be deposited. The Fund shall be used to pay for the redemption of tax
credits or reimbursement to the state for tax credits applied against a taxpayer's liability. The
Fund shall be exempt from attachment, levy or any other process at law or in equity. The director
of the department of revenue shall make a requisition to the commerce corporation for funding
during any fiscal year as may be necessary to pay for the redemption of tax credits presented for
redemption or to reimburse the state for tax credits applied against a taxpayer's tax liability. The
commerce corporation shall pay from the Fund such amounts as requested by the director of the
department of revenue necessary for redemption or reimbursement in relation to tax credits
granted under this chapter.

42-64.20-9. Reporting requirements.-- (a) By August 1st of each year, each applicant receiving credits under this chapter shall report to the commerce corporation and the division of taxation the following information:

1. The number of total full-time employees employed at the development;
2. The total project cost;
3. The total cost of materials or products purchased from Rhode Island businesses; and
4. Such other reasonable information deemed necessary by the secretary of commerce.

(b) By September 1, 2016 and each year thereafter, the commerce corporation shall report the name, address, and amount of tax credit for each credit recipient during the previous state fiscal year to the governor, the speaker of the house of representatives, the president of the senate, and the chairpersons of the house and senate finance committees, the house and senate fiscal advisors, and the department of revenue. Such report shall include any determination regarding the potential impact on an approved qualified development project's ability to stimulate business development; retain and attract new business and industry to the state; create good-paying jobs for its residents; assist with business, commercial, and industrial real estate development; and generate revenues for necessary state and local governmental services.

(c) By October 1, 2016 and each year thereafter, the commerce corporation shall report the total number of approved projects, project costs, and associated amount of approved tax credits approved during the prior fiscal year. This report shall be available to the public for inspection by any person and shall be published by the commerce corporation on its website and by the secretary of commerce on the executive office of commerce website.

42-64.20-10. Sunset. -- No credits shall be authorized to be reserved pursuant to this chapter after December 31, 2018.

SECTION 4. Title 42 of the General Laws entitled “STATE AFFAIRS AND GOVERNMENT” is hereby amended by adding thereto the following chapter:

CHAPTER 64.21
RHODE ISLAND TAX INCREMENT FINANCING

42-64.21-1. Short title. -- This act shall be known and may be cited as the "Rhode Island Tax Increment Financing Act of 2015."

42-64.21-2. Legislative findings. -- (a) It is hereby found and declared that due to long-term and short-term stagnant or declining economic trends in Rhode Island, businesses in the state have found it difficult to make investments that would stimulate economic activity and create new jobs for the citizens of the state. Moreover, such economic trends have caused business closures or out-of-state business relocations, while other out-of-state businesses are deterred from relocating to this state. This situation has contributed to a high rate of unemployment in the state. Consequently, a need exists to promote the retention and expansion of existing jobs, stimulate the creation of new jobs, attract new business and industry to the state, and stimulate growth in real estate developments and/or businesses that are prepared to make meaningful investment and foster job creation in Rhode Island.

(b) Through the establishment of a tax increment financing program, Rhode Island can take steps to stimulate business development; retain and attract new business and industry to the state; create good-paying jobs for its residents; assist with business, commercial, and industrial real estate development; and generate revenues for necessary state and local governmental services.

TIF areas.

42-64.21-5. Financing. -- (a) Up to the limits established in subsection (b) of this section and in accordance with a TIF agreement, the division of taxation shall pay to the developer incremental state revenues directly realized from projects or businesses operating in the qualifying TIF area from the taxes assessed and collected under chapters 11, 13, 14, 17, 18, 19, and 30 of Title 44 of the general laws or realized from such venue ticket sales or parking taxes as may be established and levied under state law.

(b) Up to 75 percent of the projected annual incremental revenues may be allocated under a TIF agreement. The incremental revenue for the revenues listed in subsection (a) of this section shall be calculated as the difference between the amount collected in any fiscal year from any eligible revenue source included in the TIF agreement, less the revenue increment base for that eligible revenue.

(c) The division of taxation is hereby authorized and empowered to segregate the annual incremental revenues allocated under a TIF agreement and transfer such amounts to the general treasurer for deposit in a restricted account known as the TIF fund. The TIF fund shall be used solely to pay for the incentives granted under this chapter. The director of the department of revenue shall annually determine if a surplus exists in the TIF fund over amounts necessary to fund incentives under this chapter in a fiscal year and may authorize the general treasurer to transfer any surplus to the general fund. The unexpended balance of such sum of money received and appropriated for the TIF fund remaining in the treasury at the close of each fiscal year, shall be continued to and is hereby annually appropriated for the same account for the ensuing year.

(d) Under conditions defined by the commerce corporation and in consultation with the department of revenue, those taxes eligible for inclusion in this TIF program may instead be exempted up to the levels permitted by this act in cases of significant taxpayers. Such significant taxpayers may instead be required to contribute payments in lieu of taxes (PILOTs) into a dedicated fund established by the commerce corporation. Such payments shall be up to 75 percent of the amount that would otherwise be due to the state in the form of taxation as per the provisions of this statute. Such dedicated funds must be used for the purposes described in this act. The commerce corporation may issue revenue bonds secured by this dedicated fund. Such bonds shall not be a general obligation of the state.

(e) The commerce corporation shall promulgate an application form and procedure for the program.

42-64.21-6. Agreements permitted. -- (a) The commerce corporation is authorized to enter into a TIF agreement with a developer for any qualified development project located within
a qualifying TIF area. The TIF agreement between the commerce corporation and the developer shall contain a provision acknowledging that the benefits of said agreement, with the exception of 42-64.21-5 (d) of this chapter, are subject to such annual appropriation.

(b) The decision whether or not to enter into a TIF agreement is solely within the discretion of the commerce corporation. However, to enter into an agreement with the commerce corporation as authorized in this chapter, applicants shall apply:

(1) To the commerce corporation for approval of the proposed project. Such approval shall require:

(i) That the applicant has submitted a completed application as developed by the commerce corporation;

(ii) That the chief executive officer of the commerce corporation provide written confirmation to the commerce corporation board that (A) the commerce corporation has reviewed the application and any determination regarding the potential impact on the project's ability to promote the retention and expansion of existing jobs, stimulate the creation of new jobs, including good-paying jobs, attract new business and industry to the state, and stimulate growth in real estate developments and/or businesses that are prepared to make meaningful investment and foster job creation in the state; and (B) the length of the TIF agreement and the percentage of incremental revenues to be allocated under the TIF agreement.

(iii) That the secretary of commerce provide written confirmation to the commerce corporation board that the recommendation of the commerce corporation is consistent with the purposes of this chapter.

Any such assignment shall be an absolute assignment for all purposes, including the federal bankruptcy code.

(d) Any pledge of TIF payments made by the developer shall be valid and binding from the time when the pledge is made and filed in the records of the commerce corporation. The TIF agreement and payments so pledged and thereafter received by the developer shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of any pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the developer irrespective of whether the parties have notice thereof.
(e) The commerce corporation shall be entitled to impose an application fee and impose
other charges upon developers associated with the review of a project and the administration of
the program.

(f) Maximum agreement amount. (a) In no event shall the amount of the reimbursements
under a TIF agreement exceed 30 percent of the total cost of the project and provided further, that
the commerce corporation may exempt public infrastructure, a preexisting municipally-owned
stadium of 10,000 seats or greater, or utilities from said 30 percent cap.

42-64.21-7. Program integrity. -- Program integrity being of paramount importance, the
commerce corporation shall establish procedures to ensure ongoing compliance with the terms
and conditions of the program established herein, including procedures to safeguard the
expenditure of public funds and to ensure that the funds further the objectives of the program.

thereafter, the commerce corporation shall report the name, address, and incentive amount of each
agreement entered into during the previous state fiscal year to the division of taxation.

(b) By December 1, 2016 and each year thereafter, the division of taxation shall provide
the governor with the sum, if any, to be appropriated to fund the program. The governor shall
submit to the general assembly printed copies of a budget including the total of the sums, if any,
as part of the governor's budget required to be appropriated for the program created under this
chapter.

(c) By January 1, 2017 and each year thereafter, the commerce corporation shall report to
the governor, the speaker of the house, the president of the senate, the chairpersons of the house
and senate finance committees, and the house and senate fiscal advisors the address and incentive
amount of each agreement entered into during the previous state fiscal year as well as any
determination regarding the measurable impact of each and every agreement on the retention and
expansion of existing jobs, stimulation of the creation of new jobs, attraction of new business and
industry to the state, and stimulation of growth in real estate developments and/or businesses that
are prepared to make meaningful investment and foster job creation in the state.

42-64.21-9. Sunset. -- The commerce corporation shall enter into no agreement under
this chapter after December 31, 2018.
(a) The general assembly seeks to enact several economic stimulus laws to assist Rhode Island businesses and municipalities, including legislation providing incentives to encourage economic and real estate development and to create jobs throughout this state.

(b) In order to encourage this economic growth, the general assembly seeks to enhance and strengthen several of the current statutes governing economic development in this state. 42-64.23-1. Short title. -- This chapter shall be known as the "First Wave Closing Fund Act."

42-64.23-2. Legislative findings. -- The general assembly finds and declares: (a) It is hereby found and declared that due to long-term and short-term stagnant or declining economic trends in Rhode Island, businesses in the state have found it difficult to make investments that would stimulate economic activity and create new jobs for the citizens of the state. Moreover, such economic trends have caused business closures or out-of-state business relocations, while other out-of-state businesses are deterred from relocating to this state. This situation has contributed to a high rate of unemployment in the state. Consequently, a need exists to promote the retention and expansion of existing jobs, stimulate the creation of new jobs, attract new business and industry to the state, and stimulate growth in real estate developments and/or businesses that are prepared to make meaningful investments and foster job creation in Rhode Island.

