25 (a) Any applicant proposing to build low or moderate income housing may submit to the
26 local review board a single application for a comprehensive permit to build that housing in lieu of
27 separate applications to the applicable local boards. This procedure is only available for proposals

29 application and review process for a comprehensive permit shall be as follows:

- 30 (1) Submission requirements. Applications for a comprehensive permit shall include:
- 31 (i) A letter of eligibility issued by the Rhode Island housing mortgage finance corporation,
32 or in the case of projects primarily funded by the U.S. Department of Housing and Urban
33 Development or other state or federal agencies, an award letter indicating the subsidy, or

6 project; and

18 or major subdivisions including, but not limited to, applications seeking relief from specific
19 provisions of a local zoning ordinance, or involving administrative subdivisions, minor land
20 developments or minor subdivisions, or other local ordinances and regulations: those items required
21 by local regulations promulgated pursuant to applicable state law, with the exception of evidence
22 of state or federal permits; and for comprehensive permit applications; and (B) involving major
23 land developments and major subdivisions, unless otherwise agreed to by the applicant and the
24 town; those items included in the checklist for the master plan in the local regulations promulgated
25 pursuant to § 45-23-40. Subsequent to master plan approval, the applicant must submit those items
26 included in the checklist for a preliminary plan for a major land development or major subdivision
27 project in the local regulations promulgated pursuant to § 45-23-41, with the exception of evidence
28 of state or federal permits. All required state and federal permits must be obtained prior to the final
29 plan approval or the issuance of a building permit; and

30 (viii) Municipalities may impose fees on comprehensive permit applications that are
31 consistent with but do not exceed fees that would otherwise be assessed for a project of the same
32 scope and type but not proceeding under this chapter, provided, however, that the imposition of
33 such fees shall not preclude a showing by a non-profit applicant that the fees make the project
34 financially infeasible; and

1 (xi) Notwithstanding the submission requirements set forth above, the local review board
2 may request additional, reasonable documentation throughout the public hearing, including, but not
3 limited to, opinions of experts, credible evidence of application for necessary federal and/or state
4 permits, statements and advice from other local boards and officials.

5 (2) Certification of completeness. The application must be certified complete or incomplete
6 by the administrative officer according to the provisions of § 45-23-36; provided, however, that for
7 a major land development or major subdivision, the certificate for a master plan shall be granted
8 within thirty (30) days and for a preliminary plan shall be granted within forty-five (45) days. The
9 running of the time period set forth herein will be deemed stopped upon the issuance of a certificate
10 of incompleteness of the application by the administrative officer and will recommence upon the
11 resubmission of a corrected application by the applicant. However, in no event will the
12 administrative officer be required to certify a corrected submission as complete or incomplete less
13 than fourteen (14) days after its resubmission. If the administrative officer certifies the application
14 as incomplete, the officer shall set forth in writing with specificity the missing or incomplete items.

15 (3) Pre-application conference. Where the comprehensive permit application proposal is a
16 major land development project or a major subdivision pursuant to chapter 23 of this title a
17 municipality may require an applicant proposing a project under this chapter to first schedule a pre-
18 application conference with the local review board, the technical review committee established
19 pursuant to § 45-23-56, or with the administrative officer for the local review board and other local
20 officials, as appropriate. To request a pre-application conference, the applicant shall submit a short
21 description of the project in writing including the number of units, type of housing, as well as a
22 location map. The purpose of the pre-application conference shall be to review a concept plan of
23 the proposed development. Upon receipt of a request by an applicant for a pre-application
24 conference, the municipality has thirty (30) days to schedule and hold the pre-application
25 conference. If thirty (30) days has elapsed from the filing of the pre-application submission and no
26 pre-application conference has taken place, nothing shall be deemed to preclude an applicant from
27 thereafter filing and proceeding with an application for a comprehensive permit.

28 (4) Review of applications. An application filed in accordance with this chapter shall be
29 reviewed by the local review board at a public hearing in accordance with the following provisions:

30 (i) Notification. Upon issuance of a certificate of completeness for a comprehensive permit,
31 the local review board shall immediately notify each local board, as applicable, of the filing of the
32 application, by sending a copy to the local boards and to other parties entitled to notice of hearings
33 on applications under the zoning ordinance and/or land development and subdivision regulations
34 as applicable.

1 (ii) Public Notice. Public notice for all public hearings will be the same notice required
2 under local regulations for a public hearing for a preliminary plan promulgated in accordance with
3 § 45-23-42. The cost of notice shall be paid by the applicant.

