IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2011

A N A C T

RELATING TO TOWNS & CITIES -- RHODE ISLAND COMPREHENSIVE PLANNING AND LAND USE ACT

Introduced By: Representatives Winfield, and Petrarca

Date Introduced: February 15, 2011

Referred To: House Municipal Government

It is enacted by the General Assembly as follows:

SECTION 1. Sections 45-22.2-2, 45-22.2-3, 45-22.2-4, 45-22.2-5, 45-22.2-6, 45-22.2-8, 45-22.2-9, 45-22.2-10, 45-22.2-11, 45-22.2-12, and 45-22.2-13 of the General Laws in Chapter 45-22.2 entitled “Rhode Island Comprehensive Planning and Land Use Regulation Act” are hereby amended to read as follows:

45-22.2-2. Adoption of comprehensive plans; supersession of prior plans; relation to other statutes

Status of comprehensive plans; relation to other statutes. — (a) All lawfully adopted comprehensive plans shall remain in full force and effect but shall be brought into conformance with this chapter according to the schedule set forth in § 45-22.2-5(a)(3) prior to June 1, 2016. Each city and town shall review its comprehensive plan and make established amendments or revisions that are necessary to bring it into conformance with this chapter.

(b) All cities and towns which have not adopted a comprehensive plan shall do so pursuant to the schedule established in § 45-22.2-5(a)(3).

(c) Section 45-22.6 and all special acts relating to comprehensive plans are repealed effective July 1, 1990. All provisions of comprehensive plans adopted under the authority of the provisions of § 45-22.6 or any special act repealed by this chapter become null and void upon the adoption of a comprehensive plan by a municipality and upon approval of the plan by the director, unless amended to conform to the provisions of this chapter.

(d) All comprehensive plans adopted under the authority of § 45-22.6 or any special...
enabling act that is in effect on June 11, 1988 shall remain in full force and effect until the date specified in the schedule in § 45-22.2-5(a)(3), unless amended or repealed before the specified date.

e) Where time periods specified for an action conflict with the provisions of a home rule or legislative charter adopted prior to June 11, 1988, the provisions of this chapter take precedence.

Of Nothing contained in this chapter is construed to supersede or diminish any regulatory or planning authority granted or delegated to a state agency by state or federal statute.

45-22.2-3. Legislative findings and intent – Statement of goals. – (a) Findings. The general assembly recognizes these findings, each with equal priority and numbered for reference only, as representing the need to substantially revise present enabling legislation and, for effective planning, therefore, declares that:

(1) The absence of accurate technical information and comprehensive planning by municipal government as is necessary to form a rational basis for the long-term physical development of a municipality and to avoid creates conflicting requirements and reactive land use regulations and decisions.

(2) Municipal government is responsible for land use, but lacks the and requires accurate technical information and financial resources to plan for orderly growth and development, and the protection and management of our land and natural resources.

(3) Land, water, and air are finite natural resources. Comprehensive planning must is needed to provide for protection, development, use, and management of our land and natural resources.

(4) Comprehensive planning and its implementation will are needed to promote the appropriate use of land. The lack of comprehensive planning and its implementation has led could lead to the misuse, underuse, and overuse of our land and natural resources.

(5) The Comprehensive planning is needed to provide for the coordination of growth and the intensity of development with provisions for services and facilities is a proper objective of comprehensive planning.

(6) Comprehensive planning is needed to provide a basis for municipal and state initiatives to ensure all citizens have access to a range of housing choices, including the availability of affordable housing for all income levels and age groups.

(7) Municipal comprehensive Comprehensive planning must is needed to recognize and address potentially conflicting land uses as well as shared resources in contiguous municipalities and encourage cooperative planning efforts by municipalities.
(8) Comprehensive planning will be necessary to provide a basis for improved coordination so that local plans reflect issues of local, regional, and statewide concern. Comprehensive planning will insure that municipal government has a role in the formulation of state goals and policies.

(9) Improved coordination is necessary between state and municipal governments to promote uniform standards and review procedures as well as consistency in land use regulations.

(b) Intent. The general assembly declares it is the intent of this chapter to:

(1) Establish, in each municipality, a program of comprehensive planning that is implemented according to the standards and schedule contained in this chapter; comprehensive plans shall be maintained and amended as necessary in order to achieve the goals established within this section.

(2) Provide financial assistance for the formulation and implementation of the comprehensive plan.

(3) Provide financial assistance to establish and maintain a uniform data and technical information base to be used by state and municipal governments and their agencies.

(4) Establish standards and a uniform procedure for the review and approval of municipal comprehensive plans and state guide plans and their consistency with overall state goals, objectives, standards, applicable performance measures, and policies.

(5) Establish and maintain a procedure for coordinating planning at state and municipal levels which will accommodate future requirements including addressing potentially conflicting land uses as well as shared resources in contiguous municipalities and encouraging cooperative planning efforts by municipalities.

(c) Goals. The general assembly hereby establishes a series of goals to provide overall direction and consistency for state and municipal agencies in the comprehensive planning process established by this chapter. The goals have equal priority and are numbered for reference only.

(1) To promote orderly growth and development that recognizes the natural characteristics of the land, its suitability for use, and the availability of existing and proposed public and/or private services and facilities, and is consistent with available resources and the need to protect public health, including drinking water supply, drinking water safety, and environmental quality.

(2) To promote an economic climate which increases quality job opportunities and overall economic well-being of each municipality and the state.

(3) To promote the production and rehabilitation of year-round housing for persons and families of low and moderate income in a manner...
that: considers local, regional, and statewide needs; achieves a balance of housing choices for all
income levels and age groups; which recognizes the affordability of housing as the responsibility
of each municipality and the state; takes into account growth management and the need to phase
and pace development in areas of rapid growth; and which facilitates economic growth in the
state.

(4) To promote the protection of the natural, historic, and cultural resources of each
municipality and the state.

(5) To promote the preservation of the open space and recreational resources of each
municipality and the state.

(6) To provide for the use of performance-based standards for development and to
encourage the use of innovative development regulations and techniques that promote the
development of land suitable for development while protecting our natural, cultural, historical,
and recreational resources, and achieving a balanced pattern of land uses.

(7) To promote consistency of state actions and programs with municipal comprehensive
plans, and provide for review procedures to ensure that state goals and policies are reflected in
municipal comprehensive plans and state guide plans.

(8) To ensure that adequate and uniform data are available to municipal and state
government as the basis for comprehensive planning and land use regulation.

(9) To ensure that municipal land use regulations and decisions are consistent with the
comprehensive plan of the municipality, and to ensure state land use regulations and
decisions are consistent with state guide plans.

(10) To encourage the involvement of all citizens in the formulation, review, and
adoption, or amendment of the comprehensive plan.

(11) To preserve existing government subsidized housing for persons and families of low
and moderate income and to increase the overall supply of year round housing, including housing
for low and moderate income persons and families.

45-22.2-5. Formulation of comprehensive plan by cities and towns. Formulation of comprehensive plans by cities and towns. – (a) The comprehensive plan is a statement (in text, maps, illustrations, or other media of communication) that is designed to provide a basis for rational decision making regarding the long-term physical development of the municipality. The definition of goals and policies relative to the distribution of future land uses, both public and private, forms the basis for land use decisions to guide the overall physical, economic, and social development of the municipality.