(b) Through the establishment of a first wave closing fund, Rhode Island can take steps to stimulate business development; retain and attract new business and industry to the state; create good-paying jobs for its residents; assist with business, commercial, and industrial real estate development; and generate revenues for necessary state and local governmental services.

Among the small businesses that this act aims to assist are minority business enterprises and women-owned business enterprises.

44-48.2-3. Economic development tax incentive defined. -- (a) As used in this section, the term "economic development tax incentive" shall include:
(1) Those tax credits, deductions, exemptions, exclusions, and other preferential tax
benefits associated with §§ 42-64.3-6, 42-64.3-7, 42-64.5-3, 42-64.6-4, 42-64.11-4, 44-30-1.1,
44-31-1, 44-31-1.1, 44-31-2, 44-31-2.5, 44-31-2.1, 44-32-1, 44-32-2, 44-32-3, 44-39.1-1, 44-43-2, 44-43-3,

(b) In determining whether a future tax incentive is enacted for "the purpose of
recruitment or retention of businesses", the office of revenue analysis shall consider legislative
intent, including legislative statements of purpose and goals, and may also consider whether the
tax incentive is promoted as a business incentive by the state's economic development agency or
other relevant state agency.
SECTION 15. Title 44 of the General Laws entitled "TAXATION" is hereby amended by
adding thereto the following chapter:

CHAPTER 48.3
RHODE ISLAND NEW QUALIFIED JOBS INCENTIVE ACT 2015

44-48.3-1. Short title. -- This chapter shall be known and may be cited as the "Rhode
Island Qualified Jobs Incentive Act of 2015."

44-48.3-2. Findings and declaration. -- (a) It is hereby found and declared that due to
long-term and short-term negative economic trends in Rhode Island, businesses in the state have
found it difficult to make investments that would stimulate economic activity and create new
jobs. This situation has contributed to a rate of unemployment in Rhode Island that is higher than
our neighbors and among the highest in the nation. Consequently, a need exists to promote the
creation of new jobs, attract new business and industry, and stimulate growth in businesses that
are prepared to make meaningful investment and foster job creation in Rhode Island.
(b) Through the establishment of a jobs incentive program, Rhode Island can take steps to
stimulate business expansion and attraction, create well-paying jobs for its residents, and generate
revenues for necessary state and local governmental services.

44-48.3-3. Definitions. -- As used in this chapter, unless the context clearly indicates
otherwise, the following words and phrases shall have the following meanings:
(1) "Affiliate" or "affiliated entity" means an entity that directly or indirectly controls, is
under common control with, or is controlled by the business. Control exists in all cases in which
the entity is a member of an affiliated group of corporations as defined pursuant to § 1504 of the
Internal Revenue Code of 1986 (26 U.S.C. §1504) or the entity is an organization in a group of
organizations under common control as defined pursuant to subsection (b) or (c) of § 414 of the
Internal Revenue Code of 1986 (26 U.S.C. §414). A taxpayer may establish by clear and convincing evidence, as determined by the commerce corporation, that control exists in situations involving lesser percentages of ownership than required by those statutes. An affiliate of a business may contribute to meeting full-time employee requirements of a business that applies for a credit under this chapter.

(2) “Business” means an applicant that is a corporation, state bank, federal savings bank, trust company, national banking association, bank holding company, loan and investment company, mutual savings bank, credit union, building and loan association, insurance company, investment company, broker-dealer company or surety company, limited liability company, partnership or sole proprietorship.

(3) “Commerce corporation” means the Rhode Island commerce corporation established pursuant to chapter 64 of title 42.

(4) “Commitment period” means the period of time that at a minimum is twenty percent (20%) greater than the eligibility period.

(5) “Eligibility period” means the period in which a business may claim a tax credit under the program, beginning at the end of the tax period in which the commerce corporation issues a certification for the business that it has met the employment requirements of the program and extending thereafter for a term of not more than ten (10) years.

(6) “Eligible position” or “full-time job” means a full-time position in a business which has been filled with a full-time employee who earns no less than the median hourly wage as reported by the United States Bureau of Labor Statistics for the state of Rhode Island, provided, that for economically fragile industries such as manufacturing, the commerce corporation may reduce the wage threshold. An economically fragile industry shall not include retail.

(7) “Full-time employee” means a person who is employed by a business for consideration for at least thirty-five (35) hours a week, or who is employed by a professional employer organization pursuant to an employee leasing agreement between the business and the professional employer organization for at least thirty-five (35) hours a week, and whose wages are subject to withholding.

(8) “Hope community” means municipalities with a percentage of families below the poverty level that is greater than the percentage of families below the poverty level for the state as a whole as determined by the United States Census Bureau’s most recent American Community Survey.

(9) “Incentive agreement” means the contract between the business and the commerce corporation, which sets forth the terms and conditions under which the business shall be eligible.
to receive the incentives authorized pursuant to the program.

(10) “Incentive effective date” means the date the commerce corporation issues a
certification for issuance of tax credit based on documentation submitted by a business pursuant
to § 44-48.3-7.

(11) “New full-time job” means an eligible position created by the business that did not
previously exist in this state and which is created after approval of an application to the
commerce corporation under the program. Such job position cannot be the result of an acquisition
of an existing company located in Rhode Island by purchase, merger, or otherwise. For the
purposes of determining the number of new full-time jobs, the eligible positions of an affiliate
shall be considered eligible positions of the business so long as such eligible position(s) otherwise
meets the requirements of this section.

(12) “Partnership” means an entity classified as a partnership for federal income tax
purposes.

(13) “Program” means the incentive program established pursuant to this chapter.

(14) “Targeted industry” means any industry identified in the economic development
vision and policy promulgated under § 42-64.17-1 or, until such time as any economic
development vision and policy is promulgated, as identified by the commerce corporation.

(15) “Taxpayer” means a business granted a tax credit under this chapter or such person
entitled to the tax credit because the business is a pass through entity such as a partnership, S
corporation, sole proprietorship or limited liability company taxed as a partnership.

(16) “Transit oriented development area” means an area in proximity to mass-transit
infrastructure including, but not limited to, an airport, rail or intermodal facility that will be
further defined by regulation of the commerce corporation in consultation with the Rhode Island
department of transportation.

44-48.3-4. Rhode Island qualified jobs incentive program. -- (a) The Rhode Island
qualified jobs incentive program is hereby established as a program under the jurisdiction of and
shall be administered by the commerce corporation. The program may provide tax credits to
eligible businesses for an eligibility period not to exceed ten (10) years.

imposed pursuant to chapters 11, 13, 14, 17 or 30 of title 44 as further provided under this
chapter.

(c) The minimum number of new full-time jobs required to be eligible for a tax credit
under this program shall be as follows:

full-time employees on the date of application to the commerce corporation, the creation of at least ten (10) new full-time jobs in this state;

(2) For a business in a targeted industry that employs more than one hundred (100) full-time employees on the date of application to the commerce corporation, either the creation of new full-time jobs in this state in an amount not less than ten percent (10%) of the business's existing number of full-time employees or the creation of at least one hundred (100) new full-time jobs in this state;

(3) For a business in a non-targeted industry that employs not more than two hundred (200) full-time employees on the date of application to the commerce corporation, the creation of at least twenty (20) new full-time jobs in this state; or

d) When a business applies for an incentive under this chapter, in order to assist the commerce corporation in determining whether the business is eligible for the incentives under this chapter, the business's chief executive officer, or equivalent officer, shall attest under oath:

(1) That any projected creation of new full-time jobs would not occur, or would not occur in the state of Rhode Island, but for the provision of tax credits under the program;

(2) The business will create new full-time jobs in an amount equal to or greater than the applicable number set forth in subsection (c) of this section;

(3) That the business's chief executive officer, or equivalent officer, has reviewed the information submitted to the commerce corporation and that the representations contained therein are accurate and complete.

e) The commerce corporation shall establish, by regulation, the documentation an applicant shall be required to provide under this subsection. Such documentation may include documentation showing that the applicant could reasonably locate the new positions outside of this state, or that the applicant is considering locating the positions outside of this state, or that it would not be financially feasible for the applicant to create the positions without the tax credits provided in this chapter.

f) In the event that this attestation by the business's chief executive officer, or equivalent officer, required under subsection (d) of this section is found to be willfully false, the commerce corporation may revoke any award of tax credits in their entirety, which revocation shall be in
addition to any other criminal or civil penalties that the business and/or the officer may be subject to under applicable law. Additionally, the commerce corporation may revoke any award of tax credits in its entirety if the eligible business is convicted of bribery, fraud, theft, embezzlement, misappropriation, and/or extortion involving the state, any state agency or political subdivision of the state.

