SECTION 2. Each line appearing in Section 1 of this Article shall constitute an appropriation.

SECTION 3. Upon the transfer of any function of a department or agency to another department or agency, the Governor is hereby authorized by means of executive order to transfer or reallocate, in whole or in part, the appropriations and the full-time equivalent limits affected thereby.

SECTION 4. From the appropriation for contingency shall be paid such sums as may be
required at the discretion of the Governor to fund expenditures for which appropriations may not
exist. Such contingency funds may also be used for expenditures in the several departments and
agencies where appropriations are insufficient, or where such requirements are due to unforeseen
conditions or are non-recurring items of an unusual nature. Said appropriations may also be used
for the payment of bills incurred due to emergencies or to any offense against public peace and
property, in accordance with the provisions of Titles 11 and 45 of the General Laws of 1956, as
amended. All expenditures and transfers from this account shall be approved by the Governor.

SECTION 5. The general assembly authorizes the state controller to establish the internal
service accounts shown below, and no other, to finance and account for the operations of state
agencies that provide services to other agencies, institutions and other governmental units on a cost
reimbursed basis. The purpose of these accounts is to ensure that certain activities are managed in
a businesslike manner, promote efficient use of services by making agencies pay the full costs
associated with providing the services, and allocate the costs of central administrative services
across all fund types, so that federal and other non-general fund programs share in the costs of
general government support. The controller is authorized to reimburse these accounts for the cost
of work or services performed for any other department or agency subject to the following
expenditure limitations:

SECTION 11. Departments and agencies listed below may not exceed the number of full-time equivalent (FTE) positions shown below in any pay period. Full-time equivalent positions do not include seasonal or intermittent positions whose scheduled period of employment does not exceed twenty-six consecutive weeks or whose scheduled hours do not exceed nine hundred and twenty-five (925) hours, excluding overtime, in a one-year period. Nor do they include individuals engaged in training, the completion of which is a prerequisite of employment. Provided, however, that the Governor or designee, Speaker of the House of Representatives or designee, and the President of the Senate or designee may authorize an adjustment to any limitation. Prior to the authorization, the State Budget Officer shall make a detailed written recommendation to the
Governor, the Speaker of the House, and the President of the Senate. A copy of the recommendation and authorization to adjust shall be transmitted to the chairman of the House Finance Committee, Senate Finance Committee, the House Fiscal Advisor and the Senate Fiscal Advisor.

RELATING TO STATE FUNDS

SECTION 1. Section 16-59-9 of the General Laws in Chapter 16-59 entitled “Board of Governors for Higher Education [See Title 16 Chapter 97 – The Rhode Island Board of Education Act]” is hereby amended to read as follows:

(a) The general assembly shall annually appropriate any sums it deems necessary for support and maintenance of higher education in the state and the state controller is authorized and directed to draw his or her orders upon the general treasurer for the payment of the appropriations or so much of the sums that are necessary for the purposes appropriated, upon the receipt by him or her of proper vouchers as the council on postsecondary education may by rule provide. The council shall receive, review, and adjust the budget for the office of postsecondary commissioner and present the budget as part of the budget for higher education under the requirements of § 35-3-4.

(b) The office of postsecondary commissioner and the institutions of public higher education shall establish working capital accounts.

(c) Any tuition or fee increase schedules in effect for the institutions of public higher education shall be received by the council on postsecondary education for allocation for the fiscal year for which state appropriations are made to the council by the general assembly; provided that no further increases may be made by the board of education or the council on postsecondary education for the year for which appropriations are made. Except that these provisions shall not apply to the revenues of housing, dining, and other auxiliary facilities at the university of Rhode Island, Rhode Island college, and the community colleges including student fees as described in P.L. 1962, ch. 257 pledged to secure indebtedness issued at any time pursuant to P.L. 1962, ch. 257 as amended.

required textbooks to the public higher educational institution's bookstore.

(e) The additional costs to achieve self-supporting status shall be by the implementation of
a fee schedule of all housing, dining, and other auxiliary facilities, including but not limited to,
operating expenses, principal, and interest on debt services, and overhead expenses.

(a) In addition to any other provision of law, if a person or business practices or offers to practice architecture, engineering, land surveying, or landscape architecture in the state without
being registered or authorized to practice as required by law, the boards within the division may

appropriate board, issue an order to that person, firm, corporation, or association commanding them
to appear before the department at a hearing to be held not sooner than ten (10) days nor later than

SECTION 2. Purpose.
(a) Article VI, Section 22 of the Rhode Island Constitution provides that "[n]o act expanding the types or locations of gambling permitted within the state or within any city or town . . . shall take effect until it has been approved by the majority of those electors voting in a statewide referendum and by the majority of those electors voting in said referendum in the municipality in which the proposed gambling would be allowed . . ."

(b) In the 2012 general election, a majority of Rhode Island voters statewide and in the Town of Lincoln approved the following referendum question (among others):

"Shall an act be approved which would authorize the facility known as “Twin River” in the town of Lincoln to add state-operated casino gaming, such as table games, to the types of gambling it offers?"

(c) Similarly, in the 2016 general election, a majority of Rhode Island voters statewide and in the Town of Tiverton approved the following referendum question (among others):

"Shall an act be approved which would authorize a facility owned by Twin River-Tiverton, LLC, located in the Town of Tiverton at the intersection of William S. Canning Boulevard and Stafford Road, to be licensed as a pari-mutuel facility and offer state-operated video-lottery games and state-operated casino gaming, such as table games?"

(d) In the voter information handbooks setting forth and explaining the question in each instance, "casino gaming" was defined to include games "within the definition of Class III gaming as that term is defined in section 2703(8) of Title 25 of the United States Code and which is approved by the State of Rhode Island through the Lottery Division." "Casino gaming" is also defined to include games within the definition of class III gaming in section 42-61.2-1 of the general laws.

(e) Section 2703(8) of Title 25 US Code (part of the Indian Gaming Regulatory Act, or "IGRA") provides that the term “class III gaming” means "all forms of gaming that are not class I gaming or class II gaming." The regulations promulgated under IGRA (25 CFR 502.4) expressly state that Class III gaming includes sports wagering.

(f) Thus, voters state-wide and locally approved state-operated sports wagering to be offered by the Twin River and Tiverton gaming facilities. Voter approval of sports wagering shall be implemented by providing an infrastructure for state-operated sports wagering offered by the Twin River gaming facilities in Lincoln and Tiverton, by authorizing necessary amendments to certain contracts and by authorizing the division of lotteries to promulgate regulations to direct and control state-operated sports wagering.

(g) State operated sports wagering shall be operated by the state through the division of lotteries. Sports wagering may be conducted at (i) the Twin River Gaming Facility, located in
Lincoln at 100 Twin River Road and owned by UTGR, Inc., a licensed video lottery and table game retailer, and at (ii) the Tiverton Gaming Facility, located in Tiverton at the intersection of William S. Canning Boulevard and Stafford Road, and owned by Twin River-Tiverton, once Twin River-Tiverton is licensed as a video lottery and table game retailer.

(h) The state through the division of lotteries shall exercise its existing authority to implement, operate, conduct and control sports wagering at the Twin River gaming facility and the Twin River-Tiverton gaming facility in accordance with the provisions of this chapter and the rules and regulations of the division of lotteries.

(i) Notwithstanding the provisions of this section, sports wagering shall be prohibited in connection with any collegiate sports or athletic event that takes place in Rhode Island or a sports contest or athletic event in which any Rhode Island college team participates, regardless of where the event takes place.

(j) No other law providing any penalty or disability for conducting, hosting, maintaining, supporting or participating in sports wagering, or any acts done in connection with sports wagering, shall apply to the conduct, hosting, maintenance, support or participation in sports wagering pursuant to this chapter.

such as schools or nursing homes, "telecommunications service" is considered residential if it is
provided to and paid for by an individual resident rather than the institution.

The terms "ancillary services" and "telecommunications service" are defined as a broad
range of services. The terms "ancillary services" and "telecommunications service" are broader
than the sum of the subcategories. Definitions of subcategories of "ancillary services" and
"telecommunications service" can be used by a member state alone or in combination with other
subcategories to define a narrower tax base than the definitions of "ancillary services" and
"telecommunications service" would imply. The subcategories can also be used by a member state
to provide exemptions for certain subcategories of the more broadly defined terms.

A member state that specifically imposes tax on, or exempts from tax, local telephone or
local telecommunications service may define "local service" in any manner in accordance with §
44-18.1-28, except as limited by other sections of this Agreement.

(z) "Tobacco" means cigarettes, cigars, chewing, or pipe tobacco, or any other item that
contains tobacco.

44-18-7.3. Services defined.

commission, or other monetary charge, which activities involve the performance of a service in this
state as distinguished from selling property.

Any TNC operating in this state is a retailer as provided in § 44-18-15 and is required to file a business application and registration form and obtain a permit to make sales at retail with the tax administrator, to charge, collect, and remit Rhode Island sales and use tax; and
   (iii) All other transit and ground passenger transportation (485999).

(3) Pet care services (812910) except veterinary and testing laboratories services.

(4)(i) "Room reseller" or "reseller" means any person, except a tour operator as defined in § 42-63.1-2, having any right, permission, license, or other authority from or through a hotel as defined in § 42-63.1-2, to reserve, or arrange the transfer of occupancy of, accommodations the reservation or transfer of which is subject to this chapter, such that the occupant pays all or a portion of the rental and other fees to the room reseller or reseller, room reseller or reseller shall include, but not be limited to, sellers of travel packages as defined in this section. Notwithstanding the provisions of any other law, where said reservation or transfer of occupancy is done using a room reseller or reseller, the application of the sales and use tax under §§ 44-18-18 and 44-18-20, and the hotel tax under § 44-18-36.1 shall be as follows: The room reseller or reseller is required to register with, and shall collect and pay to, the tax administrator the sales and use and hotel taxes, with said taxes being calculated upon the amount of rental and other fees paid by the occupant to the room reseller or reseller, less the amount of any rental and other fees paid by the room reseller or reseller to the hotel. The hotel shall collect and pay to the tax administrator said taxes upon the amount of rental and other fees paid to the hotel by the room reseller or reseller and/or the occupant. No assessment shall be made by the tax administrator against a hotel because of an incorrect remittance of the taxes under this chapter by a room reseller or reseller. No assessment shall be made by the tax administrator against a room reseller or reseller because of an incorrect remittance of the taxes under this chapter by a hotel. If the hotel has paid the taxes imposed under this chapter, the occupant and/or room reseller or reseller, as applicable, shall reimburse the hotel for said taxes.
   If the room reseller or reseller has paid said taxes, the occupant shall reimburse the room reseller
or reseller for said taxes. Each hotel and room reseller or reseller shall add and collect, from the 
occupant or the room reseller or the reseller, the full amount of the taxes imposed on the rental and
other fees. When added to the rental and other fees, the taxes shall be a debt owed by the occupant

occupant the amount of tax charged by the hotel; provided, however, the room reseller or reseller
shall represent to the occupant that the separately stated taxes charged by the room reseller or
reseller include taxes charged by the hotel. No person shall operate a hotel in this state, or act as a
room reseller or reseller for any hotel in the state, unless the tax administrator has issued a permit
pursuant to § 44-19-1.

(ii) “Travel package” means a room, or rooms, bundled with one or more other, separate
components of travel such as air transportation, car rental, or similar items, which travel package
is charged to the customer or occupant for a single, retail price. When the room occupancy is
bundled for a single consideration, with other property, services, amusement charges, or any other
items, the separate sale of which would not otherwise be subject to tax under this chapter, the entire
single consideration shall be treated as the rental or other fees for room occupancy subject to tax
under this chapter; provided, however, that where the amount of the rental, or other fees for room
occupancy is stated separately from the price of such other property, services, amusement charges,
or other items, on any sales slip, invoice, receipt, or other statement given the occupant, and such
rental and other fees are determined by the tax administrator to be reasonable in relation to the
value of such other property, services, amusement charges, or other items, only such separately
stated rental and other fees will be subject to tax under this chapter. The value of the transfer of any
room, or rooms, bundled as part of a travel package may be determined by the tax administrator
from the room reseller's and/or reseller's and/or hotel's books and records that are kept in the regular
course of business.

44-18-8. Retail sale or sale at retail defined.
A "retail sale" or "sale at retail" means any sale, lease or rentals of tangible personal
property, prewritten computer software delivered electronically or by load and leave, vendor-hosted
prewritten computer software, or services as defined in § 44-18-7.3 for any purpose other than
resale, sublease or subrent in the regular course of business. The sale of tangible personal property
to be used for purposes of rental in the regular course of business is considered to be a sale for
resale. In regard to telecommunications service as defined in § 44-18-7(9), retail sale does not
include the purchase of telecommunications service by a telecommunications provider from
another telecommunications provider for resale to the ultimate consumer; provided, that the
purchaser submits to the seller a certificate attesting to the applicability of this exclusion, upon
receipt of which the seller is relieved of any tax liability for the sale.

(a) "Retailer" includes:

(1) Every person engaged in the business of making sales at retail including prewritten
computer software delivered electronically or by load and leave, vendor-hosted prewritten
computer software, sales of services as defined in § 44-18-7.3, and sales at auction of tangible
personal property owned by the person or others.

(2) Every person making sales of tangible personal property including prewritten computer
software delivered electronically or by load and leave, or vendor-hosted prewritten computer
software, or sales of services as defined in § 44-18-7.3, through an independent contractor or other
representative, if the retailer enters into an agreement with a resident of this state, under which the
resident, for a commission or other consideration, directly or indirectly refers potential customers,
whether by a link on an Internet website or otherwise, to the retailer, provided the cumulative gross
receipts from sales by the retailer to customers in the state who are referred to the retailer by all
residents with this type of an agreement with the retailer, is in excess of five thousand dollars
($5,000) during the preceding four (4) quarterly periods ending on the last day of March, June,
September and December. Such retailer shall be presumed to be soliciting business through such
independent contractor or other representative, which presumption may be rebutted by proof that
the resident with whom the retailer has an agreement did not engage in any solicitation in the state
on behalf of the retailer that would satisfy the nexus requirement of the United States Constitution
during such four (4) quarterly periods.

(3) Every person engaged in the business of making sales for storage, use, or other
consumption of: (i) tangible personal property, (ii) sales at auction of tangible personal property owned by the person or others, (iii) prewritten computer software delivered electronically or by load and leave, (iv) vendor-hosted prewritten computer software, and (v) services as defined in § 44-18-7.3.

(4) A person conducting a horse race meeting with respect to horses, which are claimed during the meeting.

(5) Every person engaged in the business of renting any living quarters in any hotel as defined in § 42-63.1-2, rooming house, or tourist camp.

(6) Every person maintaining a business within or outside of this state who engages in the regular or systematic solicitation of sales of tangible personal property, prewritten computer software delivered electronically or by load and leave, vendor-hosted prewritten computer software:

(i) Advertising in newspapers, magazines, and other periodicals published in this state, sold over the counter in this state or sold by subscription to residents of this state, billboards located in this state, airborne advertising messages produced or transported in the airspace above this state, display cards and posters on common carriers or any other means of public conveyance incorporated or operated primarily in this state, brochures, catalogs, circulars, coupons, pamphlets, samples, and similar advertising material mailed to, or distributed within this state to residents of this state;

(ii) Telephone;

(iii) Computer assisted shopping networks; and

(iv) Television, radio or any other electronic media, which is intended to be broadcast to consumers located in this state.

(b) When the tax administrator determines that it is necessary for the proper administration of chapters 18 and 19 of this title to regard any salespersons, representatives, truckers, peddlers, or canvassers as the agents of the dealers, distributors, supervisors, employers, or persons under whom they operate or from whom they obtain the tangible personal property sold by them, irrespective of whether they are making sales on their own behalf or on behalf of the dealers, distributors, supervisors, or employers, the tax administrator may so regard them and may regard the dealers, distributors, supervisors, or employers as retailers for purposes of chapters 18 and 19 of this title.

(a) An excise tax is imposed on the storage, use, or other consumption in this state of tangible personal property; prewritten computer software delivered electronically or by load and leave; vendor-hosted prewritten computer software; or services as defined in § 44-18-7.3, including
a motor vehicle, a boat, an airplane, or a trailer, purchased from any retailer at the rate of six percent
(6%) of the sale price of the property.

(b) An excise tax is imposed on the storage, use, or other consumption in this state of a
motor vehicle, a boat, an airplane, or a trailer purchased from other than a licensed motor vehicle
dealer or other than a retailer of boats, airplanes, or trailers respectively, at the rate of six percent
(6%) of the sale price of the motor vehicle, boat, airplane, or trailer.

(c) The word “trailer,” as used in this section and in § 44-18-21, means and includes those
defined in § 31-1-5(a) – (e) and also includes boat trailers, camping trailers, house trailers, and
mobile homes.

(d) Notwithstanding the provisions contained in this section and in § 44-18-21 relating to
the imposition of a use tax and liability for this tax on certain casual sales, no tax is payable in any
casual sale:

(1) When the transferee or purchaser is the spouse, mother, father, brother, sister, or child
of the transferor or seller;

(2) When the transfer or sale is made in connection with the organization, reorganization,
dissolution, or partial liquidation of a business entity, provided:

(i) The last taxable sale, transfer, or use of the article being transferred or sold was subjected
to a tax imposed by this chapter;

(ii) The transferee is the business entity referred to or is a stockholder, owner, member, or
partner; and

(iii) Any gain or loss to the transferor is not recognized for income tax purposes under the
provisions of the federal income tax law and treasury regulations and rulings issued thereunder;

(3) When the sale or transfer is of a trailer, other than a camping trailer, of the type
ordinarily used for residential purposes and commonly known as a house trailer or as a mobile
home; or

(4) When the transferee or purchaser is exempt under the provisions of § 44-18-30 or other
general law of this state or special act of the general assembly of this state.