4 (iii) Review of minor projects. The review of a comprehensive permit application involving
5 only minor land developments or minor subdivisions or requesting zoning ordinance relief or relief
6 from other local regulations or ordinances not otherwise addressed in this subsection, shall be
7 conducted following the procedures in the applicable local regulations, with the exception that all
8 minor land developments or minor subdivisions under this section are required to hold a public
9 hearing on the application, and within ninety-five (95) days of issuance of the certificate of
10 completeness, or within such further time as is agreed to by the applicant and the local review
11 board, render a decision.

12 (iv) Review of major projects. In the review of a comprehensive permit application
13 involving a major land development and/or major subdivision, the local review board shall hold a
14 public hearing on the master plan and shall, within one hundred and twenty (120) days of issuance
15 of the certification of completeness, or within such further amount of time as may be agreed to by
16 the local review board and the applicant, render a decision. Preliminary and final plan review shall
17 be conducted according to local regulations promulgated pursuant to chapter 23 of this title except
18 as otherwise specified in this section.

19 (v) Required findings. In approving on an application, the local review board shall make
20 positive findings, supported by legally competent evidence on the record which discloses the nature
21 and character of the observations upon which the fact finders acted, on each of the following
22 standard provisions, where applicable:

23 (A) The proposed development is consistent with local needs as identified in the local
24 comprehensive community plan with particular emphasis on the community's affordable housing
25 plan and/or has satisfactorily addressed the issues where there may be inconsistencies.

26 (B) The proposed development is in compliance with the standards and provisions of the
27 municipality's zoning ordinance and subdivision regulations, and/or where expressly varied or
28 waived local concerns that have been affected by the relief granted do not outweigh the state and
29 local need for low and moderate income housing.

30 (C) All low and moderate income housing units proposed are integrated throughout the
31 development; are compatible in scale and architectural style to the market rate units within the
32 project; and will be built and occupied prior to, or simultaneous with the construction and
33 occupancy of any market rate units.

34 (D) There will be no significant negative environmental impacts from the proposed

1 development as shown on the final plan, with all required conditions for approval.

2 (E) There will be no significant negative impacts on the health and safety of current or
3 future residents of the community, in areas including, but not limited to, safe circulation of
4 pedestrian and vehicular traffic, provision of emergency services, sewerage disposal, availability
5 of potable water, adequate surface water run-off, and the preservation of natural, historical or
6 cultural features that contribute to the attractiveness of the community.

7 (F) All proposed land developments and all subdivisions lots will have adequate and
8 permanent physical access to a public street in accordance with the requirements of § 45-23-60(5).

9 (G) The proposed development will not result in the creation of individual lots with any
10 physical constraints to development that building on those lots according to pertinent regulations
11 and building standards would be impracticable, unless created only as permanent open space or
12 permanently reserved for a public purpose on the approved, recorded plans.

13 (vi) The local review board has the same power to issue permits or approvals that any local
14 board or official who would otherwise act with respect to the application, including, but not limited
15 to, the power to attach to the permit or approval, conditions, and requirements with respect to
16 height, site plan, size, or shape, or building materials, as are consistent with the terms of this section.

17 (vii) In reviewing the comprehensive permit request, the local review board may deny the
18 request for any of the following reasons: (A) if city or town has an approved affordable housing
19 plan and is meeting housing needs, and the proposal is inconsistent with the affordable housing
20 plan; (B) the proposal is not consistent with local needs, including, but not limited to, the needs
21 identified in an approved comprehensive plan, and/or local zoning ordinances and procedures
22 promulgated in conformance with the comprehensive plan; (C) the proposal is not in conformance
23 with the comprehensive plan; (D) the community has met or has plans to meet the goal of ten
24 percent (10%) of the year-round units or, in the case of an urban town or city, fifteen percent (15%)
25 of the occupied rental housing units as defined in § 45-53-3(2)(i) being low and moderate income
26 housing; or (E) concerns for the environment and the health and safety of current residents have
27 not been adequately addressed.

28 (viii) All local review board decisions on comprehensive permits shall be by majority vote
29 of the membership of the board and may be appealed by the applicant to the state housing appeals
30 board.

31 (ix) If the public hearing is not convened or a decision is not rendered within the time
32 allowed in subsection (a)(4)(iii) and (iv), the application is deemed to have been allowed and the
33 relevant approval shall issue immediately; provided, however, that this provision shall not apply to
34 any application remanded for hearing in any town where more than one application has been

1 remanded for hearing provided for in § 45-53-6(f)(2).

2 (x) Any person aggrieved by the issuance of an approval may appeal to the superior court
3 within twenty (20) days of the issuance of approval.

4 (xi) A comprehensive permit shall expire unless construction is started within twelve (12)
5 months and completed within sixty (60) months of final plan approval unless a longer and/or phased
6 period for development is agreed to by the local review board and the applicant. Low and moderate
7 income housing units shall be built and occupied prior to, or simultaneous with the construction
8 and occupancy of market rate units.