44-48.3-5. Incentive agreement required prior to issuance of tax credits. -- (a) The commerce corporation shall require an eligible business to enter into an incentive agreement prior to the issuance of tax credits. The incentive agreement shall include, but shall not be limited to, the following:

(1) A detailed description of the proposed job creation including industry sectors and the number of new full-time jobs that are sought to be approved for tax credits;

(2) The eligibility period of the tax credits, including the first year for which the tax credits may be claimed;

(3) A requirement that the applicant maintain the project at a location in Rhode Island for the commitment period, with at least the minimum number of full-time employees as required by this program;

(4) A method for the business to annually certify that it has met the employment requirements of the program for each year of the commitment period;

(5) A provision permitting an audit of the payroll records of the business from time to time, as the commerce corporation deems necessary;

(6) A provision establishing the conditions under which the agreement may be terminated;

(7) A provision that if, in any tax period, the business reduces the total number of full-time employees in its statewide workforce in the last tax period prior to the credit amount approval under this program by more than twenty percent (20%) of jobs for which a credit was granted under this chapter as described in the business's incentive agreement(s), then the business shall forfeit all credit amounts described in the business's incentive agreement(s) for that tax period and each subsequent tax period, until the first tax period for which documentation demonstrating the restoration of the business's statewide workforce to the threshold levels required by the incentive agreement(s) has been reviewed and approved by the commerce corporation, for which tax period and each subsequent tax period the full amount of the credit shall be allowed; and

(8) A provision that during the commitment period, if the business ceases operations in the state or transfers more than fifty percent (50%) of the jobs for which a credit was granted
under this chapter to another state, the tax credit shall cease pursuant to this section and the
business shall be liable to the state for, at a minimum, twenty percent (20%) of all tax benefits
granted to the business under this chapter calculated from the date of the incentive agreement.

44-48.3-6. Total amount of tax credit for eligible business. -- (a) The base amount of
the tax credit for an eligible business for each new full-time job shall be up to two thousand five
hundred dollars ($2,500) annually.

(b) The total tax credit amount shall be calculated and credited to the business annually
for each year of the eligibility period after the commerce corporation, in consultation with the
division of taxation, has verified that the jobs covered by the tax credit have generated sufficient
personal income taxes to comply with subsection (c) of this section.

(c) In addition to the base amount of the tax credit, the amount of the tax credit to be
awarded for each new full-time job may be increased, pursuant to the provisions of subsection (d)
of this section, if the business meets any of the following criteria or such other additional criteria
determined by the commerce corporation from time to time in response to evolving economic or
market conditions:

(1) For a business located within a hope community;

(2) For a targeted industry;

(3) For a business located within a transit oriented development area; and

(4) For an out-of-state business that relocates a business unit or units or creates a
significant number of new full-time jobs during the commitment period.

(d) For any application made to the commerce corporation from 2015 through 2018, the
tax credit for an eligible business for each new full-time job shall not exceed seven thousand five
hundred dollars ($7,500) annually.

(e) Notwithstanding the provisions of subsections (a) through (d) of this section, for each
application approved by the commerce corporation, the amount of tax credits available to be
obtained by the business annually shall not exceed the reasonable W-2 withholding received by
the state for each new full-time job created by a business for applications received by the
commerce corporation in 2015 through 2018.

(f) The commerce corporation shall establish regulations regarding the conditions under
which a business may submit more than one application for tax credits over time. The commerce
corporation may place limits on repeat applications.

44-48.3-7. Documentation. -- (a) A business shall submit documentation indicating that
it has met the employment requirements specified in the incentive agreement for certification of
its tax credit amount within three (3) years following the date of approval of its application by the
commerce corporation. The commerce corporation, after a finding of good cause, may grant two
(2) six (6) month extensions of this deadline. In no event shall the incentive effective date occur
later than four (4) years following the date of approval of an application by the commerce
corporation.

(b) Full-time employment for an accounting or privilege period shall be determined as the
average of the monthly full-time employment for the period.

(c) In conducting its annual review of a business, the commerce corporation may require
a business to submit any information determined by the commerce corporation to be necessary
and relevant to its review.

(d) The credit amount for any tax period for which the documentation of a business's
credit amount remains uncertified as of a date one year after the closing date of that period shall
be forfeited, although credit amounts for the remainder of the years of the eligibility period shall
remain available to the business.

44-48.3-8. Carry forward, transfer or redemption of tax credits, redemption fund. --
(a) If the amount of the tax credit allowed under this chapter exceeds the taxpayer's total tax
liability for the year in which the credit is allowed, the amount of such credit that exceeds the
taxpayer's tax liability may be carried forward and applied against the taxes imposed for the
succeeding four (4) years, or until the full credit is used, whichever occurs first. Credits allowed
to a partnership, a limited liability company taxed as a partnership, or multiple owners of property

assignment, transfer or conveyance of tax credits.

(c) For purposes of this chapter, any assignment or sales proceeds received by the
taxpayer for its assignment or sale of the tax credits allowed pursuant to this section shall be
exempt from taxation under title 44. If a tax credit is subsequently revoked or adjusted, the
seller's tax calculation for the year of revocation or adjustment shall be increased by the total
amount of the sales proceeds, without proration, as a modification under chapter 30 of title 44 of
the general laws. In the event that the seller is not a natural person, the seller's tax calculation
under chapters 11, 13, 14, or 17 of title 44, as applicable, for the year of revocation, or
adjustment, shall be increased by including the total amount of the sales proceeds without
proration.
(d) The tax credit allowed under this chapter may be used as a credit against corporate income taxes imposed under chapters 11, 13, 14, or 17 of title 44, or as determined by the commerce corporation may be used as a credit against personal income taxes imposed under chapter 30 of title 44. No more than the amount of tax credits equal to the total credit amount divided by the duration of the eligibility period in years may be taken in any tax period.

(e) Prior to assignment or transfer of a tax credit granted under this chapter, the division of taxation shall, at the request of the business, redeem such credit in whole or in part for ninety percent (90%) of the value of the tax credit with monies in the jobs tax credit redemption fund created under subsection (f) of this section. The division of taxation shall establish by regulation a redemption process for tax credits.

(f) The division of taxation is hereby authorized and empowered to segregate taxes collected as a result of the creation of new full-time jobs under this chapter and transfer such amounts to the general treasurer for deposit in a restricted account known as the jobs tax credit redemption fund. The jobs tax credit redemption fund shall be used solely to pay for the redemption of tax credits granted under this chapter. The director of the department of revenue shall annually determine if a surplus exists in the job tax credit redemption fund over amounts necessary to redeem tax credits in a fiscal year and may authorize the general treasurer to transfer any surplus to the general fund.

(g) The unexpended balance of such sum of money received and appropriated for the jobs tax credit redemption fund remaining in the treasury at the close of each fiscal year, shall be continued to and is hereby annually appropriated for the same account for the ensuing year.

SECTION 11. Chapter 5-59.1 of the General Laws entitled “Rhode Island Orthotics and
Prosthetics Practices” is hereby repealed in its entirety.

5-59.1-Legislative Intent. — The purpose of this chapter is to safeguard the public
health to regulate the practice of orthotics and prosthetics by untrained and unethical persons.

59.1. Short title. This act shall be known and may be cited as "The Rhode Island Orthotics and Prosthetics Practices Act".

59.1. Definitions. As used in this chapter:

(1) "ABC" means the American Board for Certification in Orthotics and Prosthetics or its successor agency.

(2) "BOC" means the Board for Orthotist/Prosthetist Certification or its successor agency.

(3) "Custom fabricated orthotics" or "custom made orthotics" means devices designed and fabricated, in turn, from raw materials for a specific patient and require the generation of an image, form, or mold that replicates the patient's body or body segment and, in turn, involves the rectification of an image.

(4) "Department" means the Rhode Island department of health.

(5) "Director" means the director of the department of health.

(6) "Direct-formed orthoses" means devices formed or shaped during the molding process directly on the patient's body or body segment.

(7) "Licensed Orthotist" means a person licensed under this chapter to practice orthotics.

(8) "Licensed Prosthetist" means a person licensed under this chapter to practice prosthetics.

(9) "Off-the-shelf orthosis" means devices manufactured by companies registered with the Federal Food and Drug Administration other than devices designed for a particular person based on that particular person's condition.

(10) "Orthosis" means a custom fabricated brace or support that is designed based on medical necessity. Orthosis does not include prefabricated or direct-formed orthotic devices, as defined in this section, or any of the following assistive technology devices: commercially available knee orthoses used following injury or surgery; spastic muscle tone inhibiting orthoses; upper extremity adaptive equipment; finger splints; hand splints; wrist gauntlets; face masks used following burns; wheelchair seating that is an integral part of the wheelchair and not worn by the patient independent of the wheelchair; fabric or elastic supports; corsets; low-temperature formed plastic splints; trusses; elastic hose; canes; crutches; cervical collars; dental appliances; and other similar devices as determined by the director, such as those commonly carried in stock by a pharmacy, department store, corset shop, or surgical supply facility.

(11) "Orthotics" means the science and practice of evaluating, measuring, designing, fabricating, assembling, fitting, adjusting or, servicing, as well as providing the initial training necessary to accomplish the fitting of, an orthosis for the support, correction, or alleviation of
neuromuscular or musculoskeletal dysfunction, disease, injury or deformity. The practice of orthotics encompasses evaluation, treatment, and consultation; with basic observational gait and postural analysis, orthotists assess and design orthoses to maximize function and provide not only the support but the alignment necessary to either prevent or correct deformity or to improve the safety and efficiency of mobility or locomotion, or both. Orthotic practice includes providing continuing patient care in order to assess its effect on the patient's tissues and to assure proper fit and function of the orthotic device by periodic evaluation.

(12) “Orthotist” means an allied health professional who is specifically trained and educated to provide or manage the provision of a custom-designed, fabricated, modified and fitted external orthosis to an orthotic patient, based on a clinical assessment and a physician's prescription, to restore physiological function and/or cosmesis, and certified by ABC or BOC.

(13) “Physician” means a doctor of allopathic medicine (M.D.), osteopathic medicine (D.O.), podiatric medicine (D.P.M.), and chiropractic medicine (D.C.).

(14) “Prefabricated orthoses” or “off-shelf orthoses” means devices that are manufactured as commercially available stock items for no specific patient.