(e) The term “casual” means a sale made by a person other than a retailer, provided, that in
the case of a sale of a motor vehicle, the term means a sale made by a person other than a licensed
motor vehicle dealer or an auctioneer at an auction sale. In no case is the tax imposed under the
provisions of subsections (a) and (b) of this section on the storage, use, or other consumption in
this state of a used motor vehicle less than the product obtained by multiplying the amount of the
retail dollar value at the time of purchase of the motor vehicle by the applicable tax rate; provided,
that where the amount of the sale price exceeds the amount of the retail dollar value, the tax is
based on the sale price. The tax administrator shall use as his or her guide the retail dollar value as
shown in the current issue of any nationally recognized, used-vehicle guide for appraisal purposes
in this state. On request within thirty (30) days by the taxpayer after payment of the tax, if the tax
administrator determines that the retail dollar value as stated in this subsection is inequitable or
unreasonable, he or she shall, after affording the taxpayer reasonable opportunity to be heard, re-
determine the tax.

(f) Every person making more than five (5) retail sales of tangible personal property or
prere-written computer software delivered electronically or by load and leave, or vendor-hosted
prere-written computer software, or services as defined in § 44-18-7.3 during any twelve-month (12)
period, including sales made in the capacity of assignee for the benefit of creditors or receiver or
trustee in bankruptcy, is considered a retailer within the provisions of this chapter.

(g)(1) "Casual sale" includes a sale of tangible personal property not held or used by a
seller in the course of activities for which the seller is required to hold a seller's permit or permits
or would be required to hold a seller's permit or permits if the activities were conducted in this
state, provided that the sale is not one of a series of sales sufficient in number, scope, and character
(more than five (5) in any twelve-month (12) period) to constitute an activity for which the seller
is required to hold a seller's permit or would be required to hold a seller's permit if the activity were
conducted in this state.

(2) Casual sales also include sales made at bazaars, fairs, picnics, or similar events by
nonprofit organizations, that are organized for charitable, educational, civic, religious, social,
recreational, fraternal, or literary purposes during two (2) events not to exceed a total of six (6)
days duration each calendar year. Each event requires the issuance of a permit by the division of
taxation. Where sales are made at events by a vendor that holds a sales tax permit and is not a
nonprofit organization, the sales are in the regular course of business and are not exempt as casual
sales.

(h) The use tax imposed under this section for the period commencing July 1, 1990, is at
the rate of seven percent (7%). In recognition of the work being performed by the streamlined sales
and use tax governing board, upon passage of any federal law that authorizes states to require
remote sellers to collect and remit sales and use taxes, effective the first (1st) day of the first (1st)
state fiscal quarter following the change, the rate imposed under § 44-18-18 shall be reduced from
seven percent (7.0%) to six and one-half percent (6.5%). The six and one-half percent (6.5%) rate
shall take effect on the date that the state requires remote sellers to collect and remit sales and use
taxes.

(a) Every person storing, using, or consuming in this state tangible personal property, including a motor vehicle, boat, airplane, or trailer, purchased from a retailer, and a motor vehicle, boat, airplane, or trailer, purchased from other than a licensed motor vehicle dealer or other than a retailer of boats, airplanes, or trailers respectively; or storing, using or consuming specified prewritten computer software delivered electronically or by load and leave, or vendor-hosted prewritten computer software, or services as defined in § 44-18-7.3 is liable for the use tax. The person's liability is not extinguished until the tax has been paid to this state, except that a receipt from a retailer engaging in business in this state or from a retailer who is authorized by the tax administrator to collect the tax under rules and regulations that he or she may prescribe, given to the purchaser pursuant to the provisions of § 44-18-22, is sufficient to relieve the purchaser from further liability for the tax to which the receipt refers.

(b) Each person before obtaining an original or transferral registration for any article or commodity in this state, which article or commodity is required to be licensed or registered in the state, shall furnish satisfactory evidence to the tax administrator that any tax due under this chapter with reference to the article or commodity has been paid, and for the purpose of effecting compliance, the tax administrator, in addition to any other powers granted to him or her, may invoke the provisions of § 31-3-4 in the case of a motor vehicle. The tax administrator, when he or she deems it to be for the convenience of the general public, may authorize any agency of the state concerned with the licensing or registering of these articles or commodities to collect the use tax on any articles or commodities which the purchaser is required by this chapter to pay before receiving an original or transferral registration. The general assembly shall annually appropriate a sum that it deems necessary to carry out the purposes of this section. Notwithstanding the provisions of §§ 44-18-19, 44-18-22, and 44-18-24, the sales or use tax on any motor vehicle and/or recreational vehicle requiring registration by the administrator of the division of motor vehicles shall not be added by the retailer to the sale price or charge but shall be paid directly by the purchaser to the tax administrator, or his or her authorized deputy or agent as provided in this section.

(c) In cases involving total loss or destruction of a motor vehicle occurring within one hundred twenty (120) days from the date of purchase and upon which the purchaser has paid the use tax, the amount of the tax constitutes an overpayment. The amount of the overpayment may be credited against the amount of use tax on any subsequent vehicle which the owner acquires to replace the lost or destroyed vehicle or may be refunded, in whole or in part.

Every retailer engaging in business in this state and making sales of tangible personal
property or prewritten computer software delivered electronically or by load and leave, or vendor-hosted prewritten computer software, or services as defined in § 44-18-7.3, for storage, use, or other consumption in this state, not exempted under this chapter shall, at the time of making the sales, or if the storage, use, or other consumption of the tangible personal property, prewritten computer software delivered electronically or by load and leave, vendor-hosted prewritten computer software, or services as defined in § 44-18-7.3, is not then taxable under this chapter, at the time the storage, use, or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt in the manner and form prescribed by the tax administrator.

As used in §§ 44-18-21 and 44-18-22 the term "engaging in business in this state" means the selling or delivering in this state, or any activity in this state related to the selling or delivering in this state of tangible personal property or prewritten computer software delivered electronically or by load and leave, or vendor-hosted prewritten computer software, for storage, use, or other consumption in this state; or services as defined in § 44-18-7.3 in this state. Every hospital shall, on or before June 14, 2017, make a return to the tax administrator containing
the correct computation of net patient-services revenue for the hospital fiscal year ending
September 30, 2015, and the licensing fee due upon that amount. All returns shall be signed by the
hospital's authorized representative, subject to the pains and penalties of perjury.

(b) There is also imposed a hospital licensing fee at the rate of five and eight hundred
fifty-six thousandths percent (5.856%) upon the net patient-services revenue of every hospital for
the hospital's first fiscal year ending on or after January 1, 2016, except that the license fee for all
hospitals located in Washington County, Rhode Island shall be discounted by thirty-seven percent
(37%). The discount for Washington County hospitals is subject to approval by the Secretary of the

requirement for the hospital license fee. This licensing fee shall be administered and collected by
the tax administrator, division of taxation within the department of revenue, and all the
administration, collection, and other provisions of chapter 51 of title 44 shall apply. Every hospital
shall pay the licensing fee to the tax administrator on or before July 10, 2018, and payments shall
be made by electronic transfer of monies to the general treasurer and deposited to the general fund.
Every hospital shall, on or before June 14, 2018, make a return to the tax administrator containing

September 30, 2016, and the licensing fee due upon that amount. All returns shall be signed by the
hospital's authorized representative, subject to the pains and penalties of perjury.

(b) There is also imposed a hospital licensing fee at the rate of six percent (6%) upon the
net patient-services revenue of every hospital for the hospital's first fiscal year ending on or after
January 1, 2017, except that the license fee for all hospitals located in Washington County, Rhode
Island shall be discounted by thirty-seven percent (37%). The discount for Washington County
hospitals is subject to approval by the Secretary of the U.S. Department of Health and Human
Services of a state plan amendment submitted by the executive office of health and human services
for the purpose of pursuing a waiver of the uniformity requirement for the hospital license fee. This
licensing fee shall be administered and collected by the tax administrator, division of taxation
within the department of revenue, and all the administration, collection, and other provisions of
chapter 51 of title 44 shall apply. Every hospital shall pay the licensing fee to the tax administrator on or before July 10, 2019, and payments shall be made by electronic transfer of monies to the general treasurer and deposited to the general fund. Every hospital shall, on or before June 14, 2019, make a return to the tax administrator containing the correct computation of net patient-services revenue for the hospital fiscal year ending September 30, 2017, and the licensing fee due upon that amount. All returns shall be signed by the hospital's authorized representative, subject to the pains and penalties of perjury.

(1) "Hospital" means the actual facilities and buildings in existence in Rhode Island, licensed pursuant to § 23-17-1 et seq. on June 30, 2010, and thereafter any premises included on that license, regardless of changes in licensure status pursuant to chapter 17.14 of title 23 (hospital conversions) and §23-17-6(b) (change in effective control), that provides short-term acute inpatient and/or outpatient care to persons who require definitive diagnosis and treatment for injury, illness, disabilities, or pregnancy. Notwithstanding the preceding language, the negotiated Medicaid managed care payment rates for a court-approved purchaser that acquires a hospital through receivership, special mastership, or other similar state insolvency proceedings (which court-approved purchaser is issued a hospital license after January 1, 2013) shall be based upon the newly negotiated rates between the court-approved purchaser and the health plan, and such rates shall be effective as of the date that the court-approved purchaser and the health plan execute the initial agreement containing the newly negotiated rate. The rate-setting methodology for inpatient hospital payments and outpatient hospital payments set forth in §§ 40-8-13.4(b)(1)(B)(iii) and 40-8-13.4(b)(2), respectively, shall thereafter apply to negotiated increases for each annual twelve-month period as of July 1 following the completion of the first full year of the court-approved purchaser's initial Medicaid managed care contract.

(e) The licensing fee imposed by this section shall apply to hospitals as defined herein that are duly licensed on July 1, 2013, and shall be in addition to the inspection fee imposed by §

SECTION 8. Section 39-1-62 of the General Laws in Chapter 39-1 entitled "Public Utilities Commission" is hereby amended to read as follows:

39-1-62. Geographic Information System (GIS) and Technology Fund.

(a) Preamble. To allow the Rhode Island E-911 Emergency Telephone System agency emergency and first response agencies to associate latitude and longitude coordinates provided by wireless carriers with physical locations throughout the state, the agency must establish and maintain a GIS database of street addresses and landmarks. The database will allow local emergency response personnel to dispatch police, fire and rescue personnel to a specific address or landmark of a cellular caller in the event the caller is unaware of his or her location, or is physically unable to communicate it. Because more than half of the 530,000 9-1-1 phone calls received in 2003 came from cellular phones, it is critical that the GIS database be developed and maintained in order to improve caller location identification and reduce emergency personnel response times.

(b) Definitions. As used in this section, the following terms have the following meanings:

(1) "System" means Emergency 911 Uniform Telephone System.
(2) "Agency" means Rhode Island 911 Emergency Telephone System.
(3) "Division" means the Division of Public Utilities and Carriers.
(4) "GIS and Technology Fund" means the programs and funding made available to the Emergency 911 Uniform Telephone System to assist in paying the costs of the GIS database development project and GIS systems maintenance, which will enable the system to locate cellular phone callers by geocoding all addresses and landmarks in cities and towns throughout the state. GIS and Technology Fund also includes programs and funding to create system redundancy, fund the construction of a new E-911 facility, and operate and maintain other state-of-the-art equipment in public safety agencies.
(5) "Prepaid wireless E911 telecommunications service" means a wireless telecommunications service that allows a caller to dial 911 to access the 911 system, which service must be paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount.

(c) Purpose. The purpose of the GIS and Technology Fund shall be to:

(1) Implement and maintain a geographic information system database to assist in locating wireless phone callers for emergency purposes in a manner consistent and in coordination with the Rhode Island geographic information system administered by the Division of Planning as provided
for in § 42-11-10(g)(3); and

(2) Create system redundancy to ensure the reliability of 9-1-1 service to the public;
(3) Operate and maintain other state-of-the-art equipment in public safety agencies; and
(4) Fund the construction of a new E-911 facility.

(d) Authority. The agency shall establish, by rule or regulation, an appropriate funding mechanism to recover from the general body of ratepayers the costs of funding GIS and technology projects.

E-911 Uniform Emergency Telephone System per month and shall be in addition to the wireless
surcharge charged under § 39-21.1-14. The twenty-six cents ($0.26) is to be billed to all wireless
telecommunication service providers, subscribers upon the inception of services.

(3) The amount of the surcharge shall not be subject to the sales and use tax imposed under

their subscribers. The division of taxation shall deposit such collections in the general fund as
general revenues for use in developing and maintaining the geographic information system
database, creating system redundancy, funding the construction of a new E-911 facility and
operating and maintaining other state-of-the-art equipment for public safety agencies. The agency
is further authorized and encouraged to seek matching funds from all local, state, and federal public

of Planning.

(f) Effective date. The effective date of assessment for the GIS and Technology Fund shall
be July 1, 2004.

communications services carriers, nor shall this section be construed to prohibit wireless
communications services carriers from charging subscribers for any wireless service or feature.

(h) Except as otherwise provided by law, the agency shall not use, disclose or otherwise
make available call location information for any purpose other than as specified in subsection (c).

(j) [Deleted by P.L. 2006, ch. 246, art. 4, § 1].

This act may be cited as the "Prepaid Wireless E911 Charge Act of 2010."

The legislature finds that:

(1) Maintaining effective and efficient emergency services and first responder agencies across the state benefits all citizens;

(2) 911 fees imposed upon the consumers of telecommunications services that have the ability to dial 911 are an important funding mechanism to assist state and local governments with the deployment of enhanced 911 emergency services to the citizens of this state;

(3) Prepaid wireless telecommunication services are an important segment of the telecommunications industry and have proven particularly attractive to low-income, low-volume consumers;

(4) Unlike traditional telecommunications services, prepaid wireless telecommunications services are not sold or used pursuant to term contracts or subscriptions, and monthly bill are not sent to consumers by prepaid wireless telecommunication services providers or retail vendors;

(5) Prepaid wireless consumers have the same access to emergency 911 services from their wireless devices as wireless consumers on term contracts, and prepaid wireless consumers benefit from the ability to access the 911 system by dialing 911;

(6) Consumers purchase prepaid wireless telecommunication services at a wide variety of general retail locations and other distribution channels, not just through service providers;

(7) Such purchases are made on a "cash-and-carry" or "pay-as-you-go" basis from retailers; and

(8) To ensure equitable contributions to the funding systems from consumers of prepaid wireless telecommunication services, the collection and payment obligation of charges to support the state's first responder and emergency services should be imposed upon the consumer's retail purchase of the prepaid wireless telecommunication service and should be in the form of single, statewide charge that is collected once at the time of purchase directly from the consumer, remitted to the state, and distributed to E911 authorities pursuant to state law.

For purposes of this act, the following terms shall have the following meanings:

(1) "Consumer" means a person who purchase prepaid wireless telecommunications service in a retail transaction.

(2) "Division" means the division of taxation.

(3) "Prepaid wireless E911 charge" means the charge that is required to be collected by a seller from a consumer in the amount established under section 4 of this act.

(4) "Prepaid wireless telecommunications service" means a wireless telecommunications service that allows a caller to dial 911 to access the 911 system, which service must be paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount.

(5) "Provider" means a person that provides prepaid wireless telecommunications service pursuant to a license issued by the Federal Communications Commission.

(6) "Retail transaction" means the purchase of prepaid wireless telecommunications service from a seller for any purpose other than resale.

(7) "Seller" means a person who sells prepaid wireless telecommunications service to another person.

(8) "Wireless telecommunications service" means commercial mobile radio service as defined by section 20.3 of title 47 of the code of Federal Regulations, as amended.

(a) Amount of charge. The prepaid wireless E911 charge is hereby levied at the rate of two and one-half percent (2.5%) per retail transaction or, on and after the effective date of an adjusted amount per retail transaction that is established under subsection (f) of this section, such adjusted amount.

(b) Collection of charge. The prepaid wireless E911 charge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the prepaid wireless E911 charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller, or otherwise disclosed to the consumer.

(c) Application of charge. For purposes of subsection (b) of this section, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring in this state for purposes of chapter 18 of title 44 of the general laws.
(d) Liability for charge. The prepaid wireless E911 charge is the liability of the consumer and not of the seller or of any provider, except that the seller shall be liable to remit all prepaid wireless E911 charges that the seller collects from consumers as provided in § 39-21.2-5, including all such charges that the seller is deemed to collect where the amount of the charge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller.

(e) Exclusion of E911 charge from base of other taxes and fees. The amount of the prepaid wireless E911 charge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency, including, but not limited to, the tax imposed under chapter 18 of title 44 nor be included within the telephone common carrier's gross earnings for the purpose of computing the tax under chapter 13 of title 44.

(f) Re-setting of charge. The prepaid wireless E911 charge shall be proportionately increased or reduced, as applicable, upon any change to the state E911 charge on postpaid wireless telecommunications service under § 39-21.1-14 or subdivision 39-1-62(d)(2). The adjusted amount shall be determined by dividing the sum of the surcharges imposed under § 39-21.1-14 and subdivision 39-1-62(d)(2) by fifty dollars ($50.00). Such increase or reduction shall be effective on the effective date of the change to the postpaid charge or, if later, the first day of the first calendar month to occur at least sixty (60) days after the enactment of the change to the postpaid charge. The division shall provide not less than thirty (30) days of advance notice of such increase or reduction on the division's website.

(g) Bundled transactions. When prepaid wireless telecommunications service is sold with one or more other products or services for a single, non-itemized price, then the percentage specified in subsection (a) of this section shall apply to the entire non-itemized prices unless the seller elects to apply such percentage (1) If the amount of prepaid wireless telecommunications service is disclosed to the consumer as a dollar amount, such dollar amount, or (2) If the retailer can identify the portion of the price that is attributable to the prepaid wireless telecommunications service, by reasonable and verifiable standards from its books and records that are kept in the regular course of business for other purposes, including, but not limited to, non-tax purposes, such portion.

