4 (2) Where any bodily member or portion of it has been rendered permanently stiff or 5 useless, compensation in accordance with the above schedule shall be paid as if the member or 6 portion of it had been completely severed; provided, that if the stiffness or uselessness is less than 7 total, then compensation shall be paid for that period of weeks in proportion to the applicable 8 period where the member or portion of it has been completely severed as the instant percentage of 9 stiffness or uselessness bears to the total stiffness or total uselessness of the bodily members or 10 portion of them.

(3) In case of the following specified injuries there shall be paid in addition to all other compensation provided for in chapters 29 -- 38 under this title a weekly payment equal to onehalf (1/2) of the average weekly earnings of the injured employee, but in no case more than ninety dollars (\$90.00) nor less than forty-five dollars (\$45.00) per week. Payment under this subsection shall be made in a one time payment unless the parties otherwise agree. Payment shall be mailed within fourteen (14) days of the entry of a decree, order, or agreement of the parties:

(i) For permanent disfigurement of the body the number of weeks may not exceed five
hundred (500) weeks, which sum shall be payable in a one time payment within fourteen (14)
days of the entry of a decree, order, or agreement of the parties in addition to all other sums under
this section wherever it is applicable.

(4) (i) Loss of hearing due to industrial noise is recognized as an occupational disease for
purposes of chapters 29 -- 38 of this title and occupational deafness is defined to be a loss of
hearing in one or both ears due to prolonged exposure to harmful noise in employment. Harmful
noise means sound capable of producing occupational deafness.

(ii) Hearing loss shall be evaluated pursuant to protocols established by the workers' compensation medical advisory board. All treatment consistent with this subsection shall be consistent with the protocols established by the workers' compensation medical advisory board subject to section 28-33-5.

(iii) If the employer has conducted baseline screenings within one (1) year of exposure to harmful noise to evaluate the extent of an employee's pre-existing hearing loss, the causative factor shall be apportioned based on the employee's pre-existing hearing loss and subsequent occupational hearing loss, and the compensation payable to the employee shall only be that portion of the compensation related to the present work-related exposure.

34

(iv) There shall be payable as permanent partial disability for total occupational deafness

1 of one ear, seventy-five (75) weeks of compensation; for total occupational deafness of both ears, 2 two hundred forty-four (244) weeks of compensation; for partial occupational deafness in one or 3 both ears, compensation shall be paid for any periods that are proportionate to the relation which 4 the hearing loss bears to the amount provided in this subdivision for total loss of hearing in one or 5 both ears, as the case may be. For the complete loss of hearing for either ear due to external trauma or by other mechanism, acuity loss shall be paid pursuant to this subsection. 6

7

(v) No benefits shall be granted for tinnitus, psychogenic hearing loss, congenital 8 hearing loss, recruitment or hearing loss above three thousand (3,000) hertz.

9 (vi) The provisions of this subsection and the amendments insofar as applicable to 10 hearing loss shall be operative as to any occupational hearing loss that occurs on or after 11 September 1, 2003, except for acuity hearing loss related to a single event which shall become 12 effective upon passage.

13 (vii) If previous hearing loss, whether occupational or not, is established by an 14 audiometric examination or other competent evidence, whether or not the employee was exposed 15 to assessable noise exposure within one year preceding the test, the employer is not liable for the 16 previous loss, nor is the employer liable for a loss for which compensation has previously been 17 paid or awarded. The employer is liable only for the difference between the percent of 18 occupational hearing loss determined as of the date of the audiometric examination conducted by 19 a certified audiometric technician using an audiometer which meets the specifications established 20 by the American National Standards Institute (ANSI 3.6-1969, ri973) used to determine 21 occupational hearing loss and the percentage of loss established by the baseline audiometric 22 examination. An amount paid to an employee for occupational hearing loss by any other 23 employer shall be credited against compensation payable by the subject employer for the hearing 24 loss. The employee shall not receive in the aggregate greater compensation from all employers 25 for occupational hearing loss than that provided in this section for total occupational hearing loss. 26 A payment shall not be paid to an employee unless the employee has worked in excessive noise 27 exposure employment for a total period of at least one hundred eighty (180) days for the 28 employer for whom compensation is claimed.

29 (viii) No claim for occupational deafness may be filed until six (6) months separation 30 from the type of noisy work for the last employer in whose employment the employee was at any 31 time during the employment exposed to harmful noise.

32 (ix) The total compensation due for hearing loss is recovered from the employer who last 33 employed the employee in whose employment the employee was last exposed to harmful noise 34 and the insurance carrier, if any, on the risk when the employee was last so exposed, and if the

occupational hearing loss was contracted while the employee was in the employment of a prior employer, and there was no baseline testing by the last employer, the employer and insurance carrier which is made liable for the total compensation as provided by this section may petition the worker's compensation court for an apportionment of the compensation among the several employers which since the contraction of the hearing loss have employed the employee in a noisy environment.

(b) Where payments are required to be made under more than one clause of this section,
payments shall be made in a one time payment unless the parties otherwise agree. Payment shall
be mailed within fourteen (14) days of the entry of a decree, order, or agreement of the parties.

10 (c) Payments pursuant to this section, except paragraph (a)(3)(ii) of this section, shall be 11 made only after an employee's condition as relates to loss of use has reached maximum medical

12 improvement as defined in section 28-29-2(8) and as found pursuant to section 28-33-18(b).

13 (d) An employer or insurer shall be entitled to recover any overpayments made for

14 indemnity benefits by set-off against payments due to an employee for loss of use or

15 <u>disfigurement pursuant to this section.</u>

16 SECTION 2. This act shall take effect upon passage.