(15) “Prosthesis” means an artificial limb that is alignable or, in lower extremity applications, capable of weight bearing. Prosthesis also means an artificial medical device that is not surgically implanted and that is used to replace a missing limb, appendage, or other external human body part including an artificial limb, hand, or foot. The term does not include artificial eyes, ears, noses, dental appliances, osteomy products, or devices such as eyelashes or wigs or artificial breasts.

(16) “Prosthetics” means the science and practice of evaluation, measuring, designing, fabricating, assembling, fitting, aligning, adjusting or servicing, as well as providing the initial training necessary to accomplish the fitting of, a prosthesis through the replacement of external parts of a human body, lost due to amputation or congenital deformities or absences. The practice of prosthetics also includes the generation of an image, form, or mold that replicates the patient's body or body segment and that requires rectification of dimensions, contours and volumes for use in the design and fabrication of a socket to accept a residual anatomic limb to, in turn, create an artificial appendage that is designed either to support body weight or to improve or restore function or cosmesis, or both. Involved in the practice of prosthetics is observational gait analysis and clinical assessment of the requirements necessary to refine and mechanically fix the relative position of various parts of the prosthesis to maximize function, stability, and safety of the patient. The practice of prosthetics includes providing and continuing patient care in order to assess the prosthetic device's effect on the patient's tissues and to assure proper fit and function of
the prosthetic device by periodic evaluation. 

(17) "Prosthetist" means a practitioner, certified by the ABC or BOC, who provides care to patients with partial or total absence of a limb by designing, fabricating, and fitting devices, known as prostheses. At the request of and in consultation with physicians, the prosthetist assists in formulation of prescriptions for prostheses, and examines and evaluates patients' prosthetic needs in relation to their disease entity and functional loss. In providing the prostheses, he or she is responsible for formulating its design, including selection of materials and components; making all necessary casts, measurements and model modifications; performing fittings including static and dynamic alignments; evaluating the prosthesis on the patient; instructing the patient in its use; and maintaining adequate patient records; all in conformity with the prescription.

periods and allocated in the forty percent (40%) state / sixty percent (60%) municipal proportion

SECTION 4. Section 36-10-9 of the General Laws in Chapter 36-10 entitled "Retirement
System-Contributions and Benefits" is hereby amended to read as follows:

36-10-9. Retirement on service allowance -- In general. -- Retirement of a member on
a service retirement allowance shall be made by the retirement board as follows:

(1) (a) (i) Any member may retire upon his or her written application to the retirement
board as of the first day of the calendar month in which the application was filed; provided, the
member was separated from service prior thereto; and further provided, however, that if
separation from service occurs during the month in which application is filed, the effective date
shall be the first day following that separation from service; and provided further that the member
on his or her retirement date attained the age of sixty (60) and completed at least ten (10) years of
contributory service on or before July 1, 2005 or who, regardless of age, has completed twenty-
eight (28) years of total service and has completed at least ten (10) years of contributory service
on or before July 1, 2005, and who retire before October 1, 2009 or are eligible to retire as of September 30, 2009.

(ii) For members who become eligible to retire on or after October 1, 2009 and prior to July 1, 2012, benefits are available to members who have attained the age of sixty-two (62) and completed at least ten (10) years of contributory service. For members in service as of October 1, 2009 who were not eligible to retire as of September 30, 2009 but become eligible to retire prior to July 1, 2012, the minimum retirement age of sixty-two (62) will be adjusted downward in proportion to the amount of service the member has earned as of September 30, 2009. The proportional formula shall work as follows:

(1) The formula shall determine the first age of retirement eligibility under the laws in effect on September 30, 2009 which shall then be subtracted from the minimum retirement age of sixty-two (62).

(2) The formula shall then take the member's total service credit as of September 30, 2009 as the numerator and the years of service credit determined under (1) as the denominator.

(3) The fraction determined in (2) shall then be multiplied by the age difference determined in (1) to apply a reduction in years from age sixty-two (62).

(b) (i) Any member, who has not completed at least ten (10) years of contributory service on or before July 1, 2005, may retire upon his or her written application to the retirement board as of the first day of the calendar month in which the application was filed; provided, the member was separated from service prior thereto; and further provided, however, that if separation from service occurs during the month in which application is filed, the effective date shall be the first day following that separation from service; provided, the member or his or her retirement date had attained the age of fifty-nine (59) and had completed at least twenty-nine (29) years of total service or provided that the member on his or her retirement date had attained the age of sixty-five (65) and had completed at least ten (10) years of contributory service; or provided, that the member on his or her retirement date had attained the age of fifty-five (55) and had completed twenty (20) years of total service provided, that the retirement allowance, as determined according to the formula in § 36-10-10 is reduced actuarially for each month that the age of the member is less than sixty-five (65) years, and who retire before October 1, 2009 or are eligible to retire as of September 30, 2009.

(ii) For members who become eligible to retire on or after October 1, 2009 and prior to July 1, 2012, benefits are available to members who have attained the age of sixty-two (62) and completed at least twenty-nine (29) years of total service or have attained the age of sixty-five (65) and completed at least ten (10) years of contributory service. For members in service as of
October 1, 2009 who were not eligible to retire as of September 30, 2009 but become eligible to retire prior to July 1, 2012, who have a minimum retirement age of sixty-two (62), the retirement age will be adjusted downward in proportion to the amount of service the member has earned as of September 30, 2009. The proportional formula shall work as follows:

1. The formula shall determine the first age of retirement eligibility under the laws in effect on September 30, 2009 which shall then be subtracted from the minimum retirement age of sixty-two (62).
2. The formula shall then take the member's total service credit as of September 30, 2009 as the numerator and the years of service credit determined under (1) as the denominator.
3. The fraction determined in (2) above shall then be multiplied by the age difference determined in (1) to apply a reduction in years from age sixty-two (62).

(c) Effective July 1, 2012, the following shall apply to all members not eligible to retire prior to July 1, 2012:

(i) A member with contributory service on or after July 1, 2012, shall be eligible to retire upon the completion of at least five (5) years of contributory service and attainment of the member's Social Security retirement age.

(ii) For members with five (5) or more years of contributory service as of June 30, 2012, with contributory service on and after July 1, 2012, who have a retirement age of Social Security Retirement Age, the retirement age will be adjusted downward in proportion to the amount of service the member has earned as of June 30, 2012, but in no event shall a member's retirement age under this subparagraph (ii) be prior to the attainment of age fifty-nine (59) or prior to the member's retirement age determined under the laws in effect on June 30, 2012. The proportional formula shall work as follows:

1. The formula shall determine the first age of retirement eligibility under the laws in effect on June 30, 2012 which shall then be subtracted from Social Security retirement age;
2. The formula shall then take the member's total service credit as of June 30, 2012 as the numerator and the projected service at retirement age in effect on June 30, 2012 as the denominator;
3. The fraction determined in (2) shall then be multiplied by the age difference determined in (1) to apply a reduction in years from Social Security retirement age.

(iii) A member who has completed twenty (20) or more years of total service and who has attained an age within five (5) years of the eligible retirement age under subparagraphs (c)(i) or (c)(ii) above may elect to retire provided that the retirement allowance shall be reduced actuarially for each month that the age of the member is
less than the eligible retirement age under subparagraphs (c)(i) or (c)(ii) above or subsection (d) below in accordance with the following table:

In the event the retirement board adjusts the actuarially assumed rate of return for the system, either upward or downward, the subtrahend shall be adjusted either upward or downward in the same amount.

(2) Except as provided in paragraph (g)(3), the benefit adjustments under this section for any plan year shall be suspended in their entirety unless the GASB Funded Ratio of the Employees' Retirement System of Rhode Island, the Judicial Retirement Benefits Trust and the State Police Retirement Benefits Trust, calculated by the system's actuary on an aggregate basis, exceeds eighty percent (80%) in which event the benefit adjustment will be reinstated for all members for such plan year.

"GASB Funded Ratio" shall mean the ratio of the actuarial value of assets to the actuarial accrued liability.

(3) Notwithstanding paragraph (g)(2), in each fifth plan year commencing after June 30, 2012 commencing with the plan year ending June 30, 2017, and subsequently at intervals of five plan years, a benefit adjustment shall be calculated and made in accordance with paragraph (g)(1) above until the GASB Funded Ratio of the Employees' Retirement System of Rhode Island, the Judicial Retirement Benefits Trust and the State Police Retirement Benefits Trust, calculated by the system's actuary on an aggregate basis, exceeds eighty percent (80%).

(4) Notwithstanding any other provision of this chapter, the provisions of this paragraph (g) of § 36-10-35 shall become effective July 1, 2012 and shall apply to any benefit adjustment not granted on or prior to June 30, 2012.

(i) Is equal to the percentage determined by subtracting five and one-half percent (5.5%) (the "subtrahend") from the five-year average investment return of the retirement system determined as of the last day of the plan year preceding the calendar year in which the adjustment is granted, said percentage not to exceed four percent (4%) and not to be less than zero percent (0%). The "five-year average investment return" shall mean the average of the investment returns of the most recent five (5) plan years as determined by the retirement board. In the event the retirement board adjusts the actuarially assumed rate of return for the system, either upward or downward, the subtrahend shall be adjusted either upward or downward in the same amount.

(ii) Is equal to the lesser of three percent (3%) or the percentage increase in the Consumer Price Index for all Urban Consumers (CPI-U) as published by the U.S. Department of Labor Statistics determined as of September 30 of the prior calendar year. In no event shall the sum of (i) plus (ii) exceed three and one-half percent (3.5%) or be less than zero percent (0%).