However, if a minimal amount of prepaid wireless telecommunications service is sold with a prepaid wireless device for a single, non-itemized price, then the seller may elect not to apply the percentage specified in subsection (a) of this section to such transaction. For purposes of this

Art7

paragraph, an amount of service denominated as ten (10) minutes or less, or five dollars ($5.00) or less, is minimal.

The prepaid wireless E911 charge imposed by this act shall be the only E911 funding obligation imposed with respect to prepaid wireless telecommunications service in this state, and no tax, fee, surcharge, or other charge shall be imposed by this state, any political subdivision of this state, or any intergovernmental agency, for E911 funding purposes, upon any provider, sellers, or consumer with respect to the sale, purchase, use, or provision of prepaid wireless telecommunications service.

16-7-23. Community requirements -- Adequate minimum budget provision.

(a) The school committee’s budget provisions of each community for current expenditures in each budget year shall provide for an amount from all sources sufficient to support the basic program and all other approved programs shared by the state. Each community shall contribute local funds to its school committee in an amount not less than its local contribution for schools in the previous fiscal year except to the extent permitted by §§ 16-7-23.1 and 16-7-23.2. Provided, that for the fiscal years 2010 and 2011 each community shall contribute to its school committee in an amount not less than ninety-five percent (95.0%) of its local contribution for schools for the fiscal year 2009. Calculation of the annual local contribution shall not include Medicaid revenues received by the municipality or district pursuant to chapter 8 of title 40. A community which has a decrease in enrollment may compute maintenance of effort on a per pupil rather than on an aggregate basis when determining its local contribution; furthermore, a community which experiences a nonrecurring expenditure for its schools may deduct the nonrecurring expenditure in computing its maintenance of effort. The deduction of nonrecurring expenditures shall be with the approval of the commissioner. Provided, however, that notwithstanding any provision of this title to the contrary, debt service that is no longer carried on the books of any school district shall not be included in any school district’s annual budget, nor shall non-recurring debt service be included in maintenance of effort as set forth in this chapter, nor shall any non-recruiting debt service be included in the operating budget of any school district. For the purposes set forth above non-recurring capital lease payments shall be considered non-recurring debt service. The courts of this state shall enforce this section by means of injunctive relief.

(b) Districts’ annual maintenance expenditures must meet the requirements of subsection (b)(1), (b)(2), or (b)(3) of this section.

(b)(1) A minimum of three percent (3%) of the operating budget shall be dedicated exclusively for maintenance expenditures as defined in § 16-7-36(11) provided that for FY 2019, that amount
shall be one and one-half percent (1.5%), for FY 2020 that amount shall be two percent (2%), and
for FY 2021 that amount shall be two and one-half percent (2.5%).

(2) A minimum of three percent (3%) of the replacement value shall be dedicated exclusively for maintenance expenditures as defined in § 16-7-36(11) provided that for FY 2019, that amount shall be one percent (1%), for FY 2020 that amount shall be one and one-half percent (1.5%), for FY 2021 that amount shall be two percent (2%), and for FY 2022 that amount shall be two and one-half percent (2.5%).

(3) A minimum of three dollars ($3.00), subject to inflation, per square foot of building space shall be dedicated exclusively for maintenance expenditures as defined in § 16-7-36(11).

(c) The department of elementary and secondary education shall be responsible for establishing a reporting mechanism to ensure the intent of this section is being met. In the event that a district does not meet its minimum expenditure requirement in a given year, the state shall direct state housing aid paid pursuant to § 16-4-41 or § 16-105-5, in an amount equal to the shortfall, to a restricted fund created by the district and dedicated solely to meeting maintenance requirements.

(d) Whenever any state funds are appropriated for educational purposes, the funds shall be used for educational purposes only and all state funds appropriated for educational purposes must be used to supplement any and all money allocated by a city or town for educational purposes and, in no event, shall state funds be used to supplant, directly or indirectly, any money allocated by a city or town for educational purposes. All state funds shall be appropriated by the municipality to the school committee for educational purposes in the same fiscal year in which they are appropriated at the state level even if the municipality has already adopted a school budget. All state and local funds unexpended by the end of the fiscal year of appropriation shall remain a surplus of the school committee and shall not revert to the municipality. Any surplus of state or local funds appropriated for educational purposes shall not in any respect affect the requirement that each community contribute local funds in an amount not less than its local contribution for schools in the previous fiscal year, subject to subsection (a) of this section, and shall not in any event be deducted from the amount of the local appropriation required to meet the maintenance of effort provision in any given year.

16-7-36. Definitions.

The following words and phrases used in §§ 16-7-35 to 16-7-47 have the following meanings:

(1) "Adjusted equalized weighted assessed valuation" means the equalized weighted assessed valuation for a community as determined by the division of property valuation within the
department of revenue in accordance with § 16-7-21; provided, however, that in the case of a
regional school district the commissioner of elementary and secondary education shall apportion
the adjusted equalized weighted assessed valuation of the member cities or towns among the
regional school district and the member cities or towns according to the proportion that the number
of pupils of the regional school district bears to the number of pupils of the member cities or towns.

(2) "Approved project" means a project which has complied with the administrative
regulations governing §§ 16-7-35 through 16-7-47, and which has been authorized to receive state
school housing reimbursement by the commissioner of elementary and secondary education.

the purposes of distributing the foundation level school support for school housing for all grades
financed in whole or in part by the towns irrespective of any regionalization.

facility to the capacity of the school facility to adequately serve students as defined by the school
building authority.

the facility or fixtures in effective working condition. Maintenance shall not include contracted or
direct custodial or janitorial services, expenditures for the cleaning of a school facility or its
fixtures, the care and upkeep of grounds, recreational facilities, or parking lots, or the cleaning of
or repairs and replacements to movable furnishings or equipment.

For each community, the percent of state aid for school housing costs shall be computed in
the following manner:

(1) The adjusted equalized weighted assessed valuation for the district is divided by the
resident average daily membership for the district (grades twelve (12) and below); (2) the adjusted
equalized weighted assessed valuation for the state is divided by the resident average daily
membership for the state (grades twelve (12) and below); (1) is then divided by (2) and the resultant
ratio is multiplied by a factor currently set at sixty-two percent (62%) which represents the
approximate average district share of school support; the resulting product is then subtracted from
one hundred percent (100%) to yield the housing aid share ratio, provided that in no case shall the
ratio be less than thirty percent (30%). Provided, that effective July 1, 2010, and annually at the
start of each fiscal year thereafter, the thirty percent (30%) floor on said housing aid share shall be
increased by five percent (5%) increments each year until said floor on the housing aid share ratio
reaches a minimum of not less than forty percent (40%). This provision shall apply only to school
housing projects completed after June 30, 2010 that received approval from the board of regents
prior to June 30, 2012. Provided further, for the fiscal year beginning July 1, 2012 and for
subsequent fiscal years, the minimum housing aid share shall be thirty-five percent (35%) for all
projects receiving board of regents council on elementary and secondary education approval after
June 30, 2012. The resident average daily membership shall be determined in accordance with §

16-7-22(1).

(2) No district shall receive a combined total of more than twenty (20) incentive percentage
points for projects that commence construction by December 30, 2023, and five (5) incentive points
for projects that commence construction thereafter. Furthermore, a district’s share shall not be
decreased by more than half of its regular share irrespective of the number of incentive points
received nor shall a district’s state share increase by more than half of its regular share irrespective
of the number of incentive points received.

16-7-40 Increased school housing ratio for regional schools – Energy conservation –

16-7-41 Computation of school housing aid.

(a) In each fiscal year the state shall pay to each community a grant to be applied to the
cost of school housing equal to the following:

The cost of each new school housing project certified to the commissioner of elementary
and secondary education not later than July 15 of the fiscal year shall be divided by the actual
number of years of the bond issued by the local community or the Rhode Island Health and
Educational Building Corporation in support of the specific project, times the school housing aid
ratio; and provided, further, with respect to costs of new school projects financed with proceeds of
bonds issued by the local community or the Rhode Island Health and Educational Building
Corporation in support of the specific project, the amount of the school housing aid payable in each
fiscal year shall not exceed the amount arrived at by multiplying the principal and interest of the
bonds payable in each fiscal year by the school housing aid ratio and which principal and interest
amount over the life of the bonds, shall, in no event, exceed the costs of each new school housing
project certified to the commissioner of elementary and secondary education. If a community fails
to specify or identify the appropriate reimbursement schedule, the commissioner of elementary and
secondary education may at his or her discretion set up to a five (5) year reimbursement cycle for
projects under five hundred thousand dollars ($500,000); up to ten (10) years for projects up to
three million dollars ($3,000,000); and up to twenty (20) years for projects over three million
dollars ($3,000,000).

(b) Aid shall be provided for the same period as the life of the bonds issued in support of
the project and at the school housing aid ratio applicable to the local community as set forth in §
16-7-39 at the time of the bonds issued in support of the project as set forth in § 16-7-39 the project
is approved by the council on elementary and secondary education.

(c) Aid shall be paid either to the community or in the case of projects financed through
the Rhode Island Health and Educational Building, to the Rhode Island Health and Educational
Building Corporation or its designee including, but not limited to, a trustee under a bond indenture
or loan and trust agreement, in support of bonds issued for specific projects of the local community
in accordance with this section, § 16-7-40 and § 16-7-44. Notwithstanding the preceding, in case
of failure of any city, town or district to pay the amount due in support of bonds issued on behalf
of a city, town, school or district project financed by the Rhode Island Health and Educational
Building Corporation, upon notification by the Rhode Island Health and Educational Building
Corporation, the general treasurer shall deduct the amount from aid provided under this section, §
16-7-40, § 16-7-44 and § 16-7-15 through § 16-7-34.3 due the city, town or district and direct said
funding to the Rhode Island Health and Educational Building Corporation or its designee.

(d) Notwithstanding any provisions of law to the contrary, in connection with the issuance
of refunding bonds benefiting any local community, any net interest savings resulting from the
refunding bonds issued by such community or a municipal public buildings authority for the benefit
of the community or by the Rhode Island health and educational building corporation for the benefit
of the community, in each case in support of school housing projects for the community, shall be
allocated between the community and the state of Rhode Island, by applying the applicable school
housing aid ratio at the time of issuance of the refunding bonds, calculated pursuant to § 16-7-39,
that would otherwise apply in connection with school housing projects of the community; provided
however, that for any refundings that occur between July 1, 2013 and December 31, 2015, the
community shall receive eighty percent (80%) of the total savings and the state shall receive twenty
percent (20%). In connection with any such refunding of bonds, the finance director or the chief
financial officer of the community shall certify such net interest savings to the commissioner of
elementary and secondary education. Notwithstanding § 16-7-44 or any other provision of law to
the contrary, school housing projects costs in connection with any such refunding bond issue shall
include bond issuance costs incurred by the community, the municipal public buildings authority
or the Rhode Island health and educational building corporation, as the case may be, in connection
therewith. In connection with any refunding bond issue, school housing project costs shall include
the cost of interest payments on such refunding bonds, if the cost of interest payments was included
as a school housing cost for the bonds being refunded. A local community or municipal public
buildings authority shall not be entitled to the benefits of this subsection (d) unless the net present
value savings resulting from the refunding is at least three percent (3%) of the refunded bond issue.

(e) Any provision of law to the contrary notwithstanding, the commissioner of elementary
and secondary education shall cause to be monitored the potential for refunding outstanding bonds
of local communities or municipal public building authorities or of the Rhode Island Health and
Educational Building Corporation issued for the benefit of local communities or municipal public
building authorities and benefiting from any aid referenced in this section. In the event it is
determined by said monitoring that the net present value savings which could be achieved by
refunding such bonds of the type referenced in the prior sentence including any direct costs
normally associated with such refundings is equal to (i) at least one hundred thousand dollars ($100,000) and (ii) for the state and the communities or public building authorities at least three percent (3%) of the bond issue to be refunded including associated costs then, in such event, the commissioner (or his or her designee) may direct the local community or municipal public building authority for the benefit of which the bonds were issued, to refund such bonds. Failure of the local community or municipal public buildings authority to timely refund such bonds, except due to causes beyond the reasonable control of such local community or municipal public building authority, shall result in the reduction by the state of the aid referenced in this § 16-7-4.1 associated with the bonds directed to be refunded in an amount equal to ninety percent (90%) of the net present value savings reasonably estimated by the commissioner of elementary and secondary education (or his or her designee) which would have been achieved had the bonds directed to be refunded been refunded by the ninetieth (90th) day (or if such day is not a business day in the state of Rhode Island, the next succeeding business day) following the date of issuance of the directive of the commissioner (or his or her designee) to refund such bonds. Such reduction in the aid shall begin in the fiscal year following the fiscal year in which the commissioner issued such directive for the remaining term of the bond.

(f) Payments shall be made in accordance with § 16-7-40 and this section.

(g) For purposes of financing or refinancing school facilities in the city of Central Falls through the issuance bonds through the Rhode Island Health and Educational Building Corporation, the city of Central Falls shall be considered an "educational institution" within the meaning of subdivision 45-38.1-3(13) of the general laws.

16-7-41.1 Eligibility for reimbursement.

(a) School districts, not municipalities, may apply for and obtain approval for a project under the necessity of school construction process set forth in the regulations of the board of regents for council on elementary and secondary education, provided, however, in the case of municipality which issues bonds through the Rhode Island Health and Educational Building Corporation to finance or refinance school facilities for a school district which is not part of the municipality, the municipality may apply for and obtain approval for a project. Such approval will remain valid until June 30 of the third fiscal year following the fiscal year in which the board of regents for council on elementary and secondary education's approval is granted. Only those projects undertaken at school facilities under the care and control of the school committee and located on school property may qualify for reimbursement under §§ 16-7-35 – 16-7-47. Facilities with combined school and municipal uses or facilities that are operated jointly with any other profit or non-profit agency do not qualify for reimbursement under §§ 16-7-35 – 16-7-47. Projects completed by June 30 of a
fiscal year are eligible for reimbursement in the following fiscal year. A project for new school
housing or additional housing shall be deemed to be completed when the work has been officially
accepted by the school committee or when the housing is occupied for its intended use by the school
committee, whichever is earlier.

(b) Notwithstanding the provisions of this section, the board of regents shall not grant final
approval for any project between June 30, 2011 and May 1, 2015 except for projects that are
necessitated by immediate health and safety reasons. In the event that a project is requested during
the moratorium because of immediate health and safety reasons, those proposals shall be reported
to the chairs of the house and senate finance committees.

(c) Any project approval granted prior to the adoption of the school construction
regulations in 2007, and which are currently inactive; and any project approval granted prior to the
adoption of the school construction regulations in 2007 which did not receive voter approval or
which has not been previously financed, are no longer eligible for reimbursement under this
chapter. The department of elementary and secondary education shall develop recommendations
for further cost containment strategies in the school housing aid program.

(d) Beginning July 1, 2015, the council on elementary and secondary education shall
approve new necessity of school construction applications on an annual basis. The department of
elementary and secondary education shall develop an annual application timeline for LEAs seeking
new necessity of school construction approvals.

(e) Beginning July 1, 2019, no state funding shall be provided for projects in excess of ten
million dollars ($10,000,000) unless the prime contractor for the project has received certification
from the school building authority.

(f) Beginning July 1, 2019, the necessity of school construction process set forth in the
regulations of the council on elementary and secondary education shall include a single statewide
process, developed with the consultation of the department of environmental management, that will
ensure community involvement throughout the investigation and remediation of contaminated
building sites for possible reuse as the location of a school. That process will fulfill all provisions
of § 23–19.14–5 related to the investigation of reuse of such sites for schools.

(g) Beginning July 1, 2019, school housing projects exceeding one million five hundred
thousand dollars ($1,500,000) subject to inflation shall include an owners program manager and a
commissioning agent. The cost of the program manager and commissioning agent shall be
considered a project cost eligible for aid pursuant to §§ 16-7-41 and 16-105-5.

(h) Temporary housing, or swing space, for students shall be a reimbursable expense so
long as a district can demonstrate that no other viable option to temporarily house students exists.
and provided that use of the temporary space is time limited for a period not to exceed twenty-four months and tied to a specific construction project.

(i) Environmental site remediation, as defined by the school building authority, shall be a reimbursable expense up to one million dollars ($1,000,000) per project.

(i) If, within thirty (30) years of construction, a newly constructed school is sold to a private entity, the state shall receive a portion of the sale proceeds equal to that project's housing aid reimbursement rate at the time of project completion.

(k) All projects must comply with § 37-13-6, ensuring that prevailing wage laws are being followed, and § 37-14.1-6, ensuring that minority business enterprises reach a minimum of ten percent (10%) of the dollar value of the bid.

16-7-44 School housing project costs.

School housing project costs, the date of completion of school housing projects, and the applicable amount of school housing project cost commitments shall be in accordance with the regulations of the commissioner of elementary and secondary education and the provisions of §§ 16-7-35 – 16-7-47; provided, however, that school housing project costs shall include the purchase of sites, buildings, and equipment, the construction of buildings, and additions or renovations of existing buildings and/or facilities. School housing project costs shall include the cost of interest payment on any bond issued after July 1, 1988, provided that such bond is approved by the voters on or before June 30, 2003, or issued by a municipal public building authority or by the appropriate approving authority on or before June 30, 2003. Except as provided in § 16-7-41(d), those projects approved after June 30, 2003, interest payments may only be included in project costs provided that the bonds for these projects are issued through the Rhode Island Health and Educational Building Corporation. School housing project costs shall exclude: (1) any bond issuance costs incurred by the municipality or regional school district; (2) demolition costs for buildings, facilities, or sites deemed surplus by the school committee; and (3) restrictions pursuant to § 16-7-44.1 below.

