Date Introduced: March 01, 2017

Referred To: House Health, Education & Welfare

It is enacted by the General Assembly as follows:

1 SECTION 1. Title 5 of the General Laws entitled "BUSINESSES AND PROFESSIONS"
2 is hereby amended by adding thereto the following chapter:

3 CHAPTER 37.8

4 PATIENT ACCESS EXPANSION ACT

5 **5-37.8-1. Title.**

6 This chapter shall be known and may be cited as the "patient access expansion act."

7 **5-37.8-2. Definitions.**

8 As used in this chapter:

9 (1) "Maintenance of licensure" means the Federation of State Medical Boards;
10 proprietary framework for physician license renewal, including additional periodic testing other
11 than continuous medical education.

12 (2) "Continuous medical education" means continued postgraduate medical education
13 intended to provide medical professionals with knowledge of new developments in their field.

14 (3) "Specialty medical board certification" means certification by a board that specializes
15 in one particular area of medicine and typically requires additional and more strenuous exams
16 than state boards of medicine requirements to practice medicine.

17 (4) "Maintenance of certification" means any process requiring periodic recertification
18 examinations to maintain specialty medical board certification.

19 **5-37.8-3. Prohibition of maintenance of licensure.**

1 The state and its instrumentalities are prohibited from requiring any form of maintenance
2 of licensure as a condition of physician licensure, including requiring any form of maintenance of
3 licensure tied to maintenance of certification. Current requirements, including continuous medical
4 education, shall suffice to demonstrate professional competency.

5 **5-37.8-4. Prohibition of maintenance of certification to practice medicine.**

6 The state and its instrumentalities are prohibited from requiring any form of specialty
7 medical board certification and any maintenance of certification to practice medicine within the
8 state. Within the state, there shall be no discrimination by the board of medical licensure and

10 not maintain specialty medical board certification, including re-certification.

11 **5-37.8-5. Severability.**

12 If any provision of this chapter or the application thereof to any person or circumstances
13 is held invalid, such invalidity shall not affect other provisions or applications of the chapter,
14 which can be given effect without the invalid provision or application, and to this end the
15 provisions of this chapter are declared to be severable.

16 **5-37.8-6. Repealer.**

17 All statutes and regulations in conflict with or inconsistent with the provisions of this
18 chapter are hereby repealed.

19 SECTION 2. This act shall take effect upon passage.