(II) Is equal to the lesser of either the member's retirement allowance or the first twenty-five thousand eight hundred and fifty-five dollars ($25,855) of retirement allowance, such amount to be indexed annually in the same percentage as determined under subsection (h)(1)(B)(I) above.

The benefit adjustments provided by this subsection (h)(1)(B) shall be provided to all retirees entitled to receive a benefit adjustment as of June 30, 2012 under the law then in effect, and for all other retirees the benefit adjustments shall commence upon the third anniversary of the date of retirement or the date on which the retiree reaches his or her Social Security retirement age, whichever is later.

(2) Except as provided in subsection (h)(3) of this section, the benefit adjustments under subsection (h)(1)(B) for any plan year shall be suspended in their entirety unless the funded ratio of the employees' retirement system of Rhode Island, the judicial retirement benefits trust and the state police retirement benefits trust, calculated by the system's actuary on an aggregate basis, exceeds eighty percent (80%) in which event the benefit adjustment will be reinstated for all members for such plan year.
In determining whether a funding level under this subsection (h)(2) has been achieved, the actuary shall calculate the funding percentage after taking into account the reinstatement of any current or future benefit adjustment provided under this section.

(3) Notwithstanding subsection (h)(2), in each fourth plan year commencing after June 30, 2012 commencing with the plan year ending June 30, 2016, and subsequently at intervals of four plan years:

(i) A benefit adjustment shall be calculated and made in accordance with subsection (h)(1)(B) above; and

(ii) Effective for members and/or beneficiaries of members who retired on or before June 30, 2015, the dollar amount in subsection (h)(1)(B)(II) of twenty-five thousand eight hundred and fifty-five dollars ($25,855) shall be replaced with thirty-one thousand and twenty-six dollars ($31,026) until the funded ratio of the employees' retirement system of Rhode Island, the judicial retirement benefits trust and the state police retirement benefits trust, calculated by the system's actuary on an aggregate basis, exceeds eighty percent (80%).

(i) Effective for members and or beneficiaries of members who have retired on or before July 1, 2015, a one-time stipend of five hundred dollars ($500) shall be payable within sixty (60) days following the enactment of the legislation implementing this provision, and a second one-time stipend of five hundred dollars ($500) in the same month of the following year. The proportional formula shall work as follows:
(A) The formula shall determine the first age of retirement eligibility under the laws in effect on September 30, 2009 which shall then be subtracted from the minimum retirement age of sixty-two (62).

(B) The formula shall then take the teacher's total service credit as of September 30, 2009 as the numerator and the years of service credit determined under (A) as the denominator.

(C) The fraction determined in (B) shall then be multiplied by the age difference in (1) to apply a reduction in years from age sixty-two (62).

(b) (i) Any member, who has not completed at least ten (10) years of contributory service on or before July 1, 2005, may retire upon his or her written application to the retirement board as of the first day of the calendar month in which the application was filed; provided, the member was separated from service prior thereto; and further provided, however, that if separation from service occurs during the month in which application is filed, the effective date shall be the first day following that separation from service; provided, the member on his or her retirement date had attained the age of fifty-nine (59) and had completed at least twenty-nine (29) years of total service; or provided, that the member on his or her retirement date had attained the age of sixty-five (65) and had completed at least ten (10) years of contributory service; or provided, that the member on his or her retirement date had attained the age of fifty-five (55) and had completed twenty (20) years of total service and provided, that the retirement allowance, as determined according to the formula in § 16-16-13 is reduced actuarially for each month that the age of the member is less than sixty-five (65) years and who retire before October 1, 2009 or are eligible to retire as of September 30, 2009.

For teachers in service as of October 1, 2009 who were not eligible to retire as of September 30, 2009 but become eligible to retire prior to July 1, 2012, who have a minimum retirement age of sixty-two (62), the retirement age will be adjusted downward in proportion to the amount of service the member has earned as of September 30, 2009. The proportional formula shall work as follows:

(A) The formula shall determine the first age of retirement eligibility under the laws in effect on September 30, 2009 which shall then be subtracted from the minimum retirement age of sixty-two (62).

(B) The formula shall then take the teacher's total service credit as of September 30, 2009 as the numerator and the years of service credit determined under (A) as the denominator.
(C) The fraction determined in (B) shall then be multiplied by the age difference
determined in (A) to apply a reduction in years from age sixty-two (62).

(ii) For teachers with five (5) or more years of contributory service as of June 30, 2012,
with contributory service on and after July 1, 2012, who have a retirement age of Social Security
Retirement Age, the retirement age will be adjusted downward in proportion to the amount of
service the teacher has earned as of June 30, 2012, but in no event shall a teacher's retirement age
under this subparagraph (ii) be prior to the attainment of age fifty-nine (59) or prior to the
teacher's retirement age determined under the laws in effect on June 30, 2012. The proportional
formula shall work as follows:

(1) The formula shall determine the first age of retirement eligibility under the laws in
effect on June 30, 2012 which shall then be subtracted from Social Security retirement age;

(2) The formula shall then take the teacher's total service credit as of June 30, 2012 as
the numerator and the projected service at retirement age in effect on June 30, 2012 as the
denominator;

(3) The fraction determined in (2) shall then be multiplied by the age difference
determined in (1) to apply a reduction in years from Social Security retirement age.

(iii) Effective July 1, 2015, a teacher who has completed twenty (20) or more years of
total service and who has attained an age within five (5) years of the eligible retirement age under

years of total service, but in no case to exceed eighty percent (80%) of the compensation, payable
at completion of thirty-five (35) years of service; provided, however, for teachers retiring on or
after October 1, 2009 who were not eligible to retire as of September 30, 2009 the calculation

eight (38) years of service; provided, however, for teachers retiring on or after October 1, 2009
who were not eligible to retire as of September 30, 2009 the calculation shall be based on the

1, 2012:

(i) For teachers with fewer than twenty (20) years of total service as of June 30, 2012, a
teacher's retirement allowance shall be equal to one percent (1%) of the teacher's average
compensation multiplied by the teacher's years of total service on and after July 1, 2012; and

(ii) For teachers with twenty (20) or more years of total service as of June 30, 2012, a
teacher's retirement allowance shall be equal to one percent (1%) of the teacher's average
compensation multiplied by the teacher's years of total service between July 1, 2012 and June 30,
2015, and two percent (2%) of the teacher's average compensation multiplied by the teacher's
years of total service on and after July 1, 2015. For purposes of computing a teacher's total
service under the preceding sentence, service purchases shall be included in total service only
with respect to those service purchases approved prior to June 30, 2012 and those applications for
service purchases received by the retirement system on or before June 30, 2012. In no event shall
a teacher's retirement allowance exceed the maximum limitations set forth in subsection (b)

contribute into the system nine and one-half percent (9.5%) of compensation as his or her share of
the cost of annuities, benefits, and allowances. Effective July 1, 2012, each teacher shall
contribute an amount equal to three and three quarters percent (3.75%) of his or her
compensation. Effective July 1, 2015, each teacher with twenty (20) or more years of total service
as of June 30, 2012 shall contribute an amount equal to eleven percent (11%) of his or her
compensation. The employer contribution on behalf of teacher members of the system shall be in
an amount that will pay a rate percent of the compensation paid to the members, according to the
method of financing prescribed in the State Retirement Act in chapters 8 -- 10 and 10.3 of title 36.
This amount shall be paid forty percent (40%) by the state, and sixty percent (60%) by the city,
town, local educational agency, or any formalized commissioner approved cooperative service
arrangement by whom the teacher members are employed, with the exception of teachers who
work in federally funded projects and further with the exception of any supplemental
contributions by a local municipality employer under chapter 36-10.3 which supplemental
employer contributions shall be made wholly by the local municipality. Provided, however, that
the rate percent paid shall be rounded to the nearest hundredth of one percent (.01%).

(b) The employer contribution on behalf of teacher members of the system who work in
fully or partially federally funded programs shall be prorated in accordance with the share of the
contribution paid from the funds of the federal, city, town, or local educational agency, or any
formalized commissioner approved cooperative service arrangement by whom the teacher
members are approved.

(c) In case of the failure of any city, town, or local educational agency, or any formalized
commissioner approved cooperative service arrangement to pay to the state retirement system the
amounts due from it under this section within the time prescribed, the general treasurer is
authorized to deduct the amount from any money due the city, town, or local educational agency
from the state.

(d) The employer's contribution shared by the state shall be paid in the amounts
prescribed in this section for the city, town, or local educational agency and under the same
payment schedule. Notwithstanding any other provisions of this chapter, the city, town, or local
educational agency or any formalized commissioner approved cooperative service arrangement
shall remit to the general treasurer of the state the local employer's share of the teacher's
retirement payments on a monthly basis, payable by the fifteenth (15th) of the following month.
The amounts that would have been contributed shall be deposited by the state in a special fund
and not used for any purpose. The general treasurer, upon receipt of the local employer's share,
shall effect transfer of a matching amount of money from the state funds appropriated for this
purpose by the general assembly into the retirement fund.

Upon reconciliation of the final amount owed to the retirement fund for the employer share, the state shall ensure that any local education aid reduction assumed for the FY 2010 revised budget in excess of the actual savings is restored to the respective local entities.

(e) This section is not subject to §§ 45-13-7 through 45-13-10.