9 (xii) A town with an approved affordable housing plan and that is meeting local housing
10 needs may by council action limit the annual total number of dwelling units in comprehensive
11 permit applications from for-profit developers to an aggregate of one percent (1%) of the total
12 number of year-round housing units in the town, as recognized in the affordable housing plan and
13 notwithstanding the timetables set forth elsewhere in this section, the local review board shall have
14 the authority to consider comprehensive permit applications from for-profit developers, which are
15 made pursuant to this paragraph, sequentially in the order in which they are submitted.

16 (xiii) The local review board of a town with an approved affordable housing plan shall
17 report the status of implementation to the housing resources commission, including the disposition
18 of any applications made under the plan, as of June 30, 2006, by September 1, 2006 and for each
19 June 30 thereafter by September 1 through 2010. The housing resources commission shall prepare
20 by October 15 and adopt by December 31, a report on the status of implementation, which shall be
21 submitted to the governor, the speaker, the president of the senate and the chairperson of the state
22 housing appeals board, and shall find which towns are not in compliance with implementation
23 requirements.

24 (xiv) Notwithstanding the provisions of § 45-53-4 in effect on February 13, 2004, to
25 commence hearings within thirty (30) days of receiving an application remanded by the state
26 housing appeals board pursuant to § 45-53-6(f)(2) shall be heard as herein provided; in any town
27 with more than one remanded application, applications may be scheduled for hearing in the order
28 in which they were received, and may be taken up sequentially, with the thirty (30) day requirement
29 for the initiation of hearings, commencing upon the decision of the earlier filed application.

30 (b)(1) The general assembly finds and declares that in January 2004 towns throughout
31 Rhode Island have been confronted by an unprecedented volume and complexity of development
32 applications as a result of private for-profit developers using the provisions of this chapter and that
33 in order to protect the public health and welfare in communities and to provide sufficient time to
34 establish a reasonable and orderly process for the consideration of applications made under the

1 provisions of this chapter, and to have communities prepare plans to meet low and moderate income
2 housing goals, that it is necessary to impose a moratorium on the use of comprehensive permit
3 applications as herein provided by private for-profit developers; a moratorium is hereby imposed
4 on the use of the provisions of this chapter by private for-profit developers, which moratorium shall
5 be effective on passage and shall expire on January 31, 2005 and may be revisited prior to expiration
6 and extended to such other date as may be established by law. Notwithstanding the provisions of
7 subsection (a) of this section, private for-profit developers may not utilize the procedure of this
8 chapter until the expiration of the moratorium.

9 (2) No for-profit developer shall submit a new application for comprehensive permits until
10 July 1, 2005, except by mutual agreement with the local review board.

11 (3) Notwithstanding the provisions of subdivision (b)(2) of this section, a local review
12 board in a town which has submitted a plan in accordance with subsection (c) of this section, shall
13 not be required to accept an application for a new comprehensive permit from a for-profit developer
14 until October 1, 2005.

15 (c) Towns and cities that are not in conformity with the provisions of § 45-53-3(2)(i) shall
16 prepare by December 31, 2004, a comprehensive plan housing element for low and moderate
17 income housing as specified by § 45-53-3(2)(ii), consistent with applicable law and regulation.
18 That the secretary of the planning board or commission of each city or town subject to the
19 requirements of this paragraph shall report in writing the status of the preparation of the housing
20 element for low and moderate income housing on or before June 30, 2004, and on or before
21 December 31, 2004, to the secretary of the state planning council, to the chair of the house
22 committee on corporations and to the chair of the senate committee on commerce, housing and
23 municipal government. The state housing appeals board shall use said plan elements in making
24 determinations provided for in § 45-53-6(b)(2).

25 (d) If any provision of this section or the application thereof shall for any reason be judged
26 invalid, such judgment shall not affect, impair, or invalidate the remainder of this section or of any
27 other provision of this chapter, but shall be confined in its effect to the provision or application
28 directly involved in the controversy giving rise to the judgment, and a moratorium on the
29 applications of for-profit developers pursuant to this chapter shall remain and continue to be in
30 effect for the period commencing on the day this section becomes law [February 13, 2004] and
31 continue until it shall expire on January 31, 2005, or until amended further.

32 (e) In planning for, awarding and otherwise administering programs and funds for housing
33 and for community development, state departments, agencies, boards and commissions, public
34 corporations, as defined in chapter 18 of title 35, shall among the towns subject to the provision of

1 § 45-53-3(ii) give priority to the maximum extent allowable by law, to towns with an approved
2 affordable housing plan. The director of administration shall adopt not later than January 31, 2005,
3 regulations to implement the provisions of this section.
