2 GOVERNMENT" is hereby amended by adding thereto the following chapter:

3 CHAPTER 56.4

4 SOLITARY CONFINEMENT REFORM ACT

5 **42-56.4-1. Legislative intent.**

6 (a) It is the policy of the State of Rhode Island that the department of corrections and the  
7 facilities it operates maintain safe, secure housing for all inmates.

8 (b) Restrictive housing should only be used:

9 (1) In circumstances that pose a clear and direct threat to the safety of persons or to the safe  
10 and secure operations of the facility;

11 (2) In the absence of alternatives to restrictive housing;

12 (3) For the shortest time possible; and

13 (4) With the least restrictive conditions possible.

14 **42-56.4-1. Definitions.**

15 As used in this chapter, unless the context indicates a different meaning or intent:

16 (1) "Administrative confinement" means any status or classification, except for disciplinary  
17 confinement, for prisoners whose conduct may pose a serious threat to life, self, staff, other  
18 prisoners, or the facility's security or orderly operation.

1           (2) "Basic necessities" includes weather-appropriate clothing and footwear; adequate food  
2 in compliance with medical and religious accommodations, with no more than twelve (12) hours  
3 between meals; access to drinking water and functioning sanitary fixtures; access to a shower and  
4 hygienic items; bedding; and ventilation.

5           (3) "Cell" means any room, area or space that is primarily used for the confinement of  
6 prisoners; or any room, area or space that is less than one hundred square feet (100 sq. ft), regardless  
7 of use or purpose. Shared spaces whose primary purpose is congregate social interaction, education,  
8 programming, rehabilitation, or physical and psychological wellness, including recreation areas,  
9 classrooms, libraries, and spaces used for medical evaluation and treatment, shall not constitute  
10 "cells."

11           (4) "Department" means the department of corrections.

12           (5) "Director" means the director of the department of corrections.

13           (6) "Disciplinary confinement" means punitive confinement of a prisoner based on  
14 violation of departmental rules, whether in the general population, a specialized housing unit, or  
15 elsewhere.

16           (7) "General population" means classification to maximum, medium, or minimum security  
17 with no restrictions placed on activities or privileges.

18           (8) "Member of a vulnerable population" means someone who:

19           (i) Has a serious and persistent mental illness, as defined by the department of corrections,  
20 or a psychiatric disability, as defined in § 40.1-5-2;

21           (ii) Has a developmental disability, as defined in § 40.1-1-8.1;

22           (iii) Is pregnant, in the postpartum period, or has recently suffered a miscarriage or  
23 terminated a pregnancy; or

24           (iv) Has a significant auditory or visual impairment, or a serious medical condition that  
25 cannot be adequately treated in restrictive housing or which is medically contraindicated to  
26 placement in restrictive housing.

27           (9) "Protective custody" means any form of separation from a prison's general population  
28 for prisoners requiring additional protection for their own safety.

29           (10) "Restrictive housing" means any type of detention where a prisoner is unable to leave  
30 their room or cell for eighteen (18) hours or more in a twenty-four (24) hour period, including all  
31 forms of disciplinary confinement and administrative confinement, loss of all privileges,  
32 administrative restrictive status, or other classifications or statuses that restrict out-of-cell time to  
33 six (6) or fewer hours per day.

34           (11) "Step-down plan" means an individualized program, developed by a coordinated,

1 multidisciplinary team to include mental health, case management, and security practitioners, that  
2 describes:

- 3 (i) The specific behaviors that resulted in placement in restrictive housing;
- 4 (ii) The programs and services available to the prisoner to address that behavior and  
5 promote general rehabilitation;
- 6 (iii) An estimated timeframe for returning to a less-restrictive classification;
- 7 (iv) Incentives available in order that prisoners can earn additional privileges and an  
8 accelerated return to the general population; and
- 9 (v) A schedule for regular review of the plan and the prisoner's classification.

10 (12) "Out-of-cell" means being in a space outside of the "cell" as defined in § 42-56.4-2.

11 **42-56.4-3. Restrictive housing, generally.**

12 (a) The department shall maximize the amount of time that each prisoner in restrictive  
13 housing spends outside of the cell by providing, as appropriate, access to recreation, education,  
14 clinically appropriate treatment therapies, skill-building activities, and social interaction with staff  
15 and other inmates.

16 (b) Each prisoner entering restrictive housing shall be seen and assessed by a qualified  
17 mental health professional or health care professional within seventy-two (72) hours of placement  
18 and at least every fourteen (14) days thereafter.

19 (c) For each placement in restrictive housing, the department shall document:

- 20 (1) The nature of the threat to safety and security posed by the prisoner;
- 21 (2) The impact any restrictions in conditions of confinement may have on their health; and
- 22 (3) All alternatives that may be available to safely deal with the threat, other than restrictive  
23 housing.