A building, facility, or site is declared surplus by a school committee when the committee no longer has such building, facility, or site under its direct care and control and transfers control to the municipality, § 16-2-15. The board of regents for council on elementary and secondary education will promulgate rules and regulations for the administration of this section. These rules and regulations may provide for the use of lease revenue bonds, capital leases, or capital reserve funding, to finance school housing provided that the term of any bond, or capital lease shall not be longer than the useful life of the project and these instruments are subject to the public review and voter approval otherwise required by law for the issuance of bonds or capital leases. Cities or towns issuing bonds, or leases issued by municipal public buildings authority for the benefit of a local
community pursuant to chapter 50 of title 45 shall not require voter approval. Effective January 1, 2008, and except for interim finance mechanisms, refunding bonds, borrowing from the school building authority capital fund, and bonds issued by the Rhode Island Health and Educational Building Corporation to finance school housing projects for towns, cities, or regional school districts borrowing for which has previously been authorized by an enabling act of the general assembly, all bonds, notes and other forms of indebtedness issued in support of school housing projects shall require passage of an enabling act by the general assembly.

SECTION 2. Sections 16-7.2-3 and 16-7.2-6 of the General Laws in Chapter 16-7.2 entitled "The Education Equity and Property Tax Relief Act" are hereby amended to read as follows:

(a) Beginning in the 2012 fiscal year, the following foundation education-aid formula shall take effect. The foundation education aid for each district shall be the sum of the core instruction amount in subdivision (a)(1) and the amount to support high-need students in subdivision (a)(2), which shall be multiplied by the district state-share ratio calculated pursuant to § 16-7.2-4 to determine the foundation aid.

(1) The core-instruction amount shall be an amount equal to a statewide, per-pupil core-instruction amount as established by the department of elementary and secondary education, derived from the average of northeast regional expenditure data for the states of Rhode Island, Massachusetts, Connecticut, and New Hampshire from the National Center for Education Statistics (NCES) that will adequately fund the student instructional needs as described in the basic education program and multiplied by the district average daily membership as defined in § 16-7-22. Expenditure data in the following categories: instruction and support services for students, instruction, general administration, school administration, and other support services from the National Public Education Financial Survey, as published by NCES, and enrollment data from the Common Core of Data, also published by NCES, will be used when determining the core-instruction amount. The core-instruction amount will be updated annually. For the purpose of calculating this formula, school districts' resident average daily membership shall exclude charter school and state-operated school students.

(b) The department of elementary and secondary education shall provide an estimate of the foundation education aid cost as part of its budget submission pursuant to § 35-3-4. The estimate shall include the most recent data available as well as an adjustment for average daily membership growth or decline based on the prior year experience.

(c) In addition, the department shall report updated figures based on the average daily membership as of October 1 by December 1.
(2) The amount to support high-need students beyond the core-instruction amount shall be
determined by multiplying a student success factor of forty percent (40%) by the core instruction
per-pupil amount described in subdivision (a)(1) and applying that amount for each resident child
whose family income is at or below one hundred eighty-five percent (185%) of federal poverty
guidelines, hereinafter referred to as "poverty status."

(b)(d) Local education agencies (LEA) may set aside a portion of funds received under
subsection (a) to expand learning opportunities such as after school and summer programs, full-
day kindergarten and/or multiple pathway programs, provided that the basic education program and
all other approved programs required in law are funded.

(c)(e) The department of elementary and secondary education shall promulgate such
regulations as are necessary to implement fully the purposes of this chapter.

16-7.2-6. Categorical programs, state funded expenses.
In addition to the foundation education aid provided pursuant to § 16-7.2-3, the permanent
foundation education-aid program shall provide direct state funding for:

(a) Excess costs associated with special education students. Excess costs are defined when
an individual special education student's cost shall be deemed to be "extraordinary". Extraordinary
costs are those educational costs that exceed the state-approved threshold based on an amount
above five times the core foundation amount (total of core-instruction amount plus student success
amount). The department of elementary and secondary education shall prorate the funds available
for distribution among those eligible school districts if the total approved costs for which school
districts are seeking reimbursement exceed the amount of funding appropriated in any fiscal year;
and the department of elementary and secondary education shall also collect data on those
educational costs that exceed the state-approved threshold based on an amount above two (2), three
(3), and four (4) times the core-foundation amount;

(b) Career and technical education costs to help meet initial investment requirements
needed to transform existing, or create new, comprehensive, career and technical education
programs and career pathways in critical and emerging industries and to help offset the higher-
than-average costs associated with facilities, equipment maintenance and repair, and supplies
necessary for maintaining the quality of highly specialized programs that are a priority for the state.
The department shall develop criteria for the purpose of allocating any and all career and technical
education funds as may be determined by the general assembly on an annual basis. The department
of elementary and secondary education shall prorate the funds available for distribution among
those eligible school districts if the total approved costs for which school districts are seeking
reimbursement exceed the amount of funding available in any fiscal year;
(c) Programs to increase access to voluntary, free, high-quality pre-kindergarten programs. The department shall recommend criteria for the purpose of allocating any and all early childhood program funds as may be determined by the general assembly;

(d) Central Falls, Davies, and the Met Center Stabilization Fund is established to ensure that appropriate funding is available to support their students. Additional support for Central Falls is needed due to concerns regarding the city's capacity to meet the local share of education costs. This fund requires that education aid calculated pursuant to § 16-7.2-3 and funding for costs outside the permanent foundation education-aid formula, including, but not limited to, transportation, facility maintenance, and retiree health benefits shall be shared between the state and the city of Central Falls. The fund shall be annually reviewed to determine the amount of the state and city appropriation. The state's share of this fund may be supported through a reallocation of current state appropriations to the Central Falls school district. At the end of the transition period defined in § 16-7.2-7, the municipality will continue its contribution pursuant to § 16-7-24. Additional support for the Davies and the Met Center is needed due to the costs associated with running a stand-alone high school offering both academic and career and technical coursework. The department shall recommend criteria for the purpose of allocating any and all stabilization funds as may be determined by the general assembly;

(e) Excess costs associated with transporting students to out-of-district non-public schools. This fund will provide state funding for the costs associated with transporting students to out-of-district non-public schools, pursuant to chapter 21.1 of title 16. The state will assume the costs of non-public out-of-district transportation for those districts participating in the statewide system. The department of elementary and secondary education shall prorate the funds available for distribution among those eligible school districts if the total approved costs for which school districts are seeking reimbursement exceed the amount of funding available in any fiscal year;

(f) Excess costs associated with transporting students within regional school districts. This fund will provide direct state funding for the excess costs associated with transporting students within regional school districts, established pursuant to chapter 3 of title 16. This fund requires that the state and regional school district share equally the student transportation costs net any federal sources of revenue for these expenditures. The department of elementary and secondary education shall prorate the funds available for distribution among those eligible school districts if the total approved costs for which school districts are seeking reimbursement exceed the amount of funding available in any fiscal year;

(g) Public school districts that are regionalized shall be eligible for a regionalization bonus as set forth below:
(1) As used herein, the term "regionalized" shall be deemed to refer to a regional school district established under the provisions of chapter 3 of title 16, including the Chariho Regional School district;

(2) For those districts that are regionalized as of July 1, 2010, the regionalization bonus shall commence in FY 2012. For those districts that regionalize after July 1, 2010, the regionalization bonus shall commence in the first fiscal year following the establishment of a regionalized school district as set forth in chapter 3 of title 16, including the Chariho Regional School District;

(3) The regionalization bonus in the first fiscal year shall be two percent (2.0%) of the state's share of the foundation education aid for the regionalized district as calculated pursuant to §§ 16-7.2-3 and 16-7.2-4 in that fiscal year;

(4) The regionalization bonus in the second fiscal year shall be one percent (1.0%) of the state's share of the foundation education aid for the regionalized district as calculated pursuant to §§ 16-7.2-3 and 16-7.2-4 in that fiscal year;

(5) The regionalization bonus shall cease in the third fiscal year;

(6) The regionalization bonus for the Chariho regional school district shall be applied to the state share of the permanent foundation education aid for the member towns; and

(7) The department of elementary and secondary education shall prorate the funds available for distribution among those eligible regionalized school districts if the total, approved costs for which regionalized school districts are seeking a regionalization bonus exceed the amount of funding appropriated in any fiscal year.

(h) Additional state support for English learners (EL). The amount to support EL students shall be determined by multiplying an EL factor of ten percent (10%) by the core-instruction per-pupil amount defined in § 16-7.2-3(a)(1) and applying that amount of additional state support to EL students identified using widely adopted, independent standards and assessments identified by the commissioner. All categorical funds distributed pursuant to this subsection must be used to provide high-quality, research-based services to EL students and managed in accordance with requirements set forth by the commissioner of elementary and secondary education. The department of elementary and secondary education shall collect performance reports from districts and approve the use of funds prior to expenditure. The department of elementary and secondary education shall ensure the funds are aligned to activities that are innovative and expansive and not utilized for activities the district is currently funding. The department of elementary and secondary education shall prorate the funds available for distribution among eligible recipients if the total calculated costs exceed the amount of funding available in any fiscal year; and
(i) State support for school resource officers. Beginning in FY 2019, for a period of three
years, school districts or municipalities that choose to employ school resource officers shall receive direct state support for costs associated with employing such officers at public middle and high schools. Districts or municipalities shall be reimbursed an amount equal to one-half (1/2) of the cost of salaries and benefits for the qualifying positions. Funding will be provided to school resource officer positions established on or after July 1, 2018, provided that:

(1) Each school resource officer shall be assigned to one school;

(ii) Schools with enrollments below one thousand twelve hundred (1,200) students shall require one school resource officer;

(i) Schools with enrollments of one thousand twelve hundred (1,200) or more students shall require two school resource officers;

(2) School resource officers hired in excess of the requirement noted above shall not be eligible for reimbursement; and

(3) Schools that eliminate existing school resource officer positions and create new positions under this provision shall not be eligible for reimbursement.

(iii) Categorical programs defined in (a) through (g) shall be funded pursuant to the transition plan in § 16-7.2-7.

SECTION 2. Each line appearing in Section 1 of this Article shall constitute an appropriation.

SECTION 3. The general assembly authorizes the state controller to establish the internal service accounts shown below, and no other, to finance and account for the operations of state agencies that provide services to other agencies, institutions and other governmental units on a cost reimbursed basis. The purpose of these accounts is to ensure that certain activities are managed in a businesslike manner, promote efficient use of services by making agencies pay the full costs associated with providing the services, and allocate the costs of central administrative services across all fund types, so that federal and other non-general fund programs share in the costs of general government support. The controller is authorized to reimburse these accounts for the cost of work or services performed for any other department or agency subject to the following expenditure limitations:

The tax rate for all employers subject to the contribution provisions of chapters 42 -- 44 of this title shall be reduced by twenty-one hundredths of one percent (0.21%). For tax year 2015 and subsequent years, except tax year 2019, each employer subject to this chapter shall be required to pay a job development assessment of twenty-one hundredths of one percent (0.21%) of that employer's taxable payroll, in addition to any other payment which that employer is required to make under any other provision of this chapter; provided, that the assessment shall not be considered as part of the individual employer's contribution rate for the purpose of determining the individual employer's balancing charge pursuant to § 28-43-9. (3) The employment security fund earned interest in the prior calendar year.

(b) On September 30, 2018, the job development assessment adjustment shall be computed to determine the job development assessment that will be in effect during the ensuing calendar year. The adjustment shall be computed by dividing the interest earned by the employment security fund in the prior calendar year by one hundred ten percent (110%) of the taxable wages in the prior calendar year. The result shall be rounded down to the nearest one hundredth of a percent (0.01%).

(d) In no event may the job development assessment adjustment negatively impact contributing employers by either preventing the tax schedule to be in effect for the ensuing calendar year from dropping from a higher schedule or causing the tax schedule to be in effect for the ensuing calendar year to be raised to a higher schedule.

(1) If the tax schedule, as determined by the reserve ratio of the employment security fund on September 30, 2018, would be different than the tax schedule determined if the unadjusted reserve ratio of the fund were used to determine the tax schedule for the ensuing calendar year, the department shall do one of the following to ensure that tax schedule to be in effect for the ensuing calendar year in unaffected by the job development assessment adjustment:

(i) Make any necessary transfers from available job development fund resources to the employment security trust fund to establish a reserve ratio that would represent the ratio that would have been in effect should the job development assessment adjustment not have been performed in the prior year; or

(ii) Perform no job development assessment adjustment in the ensuing calendar year.

RELATING TO MEDICAL ASSISTANCE

SECTION 1. Sections 40-8-13.4, 40-8-15 and 40-8-19 of the General Laws in Chapter 40-8 entitled “Medical Assistance” are hereby amended to read as follows:

40-8-13.4. Rate methodology for payment for in state and out of state hospital services.

(a) The executive office of health and human services (“executive office”) shall implement a new methodology for payment for in-state and out-of-state hospital services in order to ensure access to, and the provision of, high-quality and cost-effective hospital care to its eligible recipients.

(b) In order to improve efficiency and cost effectiveness, the executive office shall:

(1)(i) With respect to inpatient services for persons in fee-for-service Medicaid, which is non-managed care, implement a new payment methodology for inpatient services utilizing the Diagnosis Related Groups (DRG) method of payment, which is a patient-classification method that provides a means of relating payment to the hospitals to the type of patients cared for by the hospitals. It is understood that a payment method based on DRG may include cost outlier payments and other specific exceptions. The executive office will review the DRG-payment method and the DRG base rate annually, making adjustments as appropriate in consideration of such elements as trends in hospital input costs; patterns in hospital coding; beneficiary access to care; and the Centers for Medicare and Medicaid Services national CMS Prospective Payment System (IPPS) Hospital Input Price index. For the twelve-month (12) period beginning July 1, 2015, the DRG base rate for Medicaid fee-for-service inpatient hospital services shall not exceed ninety-seven and one-half percent (97.5%) of the payment rates in effect as of July 1, 2014. For the twelve (12) month period beginning July 1, 2018, there will be no increase in the DRG base rate for Medicaid fee-for-service inpatient hospital rates. For the period beginning July 1, 2019, any rates adjusted for the Centers for Medicare and Medicaid Services National CMS Prospective Payment System Hospital Input Price Index will be applied to the payments made for FY 2019.

(ii) With respect to inpatient services, (A) It is required as of January 1, 2011 until December 31, 2011, that the Medicaid managed care payment rates between each hospital and health plan shall not exceed ninety and one tenth percent (90.1%) of the rate in effect as of June 30, 2010. Increases in inpatient hospital payments for each annual twelve-month (12) period beginning...
January 1, 2012 may not exceed the Centers for Medicare and Medicaid Services national CMS Prospective Payment System (IPPS) Hospital Input Price index for the applicable period; (B) Provided, however, for the twenty-four-month (24) period beginning July 1, 2013, the Medicaid managed care payment rates between each hospital and health plan shall not exceed the payment rates in effect as of January 1, 2013, and for the twelve-month (12) period beginning July 1, 2015, the Medicaid managed-care payment inpatient rates between each hospital and health plan shall not exceed ninety-seven and one-half percent (97.5%) of the payment rates in effect as of January 1, 2013; (C) Increases in inpatient hospital payments for each annual twelve-month (12) period beginning July 1, 2017, shall be the Centers for Medicare and Medicaid Services national CMS Prospective Payment System (IPPS) Hospital Input Price Index, less Productivity Adjustment, for the applicable period and shall be paid to each hospital retroactively to July 1; (D) For the twelve (12) month period beginning July 1, 2018, the Medicaid managed care inpatient payment rates between each hospital and health plan shall not exceed the payment rates in effect as of January 1, 2018. For the period beginning July 1, 2019, any rates adjusted for the Centers for Medicare and Medicaid Services National CMS Prospective Payment System Hospital Input Price Index will be applied to the payments made for FY 2019.

The executive office will develop an audit methodology and process to assure that savings associated with the payment reductions will accrue directly to the Rhode Island Medicaid program through reduced managed-care-plan payments and shall not be retained by the managed-care plans; (E) All hospitals licensed in Rhode Island shall accept such payment rates as payment in full; and (F) For all such hospitals, compliance with the provisions of this section shall be a condition of participation in the Rhode Island Medicaid program.

(2) With respect to outpatient services and notwithstanding any provisions of the law to the contrary, for persons enrolled in fee-for-service Medicaid, the executive office will reimburse hospitals for outpatient services using a rate methodology determined by the executive office and in accordance with federal regulations. Fee-for-service outpatient rates shall align with Medicare payments for similar services. Notwithstanding the above, there shall be no increase in the Medicaid fee-for-service outpatient rates effective on July 1, 2013, July 1, 2014, or July 1, 2015. For the twelve-month (12) period beginning July 1, 2015, Medicaid fee-for-service outpatient rates shall not exceed ninety-seven and one-half percent (97.5%) of the rates in effect as of July 1, 2014. Increases in the outpatient hospital payments for the twelve-month (12) period beginning July 1, 2016, may not exceed the CMS national Outpatient Prospective Payment System (OPPS) Hospital Input Price Index. With respect to the outpatient rate, (i) It is required as of January 1, 2011, until December 31, 2011, that the Medicaid managed-care payment rates between each hospital and
health plan shall not exceed one hundred percent (100%) of the rate in effect as of June 30, 2010;

(ii) Increases in hospital outpatient payments for each annual twelve-month (12) period beginning January 1, 2012 until July 1, 2017, may not exceed the Centers for Medicare and Medicaid Services national CMS Outpatient Prospective Payment System OPPS hospital price index for the applicable period; (iii) Provided, however, for the twenty-four-month (24) period beginning July 1, 2013, the Medicaid managed-care outpatient payment rates between each hospital and health plan shall not exceed the payment rates in effect as of January 1, 2013, and for the twelve-month (12) period beginning July 1, 2015, the Medicaid managed-care outpatient payment rates between each hospital and health plan shall not exceed ninety-seven and one-half percent (97.5%) of the payment rates in effect as of January 1, 2013; (iv) Increases in outpatient hospital payments for each annual twelve-month (12) period beginning July 1, 2017, shall be the Centers for Medicare and Medicaid Services national CMS OPPS Hospital Input Price Index, less Productivity Adjustment, for the applicable period and shall be paid to each hospital retroactively to July 1. For the twelve (12) month period beginning July 1, 2018, the Medicaid managed care outpatient payment rates between each hospital and health plan shall not exceed the payments rates in effect as of January 1, 2018. For the period beginning July 1, 2019, any rates adjusted for the Centers for Medicare and Medicaid Services National CMS Prospective Payment System Hospital Input Price Index will be applied to the payments made for FY 2019.

