14 (1) An adoption report as provided in § 23-3-14 or a certified copy of the decree of adoption  
15 together with the information necessary to identify the original certificate of birth and to establish  
16 a new certificate of birth; except that a new certificate of birth shall not be established if the court  
17 decreeing the adoption, the adoptive parents, or the adopted person requests that a new certificate  
18 shall not be established.

19 (2) A request that a new certificate be established and evidence required by regulation  
20 proving that the person has been legitimated, or that a court of competent jurisdiction has  
21 determined the paternity of the person; provided, however, that where a court of competent  
22 jurisdiction has determined the paternity of the person, the name of the person who has been  
23 adjudicated as being the father shall be inserted on the birth certificate.

24 (b) When a new certificate of birth is established, the actual place and date of birth shall be  
25 shown. It shall be substituted for the original certificate of birth.

26 (1) Thereafter, the original certificate and the evidence of adoption, paternity, or  
27 legitimation shall not be subject to inspection except as allowed by this chapter in the case of  
28 adoption by the adult adoptee, or upon order of a court of competent jurisdiction or as provided by  
29 regulation.

30 (2) Upon receipt of a notice of annulment of adoption, the original certificate of birth shall  
31 be restored to its place in the files and the new certificate and evidence shall not be subject to  
32 inspection except upon order of a court of competent jurisdiction.

33 (3) Upon receipt from a passive voluntary adoption mutual consent registry of a certificate  
34 provided for in § 15-7.2-12(b), the adult adoptee named in the certificate, ~~and only that person,~~

1 shall be entitled to receive non-certified copies of his or her original birth certificate.

2 (c) If no certificate of birth is on file for the person for whom a new certificate is to be  
3 established under this section, a delayed certificate of birth shall be filed with the state registrar of  
4 vital records as provided in § 23-3-12 or 23-3-13, before a new certificate of birth is established,  
5 except that when the date and place of birth and parentage have been established in accordance  
6 with this chapter in the adoption proceedings, a delayed certificate shall not be required.

7 (d) When a new certificate of birth is established by the state registrar of vital records, all  
8 copies of the original certificate of birth in the custody of any custodian of permanent local records  
9 in this state shall be sealed from inspection or forwarded to the state registrar of vital records, as he  
10 or she shall direct.

11 (e)(1) The state registrar shall, upon request, prepare and register a certificate in this state  
12 for a person born in a foreign country who is not a citizen of the United States and who was adopted  
13 through a court of competent jurisdiction in this state. The certificate shall be established upon  
14 receipt of a report of adoption from the court decreeing the adoption, proof of the date and place of  
15 the child's birth, and a request from the court, the adopting parents, or the adopted person if eighteen  
16 (18) years of age or over that a certificate be prepared. The certificate shall be labeled "certificate  
17 of foreign birth" and shall show the actual country of birth. After registration of the birth certificate  
18 in the new name of the adopted person, the state registrar shall seal and file the report of adoption  
19 which shall not be subject to inspection except upon order of a court of competent jurisdiction or  
20 as provided by regulation.

21 (2) If the child was born in a foreign country but was a citizen of the United States at the  
22 time of birth, the state registrar shall not prepare a "certificate of foreign birth" and shall notify the  
23 adoptive parents of the procedures for obtaining a revised birth certificate for their child through  
24 the U.S. department of state.

25 (f) When a new certificate of birth is established following an adoption or legitimation in  
26 this state, and when no record of the original birth is on file at the city or town of occurrence, the  
27 state registrar of vital records shall cause a copy to be filed with the registrar of births in the city or  
28 town where the child was born and the city or town of residence of the parents indicated on the new  
29 certificate, if that residence is within the state.

30 (g)(1) The division shall establish, maintain and operate the adoptee vital records file.  
31 Beginning July 1, 2012, upon written application by an adult adoptee who was born in the State of  
32 Rhode Island the division shall issue to such applicant a non-certified copy of the unaltered, original  
33 certificate of birth of the adoptee, with procedures, filing fees and waiting periods identical to those  
34 imposed upon non-adopted citizens of the state.

1           (2) The division shall prescribe and, upon request, shall make available to each birth parent  
2 of an adoptee named on the original birth certificate, a contact preference form on which the birth  
3 parent may state a preference regarding contact by an adoptee who is the birth child of the birth  
4 parent. The contact preference form shall be returned to the division. Upon such a request, the  
5 division shall also provide the birth parent with an updated medical history form, which may be  
6 completed and returned to the Passive Voluntary Adoption Mutual Consent Registry. The contact  
7 preference form shall provide the birth parent with the following options from which the birth  
8 parent shall select one:

9           "(a) I would like to be contacted.

10          (b) I would prefer to be contacted only through an intermediary.

11          (c) I would prefer not to be contacted at this time."

12          (3) When the division receives a completed contact preference form from a birth parent,  
13 the division shall place the form on file and create an index of all contact preference forms filed.  
14 When the vital records office receives a request for an original birth certificate they will then open  
15 the adoptee's sealed file and check the file for the names of the birth parent(s). These names will  
16 then be cross referenced with the birth parent(s) names listed on the contact preference form index.  
17 If there is a match, the vital records office will provide the adoptee a copy of the contact preference  
18 form. The division shall inform the adoptee of his or her right to contact the Passive Voluntary  
19 Adoption Mutual Consent Registry to see if an updated medical history form has been filed by his  
20 or her birth parent.

21          (4) Beginning September 1, 2011, the division shall make reasonable efforts to inform the  
22 public of the existence of the adoptee vital records file; the ability of adult adoptees born in the  
23 State of Rhode Island to access non-certified copies of their birth certificates subject to the  
24 provisions of this chapter; and the ability of the birth parent(s) of adoptees to file a contact  
25 preference form with the division of vital records.

26          (h) The division shall maintain the following statistics, which shall be made available to  
27 the general public on a quarterly basis or more frequently if possible:

28           (1) Number of original birth certificates released since the effective date of this bill;

29           (2) Number of contact preference forms filed; and

30           (3) Number of birth parent(s) who indicated on the contact preference form that they would  
31 like to be contacted, would like to be contacted but only through an intermediary, or do not want  
32 to be contacted.

33          SECTION 3. This act shall take effect upon passage.
