**SECTION 2.** Each line appearing in Section 1 of this Article shall constitute an appropriation.

**SECTION 3.** Upon the transfer of any function of a department or agency to another department or agency, the Governor is hereby authorized by means of executive order to transfer
or reallocate, in whole or in part, the appropriations and the full-time equivalent limits affected thereby.

SECTION 4. From the appropriation for contingency shall be paid such sums as may be required at the discretion of the Governor to fund expenditures for which appropriations may not exist. Such contingency funds may also be used for expenditures in the several departments and agencies where appropriations are insufficient, or where such requirements are due to unforeseen conditions or are non-recurring items of an unusual nature. Said appropriations may also be used for the payment of bills incurred due to emergencies or to any offense against public peace and property, in accordance with the provisions of Titles 11 and 45 of the General Laws of 1956, as amended. All expenditures and transfers from this account shall be approved by the Governor.

SECTION 5. The general assembly authorizes the state controller to establish the internal service accounts shown below, and no other, to finance and account for the operations of state agencies that provide services to other agencies, institutions and other governmental units on a cost reimbursed basis. The purpose of these accounts is to ensure that certain activities are managed in a businesslike manner, promote efficient use of services by making agencies pay the full costs associated with providing the services, and allocate the costs of central administrative services across all fund types, so that federal and other non-general fund programs share in the costs of general government support. The controller is authorized to reimburse these accounts for the cost of work or services performed for any other department or agency subject to the following expenditure limitations:

SECTION 6. The General Assembly may provide a written "statement of legislative
intent” signed by the chairperson of the House Finance Committee and by the chairperson of the Senate Finance Committee to show the intended purpose of the appropriations contained in Section 1 of this Article. The statement of legislative intent shall be kept on file in the House Finance Committee and in the Senate Finance Committee.

At least twenty (20) days prior to the issuance of a grant or the release of funds, which grant or funds are listed on the legislative letter of intent, all department, agency and corporation directors, shall notify in writing the chairperson of the House Finance Committee and the chairperson of the Senate Finance Committee of the approximate date when the funds are to be released or granted.

SECTION 7. Appropriation of Temporary Disability Insurance Funds -- There is hereby appropriated pursuant to sections 28-39-5 and 28-39-8 of the Rhode Island General Laws all funds required to be disbursed for the benefit payments from the Temporary Disability Insurance Fund and Temporary Disability Insurance Reserve Fund for the fiscal year ending June 30, 2013.

SECTION 8. Appropriation of Employment Security Funds -- There is hereby appropriated pursuant to section 28-42-19 of the Rhode Island General Laws all funds required to be disbursed for benefit payments from the Employment Security Fund for the fiscal year ending June 30, 2013.

SECTION 9. Appropriation of Lottery Division Funds -- There is hereby appropriated to the Lottery Division any funds required to be disbursed by the Lottery Division for the purposes of paying commissions or transfers to the prize fund for the fiscal year ending June 30, 2013.

SECTION 10. Departments and agencies listed below may not exceed the number of full-time equivalent (FTE) positions shown below in any pay period. Full-time equivalent positions do not include seasonal or intermittent positions whose scheduled period of employment does not exceed twenty-six consecutive weeks or whose scheduled hours do not exceed nine hundred and twenty-five (925) hours, excluding overtime, in a one-year period. Nor do they include individuals engaged in training, the completion of which is a prerequisite of employment. Provided, however, that the Governor or designee, Speaker of the House of Representatives or designee, and the President of the Senate or designee may authorize an adjustment to any limitation. Prior to the authorization, the State Budget Officer shall make a detailed written recommendation to the Governor, the Speaker of the House, and the President of the Senate. A copy of the recommendation and authorization to adjust shall be transmitted to the chairpersons of the House Finance Committee, Senate Finance Committee, the House Fiscal Advisor and the Senate Fiscal Advisor.

No agency or department may employ contracted employees or employee services where
contract employees would work under state employee supervisors without determination of need by the Director of Administration acting upon positive recommendations of the Budget Officer and the Personnel Administrator and 15 days after a public hearing.

Nor may any agency or department contract for services replacing work done by state employees at that time without determination of need by the Director of Administration acting upon the positive recommendations of the Budget Officer and the Personnel Administrator and 30 days after a public hearing.

State employees whose funding is from non-state general revenue funds that are time limited shall receive limited term appointment with the term limited to the availability of non-state general revenue funding source.

RELATING TO ABUSED AND NEGLECTED CHILDREN

SECTION 1. Section 40-11-7 of the General Laws in Chapter 40-11 entitled “Abused and Neglected Children” is hereby amended to read as follows:

(a) The department shall investigate reports of child abuse and neglect made under this chapter in accordance with the rules the department has promulgated and in order to determine the circumstances surrounding the alleged abuse or neglect and the cause thereof. The investigation shall include personal contact with the child named in the report and any other children in the same household. Any person required to investigate reports of child abuse and/or neglect may question the subjects of those reports with or without the consent of the parent or other person responsible for the child’s welfare. The interviewing of the child or children, if they are of the mental capacity to be interviewed, shall take place in the absence of the person or persons responsible for the alleged neglect or abuse. In the event that any person required to investigate child abuse and/or neglect is denied reasonable access to a child by the parents or other person, and that person required to investigate deems that the best interests of the child so require, they may request the intervention of a local law enforcement agency, or seek an appropriate court order to examine and interview the child. The department shall provide such social services and other services as are necessary to protect the child and preserve the family.

(b) In the event that after investigation it is determined by the department that the child is being or has been abused or neglected but that the circumstances of the child’s family or otherwise do not require the removal of the child for his or her protection, the department may allow the child to remain at home and provide the family and child with access to preventative support and services. In addition, the department is authorized to petition the family court for an order for the provision of treatment of the family and child.

(c) The department shall have the duty to petition the family court for removal of the child from the care and custody of the parents, or any other person having custody or care of the child if there is a determination that a child has been abused or neglected; which results in a child death, serious physical or emotional harm, sexual abuse or exploitation or an act or failure to act...
which represents an imminent risk of serious harm. In addition, in cases of alleged abuse and/or
neglect, the department may petition the family court for the removal of the alleged perpetrator of
that abuse, and/or neglect from the household of the child or children when the child or children
are eleven (11) years of age or older. It shall be the responsibility of the department to make the
parent or other person responsible for the child’s welfare aware of the court action, the possible
consequences of the court action, and to explain the rights of the parent relative to the court
action.

(d) The department shall forward immediately any reports of institutional child abuse and
neglect to the child advocate who shall investigate the report in accordance with chapter 73 of
title 42, and also to any guardian ad litem and/or attorney of record for the child.

(e) In the event that after investigation the department takes any action regarding
placement of the child, the department shall immediately notify the child advocate of such action.

(f) In the event that after investigation the department has reasonable cause to know or
suspect that a child has been subjected to criminal abuse or neglect, the department shall forward
immediately any information as it relates to that knowledge or suspicion to the law enforcement
agency.

SECTION 1. Section 16-57-10 of the General Laws in Chapter 16-57 entitled “Higher Education Assistance Authority” is hereby amended to read as follows:

16-57-10. Reserve funds. -- To assure the continued operation and solvency of the authority for the carrying out of its corporate purposes, the authority may create and establish any reserve funds as may be necessary or desirable for its corporate purposes, and may pay into the funds any money appropriated and made available by the state, the commissioner, or any other source for the purpose of the funds, and any money collected by the authority as fees for the guaranty of eligible loans.

To assure continued solvency of the authority, the authority's operating fund shall be used solely for the ordinary operating expenses of the authority. Furthermore, it is the intent of the general assembly that these funds eventually be used to increase financial assistance to Rhode Island students in the form of scholarships and grants.

SECTION 2. Section 16-62-7 of the General Laws in Chapter 16-62 entitled "The Rhode Island Student Loan Authority" is hereby amended to read as follows:

16-62-7. Directors, officers, and employees. -- (a) The powers of the authority shall be vested in a board of directors consisting of six (6) members as follows: five (5) members appointed by the governor to the Rhode Island higher education assistance authority from among members of the general public, who are qualified by training or experience in education, finance, or personal investment consulting and made in accordance with subsection (b) of this section as provided in section 16-57-7, all appointments and are subject to the advice and consent of the senate; and the general treasurer, ex-officio. (b) All members appointed by the governor shall be appointed to terms of five (5) years, and the governor shall, during the month of January preceding the expiration of each term, appoint a member whose term will then next expire. In the event of a vacancy occurring in the office of a member by death, resignation, removal, or otherwise, the vacancy shall be filled in the same manner as an original appointment but only for the remainder of the term of the former member.
The directors shall receive no compensation for the performance of their duties under this chapter, but each director shall be reimbursed for his or her reasonable expenses incurred in carrying out those duties. A director may engage in private employment, or in a profession or business.

The board of directors shall elect one of its members to serve as chairperson. Four directors shall constitute a quorum and any action to be taken by the authority under the provisions of this chapter may be authorized by resolution approved by a majority of the directors present and voting at any regular or special meeting at which a quorum is present. A vacancy in the membership of the board of directors shall not impair the right of a quorum to exercise all the rights and perform all the duties of the authority.

In addition to electing a chairperson, the board of directors shall appoint a secretary and any additional officers and staff members as they shall deem appropriate and shall determine the amount of compensation, if any, each shall receive. The board of directors may appoint a chief executive officer and vest in that person or his or her subordinates the authority to appoint additional staff members and to determine the amount of compensation each individual shall receive.

No fulltime employee shall during the period of his or her employment by the authority engage in any other private employment, profession, or business, including, but not limited to, consulting.

Notwithstanding any other law to the contrary, it shall not be or constitute a conflict of interest for a director, officer, or employee of any financial institution, investment banking firm, brokerage firm, commercial bank, trust company, savings and loan association, credit union, insurance company, educational institution, or any other firm, person, or corporation to serve as a director of the authority nor shall any contract or transaction between the authority and any financial institution, investment banking firm, brokerage firm, commercial bank, trust company, savings and loan association, credit union, insurance company, educational institution, or any other firm, person, or corporation be void or voidable by reason of any service as director of the authority. If any director, officer, or employee of the authority shall be interested either directly or indirectly, or shall be a director, officer, or employee of or have an ownership interest (other than as the owner of less than one percent (1%) of the shares of a publicly held corporation) in any firm or corporation interested directly or indirectly in any contract with the authority, that interest shall be disclosed to the authority and set forth in the minutes of the authority, and the director, officer, or employee having that interest in it shall not participate on behalf of the authority in the authorization of this contract. Interested directors may be counted in
determining the presence of a quorum at a meeting of the board of directors of the authority which authorizes the contract or transaction.

(g) Any action taken by the authority under the provisions of this chapter may be authorized by vote at any regular or special meeting, and each vote shall take effect immediately.

(h) The board of directors may designate from among its members an executive committee and one or more other committees each of which, to the extent authorized by the board of directors, shall have and may exercise all the authority of the board of directors, but no committee shall have the authority of the board of directors in reference to the disposition of all or substantially all the property and assets of the authority, or amending the bylaws of the authority.

(i) Any action required by this chapter to be taken at a meeting of the board of directors, or any action which may be taken at a meeting of the board of directors, or committee of it, may be taken without a meeting if a consent in writing, setting forth the action to be taken, shall be signed before or after that action by all of the directors, or all of the members of the committee.

(j) The board shall conduct a training course for newly appointed and qualified members and new designees of ex-officio members within six (6) months of their qualification or designation. The course shall be developed by the chair of the board, approved by the board, and conducted by the chair of the board. The board may approve the use of any board or staff members or other individuals to assist with training. The training course shall include instruction in the subject area of this chapter and chapters 46 of title 42, 14 of title 36, and 2 of title 38; and the board's rules and regulations. The director of the department of administration shall, within ninety (90) days of the effective date of this act, disseminate training materials relating to the provisions of chapters 46 of title 42, 14 of title 36, and 2 of title 38.

energy conservation measures that are prudent and reliable and when such measures are lower
cost than acquisition of additional supply, including supply for periods of high demand.