SECTION 14. Section 16-16-40 of the General Laws in Chapter 16-16 entitled “Teachers' Retirement is hereby amended to read as follows:

percentage of increase in the Consumer Price Index for all Urban Consumers (CPI-U) as
published by the United States Department of Labor Statistics, determined as of September 30 of
the prior calendar year, whichever is less; the cost of living adjustment shall be compounded
annually from the year for which the cost of living adjustment was determined payable by the
retirement board; provided, that no adjustment shall cause any retirement allowance to be
decreased from the retirement allowance provided immediately before such adjustment.

employees' retirement system of Rhode Island, the judicial retirement benefits trust and the state
police retirement benefits trust, calculated by the system's actuary on an aggregate basis, exceeds
eighty percent (80%) in which event the benefit adjustment will be reinstated for all teachers for
such plan year.

actuary shall calculate the funding percentage after taking into account the reinstatement of any
current or future benefit adjustment provided under this section.

30, 2012 commencing with the plan year ending June 30, 2016, and subsequently at intervals of

SECTION 16. Section 45-21-16 of the General Laws in Chapter 45-21 entitled "Retirement of Municipal Employees" is hereby amended to read as follows:

45-21-16. Retirement on service allowance.-- Retirement of a member on a service retirement allowance shall be made by the retirement board as follows:

(1) (i) Any member who is eligible to retire on or before June 30, 2012, may retire upon the member's written application to the retirement board as of the first day of the calendar month in which the application was filed, provided the member was separated from service prior to the application, and provided, further, that if separation from service occurs during the month in which application is filed, the effective date is the first day following the separation from service, provided that the member at the time so specified for the member's retirement has attained the applicable minimum retirement age and has completed at least ten (10) years of total service or who, regardless of age, completed thirty (30) years of total service, and notwithstanding that during the period of notification the member has separated from service. The minimum ages for service retirement (except for employees completing thirty (30) years of service) is fifty-eight (58) years.

(ii) Effective July 1, 2012, the following shall apply to all members not eligible to retire prior to July 1, 2012:

(A) A member with contributory service on or after July 1, 2012, shall be eligible to retire upon the completion of at least five (5) years of contributory service and attainment of the member's Social Security retirement age.

(B) For members with five (5) or more years of contributory service as of June 30, 2012, with contributory service on and after July 1, 2012, who have a retirement age of Social Security Retirement Age, the retirement age will be adjusted downward in proportion to the amount of service the member has earned as of June 30, 2012, but in no event shall a member's retirement age under this subparagraph (B) be prior to the attainment of age fifty-nine (59) or prior to the member's retirement age determined under the laws in effect on June 30, 2012. The proportional...
formula shall work as follows:

1. The formula shall determine the first age of retirement eligibility under the laws in effect on June 30, 2012 which shall then be subtracted from Social Security retirement age;
2. The formula shall then take the member's total service credit as of June 30, 2012 as the numerator and the projected service at retirement age in effect on June 30, 2012 as the denominator;
3. The fraction determined in (2) shall then be multiplied by the age difference determined in (1) to apply a reduction in years from Social Security retirement age.

**(C) Effective July 1, 2015, a member who has completed twenty (20) or more years of total service and who has attained an age within five (5) years of the eligible retirement age under subparagraphs (ii)(A) or (ii)(B) above or subsection (iii) below, may elect to retire provided that the retirement allowance shall be reduced actuarially for each month that the age of the member is less than the eligible retirement age under subparagraphs (ii)(A) or (ii)(B) above or subsection (iii) below in accordance with the following table:

This provision shall be interpreted and administered in a manner to protect a member's accrued benefit on June 30, 2012.

**(iii) Notwithstanding any other provisions of subsection (ii) above, effective July 1, 2015, members in active service shall be eligible to retire upon the earlier of: (I) The attainment of at least age sixty-five (65) and the completion of at least thirty (30) years of total service, or the attainment of at least age sixty-four (64) and the completion of at least thirty-one (31) years of total service, or the attainment of at least age sixty-three (63) and the completion of at least thirty-two (32) years of total service, or the attainment of at least age sixty-two (62) and the completion of at least thirty-three (33) years of total service; or (II) The member's retirement eligibility date.
under subsections (ii)(A) or (ii)(B) above.

(2) Except as specifically provided in §§ 45-21-19 -- 45-21-22, no member is eligible for pension benefits under this chapter unless:

(I) On or prior to June 30, 2012 the member has been a contributing member of the employees' retirement system for at least ten (10) years; or

(II) For members in active contributory service on or after July 1, 2012, the member shall have been a contributing member of the employees' retirement system for at least five (5) years.

(i) Provided, however, a person who has ten (10) years service credit on or before June 16, 1991 is vested.

(ii) Furthermore, any past service credits purchased in accordance with § 45-21-62 are counted towards vesting.

(iii) Any person who becomes a member of the employees' retirement system pursuant to § 45-21-4 shall be considered a contributing member for the purpose of this chapter.

(iv) Notwithstanding any other provision of law, no more than five (5) years of service credit may be purchased by a member of the System. The five (5)-year limit does not apply to any purchases made prior to the effective date of this provision. A member who has purchased more than five (5) years of service credit maximum, before January 1, 1995, shall be permitted to apply the purchases towards the member's service retirement. However, no further purchase will be permitted. Repayment, in accordance with applicable law and regulation, of any contribution previously withdrawn from the System is not deemed a purchase of service credit.

(v) Notwithstanding any other provision of law, effective July 1, 2012, except for purchases under §§ 16-16-7.1, 36-5-3, 36-9-31, 36-10-10.4, and 45-21-53:

(I) For service purchases for time periods prior to a member's initial date of hire; the purchase must be made within three (3) years of the member's initial date of hire; and

(II) For service purchases for time periods for official periods of leave as authorized by law, the purchase must be made within three (3) years of the time the official leave was concluded by the member.

Notwithstanding (I) and (II) above, service purchases from time periods prior to June 30, 2012 may be made on or prior to June 30, 2015.

(3) No member of the municipal employees' retirement system is permitted to purchase service credits for casual, temporary, emergency or seasonal employment, for employment as a page in the general assembly, or for employment at any state college or university while the employee is a student or graduate assistant of the college or university.
(4) A member does not receive service credit in this retirement system for any year or portion of a year, which counts as service credit in any other retirement system in which the member is vested or from which the member is receiving a pension and/or any annual payment for life. This subsection does not apply to any payments received pursuant to the Federal Social Security Act or to payments from a military pension earned prior to participation in state or municipal employment, or to military service credits earned prior to participation in state or municipal employment.

(5) A member who seeks to purchase or receive service credit in this retirement system has the affirmative duty to disclose to the retirement board whether or not he or she is a vested member in any other retirement system and/or is receiving a pension retirement allowance or any annual payment for life. The retirement board has the right to investigate whether or not the member has utilized the same time of service for credit in any other retirement system. The member has an affirmative duty to cooperate with the retirement board including, by way of illustration and not by way of limitation, the duty to furnish or have furnished to the retirement board any relevant information which is protected by any privacy act.

(6) A member who fails to cooperate with the retirement board shall not have the time of service counted toward total service credit until a time that the member cooperates with the retirement board and until a time that the retirement board determines the validity of the service credit.

(7) A member who knowingly makes a false statement to the retirement board regarding service time or credit is not entitled to a retirement allowance and is entitled only to the return of his or her contributions without interest.

SECTION 17. Section 45-21-17 of the General Laws in Chapter 45-21 entitled "Retirement of Municipal Employees" is hereby amended to read as follows:

45-21-17. Service retirement allowance. -- (a) Upon retirement from service after January 1, 1969, a member shall receive a retirement allowance which is a life annuity terminable upon death of the annuitant and is an amount equal to two percent (2%) of final compensation multiplied by the number of years of total service, not to exceed thirty-seven and one-half (37 1/2) years for services on and prior to June 30, 2012. For service on and after July 1, 2012: (i) For members with fewer than twenty (20) years of total service as of June 30, 2012, a member's retirement allowance shall be equal to one percent (1%) of the member's final compensation multiplied by the member's years of total service on and after July 1, 2012; and (ii) For members with twenty (20) or more years of total service as of June 30, 2012, a member's retirement allowance shall be equal to one percent (1%) of the member's average compensation multiplied...
by the member's years of total service between July 1, 2012 and June 30, 2015, and two percent
(2%) of the member's average compensation multiplied by the member's years of total service on
and after July 1, 2015. For purposes of computing a member's total service under the preceding
sentence, service purchases shall be included in total service only with respect to those service
purchases approved prior to June 30, 2012 and those applications for service purchases received
by the retirement system on or before June 30, 2012. In no event shall a member's retirement
allowance exceed seventy-five percent (75%) of the member's final compensation. Provided,
however, that every person elected prior to July 1, 2012 who has served as a part time elected
official of the city of Cranston for a period of ten (10) years, is entitled to receive, upon
retirement from that part time service, and not being otherwise regularly employed by the city of
Cranston in which that person has served, a service retirement allowance equivalent to fifty
percent (50%) of the salary received at the time of retirement by that part time elected official;
and, provided, further, that if that person retires after a period of service greater than ten (10)
years, the person is entitled to receive an additional service retirement allowance equivalent to
five percent (5%) of the salary received at the time of retirement for each whole year of service,
in excess of ten (10) years up to a maximum additional allowance equivalent to fifty percent
(50%) of the salary received.

(b) This section also applies to any former part time elected official of the city of
Cranston who is presently receiving retirement benefits from the municipal retirement system.

(c) Every person elected prior to July 1, 2012 who serves or has served at least four (4)
years as a part time elected official of the city of Cranston may include that person's years of
service as a member of the general assembly, and any other credits acquired while serving as a
legislator, when computing the person's period of service to the city of Cranston pursuant to the
provisions of this section.