(b) There is established a program of local comprehensive planning to address the findings and intent and accomplish the goals of this chapter. Rhode Island's cities and towns, through the exercise of their power and responsibility pursuant to the general laws, applicable articles of the Rhode Island Constitution, and subject to the express limitations and requirements of this chapter, shall:

1. Plan for future land use which relates development to land capability, protects our natural resources, promotes a balance of housing choices, encourages economic development, preserves and protects our open space, recreational, historic and cultural resources, and provides for orderly provision of facilities and services;

2. Adopt, update, and prepare, adopt, amend, and maintain comprehensive plans,
including implementation programs that relate development to land capacity, protect our natural resources, promote a balance of housing choices, encourage economic development, preserve and protect our open space, recreational, historic and cultural resources, provide for orderly provision of facilities and services and are consistent with the goals, findings, intent, and other provisions of this chapter; and the laws of the state.

(3) Conform its zoning ordinance and map with its comprehensive plan within eighteen (18) months of plan adoption and approval as provided for in § 45-22.2-9;

(4) Do all things necessary to carry out the purposes of this chapter.

d(b)(c) Each municipality shall prepare and adopt a comprehensive plan which is consistent with the goals, findings, intent, and other provisions of this chapter, or amend its existing comprehensive plan to conform with the requirements of this chapter ensure that its zoning ordinance and map are consistent with its comprehensive plan.

d(c)(d) Each municipality shall submit its proposed comprehensive plan and existing land use regulation to the director chief, as provided for in sections 45-22.2-9 and 45-22.2-12 and the rules promulgated by the state planning council:

(1) Its locally adopted comprehensive plan;

(2) Any amendment to its comprehensive plan;

(3) An informational report on the status of its implementation programs; and

(4) Its zoning ordinance text and generalized zoning map or maps.

d(d) Each municipality shall submit any amended comprehensive plan to the director.

45-22.2-6. Required elements of comprehensive plan

Required content of a comprehensive plan. – The comprehensive plan is a statement (in text, maps, illustrations, or other media of communication) that is designed to provide a basis for rational decision making regarding the long term physical development of the municipality. The definition of goals and policies relative to the distribution of future land uses, both public and private, forms the basis for land use decisions to guide the overall physical, economic, and social development of the municipality. The comprehensive plan must be internally consistent in its policies, forecasts, and standards, and include the following elements:

(a) The comprehensive plan must utilize a minimum twenty (20) year planning timeframe in considering forecasts, goals, and policies.

(b) The comprehensive plan must be internally consistent in its policies, forecasts, and standards, and shall include the content described within this section. The content described in subdivisions (1) through (10) may be organized and presented as deemed suitable and appropriate by the municipality. The content described in subdivisions (11) and (12) must be included as
individual sections of the plan.

(1) Goals and policies statement, Identifies The plan must identify the goals and policies of the municipality for its future growth and development and for the conservation of its natural and cultural resources. The statement enumerates how the plan is consistent with the overall goals and policies of this chapter, the state guide plan, and related elements. The goals and policies of the plan shall be consistent with the goals and intent of this chapter and embody the goals and policies of the state guide plan.

(2) Land use plan element. Designates the proposed general distribution and general location and interrelationship of land use for residential, commercial, industry, open space, recreation facilities, and other categories of public and private uses of land. The land use element is based upon the other elements contained in this section, and it relates the proposed standards of population density and building intensity to the capacity of the land and available or planned facilities and services. A land use plan map, illustrating the future strategy and land use policy of the municipality, as defined by the comprehensive plan, is required. The land use plan must contain an analysis of the inconsistency of existing zoning districts, if any, with the land use plan. The land use plan should specify the process by which the zoning ordinance and zoning map shall be amended to conform to the comprehensive plan.

(3) Housing element. Consists of identification and analysis of existing and forecasted housing needs and objectives including programs for the preservation, including, but not limited to, the preservation of federally insured or assisted housing, improvement, and development of housing for all citizens. The housing element enumerates local policies and implementation techniques to promote the production and rehabilitation of housing that achieves a balance of housing choices, recognizing local, regional, and statewide needs for all income levels and for all age groups, including, but not limited to, the affordability of housing and the preservation of federally insured or assisted housing. The element identifies specific programs and policies for inclusion in the implementation program necessary to accomplish this purpose and takes into account growth management and the need to phase and pace development in areas of rapid growth. The housing element includes an affordable housing plan that identifies housing needs in the community, including, but not limited to, the needs for low and moderate income housing, establishes goals and policies to address those needs, consistent with available resources and the need to protect public health, including drinking water supplies and safety and environmental quality. The affordable housing plan includes an implementation program of actions to be taken to effectuate the policies and goals of the affordable housing plan.

(4) Economic development element. Includes the identification of economic development
policies and strategies, either existing or proposed by the municipality, in coordination with the
land use plan element. These policies should reflect local, regional, and statewide concerns for
the expansion and stabilization of the economic base and the promotion of quality employment
opportunities and job growth. The policies and implementation techniques must be identified for
inclusion in the implementation program element.

(5) Natural and cultural resources element. Provides an inventory of the significant
natural resource areas as water, soils, prime agricultural lands, natural vegetation systems,
wildlife, watersheds, wetlands, aquifers, coastal features, flood plains, and other natural
resources, and the policies for the protection and management of these areas. The element
includes policies for the protection of the historic and cultural resources of the municipality and
the state. The policies and implementation techniques must be identified for inclusion in the
implementation program element.

(6) Services and facilities element. Provides an inventory of existing and forecasted needs
for facilities and services used by the public as, but not limited to, educational facilities, public
safety, water, sanitary sewers, libraries, and community facilities. The policies and
implementation techniques must be identified for inclusion in the implementation program
element.

(7) Open space and recreation element. Includes an inventory of recreational resources,
open space areas, and recorded access to these resources and areas. The element must also
contain an analysis of forecasted needs and policies for the management and protection of these
resources and areas. The policies and implementation techniques must be identified for inclusion
in the implementation program element.

(8) Circulation element. Consists of the inventory and analysis of existing and proposed
major circulation systems, street patterns, and any other modes of transportation in coordination
with the land use element. The policies and implementation techniques must be identified for
inclusion in the implementation program element. (9) Implementation program.

(i) A statement which defines and schedules for a period of five (5) years or more the
specific public actions to be undertaken in order to achieve the goals and objectives of each
element of the comprehensive plan. Scheduled expansion or replacement of public facilities, and
the anticipated costs and revenue sources proposed to meet those costs reflected in a
municipality’s capital improvement program, must be included in the implementation program.

(ii) The implementation program identifies the public actions necessary to implement the
objectives and standards of each element of the comprehensive plan that require the adoption or
amendment of codes and ordinances by the governing body of the municipality.
(iii) The implementation program identifies other public authorities or agencies owning water supply facilities or providing water supply services to the municipality, and coordinates the goals and objectives of the comprehensive plan with the actions of public authorities or agencies with regard to the protection of watersheds as provided in § 46.15.3.1, et seq.