(b) The standards and guidelines provided for by subsection (a) shall be subject to
periodic review and as appropriate amendment by the commission, which review will be
conducted not less frequently than every three (3) years after the adoption of the standards and
guidelines.

The report shall be made public and be posted electronically on the website to the office of energy resources.

(2) The commission shall issue standards not later than June 1, 2008, with regard to plans for system reliability and energy efficiency and conservation procurement, which standards may be amended or revised by the commission as necessary and/or appropriate.

(3) The energy efficiency and resources management council shall prepare by July 15, 2008, a reliability and efficiency procurement opportunity report which shall identify opportunities to procure efficiency, distributed generation, demand response and renewables, which report shall be submitted to the electrical distribution company, the commission, the office of energy resources and the joint committee on energy.

(4) Each electrical and natural gas distribution company shall submit to the commission on or before September 1, 2008, and triennially on or before September 1, thereafter through September 1, 2017, a plan for system reliability and energy efficiency and conservation procurement. In developing the plan, the distribution company may seek the advice of the commissioner and the council. The plan shall include measurable goals and target percentages for each energy resource, pursuant to standards established by the commission, including efficiency, distributed generation, demand response, combined heat and power, and renewables. The plan shall be made public and be posted electronically on the website to the office of energy resources, and shall also be submitted to the general assembly.

(5) The commission shall issue an order approving all energy efficiency measures that are cost effective and lower cost than acquisition of additional supply, with regard to the plan from the electrical and natural gas distribution company, and reviewed and approved by the energy efficiency and resources management council, and any related annual plans, and shall approve a fully reconciling funding mechanism to fund investments in all efficiency measures that are cost effective and lower cost than acquisition of additional supply, not greater than sixty (60) days after it is filed with the commission.

The report shall include the targets for each energy resource included in the order approving the plan and the achieved percentage for energy resource, including the achieved percentages for efficiency, distributed generation, demand response, combined heat and power, and renewables as well as the current funding allocations for each eligible energy resource and the businesses and vendors in Rhode Island participating in the programs. The report shall be posted electronically on the website of the office of energy resources.

(d) If the commission shall determine that the implementation of system reliability and energy efficiency and conservation procurement has caused or is likely to cause under or over-recovery of overhead and fixed costs of the company implementing said procurement, the commission may establish a mandatory rate adjustment clause for the company so affected in order to provide for full recovery of reasonable and prudent overhead and fixed costs.

(e) The commission shall conduct a contested case proceeding to establish a performance based incentive plan which allows for additional compensation for each electric distribution company and each company providing gas to end-users and/or retail customers based on the level of its success in mitigating the cost and variability of electric and gas services through procurement portfolios.

SECTION 14. Section 39-2-1.2 of the General Laws in Chapter 39-2 entitled "Duties of Utilities and Carriers" is hereby amended to read as follows:

(a) In addition to costs prohibited in section 39-1-27.4(b), no public utility distributing or providing heat, electricity, or water to or for the public shall include as part of its base rate any expenses for advertising, either direct or indirect, which promotes the use of its product or service, or is designed to promote the public image of the industry. No public utility may furnish support of any kind, direct, or indirect, to any subsidiary, group, association, or individual for advertising and include the expense as part of its base rate. Nothing contained in this section shall be deemed as prohibiting the inclusion in the base rate of expenses incurred for advertising, informational or educational in nature, which is designed to promote public safety conservation of the public utility's product or service. The public utilities commission shall promulgate such rules and regulations as are necessary to require public disclosure of all advertising expenses of any kind, direct or indirect, and to otherwise effectuate the provisions of this section.

(b) Effective as of January 1, 2008, and for a period of ten (10) years thereafter, each
electric distribution company shall include charges per kilowatt-hour delivered to fund demand
side management programs and 0.3 mills per kilowatt-hour delivered to fund renewable energy
programs. The electric distribution company shall establish and after July 1, 2007, maintain two
(2) separate accounts, one for demand side management programs, which shall be administered
and implemented by the distribution company, subject to the regulatory reviewing authority of the
commission, and one for renewable energy programs, which shall be administered by the
economic development corporation pursuant to section 42-64-13.2 and, shall be held and
disbursed by the distribution company as directed by the economic development corporation for
the purposes of developing, promoting and supporting renewable energy programs.

During the ten (10) year period the commission may, in its discretion, after notice and
public hearing, increase the sums for demand side management and renewable resources;
thereafter, the commission shall, after notice and public hearing, determine the appropriate charge
for these programs. The office of energy resources and/or the administrator of the renewable
energy programs may seek to secure for the state an equitable and reasonable portion of
renewable energy credits or certificates created by private projects funded through those
programs. As used in this section, "renewable energy resources" shall mean: (1) power generation
technologies as defined in section 39-26-5, "eligible renewable energy resources", including off-
grid and on-grid generating technologies located in Rhode Island as a priority; (2) research and
development activities in Rhode Island pertaining to eligible renewable energy resources and to
other renewable energy technologies for electrical generation; or (3) projects and activities
directly related to implementing eligible renewable energy resources projects in Rhode Island.
Technologies for converting solar energy for space heating or generating domestic hot water may
also be funded through the renewable energy programs, so long as these technologies are installed
on housing projects that have been certified by the executive director of the Rhode Island housing
and mortgage finance corporation as serving low income Rhode Island residents. Fuel cells may
be considered an energy efficiency technology to be included in demand sided management
programs. Special rates for low-income customers in effect as of August 7, 1996 shall be
continued, and the costs of all of these discounts shall be included in the distribution rates
charged to all other customers. Nothing in this section shall be construed as prohibiting an electric
distribution company from offering any special rates or programs for low-income customers
which are not in effect as of August 7, 1996, subject to the approval by the commission.

(c) On or before November 15, 2008, the economic development corporation shall create
the municipal renewable energy investment program utilizing the lesser of fifty percent (50%) or

renewable energy programs, to fund qualified municipal renewable energy projects in accordance with this chapter and the following provisions:

1. The municipal renewable energy investment programs shall be administered pursuant to rules established by the economic development corporation. Said rules shall provide transparent criteria to rank qualified municipal renewable energy projects, giving consideration to:

   (i) the feasibility of project completion;
   (ii) the anticipated amount of renewable energy the project will produce;
   (iii) the potential of the project to mitigate energy costs over the life of the project; and
   (iv) the estimated cost per kilo-watt hour (kwh) of the energy produced from the project.

Municipalities that have not previously received financing from this program shall be given priority over those municipalities that have received funding under this program.

2. Beginning on January 1, 2009, the economic development corporation shall solicit proposals from municipalities for eligible projects and shall award grants, in accordance with the rules and ranking criteria, of no more than five hundred thousand dollars ($500,000) to each eligible project.

3. Any funds not expended from the municipal renewable energy investment programs in a given year shall remain in the fund and be added to the balance to be distributed in the next award cycle. For the purposes of this section, qualified municipal renewable energy projects means any project that produces renewable energy resources and whose output of power and other attributes is controlled in its entirety by at least one Rhode Island city or town.

4. On or before November 15, 2008, the economic development corporation shall create the nonprofit affordable housing renewable energy investment program utilizing the lesser of ten percent (10%) or two hundred thousand dollars ($200,000) collected annually from the 3-mils per kilo-watt hour charge for renewable energy programs to fund qualified nonprofit affordable housing renewable energy projects in accordance with this chapter and the following provisions:

   (1) The nonprofit affordable housing renewable energy investment programs shall be administered pursuant to rules established by the economic development corporation in consultation with the Rhode Island housing mortgage finance corporation. Said rules shall provide transparent criteria to rank qualified nonprofit affordable housing renewable energy projects, giving consideration to:

   (iii) the potential of the project to mitigate energy costs over the life of the project; and
(iv) the estimated cost per kilo-watt hour (kwh) of the energy produced from the project.

Nonprofit affordable housing agencies that have not previously received financing from this program shall be given priority over those agencies that have received funding under this program.

(2) Beginning on January 1, 2009, the economic development corporation, in consultation with the Rhode Island housing and mortgage finance corporation, shall solicit proposals from eligible nonprofit housing agencies for renewable energy projects and shall award grants, in accordance with the rules and ranking criteria. The economic development corporation shall consult with the Rhode Island housing and mortgage finance corporation in the grant-making process and shall notify the corporation of the awardees.

(3) Any funds not expended from the affordable housing renewable energy investment program in a given year shall remain in the fund and be added to the balance to be distributed in the next award cycle. For the purposes of this section, "qualified nonprofit affordable housing renewable energy projects" means any project that produces renewable energy resources and whose output of power and other attributes is controlled in its entirety by at least one nonprofit affordable housing development as defined in section 42-55-3 and is restricted to producing energy for the nonprofit affordable housing development.

(e) The executive director of the economic development corporation is authorized and may enter into a contract with a contractor for the cost effective administration of the renewable energy programs funded by this section. A competitive bid and contract award for administration of the renewable energy programs may occur every three (3) years and shall include as a condition that after July 1, 2008 the account for the renewable energy programs shall be maintained and administered by the economic development corporation as provided for in subdivision (b) above.

The gas company shall establish a separate account for demand side management programs, which shall be administered and implemented by the distribution company, subject to the regulatory reviewing authority of the commission. The commission may establish administrative mechanisms and procedures that are similar to those for electric demand side management programs administered under the jurisdiction of the commissions and that are
designed to achieve cost-effectiveness and high life-time savings of efficiency measures supported by the program.

(h) The commission may, if reasonable and feasible, except from this demand side management change charge:

(i) gas used for distribution generation; and

(ii) gas used for the manufacturing processes, where the customer has established a self-directed program to invest in and achieve best effective energy efficiency in accordance with a plan approved by the commission and subject to periodic review and approval by the commission, which plan shall require annual reporting of the amount invested and the return on investments in terms of gas savings.

(h) The commission may provide for the coordinated and/or integrated administration of electric and gas demand side management programs in order to enhance the effectiveness of the programs. Such coordinated and/or integrated administration may after March 1, 2009, upon the recommendation of the office of energy resources, be through one or more third-party entities designated by the commission pursuant to a competitive selection process.

(i) Effective January 1, 2007, the commission shall allocate from demand-side management gas and electric funds authorized pursuant to this section 39-2-1.2, an amount not to exceed two percent (2%) of such funds on an annual basis for the retention of expert consultants, and reasonable administrations costs of the energy efficiency and resources management council associated with planning, management, and evaluation of energy efficiency programs, renewable energy programs, system reliability, least-cost procurement, and with regulatory proceedings, contested cases, and other actions pertaining to the purposes, powers and duties of the council, which allocation may by mutual agreement, be used in coordination with the office of energy resources to support such activities.

