AN ACT
RELATING TO EDUCATION -- APPRENTICESHIP PATHWAYS TO EARNING A BACHELOR'S DEGREE ACT

Introduced By: Senators Gallo, Lombardo, DiPalma, and Seveney

Date Introduced: February 10, 2021

Referred To: Senate Education

It is enacted by the General Assembly as follows:

SECTION 1. Title 16 of the General Laws entitled "EDUCATION" is hereby amended by adding thereto the following chapter:

CHAPTER 110
APPRENTICESHIP PATHWAYS TO EARNING A BACHELOR'S DEGREE ACT

16-110-1. Short title.
This chapter shall be known and may be cited as the "Apprenticeship Pathways to Earning a Bachelor's Degree Act."

As used in this section:
(1) “Board” means the board of education.
(2) “Degree apprenticeship” means an apprenticeship program that meets the standards established in the National Apprenticeship Act 29 CFR Part 29 and the requirements of a postsecondary degree program as established by the relevant state education agency in the state where the program is delivered.
(3) “Student-apprentice” means a student or apprentice who meets the definition of “regular student,” as defined by the Higher Education Act, 34 CFR Part 600, and “apprentice” as defined by the National Apprenticeship Act, 29 CFR Part 29.2.

16-110-3. Implementation.
(a) The board of education shall adopt policies or regulations establishing nontraditional pathways to earning a bachelor’s degree at state public higher education institutions in the state through the inclusion of credits earned through apprenticeships.

(b) The board shall convene a workgroup, including, but not limited to, representatives from the department of labor and training, the office of the postsecondary commissioner, public higher education institutions, the state apprenticeship council, and the construction trades. The purpose of the workgroup is to consider and advise the board in the development of degree apprenticeship policies or regulations for nontraditional pathways to earning a bachelor’s degree. The policies or regulations shall include, but not be limited to:

1. The subject areas in which a student-apprentice may earn a bachelor's degree through a nontraditional pathway, with a greater priority given to subject areas that have both a low completion rate and a hiring need by employers existing in the state;

2. The form and manner in which apprenticeships may be registered with the department of labor and training and the board of education for inclusion in a nontraditional pathway to earning a bachelor's degree, including through public-private partnerships or an application process;

3. The minimum requirements that apprenticeships in each subject area shall meet to be registered as an apprenticeship with the department of labor and training and the board of education;

4. The number of credits a student may earn through a registered apprenticeship in each subject area;

5. The development of clear guidelines distinguishing credit-bearing and non-credit-bearing courses including, but not limited to, standardizing the process of assigning credit to courses; and

6. The requirements for successful completion of a registered apprenticeship in each subject area, including, but not limited to, the minimum number of hours of work and the level of demonstrated proficiency required in the subject area.

16-110-4. Reporting.

The board shall provide the governor, the president of the senate, and the speaker of the house of representatives an implementation plan for the apprenticeship pathways to earning a bachelor’s degree act, which shall include a start date of August 1, 2022. Such plan shall be presented no later than January 1, 2022. The board may create additional reporting requirements to focus on data collection for the purposes of program progress, goals, and participation.

SECTION 2. This act shall take effect upon passage.
This act would create the Apprenticeship Pathways to Earning a Bachelor’s Degree Act, to enable an individual to earn a bachelor’s degree at public higher education institutions throughout the state by earning credits through apprenticeships.

This act would take effect upon passage.