SECTION 18. Section 45-21-41 of the General Laws in Chapter 45-21 entitled
"Retirement of Municipal Employees" is hereby amended to read as follows:

45-21-41. Members' contributions -- Payroll deductions -- Certification to board.

(a) Prior to July 1, 2012, each member shall contribute an amount equal to six percent (6%) of
salary or compensation earned and accruing to the member; provided, that contributions by any
member cease when the member has completed the maximum amount of service credit attainable.
Special compensation for additional fees shall not be considered as compensation for contribution
purposes. Effective July 1, 2012, each member shall contribute an amount equal to one percent
(1%) of his or her compensation as his or her share of the cost. Effective July 1, 2015, each
member with twenty (20) or more years of total service as of June 30, 2012 shall contribute an
amount equal to eight and one-quarter percent (8.25%) of compensation.

(b) Each municipality shall deduct the previously stated rate from the compensation of each member on each and every payroll of the municipality, and the deduction made during the entire time a member is in service subject to termination as stated in the foregoing paragraph.

(c) The deductions provided for in this section shall be made notwithstanding that the minimum compensation provided for by law for any member is reduced by the compensation. Every member is deemed to consent and agree to the deductions made and provided for in this section, and shall receipt for his or her full salary or compensation; and payment of salary or compensation less those deductions are a full and complete discharge and acquittance of all claims and demands for the services rendered by the person during the period covered by the payment except as to the benefits provided under this chapter. Each participating municipality shall certify to the retirement board the amounts deducted from the compensation of members. Each of the amounts, when deducted, shall be credited to an individual account of the member from whose compensation the deduction was made.

SECTION 19. Section 45-21-52 of the General Laws in Chapter 45-21 entitled “Retirement of Municipal Employees” is hereby amended to read as follows:

45-21-52. Automatic increase in service retirement allowance. -- (a) The local legislative bodies of the cities and towns may extend to their respective employees automatic adjustment increases in their service retirement allowances, by a resolution accepting any of the plans described in this section:

(1) Plan A. - All employees and beneficiaries of those employees receiving a service retirement or disability retirement allowance under the provisions of this chapter on December 31 of the year their city or town accepts this section, receive a cost of living adjustment equal to one and one-half percent (1 1/2%) per year of the original retirement allowance, not compounded, for each calendar year the retirement allowance has been in effect. This cost of living adjustment is added to the amount of the retirement allowance as of January 1 following acceptance of this provision, and an additional one and one-half percent (1 1/2%) is added to the original retirement allowance in each succeeding year during the month of January, and provided, further, that this additional cost of living increase is three percent (3%) for the year beginning January 1 of the year the plan is accepted and each succeeding year.

(2) Plan B. - All employees and beneficiaries of those employees receiving a retirement allowance under the provisions of this chapter on December 31 of the year their municipality accepts this section, receive a cost of living adjustment equal to three percent (3%) of their original retirement allowance. This adjustment is added to the amount of the retirement allowance.
as of January 1 following acceptance of this provision, and an additional three percent (3%) of the
original retirement allowance, not compounded, is payable in each succeeding year in the month
of January.

(3) Plan C. - All employees and beneficiaries of those employees who retire on or after
January 1 of the year following acceptance of this section, on the first day of January next
following the date of the retirement, receive a cost of living adjustment in an amount equal to
three percent (3%) of the original retirement allowance.

(b) In each succeeding year in the month of January, the retirement allowance is
increased an additional three percent (3%) of the original retirement allowance, not compounded.

(c) This subsection (c) shall be effective for the period July 1, 2012 through June 30, 2015.

(1) Notwithstanding any other paragraphs of this section, and subject to paragraph (c)(2)
below, for all present and former employees, active and retired members, and beneficiaries
receiving any retirement, disability or death allowance or benefit of any kind by reason of
adoption of this section by their employer, the annual benefit adjustment provided in any calendar
year under this section shall be equal to (A) multiplied by (B) where (A) is equal to the
percentage determined by subtracting five and one-half percent (5.5%) (the “subtrahend”) from
the Five-Year Average Investment Return of the retirement system determined as of the last day
of the plan year preceding the calendar year in which the adjustment is granted, said percentage
not to exceed four percent (4%) and not to be less than zero percent (0%), and (B) is equal to the
lesser of the member’s retirement allowance or the first twenty-five thousand dollars ($25,000) of
retirement allowance, such twenty-five thousand dollars ($25,000) amount to be indexed annually
in the same percentage as determined under (c)(1)(A) above. The “Five-Year Average Investment
Return” shall mean the average of the investment returns of the most recent five (5) plan years as
determined by the retirement board. Subject to paragraph (c)(2) below, the benefit adjustment
provided by this paragraph shall commence upon the third (3rd) anniversary of the date of
retirement or the date on which the retiree reaches his or her Social Security retirement age,
whichever is later; or for municipal police and fire retiring under the provisions of chapter 45-
21.2, the benefit adjustment provided by this paragraph shall commence on the later of the third
(3rd) anniversary of the date of retirement or the date on which the retiree reaches age fifty-five
(55). In the event the retirement board adjusts the actuarially assumed rate of return for the
system, either upward or downward, the subtrahend shall be adjusted either upward or downward
in the same amount.

(2) Except as provided in paragraph (c)(3) the benefit adjustments provided under this
section for any plan year shall be suspended in their entirety for each municipal plan within the
municipal employees retirement system unless the municipal plan is determined to be funded at a
\textbf{GASB} Funded Ratio equal to or greater than eighty percent (80\%) as of the end of the
immediately preceding plan year in accordance with the retirement system's actuarial valuation
report as prepared by the system's actuary, in which event the benefit adjustment will be
reinstated for all members for such plan year.

In determining whether a funding level under this paragraph (c)(2) has been achieved,
the actuary shall calculate the funding percentage after taking into account the reinstatement of
any current or future benefit adjustment provided under this section. "\textbf{GASB Funded Ratio}" shall
mean the ratio of the actuarial value of assets to the actuarial accrued liability.

(3) Notwithstanding paragraph (c)(2), for each municipal plan that has a \textbf{GASB} Funded
Ratio of less than eighty percent (80\%) as of June 30, 2012, in each fifth plan year commencing
after June 30, 2012 commencing with the plan year ending June 30, 2017, and subsequently at
intervals of five (5) plan years, a benefit adjustment shall be calculated and made in accordance
with paragraph (c)(1) above until the municipal plan's \textbf{GASB} Funded Ratio exceeds eighty
percent (80\%).

(d) This subsection (d) shall become effective July 1, 2015.

(1)(A) As soon as administratively reasonable following the enactment into law of this
subsection (d)(1)(A), a one-time benefit adjustment shall be provided to members and/or
beneficiaries of members who retired on or before June 30, 2012, in the amount of two percent
(2\%) of the lesser of either the employee's retirement allowance or the first twenty-five thousand
dollars ($25,000) of the member's retirement allowance. This one-time benefit adjustment shall
be provided without regard to the retiree's age or number of years since retirement.

(B) Notwithstanding the prior subsections of this section, for all present and former
employees, active and retired employees, and beneficiaries receiving any retirement, disability or
death allowance or benefit of any kind by reason of adoption of this section by their employer, the
annual benefit adjustment provided in any calendar year under this section for adjustments on and
after January 1, 2016, and subject to paragraph (d)(2) below, shall be equal to (I) multiplied by
(II):

(I) Shall equal the sum of fifty percent (50\%) of (i) plus fifty percent (50\%) of (ii) where:
(i) Is equal to the percentage determined by subtracting five and one-half percent (5.5\%)
(the "subtrahend") from the five-year average investment return of the retirement system
determined as of the last day of the plan year preceding the calendar year in which the adjustment
is granted, said percentage not to exceed four percent (4\%) and not to be less than zero percent
The "five-year average investment return" shall mean the average of the investment returns of the most recent five (5) plan years as determined by the retirement board. In the event the retirement board adjusts the actuarially assumed rate of return for the system, either upward or downward, the subtrahend shall be adjusted either upward or downward in the same amount.

(ii) Is equal to the lesser of three percent (3%) or the percentage increase in the Consumer Price Index for all Urban Consumers (CPI-U) as published by the U.S. Department of Labor Statistics determined as of September 30 of the prior calendar year.

In no event shall the sum of (i) plus (ii) exceed three and one-half percent (3.5%) or be less than zero percent (0%).

(II) Is equal to the lesser of either the member's retirement allowance or the first twenty-five thousand eight hundred and fifty-five dollars ($25,855) of retirement allowance, such amount to be indexed annually in the same percentage as determined under subsection (d)(1)(B)(I) above.

The benefit adjustments provided by this subsection (d)(1)(B) shall be provided to all retirees entitled to receive a benefit adjustment as of June 30, 2012 under the law then in effect, and for all other retirees the benefit adjustments shall commence upon the third anniversary of the date of retirement or the date on which the retiree reaches his or her Social Security retirement age, whichever is later; or for municipal police and fire retiring under the provisions of § 45-21.2-5(b)(1)(A), the benefit adjustment provided by this paragraph shall commence on the later of the third anniversary of the date of retirement or the date on which the retiree reaches age fifty-five (55); or for municipal police and fire retiring under the provisions of § 45-21.2-5(b)(1)(B), the benefit adjustment provided by this paragraph shall commence on the later of the third anniversary of the date of retirement or the date on which the retiree reaches age fifty (50).

(2) Except as provided in subsection (d)(3), the benefit adjustments under subsection (d)(1)(B) for any plan year shall be suspended in their entirety for each municipal plan within the municipal employees retirement system unless the municipal plan is determined to be funded at a funded ratio equal to or greater than eighty percent (80%) as of the end of the immediately preceding plan year in accordance with the retirement system's actuarial valuation report as prepared by the system's actuary, in which event the benefit adjustment will be reinstated for all members for such plan year.