(j) Effective January 1, 2013, the commission shall annually allocate from the administrative funding amount allocated in (i) from the demand-side management program as described in subsection (i) as follows: sixty percent (60%) for the purposes identified in subsection (i) and forty percent (40%) annually to the office of energy resources for activities associated with planning management, and evaluation of energy efficiency programs, renewable energy programs, system reliability, least-cost procurement, and with regulatory proceedings, contested cases, and other actions pertaining to the purposes, powers and duties of the council,

(k) On April 15, of each year the office and the council shall submit to the governor, the president of the senate, and the speaker of the house of representatives, separate financial and
performance reports regarding the demand-side management programs, including the specific
level of funds that were contributed by the residential, municipal, and commercial and industrial
sectors to the overall programs, the businesses, vendors, and institutions that received funding
from demand-side management gas and electric funds used for the purposes in section 39-2-1.2;
and the businesses, vendors, and institutions that received the administrative funds for the
purposes in sections 39-2-1.2(i) and 39-2-1.2(j). These reports shall be posted electronically on
the websites of the office of energy resources and the energy efficiency resources management

WHEREAS, The act further declares it to be the public policy of the state to furnish proper and adequate airport facilities within the state and to encourage the integration of these facilities so far as practicable; and

WHEREAS, In furtherance of these goals, it is the policy of the state to retain existing industries and to induce, encourage and attract new industries through the acquisition, construction, reconstruction and rehabilitation of industrial, manufacturing, recreational, and commercial facilities, as well as transportation, residential, environmental, utility, public service, institutional and civic and community facilities, and to develop sites for such facilities; and

and maintain the public safety and continued economic success and viability of the State of
Rhode Island, its ports and infrastructure; and
WHEREAS, RIDOT explored various options to finance the costs of the five (5) major
transportation projects and determined that the federal-aid financing program authorized in
federal law by Section 311 of the National Highway System Designation Act of 1995 and
commonly referred to as the Grant Anticipation Revenue Vehicle Program (“GARVEE
Program”) represented the best financing mechanism for the State of Rhode Island, inasmuch as
the GARVEE Program accelerated the funding and construction of the five (5) major
transportation projects; and
WHEREAS, The General Assembly, in Chapter 376, Article 36, Sections 8 and 9 of the
Rhode Island Public Laws of 2003, granted RIDOT, through the Rhode Island Economic

WHEREAS, Additional grants and Federal earmark funding have been received for the completion of the Washington Bridge project, while, at the same time, preliminary cost estimates for the Sakonnet River Bridge replacement, which were used to allocate GARVEE proceeds, have proven to be lower than the funding required; and

WHEREAS, The reallocation of GARVEE funds to the Sakonnet River Bridge project will allow an equal amount of Federal highway funding to be applied to other highway projects included in the Rhode Island Transportation Improvement Program (“TIP”); and

WHEREAS, The reallocated GARVEE financing associated with these projects is estimated to be:

1. For the Sakonnet River Bridge: (a) a total capital cost of one hundred twenty seven million three hundred eighty two thousand five hundred sixty six dollars ($127,382,566); (b) the total debt issuance of GARVEE and/or other than GARVEE Bonds associated with payment of the capital costs, financing costs, costs of issuance or insurance or credit enhancement would be an amount not to exceed one hundred thirty five million eight hundred twenty five thousand dollars ($135,825,000); (c) with respect to the total debt issuance of one hundred thirty five million eight hundred twenty five thousand dollars ($135,825,000) referenced in subsection (b) above, an amount not to exceed twenty five million two hundred forty eight thousand dollars ($25,248,000) of bonds would be repaid by the State of Rhode Island with other than FHWA funds (the “State Match Bonds”); (d) total debt service payments on the State Match Bonds over an expected twenty (20) year period on the twenty five million two hundred forty eight thousand dollars ($25,248,000) issuance are projected to be thirty seven million four hundred fifty eight thousand dollars ($37,458,000), assuming an average coupon rate of 5.1%; and (e) the debt service payments on the State Match Bonds are supported from the Motor Fuel Tax Allocation as hereinafter defined; and total debt service on all bonds of two hundred four million five hundred thirty two thousand nine hundred twenty dollars ($204,532,920); and

The renewals shall be granted as a matter of course, upon payment of a fee of forty dollars ($40.00) as set forth in § 23-1-54 unless the agency finds that the applicant has acted or failed to act in a manner under the circumstances that would constitute grounds for suspension or revocation of a certificate of registration.

**SECTION 2.** Each line appearing in Section 1 of this article shall constitute an appropriation.

**SECTION 3.** The general assembly authorizes the state controller to establish the internal service accounts shown below, and no other, to finance and account for the operations of state agencies that provide services to other agencies, institutions and other governmental units on a cost reimbursed basis. The purpose of these accounts is to ensure that certain activities are managed in a businesslike manner, promote efficient use of services by making agencies pay the full costs associated with providing the services, and allocate the costs of central administrative services across all fund types, so that federal and other non-general fund programs share in the costs of general government support. The controller is authorized to reimburse these accounts for the cost of work or services performed for any other department or agency subject to the following expenditure limitations:

RELATING TO MEDICAL ASSISTANCE RECOVERIES

SECTION 1. Title 27 of the General Laws entitled “INSURANCE” is hereby amended by adding thereto the following chapter:

CHAPTER 57.1

MEDICAL ASSISTANCE INTERCEPT ACT

27-57.1-1. Interception of insurance payments.-- (a) Every domestic insurer or insurance company authorized to issue policies of liability insurance pursuant to this title, and also any workers' compensation insurer, within thirty (30) days prior to the making of any payment equal to or in excess of five hundred dollars ($500) to any claimant, for third party for personal injury or workers' compensation benefits under a contract of insurance, shall review information provided by the executive office of health and human services pursuant to section 27-57.1-4, indicating whether the claimant has received medical assistance in accordance with chapter 40-8.

(b) If the insurer determines from the information provided by the executive office of health and human services pursuant to section 27-57.1-4 that the claimant or payee has not received medical assistance, the insurer may make the payment to the claimant in accordance with the contract of the insurance.

(c) If the insurer determines from the information provided by the executive office of health and human services pursuant to section 27-57.1-4 that the claimant or payee has received medical assistance, the insurer shall, except to the extent payments are subject to liens, written notices, or interests described in section 27-57.1-3, withhold from payment the amount to the extent of the distribution for medical assistance as a result of the accident or loss, dating back to the date of the incident, pay that amount to the executive office of health and human services and pay the balance to the claimant or other persons entitled to it. The executive office of health and human services shall provide written notice to the claimant and his or her attorney, if any. The notice shall reflect the date, name, social security number, case number, amount of the payment being withheld to reimburse the state, reason for payment and opportunity to request a hearing as provided for in subsection 27-57.1-1(e). Any insurer or insurance company, its directors, agents, and employees and central reporting organizations and their respective employees authorized by
an insurer to act on its behalf that releases information in accordance with the provisions of this
chapter, or who withholds an amount from payment based upon the latest information supplied by
the executive office of health and human services pursuant to section 27-57.1-4 and disburses in
accordance with section 27-57.1-3, shall be immune from any liability to the claimant, payee lien
holder, payee who provided written notice, or security interest holder. Any withholding from
payments in accordance with this chapter and payment made to the executive office of health and
human services is further subject to the provisions of section 40-6-9, regarding rights of
assignment and subrogation by medical assistance recipients. Said payments to the executive
office of health and human services shall be for reimbursement of distributed medical assistance
incurred as a result of the accident or loss, dating back to the date of the incident.
(d) Workers’ compensation claimants who receive medical assistance, provided in
accordance with chapter 40-8, shall be subject to the provisions of this chapter. However, the
workers’ compensation reimbursement payments made to the executive office of health and
human services in accordance with this chapter shall be limited to that set forth in chapter 28-33
and section 40-6-10.
(e) Any claimant aggrieved by any action taken under this section may within thirty (30)
days of the mailing of the notice to the claimant in subsection (c) of this section, request a hearing
from the executive office of health and human services. Any payments made by an insurer
pursuant to this chapter shall be made to the executive office of health and human services,
should there be no request for a hearing within thirty (30) days of receipt of notice, or within ten
(10) business days of a decision after a hearing and in accordance with the decision of any
hearing that takes place as provided for in this subsection.
27-57.1-1.2. Notice of interception of insurance settlements.-- In any case where the
executive office of health and human services has intercepted an insurance payment, that office
shall notify the recipient.
27-57.1-3. Certain liens not affected. -- Nothing in this chapter affects the validity or
priority of liens or written notices of health care providers, attorney fees, holders of security
interests, or the assignment of rights under section 40-6-9 or section 40-6-10. Funds subject to
liens, written notices, or security interests shall be paid to the lien or interest holder. Funds
available to be paid pursuant to chapter 27-57 for the payment of child support shall supersede
any payment made pursuant to this chapter.
27-57.1-4. Information to be provided by the executive office of health and human
services.-- (a) The executive office of health and human services shall periodically within each
year furnish the insurance companies and insurers subject to this section with a list or compilation

The information provided to the insurance companies and insurers shall be the names of individuals, with last known addresses, who as of the date of the list or compilation have received medical assistance in excess of five hundred dollars ($500).

(b) In order to facilitate the efficient and prompt reporting of those medical assistance recipients in one centralized location, it is the duty and responsibility of the insurance companies doing business in the state to utilize one centralized database, to which the executive office of health and human services shall report and administer. Any insurer receiving information identifying an individual as a medical assistance recipient shall maintain the confidentiality of that information. Minimal data elements shall be shared with an agency contracted by the executive office of health and human services which maintains a centralized database of insurance claims. The contracted centralized database is required to keep confidential any personal and personnel information; records sufficient to identify an applicant for or recipient of medical assistance; preliminary drafts, notes, impressions, memoranda, working papers, and work products; as well as any other records, reports, opinions, information, and statements deemed confidential pursuant to state or federal law or regulation, or rule of court. The lien shall not be effective and shall not attach as against the estate of a recipient who is survived by a spouse, or a child who is under the age of twenty-one (21), or a child who is blind or permanently and totally disabled as defined in Title XVI of the federal Social Security Act, 42 U.S.C. § 1381 et seq. The lien shall not be effective and shall not attach as against a recipient's estate, which has been admitted for probate administration unless the department has filed a claim for reimbursement in the probate court in accordance with § 33-11-5 or other applicable law. The lien shall attach against property of a recipient, which is included or includible in the decedent's probate estate.
regardless of whether or not a probate proceeding has been commenced in the probate court by
the executive office of health and human services or by any other party. Provided, however, that
such lien shall only attach and shall only be effective against the recipient’s real property
included or includible in the recipient’s probate estate if such lien is recorded in the land evidence
records and is in accordance with subsection 40-8-15(f). Decedents who have received medical
assistance are subject to the assignment and subrogation provisions of sections 40-6-9 and 40-6-10.

(2) For purposes of this section, the term "estate" with respect to a deceased individual
shall include all real and personal property and other assets included or includable within the
individual's probate estate

(b) The department executive office of health and human services is authorized to
promulgate regulations to implement the terms, intent, and purpose of this section and to require
the legal representative(s) and/or the heirs-at-law of the decedent to provide reasonable written
notice to the department executive office of health and human services of the death of a recipient
of medical assistance who was fifty-five (55) years of age or older at the date of death, and to
provide a statement identifying the decedent's property and the names and addresses of all
persons entitled to take any share or interest of the estate as legatees or distributees thereof.

(c) The amount of medical assistance reimbursement imposed under this section shall
also become a debt to the state from the person or entity liable for the payment thereof.

(d) Upon payment of the amount of reimbursement for medical assistance imposed by
this section, the director secretary of the department of human services executive office of health
and human services, or his or her designee, shall issue a written discharge of lien.

(e) Upon application to the director and a determination by the director that the lien is
either inapplicable or that no reimbursement for medical assistance is due with respect to the
estate, the director shall issue a written discharge of lien.

(f) Provided, however, that no lien created under this section shall attach nor become
effective upon any real property unless and until a statement of claim is recorded naming the
debtor/owner of record of the property as of the date and time of recording of the statement of
claim, and describing the real property by a description containing all of the following: (1) tax
assessor's plat and lot; and (2) street address. The statement of claim shall be recorded in the
records of land evidence in the town or city where the real property is situated. Notice of said lien
shall be sent to the duly appointed executor or administrator, the decedent’s legal representative,
if known, or to the decedent’s next of kin or heirs at law as stated in the decedent’s last
application for medical assistance.
The department of human services executive office of health and human services shall establish procedures, in accordance with the standards specified by the secretary, U.S. Department of Health and Human Services, under which the department of human services executive office of health and human services shall waive, in whole or in part, the lien and reimbursement established by this section if such lien and reimbursement would work an undue hardship, as determined by the department executive office of health and human services, on the basis of the criteria established by the secretary in accordance with 42 U.S.C. § 1396p(b)(3).