(iv) The implementation program must detail the timing and schedule of municipal actions required to amend the zoning ordinance and map to conform to the comprehensive plan.

(2) Maps. The plan must contain maps illustrating the following as appropriate to the municipality:

(i) Existing conditions:

(A) Land use, including the range of residential housing densities;

(B) Zoning;

(C) Key infrastructure such as, but not limited to, roads, public water, and sewer;

(D) Service areas for public water and sewer;

(E) Historical and cultural resource areas and sites;

(F) Open space and conservation areas (public and private); and

(G) Natural resources such as, but not limited to, surface water, wetlands, floodplains, soils, and agricultural land;

(ii) Future land use illustrating the desired patterns of development, density, and conservation as defined by the comprehensive plan; and

(iii) Identification of discrepancies between future land uses and existing zoning use categories.

(3) Natural resource identification and conservation. The plan must be based on an inventory of significant natural resource areas such as, but not limited to, water, soils, prime agricultural lands, forests, wildlife, wetlands, aquifers, coastal features, and floodplains. The plan must include goals, policies, and implementation techniques for the protection and management of these areas.

(4) Open space and outdoor recreation identification and protection. The plan must be based on an inventory of outdoor recreational resources, open space areas, and recorded access to these resources and areas. The plan must contain an analysis of forecasted needs, policies for the management and protection of these resources and areas, and identification of areas for potential expansion. The plan must include goals, policies, and implementation techniques for the protection and management of existing resources and acquisition of additional resources if appropriate.

(5) Historical and cultural resources identification and protection. The plan must be based
on an inventory of significant historical and cultural resources such as historical buildings, sites, landmarks, and scenic views. The plan must include goals, policies, and implementation techniques for the protection of these resources.

(6) Housing. The plan must include the identification of existing housing patterns, an analysis of existing and forecasted housing needs, and identification of areas suitable for future housing development or rehabilitation. The plan shall include an affordable housing program that meets the requirements of section 42-128-8.1, the "Comprehensive Housing Production and Rehabilitation Act of 2004" and chapter 45-53, the "Rhode Island Low and Moderate Income Housing Act". The plan must include goals and policies that further the goal of subdivision 45-22.2-3(c)(3) and implementation techniques that identify specific programs to promote the preservation, production, and rehabilitation of housing.

(7) Economic development. The plan must include the identification of existing types and patterns of economic activities including, but not limited to, business, commercial, industrial, agricultural, and tourism. The plan must also identify areas suitable for future economic expansion or revitalization. The plan must include goals, policies, and implementation techniques reflecting local, regional, and statewide concerns for the expansion and stabilization of the economic base and the promotion of quality employment opportunities and job growth.

(8) Services and facilities. The plan must be based on an inventory of existing physical infrastructure such as, but not limited to, educational facilities, public safety facilities, libraries, indoor recreation facilities, and community centers. The plan must describe services provided to the community such as, but not limited to, water supply and the management of wastewater, storm water, and solid waste. The plan must consider energy production and consumption. The plan must analyze the needs for future types and levels of services and facilities, including, in accordance with section 46-15.3-5.1, water supply system management planning, which includes demand management goals as well as plans for water conservation and efficient use of water concerning any water supplier providing service in the municipality, and contain goals, policies, and implementation techniques for meeting future demands.

(9) Circulation/Transportation. The plan must be based on an inventory and analysis of existing and proposed major circulation systems, including transit and bikeways; street patterns; and any other modes of transportation, including pedestrian, in coordination with the land use element. Goals, policies, and implementation techniques for the provision of fast, safe, efficient, and convenient transportation that promotes conservation and environmental stewardship must be identified.

(10) Natural hazards. The plan must include an identification of areas that could be
vulnerable to the effects of sea-level rise, flooding, storm damage, drought, or other natural hazards. Goals, policies, and implementation techniques must be identified that would help to avoid or minimize the effects that natural hazards pose to lives, infrastructure, and property.

(11) Land use. In conjunction with the future land use map as required in subdivision 45-22.2-6(b)(2)(ii), the plan must contain a land use component that designates the proposed general distribution and general location and interrelationships of land uses including, but not limited to, residential, commercial, industrial, open space, agriculture, recreation facilities, and other categories of public and private uses of land. The land use component shall be based upon the required plan content as stated in this section. It shall relate the proposed standards of population density and building intensity to the capacity of the land and available or planned facilities and services. The land use component must contain an analysis of the inconsistency of existing zoning districts, if any, with planned future land use. The land use component shall specify the process and schedule by which the zoning ordinance and zoning map shall be amended to conform to the comprehensive plan and shall be included as part of the implementation program.

(12) Implementation program.

(i) A statement which defines and schedules the specific public actions to be undertaken in order to achieve the goals and objectives of each component of the comprehensive plan. Scheduled expansion or replacement of public facilities, and the anticipated costs and revenue sources proposed to meet those costs reflected in a municipality's capital improvement program, must be included in the implementation program.

(ii) The implementation program identifies the public actions necessary to implement the objectives and standards of each component of the comprehensive plan that require the adoption or amendment of codes and ordinances by the governing body of the municipality.

(iii) The implementation program identifies other public authorities or agencies owning water supply facilities or providing water supply services to the municipality, and coordinates the goals and objectives of the comprehensive plan with the actions of public authorities or agencies with regard to the protection of watersheds as provided in section 46-15.3-1, et seq.

(iv) The implementation program must detail the timing and schedule of municipal actions required to amend the zoning ordinance and map to conform to the comprehensive plan.

45-22.2-8. Adoption of comprehensive plans. Preparation, adoption, and amendments of comprehensive plans. – (a) The preparation and adoption of a comprehensive plan shall be conducted according to the following provisions in addition to any other provision that may be required by law:

(1) A single municipality shall establish and designate its planning board or commission
as the agency having the sole responsibility for performing all those acts necessary to prepare a comprehensive plan for the municipality. Planning boards established under chapter 22 of this title shall continue to be governed by those provisions. In addition to the duties established by chapter 45-22, local planning board or commission, to the extent that those provisions do not conflict with the requirements of this chapter, a planning board or commission has the sole responsibility for performing all those acts necessary to prepare a comprehensive plan for a municipality.

(2) Municipalities which choose to conduct joint planning and regulatory programs pursuant to this section shall designate and establish a local planning committee which has responsibility for the comprehensive planning program.

(3) The conduct of the comprehensive planning program for all municipalities planning board, commission, or the local planning committee shall include:

(i) Conduct of public hearings and any other methods to solicit and strongly encourage citizen input into the comprehensive planning process; and

(ii) Preparation of the comprehensive plan, including the implementation program component, and recommendations to the municipal legislative body regarding the adoption of the plan or amendment. Preparation of the comprehensive plan, including the implementation program component.

(iii) Citizen participation through the dissemination of information to the public and solicitation of both written and oral comments during the preparation of the plan.

(iv) Conducting a minimum of one public hearing.

(v) Submission of recommendations to the municipal legislative body regarding the adoption of the plan or amendment.

(4) The municipality may enter into a formal written agreement with the chief to conduct a review of a draft plan or amendment in order to provide comments prior to the public hearing by the planning board, commission, or committee.