(3) “Hospital”, as used in this section, shall mean the actual facilities and buildings in existence in Rhode Island, licensed pursuant to § 23-17-1 et seq. on June 30, 2010, and thereafter any premises included on that license, regardless of changes in licensure status pursuant to chapter 17.14 of title 23 (hospital conversions) and § 23-17-6(b) (change in effective control), that provides short-term, acute inpatient and/or outpatient care to persons who require definitive diagnosis and treatment for injury, illness, disabilities, or pregnancy. Notwithstanding the preceding language, the Medicaid managed care payment rates for a court-approved purchaser that acquires a hospital through receivership, special mastership or other similar state insolvency proceedings (which court-approved purchaser is issued a hospital license after January 1, 2013) shall be based upon the new rates between the court-approved purchaser and the health plan, and such rates shall be effective as of the date that the court-approved purchaser and the health plan execute the initial agreement containing the new rates. The rate-setting methodology for inpatient-hospital payments and outpatient-hospital payments set forth in subdivisions (b)(1)(ii)(C) and (b)(2), respectively, shall thereafter apply to increases for each annual twelve-month (12) period as of July 1 following the completion of the first full year of the court-approved purchaser’s initial Medicaid managed care contract.
(c) It is intended that payment utilizing the DRG method shall reward hospitals for providing the most efficient care, and provide the executive office the opportunity to conduct value-based purchasing of inpatient care.

(d) The secretary of the executive office is hereby authorized to promulgate such rules and regulations consistent with this chapter, and to establish fiscal procedures he or she deems necessary, for the proper implementation and administration of this chapter in order to provide payment to hospitals using the DRG-payment methodology. Furthermore, amendment of the Rhode Island state plan for Medicaid, pursuant to Title XIX of the federal Social Security Act, is hereby authorized to provide for payment to hospitals for services provided to eligible recipients in accordance with this chapter.

(e) The executive office shall comply with all public notice requirements necessary to implement these rate changes.

(f) As a condition of participation in the DRG methodology for payment of hospital services, every hospital shall submit year-end settlement reports to the executive office within one year from the close of a hospital's fiscal year. Should a participating hospital fail to timely submit a year-end settlement report as required by this section, the executive office shall withhold financial-cycle payments due by any state agency with respect to this hospital by not more than ten percent (10%) until said report is submitted. For hospital fiscal year 2010 and all subsequent fiscal years, hospitals will not be required to submit year-end settlement reports on payments for outpatient services. For hospital fiscal year 2011 and all subsequent fiscal years, hospitals will not be required to submit year-end settlement reports on claims for hospital inpatient services. Further, for hospital fiscal year 2010, hospital inpatient claims subject to settlement shall include only those claims received between October 1, 2009, and June 30, 2010.

(g) The provisions of this section shall be effective upon implementation of the new payment methodology set forth in this section and § 40-8-13.3, which shall in any event be no later than March 30, 2010, at which time the provisions of §§ 40-8-13.2, 27-19-14, 27-19-15, and 27-19-16 shall be repealed in their entirety.

(a)(1) Upon the death of a recipient of medical assistance Medicaid under Title XIX of the federal Social Security Act, 42 U.S.C. § 1396 et seq., (42 U.S.C. § 1396 et seq. and referred to hereinafter as the "Act"), the total sum of medical assistance for Medicaid benefits so paid on behalf of a recipient beneficiary who was fifty-five (55) years of age or older at the time of receipt of the assistance shall be and constitute a lien upon the estate, as defined in subdivision (a)(2) below, of the recipient beneficiary in favor of the executive office of health and human services ("executive office"), or the personal representative of the estate.
office”). The lien shall not be effective and shall not attach as against the estate of a recipient beneficiary who is survived by a spouse, or a child who is under the age of twenty-one (21), or a child who is blind or permanently and totally disabled as defined in Title XVI of the federal Social Security Act, 42 U.S.C. § 1381 et seq. The lien shall attach against property of a recipient beneficiary, which is included or includible in the decedent's probate estate, regardless of whether or not a probate proceeding has been commenced in the probate court by the executive office of health and human services or by any other party. Provided, however, that such lien shall only attach and shall only be effective against the recipient's beneficiary's real property included or includible in the recipient's beneficiary's probate estate if such lien is recorded in the land evidence records and is in accordance with subsection 40-8-15(f). Decedents who have received medical assistance Medicaid benefits are subject to the assignment and subrogation provisions of §§ 40-6-9 and 40-6-10.

(2) For purposes of this section, the term “estate” with respect to a deceased individual shall include all real and personal property and other assets included or includable within the individual's probate estate.

(b) The executive office of health and human services is authorized to promulgate regulations to implement the terms, intent, and purpose of this section and to require the legal representative(s) and/or the heirs-at-law of the decedent to provide reasonable written notice to the executive office of health and human services of the death of a recipient beneficiary of medical assistance Medicaid benefits who was fifty-five (55) years of age or older at the date of death, and to provide a statement identifying the decedent’s property and the names and addresses of all persons entitled to take any share or interest of the estate as legatees or distributes thereof.

(c) The amount of medical assistance reimbursement for Medicaid benefits imposed under this section shall also become a debt to the state from the person or entity liable for the payment thereof.

(d) Upon payment of the amount of reimbursement for medical assistance Medicaid benefits imposed by this section, the secretary of the executive office of health and human services, or his or her designee, shall issue a written discharge of lien.

(e) Provided, however, that no lien created under this section shall attach nor become effective upon any real property unless and until a statement of claim is recorded naming the debtor/owner of record of the property as of the date and time of recording of the statement of claim, and describing the real property by a description containing all of the following: (1) tax assessor's plat and lot; and (2) street address. The statement of claim shall be recorded in the records of land evidence in the town or city where the real property is situated. Notice of said lien shall be
sent to the duly appointed executor or administrator, the decedent's legal representative, if known, or to the decedent's next of kin or heirs at law as stated in the decedent's last application for medical assistance Medicaid benefits.

(f) The executive office of health and human services shall establish procedures, in accordance with the standards specified by the secretary, U.S. Department of Health and Human Services, under which the executive office of health and human services shall waive, in whole or in part, the lien and reimbursement established by this section if such lien and reimbursement would cause an undue hardship, as determined by the executive office of health and human services, on the basis of the criteria established by the secretary in accordance with 42 U.S.C. § 1396p(b)(3).

(g) Upon the filing of a petition for admission to probate of a decedent's will or for administration of a decedent's estate, when the decedent was fifty-five (55) years or older at the time of death, a copy of said petition and a copy of the death certificate shall be sent to the executive office of health and human services. Within thirty (30) days of a request by the executive office of health and human services, an executor or administrator shall complete and send to the executive office of health and human services a form prescribed by that office and shall provide such additional information as the office may require. In the event a petitioner fails to send a copy of the petition and a copy of the death certificate to the executive office of health and human services and a decedent has received medical assistance Medicaid benefits for which the executive office of health and human services is authorized to recover, no distribution and/or payments, including administration fees, shall be disbursed. Any person and/or entity that receive a distribution of assets from the decedent's estate shall be liable to the executive office of health and human services to the extent of such distribution.

(h) Compliance with the provisions of this section shall be consistent with the requirements set forth in § 33-11-5 and the requirements of the affidavit of notice set forth in § 33-11-5.2. Nothing in these sections shall limit the executive office of health and human services from recovery, to the extent of the distribution, in accordance with all state and federal laws.

(i) To assure the financial integrity of the Medicaid eligibility determination, benefit renewal, and estate recovery processes in this and related sections, the secretary of health and human services is authorized and directed to, by no later than August 1, 2018: (1), implement an automated asset verification system, as mandated by § 1940 of the of Act that uses electronic data sources to verify the ownership and value of countable resources held in financial institutions and any real property for applicants and beneficiaries subject to resource and asset tests pursuant in the Act in § 1902(c)(14)(D); (2) Apply the provisions required under §§ 1902(a)(18) and 1917(c) of the Act pertaining to the disposition of assets for less than fair market value by applicants and
beneficiaries for Medicaid long-term services and supports and their spouses, without regard to whether they are subject to or exempted from resources and asset tests as mandated by federal guidance; and (3) Pursue any state plan or waiver amendments from the U.S. Centers for Medicare and Medicaid Services and promulgate such rules, regulations, and procedures he or she deems necessary to carry out the requirements set forth herein and ensure the state plan and Medicaid policy conform and comply with applicable provisions Title XIX.

40-8-19. Rates of payment to nursing facilities.

(a) Rate reform.

(1) The rates to be paid by the state to nursing facilities licensed pursuant to chapter 17 of title 23, and certified to participate in the Title XIX Medicaid program for services rendered to Medicaid-eligible residents, shall be reasonable and adequate to meet the costs which must be incurred by efficiently and economically operated facilities in accordance with 42 U.S.C. §1396a(a)(13). The executive office of health and human services (“executive office”) shall promulgate or modify the principles of reimbursement for nursing facilities in effect as of July 1, 2011 to be consistent with the provisions of this section and Title XIX, 42 U.S.C. § 1396 et seq., of the Social Security Act.

(2) The executive office shall review the current methodology for providing Medicaid payments to nursing facilities, including other long-term care services providers, and is authorized to modify the principles of reimbursement to replace the current cost based methodology rates with rates based on a price based methodology to be paid to all facilities with recognition of the acuity of patients and the relative Medicaid occupancy, and to include the following elements to be developed by the executive office:

(i) A direct care rate adjusted for resident acuity;

(ii) An indirect care rate comprised of a base per diem for all facilities;

(iii) A rearray of costs for all facilities every three (3) years beginning October, 2015, which may or may not result in automatic per diem revisions;

(iv) Application of a fair rental value system;

(v) Application of a pass-through system; and

(vi) Adjustment of rates by the change in a recognized national nursing home inflation index to be applied on October 1st of each year, beginning October 1, 2012. This adjustment will not occur on October 1, 2013 or October 1, 2015, but will occur on April 1, 2015. Beginning July 1, 2018, the rates paid to nursing facilities will be reduced by eight and one-half percent (8.5%) from the rates approved by the Centers for Medicare and Medicaid Services and in effect on October 1, 2017 for nine (9) months until March 2019, at which time the rates will revert to the
October 1, 2017 level and be increased by one percent (1%). Said inflation index shall be applied without regard for the transition factors in subsections (b)(1) and (b)(2) below. For purposes of October 1, 2016, adjustment only, any rate increase that results from application of the inflation index to subparagraphs (a)(2)(i) and (a)(2)(ii) shall be dedicated to increase compensation for direct-care workers in the following manner: Not less than 85% of this aggregate amount shall be expended to fund an increase in wages, benefits, or related employer costs of direct-care staff of nursing homes. For purposes of this section, direct-care staff shall include registered nurses (RNs), licensed practical nurses (LPNs), certified nursing assistants (CNAs), certified medical technicians, housekeeping staff, laundry staff, dietary staff, or other similar employees providing direct care services; provided, however, that this definition of direct-care staff shall not include: (i) RNs and LPNs who are classified as "exempt employees" under the Federal Fair Labor Standards Act (29 U.S.C. § 201 et seq.); or (ii) CNAs, certified medical technicians, RNs, or LPNs who are contracted, or subcontracted, through a third-party vendor or staffing agency. By July 31, 2017, nursing facilities shall submit to the secretary, or designee, a certification that they have complied with the provisions of this subparagraph (a)(2)(vi) with respect to the inflation index applied on October 1, 2016. Any facility that does not comply with terms of such certification shall be subjected to a clawback, paid by the nursing facility to the state, in the amount of increased reimbursement subject to this provision that was not expended in compliance with that certification. (b) Transition to full implementation of rate reform. For no less than four (4) years after the initial application of the price-based methodology described in subdivision (a)(2) to payment rates, the executive office of health and human services shall implement a transition plan to moderate the impact of the rate reform on individual nursing facilities. Said transition shall include the following components: (1) No nursing facility shall receive reimbursement for direct-care costs that is less than the rate of reimbursement for direct-care costs received under the methodology in effect at the time of passage of this act; for the year beginning October 1, 2017, the reimbursement for direct-care costs under this provision will be phased out in twenty-five-percent (25%) increments each year until October 1, 2021, when the reimbursement will no longer be in effect. No nursing facility shall receive reimbursement for direct care costs that is less than the rate of reimbursement for direct care costs received under the methodology in effect at the time of passage of this act; and (2) No facility shall lose or gain more than five dollars ($5.00) in its total per diem rate the first year of the transition. An adjustment to the per diem loss or gain may be phased out by twenty-five percent (25%) each year; except, however, for the years beginning October 1, 2015, there shall be no adjustment to the per diem gain or loss, but the phase out shall resume thereafter; and
(3) The transition plan and/or period may be modified upon full implementation of facility per diem rate increases for quality of care related measures. Said modifications shall be submitted in a report to the general assembly at least six (6) months prior to implementation.

(4) Notwithstanding any law to the contrary, for the twelve (12) month period beginning July 1, 2015, Medicaid payment rates for nursing facilities established pursuant to this section shall not exceed ninety-eight percent (98%) of the rates in effect on April 1, 2015.

The rate-setting methodology for inpatient hospital payments and outpatient hospital payments set forth in §§ 40-8-13.4(b)(1)(ii)(C) and 40-8-13.4(b)(2), respectively, shall thereafter apply to negotiated increases for each annual twelve-month (12) period as of July 1...

Care for Families” is hereby amended to read as follows:

**40-8-4-12. Rite Share Health Insurance Premium Assistance Program.**

(a) Basic Rite Share Health Insurance Premium Assistance Program. The office of health and human services is authorized and directed to amend the medical assistance Title XIX state plan and human services is authorized and directed to amend the medical assistance Title XIX state plan to implement the provisions of section 1906 of Title XIX of the Social Security Act, 42 U.S.C. section 1396e, and establish the Rhode Island health insurance premium assistance program for Rite Care eligible families with incomes up to two hundred fifty percent (250%) of the federal poverty level who have access to employer-based health insurance. The state plan amendment shall require eligible families with access to employer-based health insurance to enroll themselves and/or their family in the employer-based health insurance plan as a condition of participation in the Rite Share program under this chapter and as a condition of retaining eligibility for medical assistance under chapters 5.1 and 8.4 of this title and/or chapter 12.3 of title 42 and/or premium assistance under this chapter, provided that doing so meets the criteria established in section 1906 of Title XIX for obtaining federal matching funds and the department has determined that the person's and/or the family's enrollment in the employer-based health insurance plan is cost-effective and the department has determined that the employer-based health insurance plan meets the criteria set forth in subsection (d). The department shall provide premium assistance by paying all or a portion of the employee's cost for covering the eligible person or his or her family under the employer-based health insurance plan, subject to the cost sharing provisions in subsection (b), and provided that the premium assistance is cost-effective in accordance with Title XIX, 42 U.S.C. section 1396 et seq. Under the terms of Section 1906 of Title XIX of the U.S. Social Security Act, states are permitted to pay a Medicaid eligible person's share of the costs for enrolling in employer-sponsored health insurance (ESI) coverage if it is cost effective to do so. Pursuant to general assembly's direction in Rhode Island Health Reform Act of 2000, the Medicaid agency requested and obtained federal approval under § 1916 to establish the Rite Share premium assistance program to subsidize the costs of enrolling Medicaid eligible persons and families in employer sponsored health insurance plans that have been approved as meeting certain cost and coverage requirements. The Medicaid agency also obtained, at the general assembly's direction, federal authority to require any such persons with access to ESI coverage to enroll as a condition of retaining eligibility providing that doing so meets the criteria established in Title XIX for obtaining federal matching funds.

(b) Individuals who can afford it shall share in the cost. The office of health and human services is authorized and directed to apply for and obtain any necessary waivers from the secretary of the United States Department of Health and Human Services, including, but not limited to, a waiver of the appropriate sections of Title XIX, 42 U.S.C. section 1396 et seq., to require that...
families eligible for RIte Care under this chapter or chapter 12.3 of title 42 with incomes equal to
or greater than one hundred fifty percent (150%) of the federal poverty level pay a share of the
costs of health insurance based on the person's ability to pay, provided that the cost sharing shall
not exceed five percent (5%) of the person's annual income. The department of human services
shall implement the cost sharing by regulation, and shall consider co-payments, premium shares or
other reasonable means to do so. Definitions. For the purposes of this subsection, the following
definitions apply:

(1) "Cost-effective" means that the portion of the ESI that the state would subsidize, as
well as wrap-around costs, would on average cost less to the State than enrolling that same
person/family in a managed care delivery system.

(2) "Cost sharing" means any co-payments, deductibles or co-insurance associated with
ESI.

(3) "Employee premium" means the monthly premium share a person or family is required
to pay to the employer to obtain and maintain ESI coverage.

(4) "Employer-Sponsored Insurance or ESI" means health insurance or a group health plan
offered to employees by an employer. This includes plans purchased by small employers through
the State health insurance marketplace, Healthsource, RI (HSRI).

(5) "Policy holder" means the person in the household with access to ESI, typically the
employee.

(6) "RIte Share-approved employer-sponsored insurance (ESI)" means an employer-
sponsored health insurance plan that meets the coverage and cost-effectiveness criteria for RIte
Share.