(g) Upon the filing of a petition for admission to probate of a decedent’s will or for administration of a decedent’s estate, when the decedent was fifty-five (55) years or older at the time of death, a copy of said petition and a copy of the death certificate shall be sent to the executive office of health and human services. Within thirty (30) days of a request by the executive office of health and human services, an executor or administrator shall complete and send to the executive office of health and human services a form prescribed by that office and shall provide such additional information as the office may require. In the event a petitioner fails to send a copy of the petition and a copy of the death certificate to the executive office of health and human services and a decedent has received medical assistance for which the executive office of health and human services is authorized to recover, no distribution and/or payments, including administration fees, shall be disbursed. Any person and/or entity that receives a distribution of assets from the decedent’s estate shall be liable to the executive office of health and human services to the extent of such distribution.

(h) Compliance with the provisions of this section shall be consistent with the requirements set forth in section 33-11-5 and the requirements of the affidavit of notice set forth in section 33-11-5.2. Nothing in these sections shall limit the executive office of health and human services from recovery, to the extent of the distribution, in accordance with all state and federal laws.

failed to provide such notice and who receives any distribution of value as a result of the transfer,
shall be liable to the executive office of health and human services to the extent of the value of
the transfer. Moreover, any such individual shall be subject to the provisions of section 40-6-15
and any remedy provided by applicable state and federal laws and rules and regulations. Failure
to comply with the notice requirements set forth in the section shall not affect the marketability of
title to real estate transferred, while the transferor is receiving medical assistance.

SECTION 7. Chapter 33-11 of the General Laws entitled “Claims Against Decedents’
Estates” is hereby amended by adding thereto the following section:

33-11-5.2. Fiduciary’s affidavit regarding notice to creditors and OHHS. -- In order

SECTION 9. This article shall take effect July 1, 2012.
ARTICLE 12 AS AMENDED

RELATING TO EDUCATION AID

SECTION 1. Section 16-2-9.4 of the General Laws in Chapter 16-2 entitled "School Committees and Superintendents" is hereby amended to read as follows:

16-2-9.4, School district accounting compliance. -- (a) The office of auditor general and the department of elementary and secondary education shall promulgate a uniform system of accounting, including a chart of accounts based on the recommendations of the advisory council on school finance, and require all accounts of the school districts, regional school districts, state schools and charter schools to be kept in accordance therewith; provided, that in any case in which the uniform system of accounting is not practicable, the office of auditor general in conjunction with the department of elementary and secondary education shall determine the manner in which the accounts shall be kept. The uniform system of accounting shall also include a standardized budget process to ensure districts can annually assess investment priorities and incorporate long range planning.

(b) For the purpose of securing a uniform system of accounting and a chart of accounts the advisory council on school finances, as defined in section 16-2-9.2 may make such surveys of the operation of any school districts, regional school district, state school or charter school as they shall deem necessary.

(c) Upon completion of the implementation of the uniform chart of accounts, all the school districts, regional school districts, state schools, and/or charter schools, shall implement a regents-approved budget model, and use best practices established by the department of education for long range planning, budget development, and budget administration and reporting.

(d) If any school district, regional school district, state school or charter school fails to install and maintain the uniform system of accounting, including a chart of accounts and approved budget model, or fails to keep its accounts and interdepartmental records, or refuses or neglects to make the reports and to furnish the information in accordance with the method prescribed by the office of auditor general and the department of education or hinders or prevents the examination of accounts and financial records, the auditor general and the commissioner of education and/or their respective designee(s) shall make a report to the superintendent of schools of the local education agency, the school committee chairperson, the mayor or town
manager, and the president of the town council, and/or for a charter school, to the board of
teachers or directors, as applicable, the board of regents for elementary and secondary education
in writing, specifying the nature and extent of the failure, refusal, neglect, hindrance, or
prevention, and the board of regents commissioner is hereby authorized and directed to review
the matter so reported. If the regents commissioner shall find that failure, refusal, neglect,
hindrance, or prevention exists and that the school district, regional school district, state school or
charter school should properly comply in the matter so reported, the regents commissioner shall
direct the school district, regional school district, state school or charter school, in writing, to so
comply. If the failure, refusal, neglect, hindrance, or prevention shall continue for a period of ten
(10) days following the written direction, the regents commissioner may withhold distribution of
state aid to said school district, regional school district, state school or charter school.

(e) The department of elementary and secondary education in consultation with the
division of municipal finance shall conduct periodic reviews and analysis of school revenues and
expenses. The department shall also review and monitor compliance with the approved budget
model and best practices. The department shall identify those local education agencies considered
to be at risk of a year-end deficit or a structural deficit that could impact future years. Such
potential deficits shall be identified based on the periodic reviews, which may also include on-site
visits and reporting in accordance with the provisions of section 45-12-22.2. Potential deficits
shall be reported to the office of municipal finance, office of auditor general, superintendent,
chairman of the school committee, mayor or town manager, and the president of the town council,
of the applicable school district, regional school district, or state school, and/or for a charter
school, to the board of trustees or directors, as applicable.

16-2-34. Central Falls School District board of trustees. -- (a) There is hereby
established a seven (7) member board of trustees, which shall govern the Central Falls School
District. With the exception of those powers and duties reserved by the commissioner of
elementary and secondary education, and the board of regents for elementary and secondary
education, the board of trustees shall have the powers and duties of school committees.
Notwithstanding any provision of law to the contrary, the commissioner of elementary and
secondary education, as the executive agent of the board of regents for elementary and secondary
education, is authorized to exercise in whole or in part care, control, and management over the
public schools of the Central Falls school district within the scope of authority of the board of
trustees and board of regents, whenever the commissioner deems such intervention to be
necessary and appropriate.

(b) The board of regents for elementary and secondary education shall appoint the
members of the board of trustees from nominations made by the commissioner of elementary and secondary education. The chairperson shall also be selected in this manner. The board of regents shall determine the number, qualifications, and terms of office of members of the board of trustees, provided however, that at least four (4) of the members shall be residents of the city and parents of current or former Central Falls public school students. The remaining three (3) shall be appointed at large.

(c) The board of regents shall provide parameters for overall budget requests, approve the budget, and otherwise participate in budget development.

(d) The commissioner of elementary and secondary education shall recommend parameters for overall budget requests, recommend a budget, and otherwise participate in budget development.

(e) The commissioner shall approve the process for selection of the superintendent.

(f) The board of trustees shall meet monthly and serve without compensation. The board of trustees shall have broad policy making authority for the operation of the school, as well as the following powers and duties:

(1) To identify the educational needs of the district;
(2) To develop educational policies to meet the needs of students in the school district;
(3) To appoint a superintendent to serve as its chief executive officer and to approve assistant and associate superintendents from nominations made by the superintendent;
(4) To provide policy guidance and otherwise participate in budget development; and
(5) To develop staffing policies which ensure that all students are taught by educators of the highest possible quality.

(g) The superintendent shall serve at the pleasure of the board of trustees with the initial appointment to be for a period of not more than three (3) years; provided, however, that the terms and conditions of employment are subject to the approval of the board of regents for elementary and secondary education.

(h) It shall be the responsibility of the superintendent to manage and operate the school on a day-to-day basis. The superintendent's duties shall include the following:

(1) To be responsible for the care, supervision, and management of the schools;
(2) To recommend to the board of trustees educational policies to meet the needs of the district, and to implement policies established by the board of trustees;
(3) To present nominations to the board of trustees for assistant and associate superintendents and to appoint all other school personnel;
(4) To provide for the evaluation of all school district personnel;
(5) To establish a school based management approach for decision making for the operation of the school;

(6) To prepare a budget and otherwise participate in budget development as required, and to authorize purchases consistent with the adopted school district budget;

(7) To report to the board of trustees, on a regular basis, the financial condition and operation of the schools, and to report annually on the educational progress of the schools;

(8) To establish appropriate advisory committees as needed to provide guidance on new directions and feedback on the operation of the schools;

(9) With policy guidance from the board of trustees and extensive involvement of the administrators and faculty in the school, to annually prepare a budget. The board of trustees shall approve the budget and transmit it to the commissioner. The board of regents for elementary and secondary education, upon recommendation of the commissioner of elementary and secondary education, shall provide parameters for the overall budget request. Based on review and recommendation by the commissioner, the board of regents shall approve the total budget and incorporate it into its budget request to the governor and to the general assembly. Line item budgeting decisions shall be the responsibility of the superintendent; and

(10) To negotiate, along with the chairperson of the board of trustees and his or her appointed designee, all district employment contracts, which contracts shall be subject to the approval of the commissioner of elementary and secondary education with the concurrence of the board of regents.

(i) Nothing in this section shall be deemed to limit or otherwise interfere with the rights of teachers and other school employees to bargain collectively pursuant to chapters 9.3 and 9.4 of title 28 to exercise rights afforded under any statute including, but not limited to, Title 16, or to allow the commissioner board of trustees or the superintendent to abrogate any agreement by collective bargaining.

(j) The appointment of the special state administrator for the Central Falls School District and the Central Falls School District Advisory Group, created by chapter 312 of the Rhode Island Public Laws of 1991, will no longer be in effect upon the selection and appointment of the board of trustees created in this section. All powers and duties of the special state administrator and the Central Falls School District Advisory Group are hereby transferred and assigned to the board of trustees created in this section, upon the selection and appointment of that board.

SECTION 2. Section 45-12-22.2 of the General Laws in Chapter 45-12 entitled "Indebtedness of Towns and Cities" is hereby amended to read as follows:
45-12-22.2. Monitoring of financial operations -- Corrective action. -- (a) The chief financial officer of each municipality and each school district within the state shall continuously monitor their financial operations by tracking actual versus budgeted revenue and expense.

(b) The chief financial officer of the municipality shall submit a report on a monthly basis to the municipality's chief executive officer, each member of the city or town council, and school district committee certifying the status of the municipal budget from all fund sources, including the school department budget from all fund sources, or regional school district budget from all fund sources. The chief financial officer of the municipality shall also submit a quarterly report on or before the 25th day of the month succeeding the end of each fiscal quarter to the division of municipal finance, the commissioner of education, and the auditor general certifying the status of the municipal budget, including the school budget that has been certified by the school department. Each quarterly report submitted must be signed by the chief executive officer, chief financial officer as well as the superintendent of the school district and chief financial officer for the school district. The report has to be submitted to the city/town council president and the school committee chair. It is encouraged, but not required, to have the council president/school committee chair sign the report. The chief financial officer of the school department or school district shall certify the status of the school district's budget and shall assist in the preparation of these reports. The monthly and quarterly reports shall be in a format prescribed by the division of municipal finance, the commissioner of education, and the state auditor general. The reports shall contain a statement as to whether any actual or projected shortfalls in budget line items are expected to result in a year-end deficit, the projected impact on year-end financial results including all accruals and encumbrances, and how the municipality and school district plans to address any such shortfalls. In the event that the school reporting is not provided, then state education aid may be withheld pursuant to the provisions of section 16-2-9.4(d).