(b) In order to encourage citizen participation in the comprehensive planning process, planning boards, commissions, or committees are directed to adopt comprehensive plans only after soliciting and considering public input. Public hearings by the planning board, commission, or committee, and the municipal legislative body are required to be held prior to the adoption of the comprehensive plan. Adoption of the comprehensive plan by a municipal legislative body is in the same manner provided for the adoption of ordinances in the manner provided for in the legislative or home rule charter of the municipality except that the plan need not be published in its entirety in a newspaper of general circulation. Any local comprehensive plan adopted as
prescribed in this section before the effective date is deemed to have been adopted in accordance
with this section.

(b) The adoption or amendment of a comprehensive plan shall be conducted according to
the following provisions in addition to any other provision that may be required by law:

(1) Prior to the adoption or amendment of a comprehensive plan, the city or town council
shall first conduct a minimum of one public hearing.

(c) A comprehensive plan is adopted, for the purpose of conforming municipal land
use decisions and for the purpose of being transmitted to the director chief for state review, when
it has been enacted incorporated by reference into the municipal code of ordinances by the
legislative body of the municipality pursuant to the manner provided for the adoption of
ordinances in the municipality's legislative or home rule charters. All ordinances dealing with the
adoption of or amendment to a municipal comprehensive plan shall contain language stating that
the comprehensive plan ordinance or amendment shall not become effective for the purposes of
guiding state agency actions until it is approved by the state State of Rhode Island pursuant to the
methods stated in this chapter, or pursuant to any rules and regulations adopted pursuant to this
chapter. The comprehensive plan of a municipality shall not take effect for purposes of guiding
state agency actions until approved by the director comprehensive plan appeals board chief or
the Rhode Island supreme court.

(3) A municipality may not amend its comprehensive plan more than four (4) times in
any one calendar year. Amendments that are required to address the findings of the chief, changes
to the state guide plan, or changes to this act shall not be included under this provision.

(d) The intent of this section is to provide for the dissemination and discussion of
proposals and alternatives to the proposed comprehensive plan by means of either individual or
joint legislative and planning commission hearings which disseminate information to the public
and which seek both written and oral comments from the public. Public hearing requirements for
either joint hearings or for individual hearings of the planning board or commission and for the
municipal legislative body shall include the following:

(1) Prior to the adoption of, or amendment to, a comprehensive plan, notice shall be given
of the public hearing by publication of notice in a newspaper of general circulation within the city
or town at least once each week for three (3) successive weeks prior to the date of the hearing,
which may include the week in which the hearing is to be held, at which hearing opportunity shall
be given to all persons interested to be heard. Written notice, which may be a copy of the
newspaper notice, shall be mailed to the statewide planning program of the department of
administration. The newspaper notice shall be published as a display advertisement, using a type
size at least as large as the normal type size used by the newspaper in its news articles, and shall:

(i) Specify the place of the hearing and the date and time of its commencement;
(ii) Indicate that adoption of, or amendment to, the comprehensive plan is under consideration;
(iii) Contain a statement of the proposed amendments to the comprehensive plan that may be printed once in its entirety, or summarize and describe the matter under consideration; the plan need not be published in its entirety;
(iv) Advise those interested where and when a copy of the matter under consideration may be obtained or examined and copied; and
(v) State that the plan or amendment may be altered or amended prior to the close of the public hearing without further advertising, as a result of further study or because of the views expressed at the public hearing. Any alteration or amendment must be presented for comment in the course of the hearing.

45-22.2-9. State review of local comprehensive plans. – (a) There is established a program of comprehensive planning review to promote the preparation and implementation of local comprehensive plans, and to provide technical and financial assistance to accomplish this purpose. The program also ensures that all local comprehensive plans and state guide plans are consistent with the state goals, findings, and intent as established by this chapter and the state guide plan.

(b) The director chief is designated as the reviewing agent, and the director is responsible for carrying out the provisions of this chapter and ensuring that the findings, intent, and goals of this chapter are achieved. The director chief shall publish guidelines for the preparation of comprehensive plan elements required by § section 45-22.2-6.

(iv) The director chief and the municipality submitting a plan, amended plan, or other amendment may mutually agree, in writing, to reduce or extend the review period established by this section.

(4) Municipalities shall correct any deficiencies reported by the director chief within sixty (60) days of the receipt of the director's chief's review and comments provided that the director chief and the municipality submitting a plan, amended plan, or other amendment may mutually agree, in writing, to reduce or extend this period.

(5) The director chief shall review all corrections and related material submitted by the municipality and render a final decision on the plan, update, or amendment or parts of the plan within thirty (30) days of the end of the period for correction. In the event of disapproval, the chief shall notify the municipality by registered mail and shall issue findings specifically describing the deficiencies in the plan or amendment as it relates to the goals and other provisions of this chapter.

(6) The review process stated in subdivisions (1) through (5) of this subsection shall be carried out within a maximum time period of two hundred fifty-five (255) days under subdivision (3)(i), one hundred sixty-five (165) days under subdivision (3)(ii), or the appropriate maximum period determined under subdivision (3)(iv) or (4).

(7)(6) The municipality may appeal the decision of the director chief to the comprehensive plan appeals board a hearing officer as provided for under section 45-22.2-9.1.
The appeal must be **filed** within fifteen (15) thirty (30) days of receipt of the decision by the director. The comprehensive plan appeals board shall hold a hearing on the appeal, make findings of fact, and affirm, modify, or reverse the director’s decision. The board shall render its decision within sixty (60) days of receipt of the appeal. The municipality or director may appeal the decision of the board to the supreme court. The appeal must be made within thirty (30) days of the board’s decision.

(8) Upon approval by the director, the municipality is eligible for all benefits and incentives conditioned on adoption of an approved comprehensive plan pursuant to this chapter, and the municipality is allowed to submit the approved comprehensive plan or element to any state agency which requires the submission of a plan as part of its requirements, and the plan or element shall satisfy that requirement.

(d) Comprehensive plans, updates, and amendments shall be reviewed by the director to **insure** that the following requirements are complied with:

(1) The **intent and** goals of this chapter have been met.

(2) All required **content** as stated in § 45-22.2-6 are complete; provided, however, that the state review and approval of affordable housing plans submitted to conform with the provisions of chapter 53 of this title shall not be contingent on requirements for adopting and/or updating overall comprehensive plans or the elements thereof.

(3) The **plan or amendment is** All plans are consistent with the state guide plan, and **embodies** the goals and policies of the state and its departments and agencies as contained in the state guide plan and the laws of the state.

(4) All plans comply with rules and regulations adopted by the state planning council as provided for by § 45-22.2-10(b). Municipal planning activities have been coordinated according to the provisions of section 45-22.2-7.

(5) The plan or amendment has been officially adopted and submitted for review in accordance with section 45-22.2-8 of this chapter and other applicable procedures.

(6) The plan or amendment complies with rules and regulations adopted by the state planning council as provided for by section 45-22.2-10 (c).

(7) Adequate, uniform, and valid data have been used in preparing each plan or amendment.

