It is enacted by the General Assembly as follows:

SECTION 1. Section 28-40-1 of the General Laws in Chapter 28-40 entitled “Temporary Disability Insurance - Contributions” is hereby amended to read as follows:

28-40-1. Amount of employee contributions -- Wages on which based.

(a) The taxable wage base under this chapter for each calendar year shall be equal to the greater of thirty-eight thousand dollars ($38,000) or the annual earnings needed by an individual to qualify for the maximum weekly benefit amount and the maximum duration under chapters 39 -- 41 of this title. That taxable wage base shall be computed as follows: Every September 30, the maximum weekly benefit amount in effect as of that date shall be multiplied by thirty (30) and the resultant product shall be divided by thirty-six hundredths (.36). If the result thus obtained is not an even multiple of one hundred dollars ($100), it shall be rounded upward to the next higher even multiple of one hundred dollars ($100). That taxable wage base shall be effective for the calendar year beginning on the next January 1.

For tax year 2019 and subsequent years, the taxable wage base shall be equal to 1.443 times the annual earnings needed by an individual to qualify for the maximum weekly benefit duration under chapters 39-41 of this title. The annual earnings needed by an individual to qualify for the maximum weekly benefit duration shall be computed as follows: Every September 30, the maximum weekly benefit amount in effect as of the date shall be multiplied by thirty (30) and the resultant product shall be divided by thirty-six hundredths (.36). If the
result thus obtained is not an even multiple of one hundred dollars ($100), it shall be rounded
upward to the next higher even multiple of one hundred dollars ($100). That taxable wage
base shall be effective for the calendar year beginning on the next January 1.

(b) Each employee shall contribute with respect to employment after the date upon which
the employer becomes subject to chapters 39 -- 41 of this title, an amount equal to the fund cost
time the wages paid by the employer to the employee up to the taxable wage base as defined
and computed in subsection (a) of this section. The employee contribution rate for the following
calendar year shall be determined by computing the fund cost rate on or before November 15 of
each year as follows:

(1) The total amount of disbursements made from the fund for the twelve (12) month
period ending on the immediately preceding September 30 shall be divided by the total taxable
wages paid by employers during the twelve (12) month period ending on the immediately
preceding June 30. The ratio thus obtained shall be multiplied by one hundred (100) and the
resultant product if not an exact multiple of one-tenth of one percent (0.1%) shall be rounded
down to the next lowest multiple of one-tenth of one percent (0.1%);

(2) If the fund balance as of the preceding September 30 is less than the total
disbursements from the fund for the six (6) month period ending on that September 30, that
difference shall be added to the total disbursements for the twelve (12) month period ending
September 30 for the purpose of computing the fund cost rate, and if the resulting fund cost rate is
not an exact multiple of one-tenth of one percent (0.1%) it shall be rounded to the nearest
multiple of one-tenth of one percent (0.1%).

SECTION 2. Section 28-41-5, 28-41-34 and 28-41-35 of the General Laws in Chapter
28-41 entitled “Temporary Disability Insurance - Benefits” are hereby amended to read as
follows:

(a) (1) Benefit rate. For claimants whose high quarter average hourly wage is greater than
two (2) times the minimum wage, the benefit rate payable under this chapter to any eligible
individual with respect to any week of his or her unemployment due to sickness due to reasons
allowed under this chapter, when that week occurs within a benefit year, shall be, for benefit
years beginning on or after October 7, 1990, four and sixty-two hundredths percent (4.62%) of
the wages paid to the individual in that calendar quarter of the base period in which the
individual's wages were highest; provided, however, that the benefit rate shall not exceed eighty-
five percent (85%) of the average weekly wage paid to individuals covered by chapters 42 -- 44
of this title for the preceding calendar year ending December 31. For claimants whose high
quarter average hourly wage is less than or equal to two (2) times the minimum wage, the benefit
rate payable under this chapter to any eligible individual with respect to any week of their
unemployment due to reasons allowed under this chapter, when that week occurs within the
benefit year, shall be, for benefit years beginning on or after January 1, 2019, five and seventy
seven hundredths percent (5.77%) of the wages paid to the individual in that calendar quarter of
the base period in which the individual's wages were highest. If the maximum weekly benefit rate
is not an exact multiple of one dollar ($1.00) then the rate shall be raised to the next higher
multiple of one dollar ($1.00). Those weekly benefit rates shall be effective throughout the
benefit years beginning on or after July 1 of the year prior to July of the succeeding calendar year.

(2) The benefit rate of any individual, if not an exact multiple of one dollar ($1.00), shall
be raised to the next higher multiple of one dollar ($1.00).

(b) Dependents' allowances. An individual to whom benefits for unemployment due to
sickness due to reasons allowed under this chapter are payable under this chapter with respect to
any week, shall, in addition to those benefits, be paid with respect to each week a dependent's
allowance of ten dollars ($10.00) or seven percent (7%), of the individual's benefit rate, payable
under subsection (a) of this section, whichever is greater for each of that individual's children,
including adopted and stepchildren or that individual's court appointed wards who, at the
beginning of the individual's benefit year, is under eighteen (18) years of age and who is at that
time in fact dependent on that individual. However, in no instance shall the individual's weekly
benefit amount including both the benefit rate and dependents' allowance exceed that individual's
average weekly wage in the base period. A dependent's allowance shall also be paid to that
individual for any child, including an adopted child or a stepchild or that individual's court
appointed ward, eighteen (18) years of age or over, incapable of earning any wages because of
mental or physical incapacity, and who is dependent on that individual in fact at the beginning of
the individual's benefit year, including individuals who have been appointed the legal guardian of
that child by the appropriate court. However, in no instance shall the number of dependents for
which an individual may receive dependents' allowances exceed five (5) in total. The weekly total
of dependents' allowances payable to any individual, if not an exact multiple of one dollar
($1.00), shall be rounded to the next lower multiple of one dollar ($1.00). The number of an
individual's dependents, and the fact of their dependency, shall be determined as of the beginning
of that individual's benefit year; provided, that only one individual shall be entitled to a
dependent's allowance for the same dependent with respect to any week. Each individual who
claims a dependent's allowance shall establish his or her claim to it to the satisfaction of the
director under procedures established by the director.
(c) Any individual's benefit rate and/or dependents' allowance in effect for a benefit year shall continue in effect until the end of that benefit year.

(d) Partial unemployment due to sickness due to reasons allowed under this chapter. For weeks beginning on or after January 1, 2006, an individual partially unemployed due to sickness due to reasons allowed under this chapter and otherwise eligible in any week shall be paid sufficient benefits with respect to that week, so that his or her wages, rounded to the next higher multiple of one dollar ($1.00), and his or her benefits combined will equal in amount the weekly benefit rate to which he or she would be entitled if totally unemployed due to sickness due to reasons allowed under this chapter in that week; provided that an individual must have been totally unemployed due to sickness due to reasons allowed under this chapter for at least seven (7) consecutive days prior to claiming partial benefits under this provision; provided, that this provision shall not apply if the individual is entitled to lag day benefits pursuant to § 28-41-9; provided, further, that nothing contained herein shall permit any individual to whom remuneration is payable for any work performed in any week in an amount equal to or greater than his or her weekly benefit rate to receive benefits or waiting period credit for that week.