(c) If any of the quarterly reports required under subsection (b) above project a year-end deficit, the chief financial officer of the municipality shall submit to the state division of municipal finance, the commissioner of education, and the auditor general a corrective action plan signed by the chief executive officer and chief financial officer on or before the last day of the month succeeding the close of the fiscal quarter, which provides for the avoidance of a year-end deficit or structural deficit that could impact future years, and the school superintendent shall also comply with the provisions of section 16-2-11(c) to assist in this effort. The plan may include recommendations as to whether an increase in property taxes and/or spending cuts should be adopted to eliminate the deficit. The plan shall include a legal opinion by municipal counsel.
that the proposed actions under the plan are permissible under federal, state, and local law. The
state division of municipal affairs may rely on the written representations made by the
municipality in the plan and will not be required to perform an audit.

(d) If the division of municipal finance concludes the plan required hereunder is
insufficient and/or fails to adequately address the financial condition of the municipality, the
division of municipal finance can elect to pursue the remedies identified in section 45-12-22.7.

(e) The reports required shall include the financial operations of any departments or
funds of municipal government including the school department or the regional school district,
notwithstanding the status of the entity as a separate legal body. This provision does not eliminate
the additional requirements placed on local and regional school districts by sections 16-2-9(f) and
16-3-11(e)(3).

SECTION 3. Section 16-7-39 of the General Laws in Chapter 16-7 entitled “Foundation
Level School Support” is hereby amended to read as follows:

16-7-39. Computation of school housing aid ratio.-- For each community, the percent
of state aid for school housing costs shall be computed in the following manner:

(1) The adjusted equalized weighted assessed valuation for the district is divided by the
resident average daily membership for the district (grades twelve (12) and below); (2) the
adjusted equalized weighted assessed valuation for the state is divided by the resident average
daily membership for the state (grades twelve (12) and below); (1) is then divided by (2) and the
resultant ratio is multiplied by a factor currently set at sixty-two percent (62%) which represents
the approximate average district share of school support; the resulting product is then subtracted
from one hundred percent (100%) to yield the housing aid share ratio, provided that in no case
shall the ratio be less than thirty percent (30%). Provided, that effective July 1, 2010, and
annually at the start of each fiscal year thereafter, the thirty percent (30%) floor on said housing
aid share shall be increased by five percent (5%) increments each year until said floor on the
housing aid share ratio reaches a minimum of not less than forty percent (40%). This provision
shall apply only to school housing projects completed after June 30, 2010 that received approval
from the board of regents prior to June 30, 2012. Provided further, for the fiscal year beginning
July 1, 2012 and for subsequent fiscal years, the minimum housing aid share shall be thirty-five
percent (35%) for all projects receiving board of regents approval after June 30, 2012. The
resident average daily membership shall be determined in accordance with § 16-7-22(1).

SECTION 4. Section 16-7.2-6 of the General Laws in Chapter 35-4 entitled “The
Education Equity and Property Tax Relief Act” is hereby amended to read as follows:

16-7.2-6. Categorical programs, state funded expenses.-- In addition to the foundation
education aid provided pursuant to § 16-7.2-3 the permanent foundation education aid program shall provide direct state funding for:

(a) Excess costs associated with special education students. Excess costs are defined when an individual special education student's cost shall be deemed to be “extraordinary.” Extraordinary costs are those educational costs that exceed the state approved threshold based on an amount above five times the core foundation amount (total of core instruction amount plus student success amount). The department of elementary and secondary education shall prorate the funds available for distribution among those eligible school districts if the total approved costs for which school districts are seeking reimbursement exceed the amount of funding appropriated in any fiscal year;

(b) Career and technical education costs to help meet initial investment requirements needed to transform existing or create new comprehensive career and technical education programs and career pathways in critical and emerging industries and to help offset the higher than average costs associated with facilities, equipment maintenance and repair, and supplies necessary for maintaining the quality of highly specialized programs that are a priority for the state. The department shall recommend criteria for the purpose of allocating any and all career and technical education funds as may be determined by the general assembly on an annual basis. The department of elementary and secondary education shall prorate the funds available for distribution among those eligible school districts if the total approved costs for which school districts are seeking reimbursement exceed the amount of funding available in any fiscal year;

(c) Programs to increase access to voluntary, free, high-quality pre-kindergarten programs. The department shall recommend criteria for the purpose of allocating any and all early childhood program funds as may be determined by the general assembly;

(d) Central Falls Stabilization Fund is established to assure that appropriate funding is available to support the community, including students from the community that attend the charter schools, Davies, and the Met Center pursuant to § 16-7.2-5, due to concerns regarding the city's capacity to meet the local share of education costs. This fund requires that education aid calculated pursuant to section 16-7.2-3 and funding for costs outside the permanent foundation education aid formula, including but not limited to transportation, facility maintenance, and retiree health benefits, that the difference between education aid calculated pursuant to §16-7.2-3 and education aid, as of the effective date of the formula, shall be shared between the state and the city of Central Falls. The state's share of the fund will be paid directly to the Central Falls school district upon verification that the city has transferred its share of the local contribution for education. The fund shall be annually reviewed to determine the amount of the state and city.

appropriation. The state's share of this fund may be supported through a reallocation of current
state appropriations to the Central Falls school district. At the end of the transition period defined
in § 16-7.2-7, the municipality will continue its contribution pursuant to § 16-7-24; and

(e) Excess costs associated with transporting students to out of district non-public schools
and within regional school districts. (1) This fund will provide state funding for the costs
associated with transporting students to out of district non-public schools, pursuant to title 16,
Chapter 21.1. The state will assume the costs of non-public out-of-district transportation for those
districts participating in the statewide system; and (2) This fund will provide direct state funding
for the excess costs associated with transporting students within regional school districts,
established pursuant to title 16, chapter 3. This fund requires that the state and regional school
district share equally the student transportation costs net any federal sources of revenue for these
expenditures. The department of elementary and secondary education shall prorate the funds
available for distribution among those eligible school districts if the total approved costs for
which school districts are seeking reimbursement exceed the amount of funding available in any
fiscal year.

(f) Public school districts that are regionalized shall be eligible for a regionalization
bonus as set forth below.

(1) As used herein, the term "regionalized" shall be deemed to refer to a regional school
district established under the provisions of chapter 16-3 including the Chariho Regional School
district.

(2) For those districts that are regionalized as of July 1, 2010, the regionalization bonus
shall commence in FY 2012. For those districts that regionalize after July 1, 2010, the
regionalization bonus shall commence in the first fiscal year following the establishment of a
regionalized school district as set forth section 16-3, including the Chariho Regional School
District.

(3) The regionalization bonus in the first fiscal year shall be two percent (2.0%) of the
state's share of the foundation education aid for the regionalized district as calculated pursuant to
§§ 16-7.2-3 and 16-7.2-4 in that fiscal year.

(4) The regionalization bonus in the second fiscal year shall be one percent (1.0%) of the
state's share of the foundation education aid for the regionalized district as calculated pursuant to
§§ 16-7.2-3 and 16-7.2-4 in that fiscal year.

(5) The regionalization bonus shall cease in the third fiscal year.

(6) The regionalization bonus for the Chariho regional school district shall be applied to
the state share of the permanent foundation education aid for the member towns.
(7) The department of elementary and secondary education shall prorate the funds available for distribution among those eligible regionalized school districts if the total approve costs for which regionalized school districts are seeking a regionalization bonus exceed the amount of funding appropriated in any fiscal year.

(g) Categorical programs defined in (a) through (f) shall be funded pursuant to the transition plan in § 16-7.2-7.

SECTION 5. Sections 16-7-17, 16-7-38 and 16-7-41 of the General Laws in Chapter 16-7 entitled “Foundation Level School Support” are hereby amended to read as follows:

16-7-17. Time of payment of state's share of the basic program and approved expenditures. -- There shall be paid by the state to each community in twelve (12) monthly installments an amount as determined by law to be the state's share of the cost of the basic program for the reference year and all approved expenditures in excess of the basic program for the reference year, provided, however, that these payments to a community shall be reduced by the amount of funds deposited by the department into the local education agency EPSDT account in accordance with section 40-8-18 on behalf of the community. The July and August payment shall be two and one-half percent (2.5%) of the state's share based upon the estimated pupil data, valuation data, and expenditure data for the reference year and the September through June payments shall each be nine and one-half percent (9.5%) of the aid due and payable based upon the data for the reference year, except for the city of East Providence which shall be paid during October and April in accordance with chapter 344 of the Public Laws of 1982.

16-7-38. Time for payments to communities. -- There shall be paid during October and April on September 15 and March 15 of each year one-half (1/2) of the amount to which each community is entitled in terms of the computation in section 16-7-41.

16-7-41. Computation of school housing aid. -- (a) In each fiscal year the state shall pay to each community a grant to be applied to the cost of school housing equal to the following:

The cost of each new school housing project certified to the commissioner of elementary and secondary education not later than July 15 of the fiscal year shall be divided by the actual number of years of the bond issued by the local community or the Rhode Island Health and Educational Building Corporation in support of the specific project, times the school housing aid ratio; and provided, further, with respect to costs of new school projects financed with proceeds of bonds issued by the local community or the Rhode Island Health and Educational Building Corporation in support of the specific project, the amount of the school housing aid payable in
each fiscal year shall not exceed the amount arrived at by multiplying the principal and interest of
the bonds payable in each fiscal year by the school housing aid ratio and which principal and
interest amount over the life of the bonds, shall, in no event, exceed the costs of each new school
housing project certified to the commissioner of elementary and secondary education. If a
community fails to specify or identify the appropriate reimbursement schedule, the commissioner
of elementary and secondary education may at his or her discretion set up to a five (5) year
reimbursement cycle for projects under five hundred thousand dollars ($500,000); up to ten (10)
years for projects up to three million dollars ($3,000,000); and up to twenty (20) years for
projects over three million dollars ($3,000,000).

(b) Aid shall be provided for the same period as the life of the bonds issued in support of
the project and at the school housing aid ratio applicable to the local community at the time of the
bonds issued in support of the project as set forth in section 16-7-39.

(c) Aid shall be paid either to the community or in the case of projects financed through
the Rhode Island Health and Educational Building Corporation, to the Rhode Island Health and
Educational Building Corporation or its designee including, but not limited to, a trustee under a
bond indenture or loan and trust agreement, in support of bonds issued for specific projects of the
local community in accordance with this section, section 16-7-40 and section 16-7-44.

Notwithstanding the preceding, in case of failure of any city, town or district to pay the amount
due in support of bonds issued on behalf of a city or town school project financed by the Rhode
Island Health and Educational Building Corporation, upon notification by the Rhode Island
Health and Educational Building Corporation, the general treasurer shall deduct the amount from
aid provided under this section, section 16-7-40, and section 16-7-44 and section 16-7-15 through
section 16-7-34.3 due the city, town or district and direct said funding to the Rhode Island Health
and Educational Building Corporation or its designee.

(d) Notwithstanding any provisions of law to the contrary, in connection with the
issuance of refunding bonds benefiting any local community, any net interest savings resulting
from the refunding bonds issued by such community or a municipal public buildings authority for
the benefit of the community or by the Rhode Island health and educational building corporation
for the benefit of the community, in each case in support of school housing projects for the
community, shall be allocated between the community and the state of Rhode Island, by applying
the applicable school housing aid ratio at the time of issuance of the refunding bonds, calculated
pursuant to section 16-7-39, that would otherwise apply in connection with school housing
projects of the community. In connection with any such refunding of bonds, the finance director
or the chief financial officer of the community shall certify such net interest savings to the
commissioner of elementary and secondary education. Notwithstanding section 16-7-44 or any other provision of law to the contrary, school housing projects costs in connection with any such refunding bond issue shall include bond issuance costs incurred by the community, the municipal public buildings authority or the Rhode Island health and educational building corporation, as the case may be, in connection therewith. In connection with any refunding bond issue, school housing project costs shall include the cost of interest payments on such refunding bonds, if the cost of interest payments was included as a school housing cost for the bonds being refunded. A local community or municipal public buildings authority shall not be entitled to the benefits of this subsection (d) unless the net present value savings resulting from the refunding is at least three percent (3%) of the refunded bond issue.