(e) The director shall also review comprehensive plans, and amendments and related documents to insure that the following procedures have been complied with:

(1) The planning board or commission is designated to conduct comprehensive planning.

(2) If comprehensive planning is conducted jointly by two (2) or more municipalities, that
an agreement containing all required information has been executed by all parties and filed with
the division of planning.

(3) Each plan encompasses the entire land and water area within the jurisdiction of the
municipality or municipalities concerned.

(4) Adequate, uniform, and valid data have been used in preparing each plan.

(5) Each plan has been coordinated with contiguous municipalities.

10(f) shall not be included in determining the frequency of amendments by a municipality.

(e) State approval of a plan and any amendment thereto shall expire upon the tenth (10th)
anniversary of the chief’s or superior court’s approval and shall not be extended.

(f) After an amendment to this chapter or to the state guide plan, all municipalities shall,
within one year, amend their comprehensive plan to conform with the amended chapter or the
amended state guide plan. Failure to do so may result in the rescission, in whole or in part, of
state approval. The chief shall notify the municipality in writing of a rescission.

(g) Disapproval of an amendment to a state approved plan shall apply to the amendment
only and not affect the validity of a previously existing plan approval.

(h) Upon approval by the chief or superior court, the municipality is eligible for all
benefits and incentives conditioned on an approved comprehensive plan pursuant to this chapter,
and the municipality is allowed to submit the approved comprehensive plan or relevant section
thereof to any state agency which requires the submission of a plan as part of its requirements,
and the plan or relevant section thereof shall satisfy that requirement.

(i) Those portions of a comprehensive plan for which state approval was rescinded under
subsection 45-22.2-9(f) and those amendments to a state approved plan for which state approval
was not received under subsection 45-22.2-9(g), shall not be subject to the provisions of
subsection 45-22.2-9(h).

45-22.2-9.1. Appeals. – (a) A decision of the chief involving the disapproval of a
comprehensive plan or amendment thereto, or rescission in whole or in part, of a plan approval
may be appealed by the municipality under the provisions of chapter 42-35, the Administrative
Procedures Act, to a hearing officer designated by the director of the department of
administration.

(b) The decision of the hearing officer shall be in writing and shall include findings of
fact and conclusions of law as required in section 42-35-12. The chief may, in his or her
discretion, adopt, modify, or reject such findings of fact and/or conclusions of law provided;
however, that any such modification or rejection of the proposed findings of fact or conclusions
of law shall be in writing and shall state the reason therefor. The hearing officer shall not revise
the comprehensive plan or amendment thereto, but may suggest alternative language as part of his
or her decision.

(c) A municipality, having exhausted all administrative remedies available within the
agency, and who is aggrieved by a final administrative decision is entitled to judicial review
under the provisions of section 42-35-15, the Administrative Procedures Act.

45-22.2-10. Coordination of state agencies. – (a) Each state agency with regulatory or
other authority affecting the goals established in this chapter or the state guide plan, shall submit
to the director, prior to January 1, 1989, a written report which addresses how each agency has
incorporated the findings, intent, and goals of this chapter into its planned activities. This report
shall be revised as necessary, but in no case less than once every two (2) years. After January 1,
1989, agencies State agencies shall develop their respective programs and conduct their
respective activities in a manner consistent with the findings, intent, and goals established under
this chapter.

(b) The director chief shall develop standards to assist municipalities in the incorporation
of the state goals and policies into comprehensive plans, and to guide the director chief's review
of comprehensive plans and state agency activities. The state planning council shall adopt, no
later than January 1, 1989, all rules and regulations necessary to implement the standards
established by this chapter.

(c) The state planning council shall adopt and maintain all rules and regulations necessary
to implement the standards established by this chapter.

(d) By July 1, 1989, the director The chief shall develop and make readily
available to all municipalities statewide data and technical information for use in the preparation
of comprehensive plans. Data specific to each municipality shall be provided by that
municipality. The director chief shall make maximum use of existing information available from
other agencies.

(e) The director chief may contract with any person, firm, or corporation to develop
the necessary planning information and coordinate with other state agencies as necessary to provide support and technical assistance for local planning efforts.

(d)(f) It is the duty of the director to notify all The chief shall notify appropriate state agencies of the approval of the a comprehensive plan, or amendment to a comprehensive plan amendments to it, of a municipality.

(e)(g) Once a municipality's comprehensive plan is approved, programs and projects of state agencies, excluding the state guide plan as provided for by § section 42-11-10, shall conform to that plan. In the event that a state agency wishes to undertake a program, project, or to develop a facility which is not in conformance with the comprehensive plan, the state planning council shall hold a public hearing on the proposal at which the state agency must demonstrate:

1. That the program, project, or facility conforms to the stated goals, findings, and intent of this chapter; and

2. That the program, project, or facility is needed to promote or protect the health, safety, and welfare of the people of Rhode Island; and

3. That the program, project, or facility is in conformance with the relevant sections of the state guide plan; and

4. That the program implementation, project, or size, scope, and design of the facility has been planned to will vary as little as possible from the comprehensive plan of the municipality.

(f) After an amendment to this chapter or to the state guide plan, all municipalities shall amend their comprehensive plan to conform with the amended chapter or the amended state guide plan. The amendments shall be made within one year of the amendment to this chapter or to the

45-22.2-11. State technical and financial assistance. – (a) There is established a program of technical and financial assistance for municipalities to encourage and facilitate the adoption and implementation of comprehensive planning throughout the state. The program is administered by the director chief.

(b) The director chief shall develop and administer a grants program to provide financial assistance to municipalities for the preparation of comprehensive plans pursuant to this chapter.

(c) Grants may be expended for any purpose directly related to the preparation of a municipal comprehensive plan including, without limitation, the conduct of surveys, inventories, and other data-gathering activities, the hiring of planning and other technical staff, the retention of planning consultants, contracts for planning, and related services, and other related purposes, in order to provide sufficient economies of scale and to build planning capacity at the municipal
(d) The director shall establish a program of technical assistance to the various municipalities, utilizing its own staff and resources to assist municipalities in the development of a comprehensive plan. It is also a function of the director to establish a statewide data base for the use of the municipalities. The director also validates data established by the municipalities in the formulation of their comprehensive plans.

(e) Financial assistance provided to each municipality, not exceeding one hundred twenty-five thousand dollars ($125,000), for the preparation of the comprehensive plan under this chapter, is apportioned among the municipalities by the director as follows:

(1) Fifty percent (50%) of the total funding appropriated is apportioned equally among the thirty-nine (39) municipalities without regard to population size or total land area;

(2) Twenty percent (20%) of the total funding appropriated is apportioned among the municipalities on the basis of their respective total land areas (including inland water bodies) as determined by the director; and

(3) Thirty percent (30%) of the total funding appropriated is apportioned among the municipalities on the basis of their respective total populations (as established by the director based upon the most recent decennial federal revenue census data available).

(e) All departments and agencies of the state, to the extent practicable, shall provide technical assistance to municipalities in the development of a comprehensive plan at the request of a municipality.

