WHEREAS, The stated mission of the Executive Office of Health and Human Services (EOHHS) is to ensure access to high quality and cost effective services that foster the health, safety, and independence of all Rhode Islanders; and

WHEREAS, In October of 2020, the Rhode Island Department of Health’s (RIDOH) Office of State Medical Examiners (OSME) released data indicating a sharp increase in accidental drug overdose deaths during the first seven months of 2020 with an increase of 26 percent in all fatal drug overdoses, a 33 percent increase in opioid-involved fatal overdoses, and more drug overdoses occurring in May of 2021 than in any other month since the tracking of this data began. This trend progressed and intensified through 2021, as the months of COVID-19 continued; and

WHEREAS, According to the Department of Behavioral Healthcare, Developmental Disabilities and Hospitals (BHDDH), as of November of 2020, there had been a 15 to 20 percent increase in calls from people seeking “some form of help, whether they’re seeking professional help, or they’re just seeking peers to talk to, or they just want someone to talk to because they are anxious and stressed”; and

WHEREAS, The stressors and isolation of the COVID-19 pandemic have exacerbated mental health conditions, and barriers to accessing necessary care by those in need of care or already using these services, have left many Rhode Islanders without the treatments and services...
they desperately need; and

WHEREAS, The Director of the Division of Pediatric Hospital Medicine at Hasbro Children's Hospital, has stated that he has witnessed "a massive pandemic of mentally ill adolescents," many of them admitted to Hasbro Children's Hospital; and

WHEREAS, In addition, many of our country's and State's veterans are struggling with their mental health due to increasing economic, social and financial impacts from the COVID-19 pandemic and require specific mental health support during the country's recovery; and

WHEREAS, Access to mental health support is essential in sustaining long-term recovery for Rhode Islanders negatively impacted and coping with the numerous mental health challenges of the COVID-19 crisis; now, therefore be it

RESOLVED, That this House of Representatives of the State of Rhode Island hereby respectfully requests EOHHS to create a COVID-19 surge plan for handling the increasing need for behavioral health services and substance use disorder treatments; and be it further

RESOLVED, That this House hereby requests EOHHS to submit the surge plan to the House on or before June 30, 2022; and be it further

RESOLVED, That the Secretary of State be and hereby is authorized and directed to transmit duly certified copies of this resolution to the Governor of the State of Rhode Island and Womazetta Jones, Secretary, Executive Office of Health and Human Services.