(e) Any provision of law to the contrary notwithstanding, the commissioner of elementary and secondary education shall cause to be monitored the potential for refunding outstanding bonds of local communities or municipal public building authorities or of the Rhode Island Health and Educational Building Corporation issued for the benefit of local communities or municipal public building authorities and benefiting from any aid referenced in this section. In the event it is determined by said monitoring that the net present value savings which could be achieved by refunding such bonds of the type referenced in the prior sentence including any direct costs normally associated with such refundings is equal to (i) at least one hundred thousand dollars ($100,000) and (ii) for the state and the communities or public building authorities at least three percent (3%) of the bond issue to be refunded including associated costs then, in such event, the commissioner (or his or her designee) may direct the local community or municipal public building authority for the benefit of which the bonds were issued, to refund such bonds. Failure of the local community or municipal public buildings authority to timely refund such bonds, except due to causes beyond the reasonable control of such local community or municipal public building authority, shall result in the reduction by the state of the aid referenced in this section 16-7-4.1 associated with the bonds directed to be refunded in an amount equal to ninety percent (90%) of the net present value savings reasonably estimated by the commissioner of elementary and secondary education (or his or her designee) which would have been achieved had the bonds directed to be refunded been refunded by the ninetieth (90th) day (or if such day is not a business day in the state of Rhode Island, the next succeeding business day) following the date of issuance of the directive of the commissioner (or his or her designee) to refund such bonds. Such reduction in the aid shall begin in the fiscal year following the fiscal year in which the commissioner issued such directive for the remaining term of the bond.

(f) Payments shall be made in accordance with section 16-7-40 and this section.
SECTION 6. Section 16-7-23 of the General Laws in Chapter 16-7 entitled “Foundation Level School Support” is hereby amended to read as follows:

16-7-23. Community requirements -- Adequate minimum budget provision. -- (a)

The school committee's budget provisions of each community for current expenditures in each budget year shall provide for an amount from all sources sufficient to support the basic program and all other approved programs shared by the state. Each community shall contribute local funds to its school committee in an amount not less than its local contribution for schools in the previous fiscal year except to the extent permitted by section sections 16-7-23.1 and 16-7-23.2.

Provided, that for the fiscal years 2010 and 2011 each community shall contribute to its school committee in an amount not less than ninety-five percent (95.0%) of its local contribution for schools for the fiscal year 2009. Calculation of the annual local contribution shall not include Medicaid revenues received by the municipality or district pursuant to chapter 8 of title 40. A community which has a decrease in enrollment may compute maintenance of effort on a per pupil rather than on an aggregate basis when determining its local contribution; furthermore, a community which experiences a nonrecurring expenditure for its schools may deduct the nonrecurring expenditure in computing its maintenance of effort. The deduction of nonrecurring expenditures shall be with the approval of the commissioner. Provided, however, that notwithstanding any provision of this title to the contrary, debt service that is no longer carried on the books of any school district shall not be included in any school districts’ annual budget, nor shall non-recurring debt service be included in maintenance of effort as set forth in this chapter, nor shall any non-recruiting debt service be included in the operating budget of any school district. For the purposes set forth above non-recurring capital lease payments shall be considered non-recurring debt service. The courts of this state shall enforce this section by writ of mandamus means of injunctive relief.

(b) Whenever any state funds are appropriated for educational purposes, the funds shall be used for educational purposes only and all state funds appropriated for educational purposes must be used to supplement any and all money allocated by a city or town for educational purposes and, in no event, shall state funds be used to supplant, directly or indirectly, any money allocated by a city or town for educational purposes. All state funds shall be appropriated by the municipality to the school committee for educational purposes in the same fiscal year in which they are appropriated at the state level even if the municipality has already adopted a school budget. All state and local funds unexpended by the end of the fiscal year of appropriation shall remain a surplus of the school committee and shall not revert to the municipality. Any surplus of state or local funds appropriated for educational purposes shall not in any respect affect the
requirement that each community contribute local funds in an amount not less than its local
contribution for schools in the previous fiscal year, subject to subsection (a) of this section, and
shall not in any event be deducted from the amount of the local appropriation required to meet the
maintenance of effort provision in any given year.

SECTION 7. Chapter 16-7 of the General Laws entitled “Foundation Level School
Support” is hereby amended by adding thereto the following section:

16-7-23.2. School deficit reduction -- Maintenance of effort provision. – A city, town,
or regional school district appropriating authority may appropriate supplemental funds to
eliminate or reduce a school budget deficit. To the extent that such a supplemental appropriation
represents payment of past annual expenditure, the payment shall not be used in the computation
of the maintenance of effort requirements established by section 16-7-23.

CHILDREN WHO ARE DEAF OR BLIND” is hereby repealed in its entirety.

CHAPTER 16-25

Education of Children Who are Deaf or Blind

16-25-1. Appointment of state beneficiaries at special institutions. -- The governor, on
recommendation of the department of elementary and secondary education and upon application
of the parent or guardian, may appoint any child who is deaf, blind, or visually impaired being a
legal resident of this state, who shall appear to the department to be a fit subject for education, as
a state beneficiary at any suitable institution or school now established or that may be established
either within or without the state, for the period that he or she may determine, within the limit of
ten (10) years; provided, that he or she may, upon the special recommendation of the department,
extend the period and that he or she shall have the power to revoke any appointment at any time
for cause.

16-25-2. Supervision of beneficiaries -- Reports to general assembly. -- The
department of elementary and secondary education is invested with the duty and responsibility of
supervising the education of all those beneficiaries, and no child appointed as provided in section
16-25-1 shall be withdrawn from any institution or school except with its consent, or the consent
of the governor, and the department shall annually report its doings under this chapter to the
general assembly, with any further information in relation to the several institutions at which
these beneficiaries have been placed that may be deemed desirable.

16-25-3. Repealed. --

16-25-4. Care and instruction of children who are blind or visually impaired under
school age. -- The department of elementary and secondary education shall have power to
provide for the suitable care, maintenance, and instruction of babies and children under school age residing in this state who may be born blind or become blind or visually impaired, in any case where by reason of lack of means or other cause the parent or parents of the children may be unable to properly care for, maintain, and educate the children.

16-25-5. tax levy of each municipality by the full value of property for each municipality. For the 1990-91
fiscal year, tax levy and full value shall be as of the assessment date December 31, 1986.

For the fiscal year 1990-91, the reference year for the tax levy shall be the assessment date of December 31, 1988. For each fiscal year thereafter, except for fiscal year 2007-2008, the reference year and the fiscal year shall bear the same relationship. For the fiscal year 2007-2008 the reference year shall be the same as for the distributions made in fiscal year 2006-2007.

Any newly qualifying community shall be paid fifty percent (50%) of current law requirements the first year it qualifies. The remaining fifty percent (50%) shall be distributed to the other distressed communities proportionately. When any community falls out of the distressed community program, it shall receive a one-time payment of fifty percent (50%) of the prior year requirement exclusive of any reduction for first year qualification. The community shall be considered a distressed community in the fall-out year.

d) Appropriation of funds. The state of Rhode Island shall appropriate funds in the annual appropriations act to support this program. 42-7.2-1. Statement of intent.-- The purpose of this Chapter is to develop a consumer-centered system of publicly-financed state administered health and human services that supports access to high quality services, protects the safety of the state's most vulnerable citizens, and ensures the efficient use of all available resources by the five (5) four (4) departments responsible for the health and human services programs serving all Rhode Islanders and providing direct assistance and support services to more than 250,000 individuals and families: the department of children, youth, and families; the department of elderly affairs; the department of health; the department of human services; and the department of mental health, retardation, behavioral healthcare, developmental disabilities and hospitals, collectively referred to within as "departments". It is recognized that the executive office of health and human services and the departments have undertaken a variety of initiatives to further this goal and that they share a commitment to continue to work in concert to preserve and promote each other's unique missions while striving to attain better outcomes for all the people and communities they serve. However, recent and expected changes in federal and state policies and funding priorities that affect the financing, organization, and delivery of health and human services programs pose new challenges and opportunities that have created an even greater need for structured and formal interdepartmental cooperation and collaboration. To meet this need while continuing to build on the achievements that have already been made, the interests of all Rhode Islanders will best be served by codifying in the state's general laws the purposes and responsibilities of the executive office of health and human services and the position of secretary of health and human services.

42-7.2-2. Executive office of health and human services.-- There is hereby established within the executive branch of state government an executive office of health and human services to serve as the principal agency of the executive branch of state government for managing the departments of children, youth and families, elderly affairs, health, human services, and mental health, retardation, behavioral healthcare, developmental disabilities and hospitals. In this...
capacity, the office shall:

   (2) Design strategies and implement best practices that foster service access, consumer safety and positive outcomes.

   (3) Maximize and leverage funds from all available public and private sources, including federal financial participation, grants and awards.

   (4) Increase public confidence by conducting independent reviews of health and human services issues in order to promote accountability and coordination across departments.

   (5) Ensure that state health and human services policies and programs are responsive to changing consumer needs and to the network of community providers that deliver assistive services and supports on their behalf.

   (b) Supervise the administrations of the federal and state medical assistance programs by acting as in the capacity of the single state agency authorized under title XIX of the U.S. Social Security act, 42 U.S.C. § 1396a et seq., notwithstanding any general or public law or regulation to the contrary, and exercising such single state agency authority for such other federal and state programs as may be designated by the governor. Except as provided for herein, nothing in this chapter shall be construed as transferring to the secretary:

   (1) The powers, duties or functions conferred upon the departments by Rhode Island general laws for the administration of the foregoing federal and state programs; or

   (2) The administrative responsibility for the preparation and submission of any state plans, state plan amendments, or federal waiver applications, as may be approved from time to time by the secretary with respect to the foregoing federal and state programs.

   approved for federal financial participation under the authority of the Medicaid state agency,

42-7.2-4. Responsibilities of the secretary.-- (a) The secretary shall be responsible to the governor for supervising the executive office of health and human services and for managing and providing strategic leadership and direction to the five (4) departments.

(b) Notwithstanding the provisions set forth in this chapter, the governor shall appoint the directors of the departments within the executive office of health and human services. Directors appointed to those departments shall continue to be subject to the advice and consent of the senate and shall continue to hold office as set forth in §§ 42-6-1 et seq. and 42-72-1(c).

(1) The State of Rhode Island, through the Rhode Island Department of Transportation (“RIDOT”), funds the repair, replacement, and maintenance of bridges in Rhode Island, except the Newport Bridge and the Mount Hope Bridge.

(2) Rhode Island depends on three primary sources for funding all transportation infrastructure construction, maintenance, and operations. These sources are Federal funds, State bond funds, and motor fuel tax revenue. Of these sources, two (Federal funds and motor fuel tax revenue) are mutable.

(3) The 2008 Governor’s Blue Ribbon Panel on Transportation Funding and the 2011 Senate Special Commission on Sustainable Transportation funding determined that there is insufficient revenue available from all existing sources to fund the maintenance and improvement of Rhode Island transportation infrastructure.

(4) In 2011, the Rhode Island general assembly adopted a component of the recommended systemic change to transportation funding by creating the Rhode Island Highway Maintenance Trust Fund, to be funded by an increase in license and registration fees and contributions from the Rhode Island Capital Plan (RICAP) fund, beginning in FY2014.

(5) Although the State is shifting from long-term borrowing to annual revenues to fund transportation infrastructure, there is still a funding gap between the revenue needed to maintain all roads and bridges in good condition and the annual amounts generated by current revenue sources.

(6) The State has sufficient financial resources to complete the construction of the new Sakonnet River Bridge and to demolish the existing Sakonnet River Bridge, but does not have
sufficient financial resources to assure the future maintenance and operation of the Sakonnet River Bridge.