45-22.2-12. Updates and amendments Maintaining and re-adopting the plan. – (a)

Each municipality shall submit any amended comprehensive plans, revised pursuant to the chapter, including proposed amendments to the implementation program component of a plan, to the director for review and approval in the same manner as provided for review of new comprehensive plans. The director may provide an expedited review procedure for those submissions which represent amendments to comprehensive plans approved by it after January 1, 1990. A municipality must maintain a single version of the comprehensive plan including all amendments, appendices, and supplements. One or more complete copies of the comprehensive plan including, all amendments, shall be made available for review by the public. Availability shall include print, digital formats, and placement on the internet.

(b) A municipality may periodically review and amend its plan in a timely manner to account for growth. At a minimum, a municipality shall update its comprehensive plan at least once every five (5) years changing conditions. At a minimum, a municipality shall fully update and re-adopt its entire comprehensive plan, including supplemental plans, such as, but not limited
to, special area plans, that may be incorporated by reference, at least once every ten (10) years from the date of municipal adoption. A minimum twenty (20) year planning timeframe in considering forecasts, goals, and policies must be utilized for an update.

(c) A municipality may not amend its comprehensive plan more than four (4) times in any one calendar year. A newly adopted plan shall supersede all previous versions.

(d) A municipality shall file an informational report on the status of the comprehensive plan implementation program with the chief not more than five (5) years from the date of municipal approval.

45-22.2-13. Compliance and implementation. – (a) In the event a municipality fails to submit a comprehensive plan in accordance with the provisions of this chapter, or the director disapproves a comprehensive plan and that decision is affirmed by the board, the director shall then prepare, and the state comprehensive plan appeals board adopt, for the municipality in question, a comprehensive plan which satisfies the requirements of this chapter.

(b) The comprehensive plan appeals board shall adopt a plan within one hundred eighty (180) days of the decision of the board unless the municipality appeals the decision of the board within thirty (30) days to the supreme court. The municipality is responsible for the administration and enforcement of the plan.

(c) For those municipalities with comprehensive plans approved pursuant to this chapter all municipal land use decisions shall be in conformance with the approved locally adopted municipal comprehensive plan.

(d) For communities with municipally adopted comprehensive plans which have not received state approval pursuant to this chapter, these municipalities shall conform their land use decisions to the locally adopted comprehensive plan until the time state approval is granted. Each municipality shall amend its zoning ordinance and map to conform to the comprehensive plan in accordance with the implementation program as required by subdivision 45-22.2-6(b)(11) and paragraph 45-22.2-6(b)(12)(iv). The zoning ordinance and map in effect at the time of plan adoption shall remain in force until amended. In instances where the zoning ordinance is in conflict with an adopted comprehensive plan, the zoning ordinance in effect at the time of the comprehensive plan adoption shall direct municipal land use decisions until such time as the zoning ordinance is amended to achieve consistency with the comprehensive plan and its implementation schedule. In instances of uncertainty in the internal construction or application of any section of the zoning ordinance or map, the ordinance or map shall be construed in a manner that will further the implementation of, and not be contrary to, the goals and policies and applicable content of the adopted comprehensive plan.
(d) Limitations on land use approvals may be imposed according to the following provisions in addition to any other provision that may be required by law.

1. Nothing in the chapter shall be deemed to preclude municipalities from imposing limitations on the number of building permits or other land use approvals to be issued at any time, provided such limitations are consistent with the municipality's comprehensive plan in accordance with this chapter and are based on a reasonable, rational assessment of the municipality's sustainable capacity for growth.

2. In the event of a dire emergency not reasonably foreseeable as part of the comprehensive planning process, a municipality may impose a limitation on the number of building permits or other land use approvals to be issued at any time, provided that such limitation is reasonably necessary to alleviate the emergency and is limited to the time reasonably necessary to alleviate the emergency.

(e) A one-time moratorium, for the purpose of providing interim protection for a planned future land use or uses, may be imposed during the twelve (12) months subsequent to the adoption of the local comprehensive plan provided that a change to the zoning ordinance and map has been identified and scheduled for implementation within twelve (12) months of plan adoption. The moratorium shall be enacted as an ordinance and may regulate, restrict, or prohibit any use, development, or subdivisions under the following provisions:

1. The moratorium is restricted to those areas identified on the map or maps as required by paragraph 45-22.2-6(b)(2)(iii).

2. A notice of the moratorium must be provided by first class mail to property owners affected by said moratorium at least fourteen (14) days in advance of the public hearing.

3. The ordinance shall specify:
   (i) The purpose of the moratorium;
   (ii) The date it shall take effect and the date it shall end;
   (iii) The area covered by the moratorium, and;
   (iv) The regulations, restrictions, or prohibitions established by the moratorium.

4. The moratorium may be extended up to an additional ninety (90) days if necessary to complete a zoning ordinance and map change provided that: (i) The public hearing as required by section 45-24-53 has commenced; and (ii) The chief approves the extension based on a demonstration of good cause. Said extension shall not be deemed as non-conformance to the implementation schedule.

(f) A moratorium enacted under the provisions of subsection (e) shall not apply to state agencies until such time that the municipal comprehensive plan receives approval from the chief

25
or superior court.

(g) In the event a municipality fails to amend its zoning ordinance and map to conform to the comprehensive plan within the implementation schedule, or by the expiration of the moratorium period, a municipality must amend either their implementation schedule or, if the future land use is no longer desirable or feasible, amend the future land use map.

(1) Failure to comply with this provision within one hundred twenty (120) days of the date of the implementation schedule or the expiration of the moratorium period shall result in the denial or rescission, in whole or in part, of state approval of the comprehensive plan and of all benefits and incentives conditioned on state approval.

(2) An implementation schedule amended under this provision shall not be eligible for an additional moratorium as provided for in subsection (e).

SECTION 2. Chapter 45-22.3 of the General Laws entitled “State Comprehensive Plan Appeals Board” is hereby repealed.

45-22.3-1. Title. — Chapter 22.3 of this title shall be known as the “State Comprehensive Plan Appeals Board”.

45-22.3-2. State comprehensive plan appeals board. — (a) There is created a state comprehensive plan appeals board to hear and decide appeals by any municipality of a decision of the division to approve or disapprove a comprehensive plan or any amendment to a comprehensive plan.

(b) Within ninety (90) days after the end of each fiscal year, the board shall approve and submit an annual report to the governor, the speaker of the house of representatives, the president of the senate, and the secretary of state, of its activities during that fiscal year. The report shall provide an operating statement summarizing meetings or hearings held, meeting minutes if requested, subjects addressed, decisions rendered, rules or regulations promulgated, studies conducted, policies and plans developed, approved, or modified, and programs administered or initiated; a consolidated financial statement of all funds received and expended including the source of the funds, a listing of any staff supported by these funds, and a summary of any clerical, administrative or technical support received; a summary of performance during the previous fiscal year including accomplishments, shortcomings and remedies; a synopsis of hearings, complaints, suspensions, or other legal matters related to the authority of the board; a summary of any training courses held pursuant to subsection 45-22.3-3(e); a briefing on anticipated activities in the upcoming fiscal year; and findings and recommendations for improvements. The report shall be posted electronically on the general assembly and the secretary of state's websites as prescribed in § 42-20.8.2 of the Rhode Island general laws. The director of the department of...
administration shall be responsible for the enforcement of this provision.

