Introduced By: Senators Morgan, Raptakis, Gee, Ciccone, and Lombardi

Date Introduced: March 01, 2018

Referred To: Senate Judiciary

It is enacted by the General Assembly as follows:

1 SECTION 1. Chapter 40-6 of the General Laws entitled "Public Assistance Act" is
2 hereby amended by adding thereto the following section:

3 **40-6-30. Drug testing.**

4 (a) The department of human services may require a drug test to screen at random any
5 individual who is receiving public assistance under the provisions of this title. Such testing shall
6 conform to the standards and procedures of the department of health. The cost of such drug
7 testing shall be the responsibility of any individual tested who tests positive.

8 (b) An individual subject to the requirements of this section includes any parent or
9 caretaker relative who is included in the cash assistance group, including an individual who may
10 be exempt from work activity requirements due to the age of the youngest child or for another
11 reason or reasons.

12 (c) An individual who tests positive for controlled substances as a result of a drug test
13 required under this section is ineligible to receive further public assistance benefits for one year
14 after the date of the positive drug test unless the individual meets the requirements of §40-6-
15 30(d)(9).

16 (d) The department shall:

17 (1) Provide notice of possible random drug testing to each individual at the time of
18 application. The notice must advise the individual that drug testing may be conducted as a
19 condition for the continuation of benefits and that the individual must bear the cost of testing if

- 1 testing positive.
- 2 (2) Provide that for two (2) parent families, both parents are subject to the drug testing
3 requirement.
- 4 (3) Provide that any teen parent who is not required to live with a parent, legal guardian,
5 or other adult caretaker is subject to the drug testing requirement.
- 6 (4) Advise each individual to be tested, before the test is conducted, that they may, but
7 are not required to, advise the agent administering the test of any prescription or over-the-counter
8 medication they are taking.
- 9 (5) Require each individual to be tested to sign a written acknowledgment that they have
10 received and understood the notice and advice provided under §§ 40-6-30(d)(2) and 40-6-30
11 (d)(4).
- 12 (6) Assure each individual being tested a reasonable degree of dignity while producing
13 and submitting a sample for drug testing, consistent with the state's need to ensure the reliability
14 of the sample.
- 15 (7) Specify circumstances under which an individual who fails a drug test has the right to
16 take one or more additional tests.
- 17 (8) Provide any individual who tests positive with a list of licensed substance abuse
18 treatment providers available in the area in which they reside that meet the requirements of and
19 are licensed by the department of health. Neither the department nor the state is responsible for
20 providing or paying for substance abuse treatment as part of the screening conducted under this
21 section.
- 22 (9) An individual who tests positive under this section and is denied continued benefits as
23 a result may reapply for those benefits after six (6) months if the individual can document the
24 successful completion of a substance abuse treatment program offered by a provider that meets
25 the requirements of and is licensed by the department of health. An individual who has met the
26 requirements of this subsection and reapplies for benefits must also pass an initial drug test and
27 meet the requirements of subsection (a) of this section. Any drug test conducted while the
28 individual is undergoing substance abuse treatment must meet the requirements of subsection (a)
29 of this section. The cost of any drug testing and substance abuse treatment provided under this
30 section shall be the responsibility of the individual being tested and receiving treatment. An
31 individual who fails the drug test required under subsection (a) of this section may reapply for
32 benefits under this subsection only once.
- 33 (e) If a parent is deemed ineligible for continued benefits as a result of failing a drug test
34 conducted under this section:

1 (1) The dependent child's eligibility for benefits is not affected;

2 (2) An appropriate protective payee shall be designated to receive benefits on behalf of
3 the child; and

4 (3) The parent may choose to designate another individual to receive benefits for the
5 parent's minor child. The designated individual must be an immediate family member or, if an
6 immediate family member is not available or the family member declines the option, another
7 individual, approved by the department, may be designated. The designated individual must also
8 undergo drug testing before being approved to receive benefits on behalf of the child. If the
9 designated individual tests positive for controlled substances, they are ineligible to receive
10 benefits on behalf of the child.

11 (f) Validly obtained medical marijuana used pursuant to a prescription shall not be
12 deemed a controlled substance for the purpose of this chapter.