(7) There is limited access to and from Rhode Island’s East Bay, consisting of Bristol and Newport Counties, and this access is restricted both by geography and infrastructure. The most critical infrastructure includes the four bridges that comprise the access to Aquidneck Island and Conanicut Island. These four bridges make up less than half a percent of the total bridges in the state, but comprise approximately twenty percent of the deck area of all Rhode Island bridges.

(8) Two of the four bridges, the Sakonnet River Bridge and the Jamestown Verrazzano Bridge, are owned and maintained by RIDOT. The Rhode Island Turnpike and Bridge Authority ("RITBA") currently owns and maintains the other two bridges: the Newport Bridge and the Mount Hope Bridge.

(9) In the current economic and political climate, cooperation between State departments and/or quasi-public agencies provides the best opportunity to maximize financial and knowledge-based resources.

(10) RITBA currently assesses a toll for passage over the Newport Bridge, and this toll serves as the sole source of revenue for RITBA to maintain both the Newport Bridge and the Mount Hope Bridge and related appurtenances.

(11) The Federal Highway Administration allows for the placement of tolls on certain transportation infrastructure in order to assure the improvement and proper operation and maintenance of the structure and associated roadways.

(12) The current toll structure places undue burden on the residents, businesses, and visitors who must use the Newport Bridge to access work, schools, shopping, and other essential services. It is crucial to establish a comprehensive strategy to fund and maintain the bridges connecting the East Bay.

(13) The transfer of the Sakonnet River Bridge and its appurtenances and the Jamestown Verrazzano Bridge and its appurtenances to the Rhode Island Turnpike and Bridge Authority would be in the best interests of the State of Rhode Island and its residents, particularly those living and working in the East Bay.

(14) The placement of a toll on the Sakonnet River Bridge, under the direction of RITBA, would serve to create a more viable means of funding future maintenance and repairs of the East Bay bridges and would allow for the establishment of a more equitable toll structure, along with a fund for capital transportation projects and preventive maintenance in the East Bay.

24-17-3. East Bay Infrastructure fund established. -- (a) There is hereby created a special account in the general fund to be known as the East Bay Infrastructure (EBI) fund.
(b) The fund shall consist of all those moneys which the Rhode Island Turnpike and Bridge Authority may and the state may, from time to time, direct to the fund, including, but not necessarily limited to, funds in excess of those required to (i) pay debt service payments, (ii) operate and maintain the bridges; and (iii) maintain required or adequate reserves.

c) All funds collected pursuant to this section shall be deposited in the EBI fund and shall be used only in Bristol and Newport Counties, and only for the purposes set forth in this chapter.

d) Unexpended balances and any earnings thereon shall not revert to the general fund but shall remain in the EBI fund. There shall be no requirement that moneys received into the EBI fund during any given calendar year or fiscal year be expended during the same calendar year or fiscal year.

e) The EBI fund shall be administered by the director, who shall allocate and spend moneys from the fund only in accordance with the purposes and procedures set forth in this chapter.

Whenever the authority shall determine that it is necessary that any public facilities which now are, or hereafter may be, located in, on, along, over, or under any project should be relocated in the project, or should be removed from the project, the public utility owning or operating the facilities shall relocate or remove the facilities in accordance with the order of the authority; provided, however, that the cost and expenses of the relocation or removal, including the cost of installing the facilities in a new location, or new locations, and the cost of any lands, or any rights or interests in lands, and any other rights acquired to accomplish the relocation or removal, less the cost of any lands or any rights or interests in lands of any other rights of the public utility paid to the public utility in connection with the relocation or removal of the property, shall be ascertained and paid by the authority as a part of the cost of the project. In case of any relocation or removal of facilities the public utility owning or operating the facilities, its successors or assigns, may maintain and operate the facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate the facilities in their former location or locations;

(18) To make reasonable regulations and to grant easements for the installation, construction, maintenance, repair, renewal, relocation, and removal of pipelines, other equipment, and appliances of any corporation or person owning or operating pipelines in, on, along, over, or under the turnpike, whenever the authority shall determine that it is necessary that any facilities which now are, or hereafter may be located in, on, along, over or under the turnpike should be relocated in the turnpike, or should be removed from the turnpike, the corporation or person owning or operating the facilities shall relocate or remove the facilities in accordance with the order of the authority; provided, however, that the cost and expense of the relocation or removal, including the cost of installing the facilities in a new location, or new locations, and the cost of any lands, or any rights or interests in lands, and any other rights acquired to accomplish the relocation or removal, less the cost of any lands or any rights or interests in lands or any other rights of any corporation or person paid to any corporation or person in connection with the relocation or removal of the property, shall be ascertained and paid by the authority as a part of the cost of the project. In case of any relocation or removal of facilities the corporation or person owning or operating the facilities, its successors or assigns, may maintain and operate the
facilities, with the necessary appurtenances, in the new location or new locations, for as long a period, and upon the same terms and conditions, as it had the right to maintain and operate the facilities in their former location or locations;

(19) To enter upon any lands, waters, and premises for the purpose of making such surveys, soundings, borings, and examinations as the authority may deem necessary or convenient for its purposes, and the entry shall not be deemed a trespass, nor shall an entry for such purposes be deemed an entry under any condemnation proceedings; provided, however, the authority shall pay any actual damage resulting to the lands, water, and premises as a result of the entry and activities as a part of the cost of the project;

(20) To enter into contracts or agreements with any board, commission, public instrumentality of another state or the federal government or with any political subdivision of another state relating to the connection or connections to be established between the turnpike or any additional facility with any public highway or turnpike now in existence or hereafter to be constructed in another state, and with respect to the construction, maintenance and operation of interstate turnpikes or expressways;

(21) To enter into contracts with the department of transportation with respect to the construction, reconstruction, renovation, acquisition, maintenance, repair, mitigation, remediation, operation or management of any project and with the Rhode Island state police with respect to the policing of any project;

(22) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this chapter; and

(23) To do all other acts and things necessary or convenient to carry out the powers expressly granted in this chapter.

(24) To grant and/or contract through the transfer of funds of the authority to the department of transportation for the construction, reconstruction, acquisition, maintenance, repair, operation or management by the department of transportation of any project or projects authorized by this chapter, and the department of transportation is authorized to accept any such grant or transfer of funds.

(b) Provided, the authority in carrying out the provisions of this section shall hold public hearings in the city or town where a proposed project will be located prior to the finalization of any specifications or the awarding of any contracts for any project.

24-12-18. Bonds. -- (a) Issuance and sale of revenue bonds. Subject to the provisions of §§24-12-21–24-12-24, the authority is hereby authorized to provide by resolution for the issuance, at one time or in series from time to time, of revenue bonds of the authority for the
purpose of paying all or a part of the cost of any one or more projects, the construction, reconstruction, renovation, acquisition, maintenance, repair, operation or management of which is authorized by this chapter, and making provision for working capital and a debt service reserve for interest. The principal of and the interest on the bonds shall be payable solely from the funds herein provided for the payment. The bonds of each issue shall be dated, shall bear interest at such rate or rates per annum, shall mature at such time or times not exceeding fifty (50) years from their date or dates, as may be determined by the authority, and may be made redeemable before maturity, at the option of the authority, at such price or prices and under such terms and conditions as may be fixed by the authority prior to the issuance of the bonds. The authority may sell such bonds in such manner, either at public or private sale, and for such price, as it may determine to be for the best interests of the authority, but no such sale shall be made at a price less than ninety-seven percent (97%) of the principal amount of the bonds.

(b) Form and execution of all bonds. The authority shall determine the form and the manner of execution of all bonds issued under the provisions of this chapter, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of the principal and interest, which may be at any bank or trust company within or without the state. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be an officer before the delivery of the bonds, the signature or the facsimile shall nevertheless be valid and sufficient for all purposes the same as if the officer had remained in office until the delivery, and any bond may bear the facsimile signature of, or may be signed by, the persons as at the actual time of the execution of the bond shall be the proper officers to sign the bond although at the date of the bond the persons may not have been the officers. The bonds may be issued in coupon or in registered form, and in certificated or book entry only form as the authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds.

24-12-26. Power to collect tolls and charges -- Gasoline and service concessions. --
(a) The authority is hereby authorized, subject to the provisions of this chapter, to fix, revise, charge and collect tolls for the use of the Newport Bridge, the Mount Hope Bridge, the Sakonnet River Bridge (subject to federal regulations and approvals), the turnpike and the different parts or sections thereof, and for the use of any additional facility and the different parts or sections thereof, and to contract with any person, partnership, association or corporation for placing on any project telephone, telegraph, electric light or power lines, gas stations, garages, and
restaurants if deemed necessary by the authority in connection with the project, or for the use of
any project or part thereof, including the right-of-way adjoining the paved portion of the turnpike
or of any additional facility or for any other purposes and to fix the terms, conditions, rents and
rates of charges for such use; provided, that the authority shall construct any gasoline service
facilities which it may determine are needed on the project, and provided, further, that, to afford
users of the project a reasonable choice of motor fuels of different brands, each gasoline service
station shall be separately offered for lease upon sealed bids and, after notice of the offer has been
published once a week in three (3) consecutive weeks in a newspaper having general circulation
in the state, and, in the event an acceptable bid shall be received in the judgment of the authority,
each lease shall be awarded to the highest responsible bidder therefor, but no person shall be
awarded or have the use of, nor shall motor fuel identified by the trade-marks, trade names, or
brands of any one supplier, distributor, or retailer of such fuel be sold at more than one service
station if they would constitute more than twenty-five percent (25%) of the service stations on the
project. Notwithstanding the provisions of this section, members of the town of Jamestown police
and fire department and ambulance service personnel of the town of Jamestown and Jamestown
school department who, in the course of their duty, are required to pay a toll for use of the
Newport Bridge, shall, upon the presentment of receipts for the payment of the toll to the town of
Jamestown, be reimbursed for all charges on an annual basis by the town of Jamestown who in
turn shall be reimbursed for all payments made by the state. Notwithstanding the provisions of
this section, members of the city of Newport police and fire department and rescue personnel
who, in the course of their duty, are required to pay a toll for use of the Newport Bridge, shall,
upon the presentment of receipts for the payment of the toll to the city of Newport, be reimbursed
for all charges on an annual basis by the city of Newport who in turn shall be reimbursed for all
payments made by the state.

department and rescue personnel of any city or town in this state who, in the course of their duty,
are required to pay a toll for use of the Mount Hope Bridge or the Sakonnet River Bridge, shall,
upon the presentment of receipts for the payment of the toll to their town or city, be reimbursed
for all such charges on an annual basis by the town or city, who in turn shall be reimbursed for all
payments made by the state.

portion or portions in connection with which the bonds of any one or more series shall have been
issued, shall be set aside at such regular intervals as may be provided in the resolution or the trust
agreement in a sinking fund or funds which shall be pledged to, and charged with, the payment of
the lease payments and/or of the principal of and the interest on the bonds as the bonds shall
become due, and the redemption price or the purchase price of bonds or other obligations retired
by call or purchase as provided in the resolution or trust agreement. The pledge shall be valid and
binding from the time when the pledge is made; the tolls and other revenues or other money so
pledged and thereafter received by the authority shall immediately be subject to the lien of the
pledge without any physical delivery thereof or further act, and the lien of any pledge shall be
valid and binding as against all parties having claims of any kind in tort, contract, or otherwise
against the authority, irrespective of whether the parties have notice thereof. Neither the
resolution nor any trust agreement by which a pledge is created need be filed or recorded except
in the records of the authority. The use and disposition of money to the credit of each sinking
fund shall be subject to the provisions of the resolution authorizing the issuance of the lease, the
bonds or of the trust agreement. Notwithstanding any provision(s) of Section 3 of Article 6 of
Chapter 23 of the Public Laws of 2010, the provisions of this section shall apply to all bonds
issued or to be issued by the authority.