45-22.3-3. Membership. — (a) The board shall consist of nine (9) members appointed by the governor with the advice and consent of the senate, as follows:

(b) Those members of the board as of the effective date of this act [April 6, 2006] who were appointed to the board by the governor shall continue to serve for the duration of their current terms.

(c) Those members of the board as of the effective date of this act [April 6, 2006] who were appointed to the board by members of the general assembly shall cease to be members of the commission on the effective date of this act [April 6, 2006], and the governor shall thereupon nominate six (6) new members, two (2) of whom shall serve an initial term of one year, two (2) of whom shall serve an initial term of two (2) years, and two (2) of whom shall serve an initial term of three (3) years.

(d) The board shall elect a chair from among its members.

(e) Newly appointed and qualified members of the board shall, within six (6) months of their qualification or designation, attend a training course that shall be developed with board approval and conducted by the chair of the board and which shall include instruction in the following areas: the provisions of chapters 45-22.3, 42-46, 36-14, and 38-2, and the board's own rules and regulations. The director of the department of administration shall, within ninety (90) days of the effective date of this section [April 6, 2006], prepare and disseminate training materials relating to the provisions of chapters 42-46, 36-14, and 38-2.

45-22.3-4. Term. — (a) Except as expressly otherwise provided in subsection 45-22.3-3(e) of this chapter, members of the board shall serve for staggered three (3) year terms.
(b) A majority of the members of the board constitutes a quorum for the conduct of all business by the board.

c) Members of the commission shall be removable by the governor pursuant to § 36-1-7 of the general laws and for cause only, and removal solely for partisan or personal reasons unrelated to capacity or fitness for the office shall be unlawful.

45-22.3-5. Appeal.—(a) A decision of the director involving the approval or disapproval of a comprehensive plan or any amendment may be appealed to the state comprehensive plan appeals board.

(b) An appeal may be made by any municipality aggrieved by a decision of the board.

(c) No appeal may be taken unless a notice of appeal is transmitted to the board within the time prescribed by chapter 22.2 of this title.

(d) The appellant shall furnish a copy of the notice of appeal to all appropriate parties.

(e) The board shall establish rules designating the contents of appeal and all other matters relating to the procedure for appeal.

45-22.3-6. Decisions of the board.—(a) The board has the power to approve, disapprove, or modify the decision of the director. In issuing a decision, the board has all the power that the director had in issuing the initial decision, including the power to attach conditions and restrictions.

(b) All decisions of the board shall contain a statement of the reason for the decision.

(c) Parties to the proceeding shall be given written notice of the board’s decision, and the board shall enter proof of performance of its duty in the record of the case.

45-22.3-7. Procedure for rules and order.—Rules of order of the board other than rules concerning its internal organization and affairs shall be adopted or issued in accordance with the state of Rhode Island’s Administrative Procedures Act.

45-22.3-8. Severability.—If any provision of this chapter or of any rule, regulation, or determination made under it, or the application to any person, agency, or circumstances, is held invalid by a court of competent jurisdiction, the remainder of the chapter, rule, regulation, or determination and the application of the provisions to other persons, agencies, or circumstances shall not be affected by the invalidity. The invalidity of any section or sections or parts of any section or sections of this chapter shall not affect the validity of the remainder of the chapter.

SECTION 3. Sections 45-24-34 and 45-24-50 of the General Laws in Chapter 45-24 entitled “Zoning Ordinances” are hereby amended to read as follows:

45-24-34. General provisions – Purpose and consistency with comprehensive plan. –

(a) A zoning ordinance adopted pursuant to this chapter shall provide a statement of its purposes.
Those purposes shall be consistent with § section 45-24-30. A zoning ordinance adopted or amended pursuant to this chapter shall include a statement that the zoning ordinance is consistent with the comprehensive plan of the city or town adopted pursuant to chapter 22.2 of this title, or as otherwise provided below and shall provide that in the instance of uncertainty in the construction or application of any section of the ordinance, the ordinance shall be construed in a manner that will further the implementation of, and not be contrary to, the goals and policies and applicable elements of the comprehensive plan.

(b) The city or town shall bring the zoning ordinance or amendment into conformance with its comprehensive plan as approved by the director of administration, the state comprehensive plan appeal board, chief of the division of planning of the department of administration or the supreme superior court not more than eighteen (18) months after approval is given in accordance with its implementation schedule as set forth in said plan. A zoning ordinance shall address and specify requirements for the coordination between contiguous communities, the state, and other agencies, as required by chapter 22.2 of this title.

45-24-50. Adoption – Power of council to adopt – Consistency with comprehensive plan. – (a) For the purpose of promoting the public health, safety, morals, and general welfare, a city or town council has the power, in accordance with the provisions of this chapter, to adopt, amend, or repeal, and to provide for the administration, interpretation, and enforcement of, a zoning ordinance. The provisions of a zoning ordinance are stated in text and map(s), and may incorporate charts or other material.

(b) A zoning ordinance, and all amendments to it, must be consistent with the city or town's comprehensive plan, as described in chapter 22.2 of this title, and provide for the implementation of the city or town comprehensive plan.

(c) A zoning ordinance adopted or amended during the pendency of the approval of a municipality's comprehensive plan must be consistent with that plan, until the zoning ordinance is brought into full compliance with the Comprehensive Planning Act, § subdivision 45-22.2-5(a)(4).

(d) The city or town must bring the zoning ordinance or amendment into conformance with its comprehensive plan as approved by the director of administration, the state comprehensive plan appeal board, chief of the division of planning of the department of administration or the supreme superior court not more than eighteen (18) months after approval is given in accordance with its implementation schedule as set forth in said plan.

SECTION 4. Section 42-11-10 of the General Laws in Chapter 42-11 entitled “Statewide Planning Program” is hereby amended to read as follows:
42-11.10. Statewide planning program.  

(a) Findings. The general assembly finds that the people of this state have a fundamental interest in the orderly development of the state; the state has a positive interest and demonstrated need for establishment of a comprehensive strategic state planning process and the preparation, maintenance, and implementation of plans for the physical, economic, and social development of the state; the continued growth and development of the state presents problems that cannot be met by the cities and towns individually and that require effective planning by the state; and state and local plans and programs must be properly coordinated with the planning requirements and programs of the federal government.

(b) Establishment of statewide planning program.  

1. A statewide planning program is hereby established to prepare, adopt, and amend strategic plans for the physical, economic, and social development of the state and to recommend these to the governor, the general assembly, and all others concerned.

2. All strategic planning, as defined in subsection (c) of this section, undertaken by the executive branch for those departments and other agencies enumerated in subsection (g) of this section, all departments and agencies of the executive branch unless specifically exempted, shall be conducted by or under the supervision of the statewide planning program. The statewide planning program shall consist of a state planning council, and the office of strategic planning and the office of systems planning of the division of planning, which shall be a division within the department of administration.

(c) Strategic planning. Strategic planning includes the following activities:

1. Establishing or identifying general goals.

2. Refining or detailing these goals and identifying relationships between them.

3. Formulating, testing, and selecting policies and standards that will achieve desired objectives.

4. Preparing long-range or system plans or comprehensive programs that carry out the policies and set time schedules, performance measures, and targets.