(7) "RIte Share buy-in" means the monthly amount an Medicaid-ineligible policy holder
must pay toward RIte Share-approved ESI that covers the Medicaid-eligible children, young adults
or spouses with access to the ESI. The buy-in only applies in instances when household income is
above one hundred fifty percent (150%) the FPL.

(8) "RIte Share premium assistance program" means the Rhode Island Medicaid premium
assistance program in which the State pays the eligible Medicaid member's share of the cost of
enrolling in a RIte Share-approved ESI plan. This allows the State to share the cost of the health
insurance coverage with the employer.

(9) "RIte Share Unit" means the entity within EOHHS responsible for assessing the cost-
effectiveness of ESI, contacting employers about ESI as appropriate, initiating the RIte Share
enrollment and disenrollment process, handling member communications, and managing the
overall operations of the RIte Share program.
(10) "Third-Party Liability (TPL)" means other health insurance coverage. This insurance is in addition to Medicaid and is usually provided through an employer. Since Medicaid is always the payer of last resort, the TPL is always the primary coverage.

(11) "Wrap-around services or coverage" means any health care services not included in the ESI plan that would have been covered had the Medicaid member been enrolled in a Rite Care or Rhody Health Partners plan. Coverage of deductibles and co-insurance is included in the wrap. Co-payments to providers are not covered as part of the wrap-around coverage.

(c) Current Rite Care enrollees with access to employer-based health insurance. The office of health and human services shall require any family who receives Rite Care or whose family receives Rite Care on the effective date of the applicable regulations adopted in accordance with subsection (f) to enroll in an employer-based health insurance plan at the person's eligibility redetermination date or at an earlier date determined by the department, provided that doing so meets the criteria established in the applicable sections of Title XIX, 42 U.S.C. section 1396 et seq., for obtaining federal matching funds and the department has determined that the person's and/or the family's enrollment in the employer-based health insurance plan is cost-effective and has determined that the health insurance plan meets the criteria in subsection (d). The insurer shall accept the enrollment of the person and/or the family in the employer-based health insurance plan without regard to any enrollment season restrictions.

Rite Share Populations. Medicaid beneficiaries subject to Rite Share include: children, families, parent and caretakers eligible for Medicaid or the Children's Health Insurance Program under this chapter or chapter 12.3 of title 42; and adults between the ages of nineteen (19) and sixty-four (64) who are eligible under chapter 8.12 of title 40, not receiving or eligible to receive Medicare, and are enrolled in managed care delivery systems. The following conditions apply:

(1) The income of Medicaid beneficiaries shall affect whether and in what manner they must participate in Rite Share as follows:

(i) Income at or below one hundred fifty percent (150%) of FPL -- Persons and families determined to have household income at or below one hundred fifty percent (150%) of the Federal Poverty Level (FPL) guidelines based on the modified adjusted gross income (MAGI) standard or other standard approved by the secretary are required to participate in Rite Share if a Medicaid-eligible adult or parent/caretaker has access to cost-effective ESI. Enrolling in ESI through Rite Share shall be a condition of maintaining Medicaid health coverage for any eligible adult with access to such coverage.

(ii) Income above one hundred fifty percent (150%) FPL and policy holder is not Medicaid-eligible -- Premium assistance is available when the household includes Medicaid-eligible
members, but the ESI policy holder (typically a parent/caretaker or spouse) is not eligible for Medicaid. Premium assistance for parents/caretakers and other household members who are not Medicaid-eligible may be provided in circumstances when enrollment of the Medicaid-eligible family members in the approved ESI plan is contingent upon enrollment of the ineligible policy holder and the executive office of health and human services (executive office) determines, based on a methodology adopted for such purposes, that it is cost-effective to provide premium assistance for family or spousal coverage.

(d) Rite Share Enrollment as a Condition of Eligibility. For Medicaid beneficiaries over the age of nineteen (19) enrollment in Rite Share shall be a condition of eligibility except as exempted below and by regulations promulgated by the executive office.

(1) Medicaid-eligible children and young adults up to age nineteen (19) shall not be required to enroll in a parent/caretaker relative's ESI as a condition of maintaining Medicaid eligibility if the person with access to Rite Share-approved ESI does not enroll as required. These Medicaid-eligible children and young adults shall remain eligible for Medicaid and shall be enrolled in a Rite Care plan.

(2) There shall be a limited six (6) month exemption from the mandatory enrollment requirement for persons participating in the RI Works program pursuant to chapter 5.2 of title 40.

(e) Approval of health insurance plans for premium assistance. The office of health and human services shall adopt regulations providing for the approval of employer-based health insurance plans for premium assistance and shall approve employer-based health insurance plans based on these regulations. In order for an employer-based health insurance plan to gain approval, the department executive office must determine that the benefits offered by the employer-based health insurance plan are substantially similar in amount, scope, and duration to the benefits provided to Rite Care Medicaid-eligible persons by the Rite Care program enrolled in Medicaid managed care plan, when the plan is evaluated in conjunction with available supplemental benefits provided by the office. The office shall obtain and make available to persons otherwise eligible for Rite Care Medicaid identified in this section as supplemental benefits those benefits not reasonably available under employer-based health insurance plans which are required for Rite Care eligible persons Medicaid beneficiaries by state law or federal law or regulation. Once it has been determined by the Medicaid agency that the ESI offered by a particular employer is Rite Share-approved, all Medicaid members with access to that employer's plan are required participate in Rite Share. Failure to meet the mandatory enrollment requirement shall result in the termination of the Medicaid eligibility of the policy holder and other Medicaid members nineteen (19) or older in the household that could be covered under the ESI until the policy holder complies with the Rite Share
enrollment procedures established by the executive office.

(f) Premium Assistance. The executive office shall provide premium assistance by paying all or a portion of the employee's cost for covering the eligible person and/or his or her family under such a Rite Share-approved ESI plan subject to the buy-in provisions in this section.

(g) Buy-in. Persons who can afford it shall share in the cost. - The executive office is authorized and directed to apply for and obtain any necessary state plan and/or waiver amendments from the secretary of the U.S. DHHS to require that person enrolled in a Rite Share-approved employer-based health plan who have income equal to or greater than one hundred fifty percent (150%) of the FPL to buy-in to pay a share of the costs based on the ability to pay, provided that the buy-in cost shall not exceed five percent (5%) of the person's annual income. The executive office shall implement the buy-in by regulation, and shall consider co-payments, premium shares or other reasonable means to do so.

(h) Maximization of federal contribution. The office of health and human services is authorized and directed to apply for and obtain federal approvals and waivers necessary to maximize the federal contribution for provision of medical assistance coverage under this section, including the authorization to amend the Title XXI state plan and to obtain any waivers necessary to reduce barriers to provide premium assistance to recipients as provided for in Title XXI of the Social Security Act, 42 U.S.C. section 1397 et seq.

(i) Implementation by regulation. The office of health and human services is authorized and directed to adopt regulations to ensure the establishment and implementation of the premium assistance program in accordance with the intent and purpose of this section, the requirements of Title XIX, Title XXI and any approved federal waivers.

SECTION 4. Section 40-8.9-9 of the General Laws in Chapter 40-8.9 entitled "Medical Assistance - Long-Term Care Service and Finance Reform" is hereby amended to read as follows:

(a) Notwithstanding any other provision of state law, the executive office of health and human services is authorized and directed to apply for, and obtain, any necessary waiver(s), waiver amendment(s), and/or state-plan amendments from the secretary of the United States Department of Health and Human Services, and to promulgate rules necessary to adopt an affirmative plan of program design and implementation that addresses the goal of allocating a minimum of fifty percent (50%) of Medicaid long-term care funding for persons aged sixty-five (65) and over and adults with disabilities, in addition to services for persons with developmental disabilities, to home- and community-based care; provided, further, the executive office shall report annually as part of its budget submission, the percentage distribution between institutional care and home- and
community-based care by population and shall report current and projected waiting lists for long-term care and home- and community-based care services. The executive office is further authorized and directed to prioritize investments in home- and community-based care and to maintain the integrity and financial viability of all current long-term-care services while pursuing this goal.

(b) The reformed long-term-care system rebalancing goal is person-centered and encourages individual self-determination, family involvement, interagency collaboration, and individual choice through the provision of highly specialized and individually tailored home-based services. Additionally, individuals with severe behavioral, physical, or developmental disabilities must have the opportunity to live safe and healthful lives through access to a wide range of supportive services in an array of community-based settings, regardless of the complexity of their medical condition, the severity of their disability, or the challenges of their behavior. Delivery of services and supports in less costly and less restrictive community settings, will enable children, adolescents, and adults to be able to curtail, delay, or avoid lengthy stays in long-term care institutions, such as behavioral health residential-treatment facilities, long-term-care hospitals, intermediate-care facilities and/or skilled nursing facilities.

(c) Pursuant to federal authority procured under § 42-7.2-16, the executive office of health and human services is directed and authorized to adopt a tiered set of criteria to be used to determine eligibility for services. Such criteria shall be developed in collaboration with the state's health and human services departments and, to the extent feasible, any consumer group, advisory board, or other entity designated for such purposes, and shall encompass eligibility determinations for long-term-care services in nursing facilities, hospitals, and intermediate-care facilities for persons with intellectual disabilities, as well as home- and community-based alternatives, and shall provide a common standard of income eligibility for both institutional and home- and community-based care. The executive office is authorized to adopt clinical and/or functional criteria for admission to a nursing facility, hospital, or intermediate-care facility for persons with intellectual disabilities that are more stringent than those employed for access to home- and community-based services. The executive office is also authorized to promulgate rules that define the frequency of re-assessments for services provided for under this section. Levels of care may be applied in accordance with the following:

(1) The executive office shall continue to apply the level of care criteria in effect on June 30, 2015, for any recipient determined eligible for and receiving Medicaid-funded, long-term services in supports in a nursing facility, hospital, or intermediate-care facility for persons with intellectual disabilities on or before that date, unless:

(a) The recipient transitions to home- and community-based services because he or she
(b) The recipient chooses home- and community-based services over the nursing facility, hospital, or intermediate-care facility for persons with intellectual disabilities. For the purposes of this section, a failed community placement, as defined in regulations promulgated by the executive office, shall be considered a condition of clinical eligibility for the highest level of care. The executive office shall confer with the long-term-care ombudsperson with respect to the determination of a failed placement under the ombudsperson's jurisdiction. Should any Medicaid recipient eligible for a nursing facility, hospital, or intermediate-care facility for persons with intellectual disabilities as of June 30, 2015, receive a determination of a failed community placement, the recipient shall have access to the highest level of care; furthermore, a recipient who has experienced a failed community placement shall be transitioned back into his or her former nursing home, hospital, or intermediate-care facility for persons with intellectual disabilities whenever possible. Additionally, residents shall only be moved from a nursing home, hospital, or intermediate-care facility for persons with intellectual disabilities in a manner consistent with applicable state and federal laws.

(2) Any Medicaid recipient eligible for the highest level of care who voluntarily leaves a nursing home, hospital, or intermediate-care facility for persons with intellectual disabilities shall not be subject to any wait list for home- and community-based services.

(3) No nursing home, hospital, or intermediate-care facility for persons with intellectual disabilities shall be denied payment for services rendered to a Medicaid recipient on the grounds that the recipient does not meet level of care criteria unless and until the executive office has:

(i) Performed an individual assessment of the recipient at issue and provided written notice to the nursing home, hospital, or intermediate-care facility for persons with intellectual disabilities that the recipient does not meet level of care criteria; and

(ii) The recipient has either appealed that level of care determination and been unsuccessful, or any appeal period available to the recipient regarding that level of care determination has expired.

(d) The executive office is further authorized to consolidate all home- and community-based services currently provided pursuant to 42 U.S.C. § 1396n into a single system of home- and community-based services that include options for consumer direction and shared living. The resulting single home- and community-based services system shall replace and supersede all 42 U.S.C. § 1396n programs when fully implemented. Notwithstanding the foregoing, the resulting single program home- and community-based services system shall include the continued funding of assisted-living services at any assisted-living facility financed by the Rhode Island housing and
mortgage finance corporation prior to January 1, 2006, and shall be in accordance with chapter 66.8 of title 42 of the general laws as long as assisted-living services are a covered Medicaid benefit.

(e) The executive office is authorized to promulgate rules that permit certain optional services including, but not limited to, homemaker services, home modifications, respite, and physical therapy evaluations to be offered to persons at risk for Medicaid-funded, long-term care subject to availability of state-appropriated funding for these purposes.

(f) To promote the expansion of home- and community-based service capacity, the executive office is authorized to pursue payment methodology reforms that increase access to homemaker, personal care (home health aide), assisted living, adult supportive-care homes, and adult day services, as follows:

(1) Development of revised or new Medicaid certification standards that increase access to service specialization and scheduling accommodations by using payment strategies designed to achieve specific quality and health outcomes.

(2) Development of Medicaid certification standards for state-authorized providers of adult-day services, excluding such providers of services authorized under § 40.1-24-1(3), assisted living, and adult supportive care (as defined under chapter 17.24 of title 23) that establish for each, an acuity-based, tiered service and payment methodology tied to: licensure authority; level of beneficiary needs; the scope of services and supports provided; and specific quality and outcome measures.

The standards for adult-day services for persons eligible for Medicaid-funded, long-term services may differ from those who do not meet the clinical/functional criteria set forth in § 40-8.10-3.

(3) As the state's Medicaid program seeks to assist more beneficiaries requiring long-term services and supports in home- and community-based settings, the demand for home care workers has increased, and wages for these workers has not kept pace with neighboring states, leading to high turnover and vacancy rates in the state's home-care industry, the executive office shall institute a one-time increase in the base-payment rates for home-care service providers to promote increased access to and an adequate supply of highly trained home health care professionals, in amount to be determined by the appropriations process, for the purpose of raising wages for personal care attendants and home health aides to be implemented by such providers.

(4) A prospective base adjustment, effective not later than July 1, 2018, of ten percent (10%) of the current base rate for home care providers, home nursing care providers, and hospice providers contracted with the executive office of health and human services and its subordinate agencies to deliver Medicaid fee-for-service personal care attendant services.
(5) A prospective base adjustment, effective not later than July 1, 2018, of twenty percent (20%) of the current base rate for home care providers, home nursing care providers, and hospice providers contracted with the executive office of health and human services and its subordinate agencies to deliver Medicaid fee-for-service skilled nursing and therapeutic services and hospice care.

(6) On the first of July in each year, beginning on July 1, 2019, the executive office of health and human services will initiate an annual inflation increase to the base rate by a percentage amount equal to the change in cost inflation by the rate as determined by the United States Department of Labor Consumer Price Index card rate for medical care in New England and for compliance with all federal and state laws, regulations, and rules, and all national accreditation program requirements.

(g) The executive office shall implement a long-term-care options counseling program to provide individuals, or their representatives, or both, with long-term-care consultations that shall include, at a minimum, information about: long-term-care options, sources, and methods of both public and private payment for long-term-care services and an assessment of an individual's functional capabilities and opportunities for maximizing independence. Each individual admitted to, or seeking admission to, a long-term-care facility, regardless of the payment source, shall be informed by the facility of the availability of the long-term-care options counseling program and shall be provided with long-term-care options consultation if they so request. Each individual who applies for Medicaid long-term-care services shall be provided with a long-term-care consultation.

(h) The executive office is also authorized, subject to availability of appropriation of funding, and federal, Medicaid-matching funds, to pay for certain services and supports necessary to transition or divert beneficiaries from institutional or restrictive settings and optimize their health and safety when receiving care in a home or the community. The secretary is authorized to obtain any state plan or waiver authorities required to maximize the federal funds available to support expanded access to such home- and community-transition and stabilization services; provided, however, payments shall not exceed an annual or per-person amount.

(i) To ensure persons with long-term-care needs who remain living at home have adequate resources to deal with housing maintenance and unanticipated housing-related costs, the secretary is authorized to develop higher resource eligibility limits for persons or obtain any state plan or waiver authorities necessary to change the financial eligibility criteria for long-term services and supports to enable beneficiaries receiving home and community waiver services to have the resources to continue living in their own homes or rental units or other home-based settings.

(j) The executive office shall implement, no later than January 1, 2016, the following home-
and community-based service and payment reforms:

(1) Community-based, supportive-living program established in § 40-8.13-12;

(2) Adult day services level of need criteria and acuity-based, tiered-payment methodology; and

(3) Payment reforms that encourage home- and community-based providers to provide the specialized services and accommodations beneficiaries need to avoid or delay institutional care.

(k) The secretary is authorized to seek any Medicaid section 1115 waiver or state-plan amendments and take any administrative actions necessary to ensure timely adoption of any new or amended rules, regulations, policies, or procedures and any system enhancements or changes, for which appropriations have been authorized, that are necessary to facilitate implementation of the requirements of this section by the dates established. The secretary shall reserve the discretion to exercise the authority established under §§ 42-7.2-5(6)(v) and 42-7.2-6.1, in consultation with the governor, to meet the legislative directives established herein.

SECTION 5. Section 40.1-21-4 of the General Laws in Chapter 40.1-21 entitled “Division of Developmental Disabilities” is hereby amended to read as follows:

40.1-21-4. Powers and duties of director of behavioral healthcare, developmental disabilities and hospitals.

(a) The director of behavioral healthcare, developmental disabilities and hospitals shall be responsible for planning and developing a complete, comprehensive, and integrated statewide program for the developmentally disabled for the implementation of the program; and for the coordination of the efforts of the department of behavioral healthcare, developmental disabilities and hospitals with those of other state departments and agencies, municipal governments as well as the federal government and private agencies concerned with and providing services for the developmentally disabled.

(b) The director shall be responsible for the administration and operation of all state operated community and residential facilities established for the diagnosis, care, and training of the developmentally disabled. The director shall be responsible for establishing standards in conformance with generally accepted professional thought and for providing technical assistance to all state supported and licensed habilitative, developmental, residential and other facilities for the developmentally disabled, and exercise the requisite surveillance and inspection to insure compliance with standards. Provided, however, that none of the foregoing shall be applicable to any of the facilities wholly within the control of any other department of state government.