24-12-39. Transfer of projects to state – Dissolution of authority.-- When all bonds
issued under the provisions of this chapter and the interest thereon shall have been paid or a
sufficient amount for the payment of all the bonds and the interest thereon to the maturity thereof
shall have been set aside in trust for the benefit of the bondholders, all projects financed under the
provisions of this chapter shall may be transferred to the state in good condition and repair, and

The application shall include such information and data as the film office deems necessary for the proper evaluation and administration of said application, including, but not limited to, any information about the motion picture production company, and a specific Rhode Island motion picture. The film office shall review the completed application and determine whether it meets the requisite criteria and qualifications for the initial certification for the production. If the initial certification is granted, the film office shall issue a notice of initial certification of the motion picture production to the motion picture production company and to the tax administrator. The notice shall state that, after appropriate review, the initial application meets the appropriate criteria for conditional eligibility. The notice of initial certification will provide a unique identification number for the production and is only a statement of conditional eligibility for the production and, as such, does not grant or convey any Rhode Island tax benefits.

(b) Final certification of a production. Upon completion of the Rhode Island production activities, the applicant shall request a certificate of good standing from the Rhode Island division of taxation. The division shall expedite the process for reviewing the issuance of such certificates. The final application shall also contain a cost report and an "accountant's certification". The film office and tax administrator may rely without independent investigation, upon the accountant's certification, in the form of an opinion, confirming the accuracy of the information included in the cost report. Upon review of a duly completed and filed application, the film office will make a determination pertaining to the final certification of the production and the resultant credits for § 44-31.2-5. Within ninety (90) days after the division of taxation's receipt of the motion picture production company final certification and cost report, the division of taxation shall issue a certification of the amount of credit for which the motion picture production company qualifies under section 44-31.2-5. To claim the tax credit, the division of taxation's certification as to the amount of the tax credit shall be attached to all state tax returns on which the credit is claimed.
(c) **Final certification and credits.** Upon determination that the motion picture production company qualifies for final certification and the resultant credits, the film office shall issue a letter to the production company indicating "certificate of completion of a state certified production" and shall provide specifically designed certificates for the motion picture production company credit under § 44-31.2-5. A motion picture production company is prohibited from using state funds, state loans or state guaranteed loans to qualify for the motion picture tax credit. All documents that are issued by the film office pursuant to this section shall reference the identification number that was issued to the production as part of its initial certification.

(d) The director of the Rhode Island film and television office, department of administration, in consultation as needed with the tax administrator, shall promulgate such rules and regulations as are necessary to carry out the intent and purposes of this chapter in accordance with the general guidelines provided herein for the certification of the production and the resultant production credit.

ARTICLE 22 AS AMENDED

RELATING TO CENTRAL FALLS

SECTION 1. Central Falls Settlement Agreement.

(a) Definitions. As used in this public law, the following words and terms shall have the following meaning, unless the context shall indicate otherwise:

(1) “Administrative and Financial Officer” is an administration and finance officer appointed by the Director of Revenue under Rhode Island general laws section 45-9-10.

(2) “Appropriation Payment” means for purposes of this article the State appropriation set forth in subsection (c)(1) of this section to fund transition payments to Participating Retirees ("Transition Payments”).

(3) “Bankruptcy Court” means the United States Bankruptcy Court for the District of Rhode Island.

(4) “Central Falls Pension Plan” means the so-called “1% Plan” and the so-called “John Hancock Pension Plan” as restructured after the filing of the Chapter 9 petition for the City.

(7) “Director” shall mean the Rhode Island Director of Revenue.

(8) “MERS” means the Rhode Island Municipal Employee Retirement System.

(9) “Participating Retirees” means the retirees that signed the Settlement Agreement.

(10) “Participating Retirees’ Restricted 5-year Account” means the federally-insured interest-bearing account into which the City shall deposit the Appropriation Payment pursuant to Section 4 of the Settlement Agreement.

(11) “Plan of Debt Adjustment” means the amended plan of debt adjustment to be filed with the Court by the City.

(12) “State” means the State of Rhode Island.

(13) “Settlement Agreement” means the Settlement and Release Agreement by and between Receiver, the Director, the Participating Retirees, the Central Falls Police Retirees Association, Inc. and the Central Falls Firefighters Retirees Association entered into on the Contract Date.

(14) “Receiver” means Robert J. Flanders, Jr. in his capacity as state-appointed receiver
for the City, and any successor receiver appointed by the Director under Rhode Island general
laws section 45-9-7.

(15) “Transition Payments” means the annual payments made to Participation Retirees
from the Appropriation Payment pursuant to the terms of the Settlement Agreement.

(b) Legislative Findings and Purpose.

(1) On August 2, 2011, the Receiver filed a Chapter 9 petition on behalf of the City with
the Bankruptcy Court. Prior to January 9, 2012, the Settlement Agreement was executed by the
Receiver, the Director, the Participating Retirees, the Central Falls Police Retirees Association,
Inc. and the Central Falls Firefighters Retirees Association. On January 9, 2012, the Bankruptcy
Court entered an Order approving the Settlement Agreement.

(2) For purposes of this Article, the key terms of the Settlement Agreement include,
without limitation:

(i) That the Participating Retirees’ pension benefits have been reduced by up to fifty-five
(55%) of their pre-bankruptcy pension payments; provided however if the General Assembly
authorizes an appropriation in the amount of $2,636,932, then during Fiscal Years 2012-2016,
participating Retirees shall also receive Transition Payments, so that their combined reduced
pension payments and Transition Payments shall not aggregate to less than seventy-five percent
(75%) of their pre-bankruptcy pension payments;

(ii) That the Participating Retirees, the Central Falls Police Retirees Association, Inc. and
the Central Falls Firefighters Retirees Association have waived substantially all of their claims
against the City and the State; and

(iii) That in the event that the General Assembly fails to appropriate a minimum of
$2,000,000 for Transition Payments, the Participating Retirees may “opt out” of the Settlement
Agreement and have it declared to be null and void.

(3) For the following and other reasons, this Article shall not be deemed a precedent that
would require the General Assembly to make similar appropriations to any other Rhode Island
distressed city or town:

(i) The City alone must pay 100% of the legal fees incurred in the litigation that
established the constitutionality of the Fiscal Stability Act (Rhode Island general laws section 45-
9-1 et seq.) and several important bankruptcy precedents, these precedents which have conferred
a significant benefit on all Rhode Island cities and towns;

(ii) Participating Retirees have agreed to reductions in their annual pension benefits of up
to 55%; and

(iii) The Settlement Agreement was approved by the Bankruptcy Court in order to make a
Chapter 9 plan of debt adjustment feasible.

(4) The requested Appropriation Payment which will ease the Participating Retirees’ transition to a pension benefit that has been reduced by up to fifty-five percent (55%) is fair and appropriate.

(5) The Settlement Agreement is hereby incorporated into this Article by reference.

(c) Appropriation Payment.

(1) Appropriation Payment and Restrictions on Use. There is hereby provided to the City of Central Falls a one-time lump-sum Appropriation Payment in the amount of $2,636,932 to be used solely for the purposes and subject to the restrictions set forth in the Settlement Agreement to fund Transition Payment to Participating Retirees.

(2) Deposit of Appropriation Payment and Payments to Participating Retirees. The Appropriation Payment shall be immediately deposited by the City into a restricted federally backed or federally insured interest-bearing account under the name of the City and denominated the “Participating Retirees’ Restricted 5-Year Account.” Within thirty (30) days after receipt of the Appropriation Payment from the State, for fiscal year ending 2012, the City (jointly with either the Receiver or an Administrative and Finance Officer for the City appointed by the Director) shall withdraw from the Participating Retirees’ Restricted 5-Year Account exactly the amount required to promptly pay and distribute to Participating Retirees the Transition Payments. Thereafter, during the months of July in fiscal years ending 2013, 2014, 2015, and 2016, the City (jointly with either the Receiver or an Administrative and Finance Officer for the City appointed by the Director) shall withdraw from the Participating Retirees’ Restricted 5-Year Account exactly the amount required to promptly pay and distribute to Participating Retirees the Appropriation Transition Payments.

Any and all withdrawals, transfers and payments from the Participating Retirees’ Restricted 5-Year Account shall require the signature of two (2) persons, one of whom shall be either the Receiver or an Administrative and Finance Officer of the City after the Receiver’s duties are completed. Participating Retirees’ Restricted 5-Year Account shall remain under the control of the City jointly with either the Receiver or an Administrative and Finance Officer and that it shall be segregated from and shall not be controlled or managed by any third party managing the single Central Falls Pension Plan, whether administered by the City or if transitioned into MERS. Further, the Transition Payments shall be paid to Participating Retirees jointly by the City and the Receiver or an Administrative and Finance Officer and not by any third-party pension fund manager. Such Transition Payments shall cease after the distribution at the end of fiscal year ending 2016.
(3) Relationship to Base Pension Payments. The Transition Payments shall not be included in the calculation of the base pension benefits of Participating Retirees for purposes of determining a Participating Retiree’s COLA. However, a spouse or statutory beneficiary under Rhode Island general laws section 45-21.3-1 shall be entitled to sixty-seven and one-half percent (67.5%) of a deceased Participating Retiree’s Transition Payment.

(4) Distribution of Balance. Within thirty (30) days of the end of fiscal year ending 2016, the City shall withdraw the balance of the funds in the Participating Retirees’ Restricted 5-Year Account (i.e. the accumulated interest and any remaining sums) and shall pay and distribute those funds to each Participating Retiree based on the percentage assigned to each Participating Retiree in accordance with the requirements set forth in APPENDIX B of the Settlement Agreement. After all of the funds in the Participating Retirees’ Restricted 5-Year Account have been appropriately distributed, the City shall promptly close the Participating Retirees’ Restricted 5-Year Account.

(5) Access to Account Information and Records. The City, as overseen by the Receiver or an Administrative and Finance Officer, as the case may be, shall maintain appropriate account information and records relating to all receipts into, maintenance of, and distributions from the Participating Retirees’ Restricted 5-Year Account, and shall allow at all reasonable times for the full inspection of and copying and sharing of information about such account and any and all Transition Payments by and with any Participating Retiree.

(6) Unclaimed Payments. Any money distributed to a Participating Retiree from the Participating Retirees’ Restricted 5-Year Account and not claimed by a Participating Retiree after the City has exercised good faith attempts over a six (6) month period to deliver it to the best last known address of such Participating Retiree shall not escheat under state law, but shall be deposited in the “Participating Retirees Wyatt Payments Account” which shall thereafter be distributed in accordance with Section 5.3 of the Settlement Agreement.

(7) Liability and Penalties for Improper Use of Appropriation Payment. Any person, whether in his/her individual or official capacity, who uses, appropriates or takes or instructs or causes another to use, appropriate or take, the Appropriation Payment, or any portion thereof, that is not specifically used for making Transition Payments to Participating Retirees as required hereunder and under the terms, provisions and/or restrictions of the Settlement Agreement, shall be personally liable for repayment of said funds and further shall be subject to any and all other applicable civil and criminal sanctions and/or penalties for such act(s).

(8) Return of Appropriations. Notwithstanding anything set forth herein to the contrary, in the event that the Settlement Agreement becomes legally void and/or of no further legal force
and effect, whether because the retirees have "opted out" of the Settlement Agreement, or because a party duly declares the Settlement Agreement to be null and void pursuant to the terms of the Settlement Agreement, or because a court determines the Settlement Agreement to be void, then all remaining amounts of the Appropriation Payment held by the City shall be returned to the State of Rhode Island.
