It is enacted by the General Assembly as follows:

SECTION 1. Section 17-9.1-10 of the General Laws in Chapter 17-9.1 entitled “Registration of Voters” is hereby amended to read as follows:

17-9.1-10. Additional method of registering. -- (a) In addition to the methods for registering to vote provided in §§ 17-9.1-7, 17-9.1-8, and 17-9.1-9, and 17-9.1-34, whenever any person who is or may be by the next election qualified to vote desires to register, that person may appear before the local board of the city or town in which he or she has his or her residence, as defined in § 17-1-3.1, or before the clerk or other duly authorized agent of the board, or before a registrar appointed by the state board of elections, and shall furnish the information required of him or her by this chapter and any information described in §§ 17-9.1-23 and 17-9.1-24 that the registrant may wish to record, and after the information has been recorded on the registry card furnished for that purpose, the person shall sign his or her name and certify to the truth of the facts recorded in the appropriate spaces in the card; provided, whenever any person is unable to sign his or her name because of physical incapacity or otherwise, he or she shall make his mark "(X)", which shall be witnessed by the person receiving the registration.

(b) It shall be the duty of the local board or clerk or other duly authorized agent of the board or registrar of the state board of elections to inform the person registering to vote that the voter will be mailed an acknowledgement card advising the person of the disposition of the registration and in the process verifying that the person resides at the address provided on the registration form. The person shall also be advised that if the acknowledgement card is returned
as undeliverable, the person will be placed on the inactive list of voters pending the results of the
confirmation process described in § 17-9.1-26. Nothing contained in this section shall be deemed
to entitle a person to vote whose registration form has not been filed with the local board at least
thirty (30) days before an election.

SECTION 2. Chapter 17-9.1 of the General Laws entitled "Registration of Voters" is
hereby amended by adding thereto the following section:

17-9.1-34. Electronic registration of voters. -- (a) The secretary of state shall establish
and maintain a portal for electronic voter registration that must be administered by the secretary
of state. An applicant may use such portal to register to vote, or to update existing voter
registration information, provided:

(1) The applicant's information is verifiable in the manner described in subsection (b) of
this section;

(2) The applicant's signature is in a database described in subsection (b) of this section;

and

(3) Such signature may be imported into such system for electronic voter registration.

(b) Upon request of the secretary of state, a state agency, quasi-public agency or
municipality shall provide information to the secretary of state that the secretary of state deems
necessary to maintain the system for electronic voter registration, and the information so obtained
shall be used for no other purpose. The secretary of state may verify applicant information by
cross-referencing information submitted by applicants with data or information contained in any
state agency's, quasi-public agency's or municipality's database or a database administered by the
federal government, or any voter registration database of another state. The secretary of state shall
not use the information obtained from any such databases except to verify information submitted
by the applicant. The applicant's signature, if part of the data contained in the state agency's,
quasi-public agency's or municipality's database, shall be included as part of the applicant's
information contained in the system for electronic voter registration. No information viewed or
received by the secretary of state pursuant to this subsection may be transferred to, shared with or
otherwise conveyed to any other governmental or non-governmental entity for any reason except
for voter registration purposes or pursuant to a court order.

(c) The submission of an electronic application shall contain all of the information that is
required for an application under § 17-9.1-9, with the exception of the signature which shall be
obtained from another state agency, quasi-public agency, or municipality's database pursuant to
subsection (b) of this section.

(d) An applicant using the system shall mark the box associated with the following
"By clicking on the box below, I swear or affirm all of the following under penalty of perjury:

3. I authorize a Rhode Island state agency, quasi-public agency, or municipality to transmit, for voter registration purposes, to the secretary of state and my city's/town's board of canvassers my signature that is on file with such state agency, quasi-public agency or municipality. I understand that the secretary of state and my city/town's board of canvassers will use such signature on this electronic voter registration application as if I had signed this form personally."

(e) Upon approval of such application, the boards of canvassers shall send a confirmation notice to the applicant.

(f) The secretary of state may enter into an agreement and exchange information or data with any other state exclusively for the purposes of updating the statewide central voter register and registering voters, provided such activities are performed under the supervision of the secretary of state and the secretary of state enters into an agreement to protect the confidentiality of such information or data. A Rhode Island state agency shall provide the secretary of state with information or data to be used exclusively for voter registration purposes and shall advise the secretary of state if such information or data is held confidential. The secretary of state shall not use or transmit the information or data for any purpose except for voter registration purposes or pursuant to a court order.