5. Preparing functional short-range plans or programs that are consistent with established or desired goals, objectives, and policies, and with long-range or system plans or comprehensive programs where applicable, and that establish measurable intermediate steps toward their accomplishment of the goals, objectives, policies, and/or long-range system plans.

6. Monitoring the planning of specific projects and designing of specific programs of short duration by the operating departments, other agencies of the executive branch, and political subdivisions of the state to insure that these are consistent with and carry out the intent of
applicable strategic plans.

(7) Reviewing the execution of strategic plans and the results obtained and making revisions necessary to achieve established goals.

d) State guide plan. Components of strategic plans prepared and adopted in accordance with this section may be designated as elements of the state guide plan. The state guide plan shall be comprised of functional elements or plans dealing with land use; physical development and environmental concerns; economic development; housing production; energy supply, including the development of renewable energy resources in Rhode Island, and energy access, use, and conservation; human services; and other factors necessary to accomplish the objective of this section. The state guide plan shall be a means for centralizing, integrating, and monitoring long-range goals, policies, plans, and implementation activities related thereto. State agencies concerned with specific subject areas, local governments, and the public shall participate in the state guide planning process, which shall be closely coordinated with the budgeting process.

(e) Membership of state planning council. The state planning council shall consist of:

(1) The director of the department of administration as chairperson;
(2) The director, policy office, in the office of the governor, as vice-chairperson;
(3) The governor, or his or her designee;
(4) The budget officer;
(5) The chairperson of the housing resources commission;
(6) The chief of statewide planning, as secretary; The highest-ranking administrative officer of the division of planning, as secretary;
(7) The president of the League of Cities and Towns or his or her designee and one official of local government, who shall be appointed by the governor from a list of not less than three (3) submitted by the Rhode Island League Cities and Towns;
(8) The executive director of the League of Cities and Towns;
(9) One representative of a nonprofit community development or housing organization;
(10) Four (4) public members, appointed by the governor;
(11) Two (2) representatives of a private, nonprofit environmental advocacy organization, both to be appointed by the governor; and
(12) The director of planning and development for the city of Providence.

(f) Powers and duties of state planning council. The state planning council shall have the following powers and duties:

(1) To adopt strategic plans as defined in this section and the long-range state guide plan, and to modify and amend any of these, following the procedures for notification and public
hearing set forth in § 42-35-3, and to recommend and encourage implementation of these goals to
the general assembly, state and federal agencies, and other public and private bodies; approval of
strategic plans by the governor; and to ensure that strategic plans and the long-range state guide
plan are consistent with the findings, intent, and goals set forth in § 45-22.2-3, the "Rhode Island
Comprehensive Planning and Land Use Regulation Act";

(2) To coordinate the planning and development activities of all state agencies, in
accordance with strategic plans prepared and adopted as provided for by this section;

(3) To review and comment on the proposed annual work program of the statewide
planning program;

(4) To adopt rules and standards and issue orders concerning any matters within its
jurisdiction as established by this section and amendments to it;

(5) To establish advisory committees and appoint members thereto representing diverse
interests and viewpoints as required in the state planning process and in the preparation or
implementation of strategic plans. The state planning council shall appoint a permanent
committee comprised of:

(i) Public members from different geographic areas of the state representing diverse
interests, and

(ii) Officials of state, local and federal government, which shall review all proposed
elements of the state guide plan, or amendment or repeal of any element of the plan, and shall
advise the state planning council thereon before the council acts on any such proposal. This
committee shall also advise the state planning council on any other matter referred to it by the
council; and

(6) To establish and appoint members to an executive committee consisting of major
participants of a Rhode Island geographic information system with oversight responsibility for its
activities.

(7) To adopt, on or before July 1, 2007, and to amend and maintain as an element of the
state guide plan or as an amendment to an existing element of the state guide plan, standards and
guidelines for the location of eligible renewable energy resources and renewable energy facilities
in Rhode Island with due consideration for the location of such resources and facilities in
commercial and industrial areas, agricultural areas, areas occupied by public and private
institutions, and property of the state and its agencies and corporations, provided such areas are of
sufficient size, and in other areas of the state as appropriate.

(g) Division of planning. (1) The division of planning shall be the principal staff agency
of the state planning council for preparing and/or coordinating strategic plans for the
comprehensive management of the state's human, economic, and physical resources. The division
of planning shall recommend to the state planning council specific guidelines, standards, and
programs to be adopted to implement strategic planning and the state guide plan and shall
undertake any other duties established by this section and amendments thereto.

(2) The division of planning shall maintain records (which shall consist of files of
complete copies) of all plans, recommendations, rules, and modifications or amendments thereto
adopted or issued by the state planning council under this section. The records shall be open to
the public.

(3) The division of planning shall manage and administer the Rhode Island geographic
information system of land-related resources, and shall coordinate these efforts with other state
departments and agencies, including the University of Rhode Island, which shall provide
technical support and assistance in the development and maintenance of the system and its
associated data base.

(4) The division of planning shall coordinate and oversee the provision of technical
assistance to political subdivisions of the state in preparing and implementing plans to accomplish
the purposes, goals, objectives, policies, and/or standards of applicable elements of the state guide
plan and shall make available to cities and towns data and guidelines that may be used in
preparing comprehensive plans and elements thereof and in evaluating comprehensive plans and
elements thereby.

(h) Transfer determinations. (1) The director of administration, with the approval of the
governor, shall make the conclusive determination of the number of positions, personnel, physical
space, property, records, and appropriation balances, allocations and other funds of the
department of mental health, retardation, and hospitals, department of health, department of
human services, department of corrections, department of labor and training, department of
environmental management, department of business regulation, department of transportation,
department of state library services, Rhode Island Economic Development Corporation,
department of elderly affairs, department of children, youth, and families, historical preservation
commission, water resources board, and the defense civil preparedness/emergency management
agency of the executive department to be transferred to the department of administration in
connection with the functions transferred there into by the provisions of this article.

(2) In order to ensure continuity of the strategic planning process of the department
specified heretofore, the actual transfer of functions or any part thereof to the department of
administration may be postponed after July 1, 1985 until such time as, by executive order of the
governor, the transfer herein provided can be put into force and effect but no later than December
SECTION 5. This act shall take effect upon passage.
This act would amend the existing laws on statewide planning and land use by:

(a) Requiring participation by municipalities in the formulation of state goals and policies in land use regulation.

(b) Requiring maintenance and coordination of date.

(c) Requiring a comprehensive plan, which must include goals and policies and detailed maps which would identify:

(1) Natural resources and conservation;

(2) Open space and outdoor recreation;

(3) Historic and cultural resources;

(4) Existing housing patterns;

(5) Types and patterns of economic activities with an eye toward economic growth;

(6) Services and facilities (infrastructure);

(7) Proposed and existing street patterns, mass transit and bikeways;

(8) Potential natural hazards; and

(9) Future land use.

(d) Detailing the procedure which must be followed in the approval and adoption of a comprehensive plan and how appeals from a decision must be taken.

(e) Providing for a one-time moratorium period.

This act would take effect upon passage.