In determining whether a funding level under this subsection (d)(2) has been achieved, the actuary shall calculate the funding percentage after taking into account the reinstatement of any current or future benefit adjustment provided under this section.

(3) Notwithstanding subsection (d)(2), in each fourth plan year commencing after June 30, 2012 commencing with the plan year ending June 30, 2016, and subsequently at intervals of
four plan years: (i) A benefit adjustment shall be calculated and made in accordance with subsection (d)(1)(B) above; and (ii) Effective for members and/or beneficiaries of members who retired on or before June 30, 2015, the dollar amount in subsection (d)(1)(B)(II) of twenty-five thousand eight hundred and fifty-five dollars ($25,855) shall be replaced with thirty-one thousand and twenty-six dollars ($31,026) until the municipal plan's funded ratio exceeds eighty percent (80%).

(c) Upon acceptance of any of the plans in this section, each employee shall on January 1 next succeeding the acceptance, contribute by means of salary deductions, pursuant to § 45-21-41, one percent (1%) of the employee's compensation concurrently with and in addition to contributions otherwise being made to the retirement system.

(f) The city or town shall make any additional contributions to the system, pursuant to the terms of § 45-21-42, for the payment of any benefits provided by this section.

(g) The East Greenwich town council shall be allowed to accept Plan C of § 45-21-52(a)(3) for all employees of the town of East Greenwich who either, pursuant to contract negotiations, bargain for Plan C, or who are non-union employees who are provided with Plan C and who shall all collectively be referred to as the "Municipal-COLA Group" and shall be separate from all other employees of the town and school department, union or non-union, who are in the same pension group but have not been granted Plan C benefits. Upon acceptance by the town council, benefits in accordance with this section shall be available to all such employees who retire on or after January 1, 2003.

(h) Effective for members and or beneficiaries of members who have retired on or before July 1, 2015, and without regard to whether the retired member or beneficiary is receiving a benefit adjustment under this § 45-21-52, a one-time stipend of five hundred dollars ($500) shall be payable within sixty (60) days following the enactment of the legislation implementing this provision, and a second one-time stipend of five hundred dollars ($500) in the same month of the following year. These stipends shall not be considered cost of living adjustments under the prior provisions of this § 45-21-52.

SECTION 20. Chapter 45-21 of the General Laws entitled "Retirement of Municipal Employees" is hereby amended by adding thereto the following section:

45-21-43.1. Actuarial cost method. – (a) To determine the employer contribution rate for any participating municipality, the actuary shall compute the costs under chapters 21 and 21.2 of title 45 using the entry age normal cost method.

(b) The determination of the employer contribution rate for fiscal year 2013 shall include a re-amortization of the unfunded actuarial accrued liability (UAAL) over a closed twenty-five
(25) year period. After an initial period of five (5) years, future actuarial gains and losses occurring within a plan year will be amortized over individual new twenty (20) year closed periods.

(c) The determination of the employer contribution rate commencing with fiscal year 2017 shall include a re-amortization of the current unfunded actuarial accrued liability as of June 30, 2014 over a closed twenty-five (25) year period. Future actuarial gains and losses occurring within a plan year will be amortized over individual new twenty (20) year closed periods. Employers shall have the one-time option before August 1, 2015 to remain under the amortization schedule set forth in subsection (b) above.

SECTION 21. Section 42-28-22 of the General Laws in Chapter 42-28 entitled "State Police" is hereby amended to read as follows:

(2) For each member who retired between July 1, 1966 and June 30, 1973, "whole salary" means the base salary for the position from which he or she retired as the base salary, implemented by the longevity increment, for that position was determined on July 31, 1972 or on the date of his or her retirement, whichever is greater;

(3) For each member who retired or who retires after July 1, 1973 "whole salary" means the base salary, implemented by the longevity increment, holiday pay, and clothing allowance, for the position from which he or she retired or retires.

(c) (1) Any member who retired prior to July 1, 1977 shall receive a benefits payment adjustment equal to three percent (3%) of his or her original retirement, as determined in subsection (b) of this section, in addition to his or her original retirement allowance. In each succeeding year thereafter during the month of January, the retirement allowance shall be increased an additional three percent (3%) of the original retirement allowance, not compounded, to be continued until January 1, 1991. For the purposes of the computation, credit shall be given
for a full calendar year regardless of the effective date of the service retirement allowance. For purposes of this subsection, the benefits payment adjustment shall be computed from January 1, 1971 or the date of retirement, whichever is later in time.

(2) Any member of the state police who retires pursuant to the provisions of this chapter on or after January 1, 1977, shall on the first day of January, next following the third anniversary date of the retirement receive a benefits payment adjustment, in addition to his or her retirement allowance, in an amount equal to three percent (3%) of the original retirement allowance. In each succeeding year thereafter during the month of January, the retirement allowance shall be increased an additional three percent (3%) of the original retirement allowance, not compounded, to be continued until January 1, 1991. For the purposes of the computation, credit shall be given for a full calendar year regardless of the effective date of the service retirement allowance.

(3) Any retired member of the state police who is receiving a benefit payment adjustment pursuant to subdivisions (1) and (2) of this section shall beginning January 1, 1991 and ending June 30, 2012, receive a benefits payment adjustment equal to fifteen hundred dollars ($1,500).

(d) The benefits payment adjustment as provided in this section shall apply to and be in addition to the retirement benefits under the provisions of § 42-28-5, and to the injury and death benefits under the provisions of § 42-28-21.

(e) (1) Any member who retires after July 1, 1972 and is eligible to retire prior to July 1, 2012 and who has served beyond twenty (20) years shall be allowed an additional amount equal to three percent (3%) for each completed year served after twenty (20) years, but in no event shall the original retirement allowance exceed sixty-five percent (65%) of his or her whole salary as defined in subsection (b) hereof or sixty-five percent (65%) of his or her salary as defined in subsection (b) hereof in his or her twenty-fifth (25th) year whichever is less.

(2) Each member who retired prior to July 1, 1975, shall be entitled to all retirement benefits as set forth above or shall be paid benefits as set forth in subdivision (b)(1) with "whole salary" meaning the base salary for the position from which he or she retired as the base salary for the position was determined on July 1, 1975, whichever is greater.

(f) (1) Any member who retires, has served as a member for twenty (20) years or more, and who served for a period of six (6) months or more of active duty in the armed service of the United States or in the merchant marine service of the United States as defined in § 2 of chapter 1721 of the Public Laws, 1946, may purchase credit for such service up to a maximum of two (2) years; provided that any member who has served at least six (6) months or more in any one year shall be allowed to purchase one year for such service and any member who has served a fraction
of less than six (6) months in his or her total service shall be allowed to purchase six (6) months' credit for such service.

(2) The cost to purchase these credits shall be ten percent (10%) of the member's first year salary as a state policeman multiplied by the number of years and/or fraction thereof of such armed service up to a maximum of two (2) years. The purchase price shall be paid into the general fund. For members hired on or after July 1, 1989, the purchase price shall be paid into a restricted revenue account entitled "state police retirement benefits" and shall be held in trust.

(3) There will be no interest charge provided the member makes such purchase during his or her twentieth (20th) year or within five (5) years from May 18, 1981, whichever is later, but will be charged regular rate of interest as defined in § 36-8-1 as amended to date of purchase from the date of his or her twentieth (20th) year of state service or five (5) years from May 18, 1981, whichever is later.

(4) Any member who is granted a leave of absence without pay for illness, injury or any other reason may receive credit therefor by making the full actuarial cost as defined in subdivision 36-8-1(10); provided the employee returns to state service for at least one year upon completion of the leave.

(6) Notwithstanding any other provision of law, no more than five (5) years of service credit may be purchased by a member of the system. The five (5) year limit shall not apply to any purchases made prior to January 1, 1995. A member who has purchased more than five (5) years of service credits before January 1, 1995, shall be permitted to apply those purchases towards the member's service retirement. However, no further purchase will be permitted. Repayment in accordance with applicable law and regulation of any contribution previously withdrawn from the system shall not be deemed a purchase of service credit.

(g) The provisions of this section shall not apply to civilian employees in the Rhode Island state police; and, further, from and after April 28, 1937, chapters 8 -- 10, inclusive, of title 36 shall not be construed to apply to the members of the Rhode Island state police, except as provided by §§ 36-8-3, 36-10-1.1, 42-28-22.1, and 42-28-22.2, and section 36-8-1(5) and (8)(a) effective July 1, 2012.

(h) Any member of the state police other than the superintendent of state police, who is hired prior to July 1, 2007 and who has served for twenty-five (25) years or who has attained the
age of sixty-two (62) years, whichever shall first occur, shall retire therefrom.

death allowance or benefit of any kind, the annual benefit adjustment provided in any calendar
year under this section for adjustments on and after January 1, 2016, and subject to subsection (5)(ii) below, shall be equal to (I) multiplied by (II):

(I) Shall equal the sum of fifty percent (50%) of (1) plus fifty percent (50%) of (2) where:

and whole salary as of June 30, 2012.

(k) In calculating the retirement benefit for any member, the term base salary as used in
subdivision (b)(3) or average compensation as used in paragraph (j) shall not be affected by a
deferral of salary plan or a reduced salary plan implemented to avoid shutdowns or layoffs or to
effect cost savings. Basic salary shall remain for retirement calculation that which it would have
been but for the salary deferral or salary reduction due to a plan implemented to avoid shutdowns
or layoffs or to effect cost savings.