24 (d) Prisoners in restrictive housing shall have equal access to programming; personal  
25 belongings in-cell, including food, legal and reading materials; commissary; medical and mental  
26 health care; legal assistance, including law library and notary services; and basic necessities as  
27 those in the general population. If provision of any such services or belongings to an individual  
28 would create a significant and unreasonable risk to the safety and security of incarcerated persons,  
29 staff, or the facility, such services or belongings may be withheld, on an individual basis, until it  
30 reasonably appears that the risk has ended.

31 (e) Each decision to withhold services or entitlements under subsection (d) of this section  
32 shall be meaningfully reviewed within twenty-four (24) hours, and every seven (7) days thereafter,  
33 by the facility warden, or designee, and by a qualified mental health professional. Each review shall  
34 consider the impact of continued deprivation of services or entitlements on the person's risk to

1 safety and security, and the warden shall articulate in writing, with a copy provided to the  
2 incarcerated person, the specific reason why the person currently poses an unreasonable risk to  
3 safety and security and why the particular services or entitlements shall continue to be withheld.  
4 Written approval from the director shall be required for any deprivation of services or entitlements  
5 beyond thirty (30) days and every thirty (30) days thereafter.

6 (f) No prisoner shall be denied access to programming or work assignments solely on the  
7 basis of being in restrictive housing, and the department shall offer programming to prisoners in  
8 restrictive housing that is substantially similar to programming offered to prisoners in the general  
9 population, including accommodating classwork and education in-cell. Additionally, the  
10 department shall offer prisoners in restrictive housing additional out-of-cell, trauma-informed  
11 therapeutic programming aimed at promoting personal development, addressing underlying causes  
12 of problematic behavior resulting in placement in restrictive housing, and helping prepare for  
13 discharge from restrictive housing to the general population and to the community.

14 (g) Prisoners in restrictive housing shall receive a daily visit from the senior correctional  
15 supervisor in charge of the unit, daily visits from a qualified health care professional, and visits  
16 from members of the program staff at least weekly.

17 (h) Prisoners shall have a meaningful opportunity to be heard before a decision is made to  
18 place them in restrictive housing, at each classification review in administrative confinement  
19 beyond sixty (60) days, and at each decision to withhold entitlements under subsection (e) of this  
20 section beyond thirty (30) days. Such a hearing or proceeding shall be considered a contested case,  
21 as defined in § 42-35-1.

22 **42-56.4-4. Discipline -- Disciplinary confinement.**

23 (a) The department shall establish maximum penalties for each level of offense. These  
24 penalties should always include alternatives to disciplinary confinement. The maximum restrictive  
25 housing penalty for any single rule violation or any series of related rule violations shall be no more  
26 than fifteen (15) days.

27 (b) All penalties shall be proportioned to the offense.

28 (c) Disciplinary confinement shall only be considered for offenses involving violence,  
29 involving escape, or posing a threat to institutional safety by encouraging others to engage in such  
30 misconduct.

31 (d) All prisoners in disciplinary confinement shall receive a minimum of two (2) hours out-  
32 of-cell each day.

33 (e) No prisoner shall serve more than thirty (30) days in disciplinary confinement in a sixty  
34 (60) day period.

1 (f) Prisoners who assert that they have been held in disciplinary confinement beyond the  
2 time limits specified in this section shall have a meaningful opportunity to be heard before the  
3 warden or the warden's designee. Such a hearing or proceeding shall be considered a contested  
4 case.

5 (g) No prisoner who is below age twenty-two (22), over age sixty (60), or a member of a  
6 vulnerable population shall be placed in disciplinary confinement for any period of time unless the  
7 individual presents an immediate and present danger and there is no reasonable alternative for  
8 placement. Such placement shall last only as long as necessary to find an alternative housing  
9 placement.

10 (h) A prisoner should not be placed in restrictive housing pending investigation of a  
11 disciplinary offense unless their presence in the general population would pose a danger to  
12 themselves, staff, other prisoners, or the public. A prisoner's placement in restrictive housing  
13 pending investigation shall be reviewed within twenty-four (24) hours by the warden, or designee.  
14 No prisoner shall remain in investigative segregation for a longer period of time than the maximum  
15 term of disciplinary segregation permitted for the most serious offense charged.

16 **42-56.4-5. Administrative confinement -- Protective custody.**

17 (a) Placement in administrative confinement is limited to individuals who pose an  
18 imminent threat to the security of the institution, shall only be considered when it serves a specific  
19 penological purpose, and shall last no longer than necessary to address the specific reason(s) for  
20 placement.

21 (b) All prisoners in administrative confinement shall receive a minimum of four (4) hours  
22 out-of-cell each day.