(c) The director of behavioral healthcare, developmental disabilities and hospitals shall stimulate research by public and private agencies, institutions of higher learning, and hospitals, in
the interest of the elimination and amelioration of developmental disabilities, and care and training
of the developmentally disabled.

(d) The director shall be responsible for the development of criteria as to the eligibility for
admittance of any developmentally disabled person for residential care in any department supported
and licensed residential facility or agency.

(e) The director of behavioral healthcare, developmental disabilities and hospitals may
transfer retarded persons from one state residential facility to another when deemed necessary or
desirable for their better care and welfare.

(f) The director of behavioral healthcare, developmental disabilities and hospitals shall
make grants-in-aid and otherwise provide financial assistance to the various communities and
private nonprofit agencies, in amounts which will enable all developmentally disabled adults to
receive developmental and other services appropriate to their individual needs.

(g) The director shall coordinate all planning for the construction of facilities for the
developmentally disabled, and the expenditure of funds appropriated or otherwise made available
to the state for this purpose.

(h) To ensure individuals eligible for services under § 40.1-21-43 receive the appropriate
medical benefits through the Executive Office of Health and Human Services' Medicaid program,
the director, or designee, will work in coordination with the Medicaid program to determine if an
individual is eligible for long-term care services and supports and that he or she has the option to
enroll in the Medicaid program that offers these services. As part of the monthly reporting
requirements, the Department will indicate how many individuals have declined enrollment in a
managed care plan that offers these long-term care services.

SECTION 6. Title 42 of the General Laws entitled "STATE AFFAIRS AND
GOVERNMENT" is hereby amended by adding thereto the following chapter:

CHAPTER 66.12

THE RHODE ISLAND AGING AND DISABILITY RESOURCE CENTER

This chapter shall be known and may be cited as the "The Rhode Island Aging and
Disability Resource Center Act".

To assist Rhode Islanders and their families in making informed choices and decisions
about long-term service and support options and to streamline access to long-term supports and
services for older adults, persons with disabilities, family caregivers and providers, a statewide
aging and disability resource center shall be maintained. The Rhode Island aging and disability
resource center (ADRC) is a state multi-agency effort. It consists of a centrally operated, coordinated system of information, referral and options counseling for all persons seeking long-term supports and services in order to enhance individual choice, foster informed decision-making and minimize confusion and duplication.

The Rhode Island aging and disability resource center (ADRC) shall be established and operated by the department of human services, division of elderly affairs (DEA) in collaboration with other agencies within the executive office of health and human services. The division of elderly affairs shall build on its experience in development and implementation of the current ADRC program. The ADRC is an integral part of the Rhode Island system of long-term supports and services working to promote the state's long-term system rebalancing goals by diverting persons, when appropriate, from institutional care to home and community-based services and preventing short-term institutional stays from becoming permanent through options counseling and screening for eligibility for home and community-based services.

(a) The aging and disability resource center (ADRC) shall provide for the following:

(l) A statewide toll-free ADRC information number available during business hours with a messaging system to respond to after-hours calls during the next business day and language services to assist individuals with limited English language skills;

(2) A comprehensive database of information, updated on a regular basis and accessible through a dedicated website, on the full range of available public and private long-term support and service programs, service providers and resources within the state and in specific communities, including information on housing supports, transportation and the availability of integrated long-term care;

(3) Personal options counseling, including implementing provisions required in § 40-8.9-9, to assist individuals in assessing their existing or anticipated long-term care needs, and assisting them to develop and implement a plan designed to meet their specific needs and circumstances;

(4) A means to link callers to the ADRC information line to interactive long-term care screening tools and to make these tools available through the ADRC website by integrating the tools into the website;

(5) Development of partnerships, through memorandum agreements or other arrangements, with other entities serving older adults and persons with disabilities, including those working on nursing home transition and hospital discharge programs, to assist in maintaining and providing ADRC services; and
(6) Community education and outreach activities to inform persons about the ADRC services, in finding information through the Internet and in planning for future long-term care needs including housing and community service options.

SECTION 7. Section 15 of Article 5 of Chapter 141 of the Public Laws of 2015 is hereby amended to read as follows:

A pool is hereby established of up to $40,000,000 to support Medicaid Graduate Education funding for Academic Medical Centers with level I Trauma Centers who provide care to the state’s critically ill and indigent populations. The office of Health and Human Services shall utilize this pool to provide up to $5 million per year in additional Medicaid payments to support Graduate Medical Education programs to hospitals meeting all of the following criteria:

(a) Hospital must have a minimum of 25,000 inpatient discharges per year for all patients regardless of coverage.

(b) Hospital must be designated as Level I Trauma Center.

(c) Hospital must provide graduate medical education training for at least 250 interns and residents per year.

The Secretary of the Executive Office of Health and Human Services shall determine the appropriate Medicaid payment mechanism to implement this program and amend any state plan documents required to implement the payments.

Payments for Graduate Medical Education programs shall be made annually.

WHEREAS, the General Assembly enacted Chapter 12.4 of Title 42 entitled “The Rhode Island Medicaid Reform Act of 2008”; and

WHEREAS, a legislative enactment is required pursuant to Rhode Island General Laws 42-12.4-1, et seq.; and

WHEREAS, Rhode Island General Law 42-7.2-5(3)(a) provides that the Secretary of the Executive Office of Health and Human Services (“Executive Office”) is responsible for the review and coordination of any Medicaid section 1115 demonstration waiver requests and renewals as well as any initiatives and proposals requiring amendments to the Medicaid state plan or category II or III changes as described in the demonstration, “with potential to affect the scope, amount, or duration of publicly-funded health care services, provider payments or reimbursements, or access to or the availability of benefits and services provided by Rhode Island general and public laws”; and

WHEREAS, in pursuit of a more cost-effective consumer choice system of care that is fiscally sound and sustainable, the Secretary requests legislative approval of the following
proposals to amend the demonstration:

(a) Provider Rates -- Adjustments. The Executive Office proposes to:

(i) Maintain in-patient and out-patient hospital payment rates at SFY 2018 levels.

(ii) The nursing facility rate adjustment that would otherwise take-effect on October 1, 2018 will not exceed an increase of one percent; and

(iii) Reduce the administrative component of Medicaid managed care plan rates administration.

(iv) Reduce the medical component of Medicaid managed care plan rates.

Implementation of adjustments may require amendments to the Rhode Island’s Medicaid State Plan and/or Section 1115 waiver under the terms and conditions of the demonstration. Further, adoption of new or amended rules, regulations and procedures may also be required.

(b) Section 1115 Demonstration Waiver – Implementation of Existing Authorities. To achieve the objectives of the State’s demonstration waiver, the Executive Office proposes to implement the following approved authorities:

(i) Expanded expedited eligibility for long-term services and supports (LTSS) applicants who are transitioning to a home or community-based setting from a health facility, including a hospital or nursing home; and

(ii) Institute the multi-tiered needs-based criteria for determining the level of care and scope of services available to applicants with developmental disabilities seeking Medicaid home and community-based services in lieu of institutional care.

(c) Section 1115 Demonstration Waiver – Extension Request – The Executive Office proposes to seek approval from our federal partners to extend the Section 1115 demonstration as authorized in §42-12.4. In addition to maintaining existing waiver authorities, the Executive Office proposes to seek additional federal authorities to:

(i) Further the goals of LTSS rebalancing set forth in §40-8.9, by expanding the array of health care stabilization and maintenance services eligible for federal financial participation which are available to beneficiaries residing in home and community-based settings. Such services include adaptive and home-based monitoring technologies, transition help, and peer and personal supports that assist beneficiaries in better managing and optimizing their own care. The Executive Office proposes to pursue alternative payment strategies financed through the Health System Transformation Project (HSTP) to cover the state’s share of the cost for such services and to expand on-going efforts to identify and provide cost-effective preventive services to persons at-risk for LTSS and other high cost interventions.

(ii) Leverage existing resources and the flexibility of alternative payment methodologies
to provide integrated medical and behavioral services to children and youth at risk and in transition, including targeted family visiting nurses, peer supports, and specialized networks of care.

(iii) Establish authority to provide Medicaid coverage to children who require residential care who by themselves would meet the Supplemental Security Income Disability standards but could not receive the cash benefit due to family income and resource limits and who would otherwise be placed in state custody.

(d) Financial Integrity – Asset Verification and Transfers. To comply with federal mandates pertaining to the integrity of the determination of eligibility and estate recoveries, the Executive Office plans to adopt an automated asset verification system which uses electronic data sources to verify ownership and the value of the financial resources and real property of applicants and beneficiaries and their spouses who are subject to asset and resource limits under Title XIX. In addition, the Executive Office proposes to adopt new or amended rules, policies and procedures for LTSS applicants and beneficiaries, inclusive of those eligible pursuant to §40-8.12, that conform to federal guidelines related to the transfer of assets for less than fair market value established in Title XIX and applicable federal guidelines. State plan amendments are required to comply fully with these mandates.

(e) Service Delivery. To better leverage all available health care dollars and promote access and service quality, the Executive Office proposes to:

(i) Restructure delivery systems for dual Medicare and Medicaid eligible LTSS beneficiaries who have chronic or disabling conditions to provide the foundation for implementing more cost-effective and sustainable managed care LTSS arrangements. Additional state plan authorities may be required.

(ii) Expand the reach of the Rite Share premium assistance program through amendments to the Medicaid state plan to cover all non-disabled adults, ages 19 and older, who have access to a cost-effective Executive Office approved employer-sponsored health insurance program.

(f) Non-Emergency Transportation Program (NEMT). To implement cost effective delivery of services and to enhance consumer satisfaction with transportation services by:

(i) Expanding reimbursement methodologies; and

(ii) Removing transportation restrictions to align with Title XIX of Federal law.

(g) Community First Choice (CFC). To seek Medicaid state plan and any additional waiver authority necessary to implement the CFC option.

(h) Alternative Payment Methodology. To develop, in collaboration with the Department of Behavioral Healthcare, Development Disabilities and Hospitals (BHDDH), a health home for providing conflict free person-centered planning and a quality and value based alternative payment
system that advances the goal of improving service access, quality and value.

(i) **Opioid and Behavioral Health Crisis Management.** To implement in collaboration with the Department of Behavioral Healthcare, Development Disabilities and Hospitals (BHDDH), a community based alternative to emergency departments for addiction and mental health emergencies.

(j) **Federal Financing Opportunities.** The Executive Office proposes to review Medicaid requirements and opportunities under the U.S. Patient Protection and Affordable Care Act of 2010 (PPACA) and various other recently enacted federal laws and pursue any changes in the Rhode Island Medicaid program that promote service quality, access and cost-effectiveness that may warrant a Medicaid State Plan amendment or amendment under the terms and conditions of Rhode Island’s Section 1115 Waiver, its successor, or any extension thereof. Any such actions by the Executive Office shall not have an adverse impact on beneficiaries or cause there to be an increase in expenditures beyond the amount appropriated for state fiscal year 2019. Now, therefore, be it RESOLVED, the General Assembly hereby approves proposals and be it further; RESOLVED, the Secretary of the Executive Office is authorized to pursue and implement any waiver amendments, State Plan amendments, and/or changes to the applicable department’s rules, regulations and procedures approved herein and as authorized by 42-12.4; and be it further RESOLVED, that this Joint Resolution shall take effect upon passage.

SECTION 9. This Article shall take effect upon passage.

occupational or professional licensing board or bureau, for the medical use of marijuana; provided, that the qualifying patient cardholder possesses an amount of marijuana that does not exceed twelve (12) mature marijuana plants that are accompanied by valid medical marijuana tags, two and one-half (2.5) ounces of usable marijuana, or its equivalent amount, and an amount of wet marijuana to be set by regulations promulgated by the departments of health and business regulation. Said plants shall be stored in an indoor facility.

(b) An authorized purchaser who has in his or her possession a registry identification card shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including, but not limited to, civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for the possession of marijuana; provided that the authorized purchaser possesses an amount of marijuana that does not exceed two and one-half (2.5) ounces of usable marijuana, or its equivalent amount, and this marijuana was purchased legally from a compassion center for the use of their designated qualifying patient.

(c) A qualifying patient cardholder, who has in his or her possession a registry identification card, shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including, but not limited to, civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for selling, giving, or distributing, on or before December 31, 2016 to a compassion center cardholder, marijuana of the type, and in an amount not to exceed, that set forth in subsection (a), that he or she has cultivated or manufactured pursuant to this chapter.

(d) No school, employer, or landlord may refuse to enroll, employ, or lease to, or otherwise penalize, a person solely for his or her status as a cardholder. Provided, however, due to the safety and welfare concern for other tenants, the property, and the public, as a whole, a landlord may have the discretion not to lease, or continue to lease, to a cardholder who cultivates marijuana in the leased premises.

(e) A primary caregiver cardholder, who has in his or her possession a registry identification card, shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including, but not limited to, civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for assisting a patient cardholder, to whom he or she is connected through the department of health's registration process, with the medical use of marijuana; provided, that the primary caregiver cardholder possesses an amount of marijuana that does not exceed twelve (12) mature marijuana plants that are accompanied by valid medical marijuana tags, two and one-half (2.5) ounces of usable marijuana, or its equivalent amount, and an amount of wet marijuana set in regulations promulgated by the departments of
health and business regulation for each qualified patient cardholder to whom he or she is connected through the department of health's registration process.

(f) A qualifying patient cardholder shall be allowed to possess a reasonable amount of unusable marijuana, including up to twelve (12) seedlings that are accompanied by valid medical marijuana tags. A primary caregiver cardholder shall be allowed to possess a reasonable amount of unusable marijuana, including up to twenty-four (24) seedlings that are accompanied by valid medical marijuana tags and an amount of wet marijuana set in regulations promulgated by the departments of health and business regulation.

(g) There shall exist a presumption that a cardholder is engaged in the medical use of marijuana if the cardholder:

1. Is in possession of a registry identification card; and
2. Is in possession of an amount of marijuana that does not exceed the amount permitted under this chapter. Such presumption may be rebutted by evidence that conduct related to marijuana was not for the purpose of alleviating the qualifying patient's debilitating medical condition or symptoms associated with the medical condition.

(h) A primary caregiver cardholder may receive reimbursement for costs associated with assisting a qualifying patient cardholder's medical use of marijuana. Compensation shall not constitute sale of controlled substances.

(i) A primary caregiver cardholder, who has in his or her possession a registry identification card, shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including, but not limited to, civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for selling, giving, or distributing, on or before December 31, 2016 to a compassion center cardholder, marijuana, of the type, and in an amount not to exceed that set forth in subsection (e), if:

1. The primary caregiver cardholder cultivated the marijuana pursuant to this chapter, not to exceed the limits of subsection (e); and
2. Each qualifying patient cardholder the primary caregiver cardholder is connected with through the department of health's registration process has been provided an adequate amount of the marijuana to meet his or her medical needs, not to exceed the limits of subsection (a).

(j) A practitioner shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including, but not limited to, civil penalty or disciplinary action by the Rhode Island board of medical licensure and discipline, or by any other business or occupational or professional licensing board or bureau solely for providing written certifications, or for otherwise stating that, in the practitioner's professional opinion, the potential benefits of the medical
marijuana would likely outweigh the health risks for a patient.

(k) Any interest in, or right to, property that is possessed, owned, or used in connection with the medical use of marijuana, or acts incidental to such use, shall not be forfeited.

(l) No person shall be subject to arrest or prosecution for constructive possession, conspiracy, aiding and abetting, being an accessory, or any other offense, for simply being in the presence or vicinity of the medical use of marijuana as permitted under this chapter, or for assisting a qualifying patient cardholder with using or administering marijuana.

(m) A practitioner, nurse, nurse practitioner, physician's assistant, licensed with authority to prescribe drugs pursuant to chapter 34, 37, and 54 of title 5, or pharmacist, licensed under chapter 19.1 of title 5, shall not be subject to arrest, prosecution, or penalty in any manner, or denied any right or privilege, including, but not limited to, civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau solely for discussing the benefits or health risks of medical marijuana or its interaction with other substances with a patient.

(n) A qualifying patient or primary caregiver registry identification card, or its equivalent, issued under the laws of another state, U.S. territory, or the District of Columbia, to permit the medical use of marijuana by a patient with a debilitating medical condition, or to permit a person to assist with the medical use of marijuana by a patient with a debilitating medical condition, shall have the same force and effect as a registry identification card.

(o) Notwithstanding the provisions of § 21-28.6-4(e), no primary caregiver cardholder shall possess an amount of marijuana in excess of twenty-four (24) mature marijuana plants that are accompanied by valid medical marijuana tags and five (5) ounces of usable marijuana, or its equivalent, and an amount of wet marijuana set in regulations promulgated by the departments of health and business regulation for patient cardholders to whom he or she is connected through the department of health's registration process.

(p) A qualifying patient or primary caregiver cardholder may give marijuana to another qualifying patient or primary caregiver cardholder to whom they are not connected by the department's registration process, provided that no consideration is paid for the marijuana, and that the recipient does not exceed the limits specified in § 21-28.6-4.

(q) Qualifying patient cardholders and primary caregiver cardholders electing to grow marijuana shall only grow at one premises, and this premises shall be registered with the department of health. Except for compassion centers, cooperative cultivations, and licensed cultivators, no more than twenty-four (24) mature marijuana plants that are accompanied by valid medical marijuana tags shall be grown or otherwise located at any one dwelling unit or commercial unit. The number of qualifying patients or primary caregivers residing, owning, renting, growing, or
otherwise operating at a dwelling or commercial unit does not affect this limit. The department of health shall promulgate regulations to enforce this provision.

(r) For the purposes of medical care, including organ transplants, a patient cardholder's authorized use of marijuana shall be considered the equivalent of the authorized use of any other medication used at the direction of a physician, and shall not constitute the use of an illicit substance.