23 (c) Each prisoner in administrative confinement shall have their status reviewed by the  
24 classification board, warden, or designee, every seven (7) days for the first sixty (60) days of the  
25 prisoner's placement and at least every thirty (30) days after the first sixty (60) days.

26 (d) The department shall create an individualized step-down plan, as defined in § 42- 56.4-  
27 2, no later than fourteen (14) days after each placement in administrative confinement. This step-  
28 down plan shall be shared with the prisoner unless specifically articulable security concerns require  
29 otherwise.

30 (e) Where possible, prisoners with serious mental illness should be diverted from  
31 administrative confinement and placed in a clinically appropriate alternative form of housing. Any  
32 prisoner with a serious mental illness placed in administrative confinement shall receive intensive,  
33 clinically appropriate mental health treatment for the entirety of the placement in administrative  
34 confinement.

1 (f) No prisoner classified to protective status shall be held in conditions more restrictive  
2 than those in administrative confinement.

3 **42-56.4-6. Transitional administrative confinement and step-down housing.**

4 (a) The department shall create a system of step-down and transitional housing and  
5 programming for prisoners who require additional assistance in transitioning from administrative  
6 confinement into the general population.

7 (b) Conditions in transitional step-down and transitional housing shall mirror, to the extent  
8 possible, those in the general population.

9 (c) At a minimum, prisoners in step-down and transitional housing shall receive six (6)  
10 hours of out-of-cell time each day.

11 **42-56.4-7. Staff training.**

12 (a) The department shall provide training to employees of the department who interact with  
13 inmates concerning the following:

14 (1) Dispute resolution methods and de-escalation and communication techniques;

15 (2) Trauma-informed care and restorative justice;

16 (3) The types and symptoms of mental illness;

17 (4) Custodial needs of prisoners with mental illness; and

18 (5) The long- and short-term psychological effects of being on administrative segregation  
19 status.

20 (b) Within available appropriations, the department of corrections shall take measures to  
21 promote the wellness of employees of the department who interact with inmates. These measures  
22 may include, but need not be limited to:

23 (1) Employee assistance programs;

24 (2) Peer support programs; and

25 (3) Stress management training.

26 **42-56.4-8. Reporting.**

27 (a) The department of corrections shall issue a report ("annual restrictive housing report")  
28 to be made publicly available on the department's website one year after the effective date of this  
29 chapter and by January 31 of each year thereafter, indicating the following, broken out by  
30 disciplinary, administrative, and transitional confinement:

31 (1) The number of prisoners in each institution placed in restrictive housing during the past  
32 year;

33 (2) The nature of the infractions and behaviors leading to the use of restrictive housing;

34 (3) The lengths of terms served in restrictive housing, including terms served consecutively

1 and cumulatively;

2 (4) The races, ethnicities, genders, and religions of all prisoners placed in restrictive  
3 housing;

4 (5) The number of members of a vulnerable population placed in restrictive housing, by  
5 category promulgated in the definition thereof listed in § 42-56.4-2; and

6 (6) The average weekly out-of-cell time provided to prisoners in each category of  
7 restrictive housing.

8 (b) The restrictive housing oversight committee, as created in § 42-26-20, may require the  
9 department to publish additional information, in addition to the fields delineated by statute, in the  
10 annual restrictive housing report.

11 **42-56.4-9. Declaratory judgment.**

12 (a) Any prisoner may bring an action for declaratory judgment in the superior court of  
13 Providence county, when it is alleged that:

14 (1) The department of corrections or an officer thereof failed to perform a duty enjoined  
15 upon it by this chapter, or acted in violation of lawful procedure as required by this chapter; or

16 (2) A department rule, or its threatened application, interferes with or impairs, or threatens  
17 to interfere with or impair, the legal rights or privileges of the plaintiff under this chapter or the  
18 state or federal Constitution.

19 (b) A declaratory judgment may be rendered whether or not the plaintiff has requested the  
20 agency to pass upon the validity or applicability of the rule in question.

21 SECTION 2. Chapter 42-26 of the General Laws entitled "Public Safety Grant  
22 Administration Office" is hereby amended by adding thereto the following section:

23 **42-26-20. Restrictive housing oversight committee.**

24 (a) There is hereby created within the public safety grant administration office, pursuant to

31 different facilities on each inspection. Neither the committee nor the ombudsperson shall announce  
32 an inspection to any individual or entity outside of the committee before the inspection occurs. The  
33 department shall ensure full access to the facility, inmates and staff as part of these inspections  
34 consistent with this section.

1 (h) All oral and written communications, and records relating to such communications

1           This act would establish the restrictive housing oversight committee ("committee") for the  
2 purpose of monitoring the use of restrictive housing ("solitary confinement"), as well as disciplinary