(s) Notwithstanding any other provisions of the general laws, the manufacture of marijuana using a solvent extraction process that includes the use of a compressed, flammable gas as a solvent by a patient cardholder or primary caregiver cardholder shall not be subject to the protections of this chapter.

(t) Notwithstanding any provisions to the contrary, nothing in this chapter or the general laws shall restrict or otherwise affect the manufacturing, distribution, transportation, sale, prescribing and dispensing of a product that has been approved for marketing as a prescription medication by the U.S. Food and Drug Administration and legally prescribed, nor shall hemp, as defined in § 2-26-3, be defined as marijuana or marihuana pursuant to this chapter, chapter 21-28 or elsewhere in the general laws.

21-28.6-6. Administration of department of health and business regulation

(a) The department of health shall issue registry identification cards to qualifying patients who submit the following, in accordance with the department's regulations:

Applications shall include but not be limited to:

(1) Written certification as defined in § 21-28.6-3(24) of this chapter;

(2) Application or renewal fee;

(3) Name, address, and date of birth of the qualifying patient; provided, however, that if the patient is homeless, no address is required;

(4) Name, address, and telephone number of the qualifying patient's practitioner;

(5) Whether the patient elects to grow medical marijuana plants for himself or herself; and

(6) Name, address, and date of birth of one primary caregiver of the qualifying patient and any authorized purchasers for the qualifying patient, if any is chosen by the patient or allowed in accordance with regulations promulgated by the department of health.

(b) The department of health shall not issue a registry identification card to a qualifying patient under the age of eighteen (18) unless:

(1) The qualifying patient's practitioner has explained the potential risks and benefits of the medical use of marijuana to the qualifying patient and to a parent, guardian, or person having legal
custody of the qualifying patient; and

(2) A parent, guardian, or person having legal custody consents in writing to:

(i) Allow the qualifying patient's medical use of marijuana;

(ii) Serve as the qualifying patient's primary caregiver or authorized purchaser; and

(iii) Control the acquisition of the marijuana, the dosage, and the frequency of the medical use of marijuana by the qualifying patient.

(c) The department of health shall renew registry identification cards to qualifying patients in accordance with regulations promulgated by the department of health.

(d) The department of health shall not issue a registry identification card to a qualifying patient seeking treatment for post-traumatic stress disorder (PTSD) under the age of eighteen (18).

(e) The department of health shall verify the information contained in an application or renewal submitted pursuant to this section, and shall approve or deny an application or renewal within thirty-five (35) days of receiving it. The department may deny an application or renewal only if the applicant did not provide the information required pursuant to this section, or if the department determines that the information provided was falsified. Rejection of an application or renewal is considered a final department action, subject to judicial review. Jurisdiction and venue for judicial review are vested in the superior court.

(f) If the qualifying patient's practitioner notifies the department in a written statement that the qualifying patient is eligible for hospice care or chemotherapy, the department of health shall give priority to these applications when verifying the information in accordance with subsection (c). Effective January 1, 2017, the department of health shall approve or deny and issue a registry identification card to these qualifying patients, primary caregivers and authorized purchasers within five (5) days, seventy-two (72) hours of receipt of the completed application. The departments shall not charge a registration fee to the patient, caregivers or authorized purchasers named in the application. The department of health may identify through regulation a list of other conditions qualifying a patient for expedited application processing.

(g) The department of health shall issue a registry identification card to the qualifying patient cardholder's primary caregiver, if any, who is named in the qualifying patient's approved application

(1) A primary caregiver applicant or an authorized purchaser applicant shall apply to the bureau of criminal identification of the department of attorney general, department of public safety division of state police, or local police department for a national criminal records check that shall include fingerprints submitted to the Federal Bureau of Investigation. Upon the discovery of any disqualifying information as defined in subdivision (e)(4)(g)(4), and in accordance with the rules...
promulgated by the director, the bureau of criminal identification of the department of attorney
general, department of public safety division of state police, or the local police department shall
inform the applicant, in writing, of the nature of the disqualifying information; and, without
disclosing the nature of the disqualifying information, shall notify the department, in writing, that
disqualifying information has been discovered.

(2) In those situations in which no disqualifying information has been found, the bureau of
criminal identification of the department of attorney general, department of public safety division
of state police, or the local police shall inform the applicant and the department in writing, of this
fact.

(3) The department of health shall maintain on file evidence that a criminal records check
has been initiated on all applicants seeking a primary caregiver registry identification card or an
authorized purchaser registry identification card and the results of the checks. The primary
caregiver cardholder shall not be required to apply for a national criminal records check for each
patient he or she is connected to through the department's registration process, provided that he or
she has applied for a national criminal records check within the previous two (2) years in
accordance with this chapter. The department shall not require a primary caregiver cardholder or
an authorized purchaser cardholder to apply for a national criminal records check more than once
every two (2) years.

(4) Information produced by a national criminal records check pertaining to a conviction
for any felony offense under chapter 28 of title 21 ("Rhode Island Controlled Substances Act"),
murder, manslaughter, rape, first-degree sexual assault, second-degree sexual assault, first-degree
child molestation, second-degree child molestation, kidnapping, first-degree arson, second-degree
arson, mayhem, robbery, burglary, breaking and entering, assault with a dangerous weapon, assault
or battery involving grave bodily injury, and/or assault with intent to commit any offense
punishable as a felony or a similar offense from any other jurisdiction shall result in a letter to the
applicant and the department of health disqualifying the applicant. If disqualifying information has
been found, the department may use its discretion to issue a primary caregiver registry identification
card or an authorized purchaser registry identification card if the applicant's connected patient is an
immediate family member and the card is restricted to that patient only.

The primary caregiver or authorized purchaser applicant shall be responsible for any
expense associated with the national criminal records check.

For purposes of this section, "conviction" means, in addition to judgments of
conviction entered by a court subsequent to a finding of guilty or a plea of guilty, those instances
where the defendant has entered a plea of nolo contendere and has received a sentence of probation
and those instances where a defendant has entered into a deferred sentence agreement with the
attorney general.

(h) On or before December 31, 2016, the department of health shall issue registry
identification cards within five (5) business days of approving an application or renewal that shall
expire two (2) years after the date of issuance.

(ii) Effective January 1, 2017, and thereafter, the department of health shall issue registry
identification cards within five (5) business days of approving an application or renewal that shall
expire one year after the date of issuance.

(iii) Registry identification cards shall contain:

1. The date of issuance and expiration date of the registry identification card;
2. A random registry identification number;
3. A photograph; and
4. Any additional information as required by regulation or the department of health.

(i) Persons issued registry identification cards by the department of health shall be
subject to the following:

1. A qualifying patient cardholder shall notify the department of health of any change in
his or her name, address, primary caregiver, or authorized purchaser; or if he or she ceases to have
his or her debilitating medical condition, within ten (10) days of such change.
2. A qualifying patient cardholder who fails to notify the department of any of
these changes is responsible for a civil infraction, punishable by a fine of no more than one hundred
fifty dollars ($150). If the patient cardholder has ceased to suffer from a debilitating medical
condition, the card shall be deemed null and void and the person shall be liable for any other
penalties that may apply to the person's nonmedical use of marijuana.
3. A primary caregiver cardholder or authorized purchaser shall notify the department of
health of any change in his or her name or address within ten (10) days of such change. A primary
caregiver cardholder or authorized purchaser who fails to notify the department of any of these
changes is responsible for a civil infraction, punishable by a fine of no more than one hundred fifty
dollars ($150).
4. When a qualifying patient cardholder or primary caregiver cardholder notifies the
department of health of any changes listed in this subsection, the department of health shall issue
the qualifying patient cardholder and each primary caregiver cardholder a new registry
identification card within ten (10) days of receiving the updated information and a ten-dollar
($10.00) fee.
5. When a qualifying patient cardholder changes his or her primary caregiver or authorized

purchaser, the department of health shall notify the primary caregiver cardholder or authorized
purchaser within ten (10) days. The primary caregiver cardholder's protections as provided in this
chapter as to that patient shall expire ten (10) days after notification by the department. If the
primary caregiver cardholder or authorized purchaser is connected to no other qualifying patient
cardholders in the program, he or she must return his or her registry identification card to the
department.

(6) If a cardholder or authorized purchaser loses his or her registry identification card, he
or she shall notify the department and submit a ten-dollar ($10.00) fee within ten (10) days of losing
the card. Within five (5) days, the department shall issue a new registry identification card with
new random identification number.

(7) Effective January 1, 2019, if a patient cardholder chooses to alter his or her registration
with regard to the growing of medical marijuana for himself or herself, he or she shall notify the
department prior to the purchase of medical marijuana tags or the growing of medical marijuana
plants.

(8) If a cardholder or authorized purchaser willfully violates any provision of this chapter
as determined by the department, his or her registry identification card may be revoked.

Possession of, or application for, a registry identification card shall not constitute
probable cause or reasonable suspicion, nor shall it be used to support the search of the person or
property of the person possessing or applying for the registry identification card, or otherwise
subject the person or property of the person to inspection by any governmental agency.

Applications and supporting information submitted by qualifying patients,
including information regarding their primary caregivers, authorized purchaser, and practitioners,
are confidential and protected under the federal Health Insurance Portability and Accountability
Act of 1996, and shall be exempt from the provisions of chapter 2 of title 38 et seq. (Rhode Island
access to public records act) and not subject to disclosure, except to authorized employees of the
department of health as necessary to perform official duties of the department, and pursuant to
subsection (j) subsections (l) and (m).

(2) The application for qualifying patient's registry identification card shall include a
question asking whether the patient would like the department of health to notify him or her of any
clinical studies about marijuana's risk or efficacy. The department of health shall inform those
patients who answer in the affirmative of any such studies it is notified of, that will be conducted
in Rhode Island. The department of health may also notify those patients of medical studies
conducted outside of Rhode Island.

(3) The department of health shall maintain a confidential list of the persons to whom the
department of health has issued registry identification cards. Individual names and other identifying
information on the list shall be confidential, exempt from the provisions of Rhode Island access to
public information, chapter 2 of title 38, and not subject to disclosure, except to authorized
employees of the department of health as necessary to perform official duties of the department.

Notwithstanding subsections (k) the department of health shall verify to law
enforcement personnel whether a registry identification card is valid solely by confirming the
random registry identification number or name. This verification may occur through the use of a
shared database, provided that any confidential information in this database is protected in
accordance with subdivision (k)(1).

It shall be a crime, punishable by up to one hundred eighty (180) days in jail and a
one thousand dollar ($1,000) fine, for any person, including an employee or official of the
departments of health, business regulation, public safety, or another state agency or local
government, to breach the confidentiality of information obtained pursuant to this chapter.
Notwithstanding this provision, the department of health and department of business regulation
employees may notify law enforcement about falsified or fraudulent information submitted to the
department or violations of this chapter.

On or before the fifteenth day of the month following the end of each quarter of the
fiscal year, the department shall report to the governor, the speaker of the House of Representatives,
and the president of the senate on applications for the use of marijuana for symptom relief. The
report shall provide:

(1) The number of applications for registration as a qualifying patient, primary caregiver,
or authorized purchaser that have been made to the department of health during the preceding
quarter, the number of qualifying patients, primary caregivers, and authorized purchasers approved,
the nature of the debilitating medical conditions of the qualifying patients, the number of
registrations revoked, and the number and specializations, if any, of practitioners providing written
certification for qualifying patients.

the number and specializations, if any, of practitioners providing written certification for qualifying
patients.

(9) Any compassion center application selected for approval by the department of health on or before December 31, 2016, or selected for approval by the department of business regulation on or after January 1, 2017, shall remain in full force and effect, notwithstanding any provisions of this chapter to the contrary, and shall be subject to state law adopted herein and rules and regulations adopted by the departments of health and business regulation subsequent to passage of this legislation.

A registry identification card may be granted if the offense was for conduct that occurred prior to the enactment of the Edward O. Hawkins and Thomas C. Slater Medical Marijuana Act or that was prosecuted by an authority other than the state of Rhode Island and for which the Edward O.
Hawkins and Thomas C. Slater Medical Marijuana Act would otherwise have prevented a conviction.

(i) All registry identification card applicants shall apply to the department of public safety division of state police for a national criminal identification records check that shall include fingerprints submitted to the federal bureau of investigation. (b) In a hearing on a petition alleging that a child is dependent, competent and creditable evidence that the child has remained in foster care for a period of twelve (12) months shall constitute prima facie evidence sufficient to support the finding by the court that the child is "dependent" in accordance with § 14-1-3.

(c) In those cases where a young adult who meets the eligibility criteria in §14-1-6(c) wishes to continue in foster care after age eighteen (18), the young adult and an authorized representative of DCYF shall, before the youth reaches age eighteen (18), discuss the terms of a voluntary placement agreement for extension of care to be executed upon or after the young adult’s eighteenth birthday.

SECTION 5. Eleanor Slater Hospital Project-Regan Building Renovation

WHEREAS, The Eleanor Slater Hospital (the "Hospital") provides long-term acute care and post-acute care for approximately two hundred twenty (220) individuals with complex psychiatric and medical needs on two campuses - Pastore and Zambarano; and

WHEREAS, The Hospital is licensed by the Rhode Island Department of Health ("RIDOH") and accredited triennially by the Joint Commission for the Accreditation of Health Care Organizations ("JCAHO") that enables it to bill Medicare, Medicaid, and commercial insurances for the care it provides; and

WHEREAS, The revenue the Hospital can bill Medicare, Medicaid, and other insurers approximates $55.0 million annually; and

WHEREAS, On the Pastore campus the patients who have psychiatric needs are currently in three buildings (Pinel, Regan and Adolph Meyer) that are older buildings that have not been updated in many years; and

WHEREAS, In January 2017, the Center for Medicare and Medicaid Services ("CMS")
published new standards designed to address the increased number of suicides and suicide attempts in hospitals; such standards required significant renovations to reduce ligature risks on inpatient psychiatric units; and

WHEREAS, In September 2017, JCAHO performed its triennial survey, identified significant ligature risks at the Pinel and the Adolph Meyer Buildings and as a result, gave the Hospital a rating of Immediate Threat to Life, requiring it to submit a long-term plan to address the ligature risks in both buildings; and

WHEREAS, The Pinel and the Adolph Meyer Buildings currently do not meet JCAHO and CMS requirements and a loss of accreditation for not meeting the submitted plan could lead to the loss of approximately $55.0 million in federal Medicaid match; and

WHEREAS, The Hospital submitted to JCAHO a plan to renovate the Benton Center and the Regan Building, and to close the Pinel and Adolph Meyer Buildings, thus enabling it to achieve full accreditation; and

WHEREAS, A renovation of the existing Pinel and Adolph Meyer Buildings would not be financially beneficial due to the magnitude of renovations that would need to be performed on these buildings to allow the Hospital to achieve full accreditation; and

WHEREAS, The renovation of the Benton Center will be completed in June 2018, utilizing Rhode Island Capital Plan Fund financing, enabling the Hospital to close the Pinel Building and 2 units in the Adolph Meyer Building and relocate approximately forty-five (45) psychiatric patients to Benton; and

WHEREAS, This will leave approximately fifty (50) to fifty-five (55) psychiatric patients remaining in the Adolph Meyer Building; and

WHEREAS, There are significant ligature risks that exist in Adolph Meyer and the current size of the units are twelve (12) to fifteen (15) beds sizes that are too small to be efficient in hospitals, while the size of the patient care units in Regan are twenty-four (24) to twenty-eight (28) beds - more typical of patient care units today; and

WHEREAS, Closing inefficient units in the Adolph Meyer Building will enable the Hospital to reduce operating costs and address the deficiencies cited by the JCAHO; and

WHEREAS, There are currently three (3) floors in the Regan Building that can house patients, one that is vacant, one currently with twenty-eight (28) psychiatric patients, and another with currently seventeen (17) medical patients; and whereas a fourth floor can be renovated into an inpatient unit; and

WHEREAS, To accommodate the remaining psychiatric patients in the Adolph Meyer Building, three (3) floors would require extensive renovations to meet the current building
standards for psychiatric inpatient units, including requirements for ligature resistant features,
program areas, step down areas, quiet rooms, restraint rooms and private rooms that currently do
not exist in the Regan or the Adolph Meyer Buildings; and

WHEREAS, The renovated facility would have a total of one hundred five (105) beds with
larger inpatient units and program space within the units, thus enabling the Hospital to reduce
operating costs and develop programs to assist patients in their recovery and ultimate discharge;
and

WHEREAS, Due to its age, the Regan Building requires significant infrastructure upgrades
including: elevator replacement, masonry and window leak repair, and a partial roof replacement
with an estimated total cost of nine million dollars ($9,000,000); and

WHEREAS, The capital costs associated with this project are estimated to be forty-nine
million, eight hundred fifty thousand dollars ($49,850,000). This includes $27,850,000 from the
Rhode Island Capital Plan Fund for the renovation of the Benton and Regan Buildings and
$22,000,000 from the issuance of Certificates of Participation to finance the Regan Building
renovations. The total issuance would be $22,000,000, with total lease payments over fifteen (15)
years on the $22,000,000 issuance projected to be $32,900,000, assuming an average coupon of
five percent (5.0%). The lease payments would be financed within the Department of
Administration from general revenue appropriations; now, therefore be it

RESOLVED, That a renovation of the Regan Building as part of Eleanor Slater Hospital,
is critical to provide patients with an environment that meets current building standards for
psychiatric hospitals and to meet CMS and JCAHO accreditation requirements; and be it further

RESOLVED, This General Assembly hereby approves the issuance of certificates of
participation in an amount not to exceed $22,000,000 for the renovation of the Regan Building,
part of the Eleanor Slater Hospital; and be it further

RESOLVED, That this joint resolution shall apply to bonds issued within five (5) years of
the date of passage of this resolution; and be it further

RESOLVED, That this joint resolution shall take effect upon passage by this General
Assembly.
