RELATING TO INSURANCE -- THE STANDARD NON-FORFEITURE LAW FOR LIFE
INSURANCE

Introduced By: Senator Roger Picard

Date Introduced: March 25, 2014

Referred To: Senate Commerce

(Business Regulation)

It is enacted by the General Assembly as follows:

1 SECTION 1. Section 27-4.3-5 of the General Laws in Chapter 27-4.3 entitled "The
2 Standard Nonforfeiture Law for Life Insurance" is hereby amended to read as follows:

3 **27-4.3-5. Calculations of adjusted premiums by the nonforfeiture net level premium**

4 **method.** -- (a) This section shall apply to all policies issued on or after January 1, 1994. Except as
5 provided in subsection (g) of this section, the adjusted premiums for any policy shall be
6 calculated on an annual basis and shall be such a uniform percentage of the respective premiums
7 specified in the policy for each policy year, excluding amounts payable as extra premiums to
8 cover impairments or special hazards, and also excluding any uniform annual contract charge or
9 policy fee specified in the policy in a statement of the method to be used in calculating the cash
10 surrender values and paid up nonforfeiture benefits, that the present value, at the date of issue of
11 the policy, of all adjusted premiums shall be equal to the sum of: (1) the then present value of the
12 future guaranteed benefits provided for by the policy; (2) one percent (1%) of either the amount
13 of insurance, if the insurance be uniform in amount, or the average amount of insurance at the
14 beginning of each of the first ten (10) policy years; and (3) one hundred twenty-five percent
15 (125%) of the nonforfeiture net level premium as defined in subsection (b); provided, however,
16 that in applying the percentage specified in subdivision (a)(3), no nonforfeiture net level premium
17 shall be deemed to exceed four percent (4%) of either the amount of insurance, if the insurance be
18 uniform in amount, or the average amount of insurance at the beginning of each of the first ten

1 (10) policy years. The date of issue of a policy for the purpose of this section shall be the date as
2 of which the rated age of the insured is determined.

3 (b) The nonforfeiture net level premium shall be equal to the present value, at the date of
4 issue of the policy, of the guaranteed benefits provided for by the policy divided by the present
5 value, at the date of issue of the policy, of an annuity of one per annum payable on the date of
6 issue of the policy and on each anniversary of the policy on which a premium falls due.

7 (c) In the case of policies which cause on a basis guaranteed in the policy unscheduled
8 changes in benefits or premiums, or which provide an option for changes in benefits or premiums,
9 other than a change to a new policy, the adjusted premiums and present values shall initially be
10 calculated on the assumption that future benefits and premiums do not change from those
11 stipulated at the date of issue of the policy. At the time of any change in the benefits or premiums
12 the future adjusted premiums, nonforfeiture net level premiums, and present values shall be
13 recalculated on the assumption that future benefits and premiums do not change from those
14 stipulated by the policy immediately after the change.

15 (d) Except as otherwise provided in subsection (g), the recalculated future adjusted
16 premiums for any policy shall be a uniform percentage of the future premiums specified in the
17 policy for each policy year, excluding amounts payable as extra premiums to cover impairments
18 and special hazards, and also excluding any uniform annual contract charge or policy fee
19 specified in the policy in a statement of the method to be used in calculating the cash surrender
20 values and paid up nonforfeiture benefits, so that the present value, at the time of change to the
21 newly defined benefits or premiums, of all future adjusted premiums shall be equal to the excess
22 of: (1) the sum of: (i) the then present value of the then future guaranteed benefits provided for by
23 the policy and (ii) the additional expense allowance, if any, over (2) the then cash surrender
24 value, if any, or present value of any paid up nonforfeiture benefit under this policy.

25 (e) The additional expense allowance, at the time of the change to the newly defined
26 benefits or premiums, shall be the sum of: (1) one percent (1%) of the excess, if positive, of the
27 average amount of insurance at the beginning of each of the first ten (10) policy years subsequent
28 to the change over the average amount of insurance prior to the change at the beginning of each
29 of the first ten (10) policy years subsequent to the time of the most recent previous change, or, if
30 there has been no previous change, the date of issue of the policy; and (2) one hundred twenty-
31 five percent (125%) of the increase, if positive, in the nonforfeiture net level premium.

32 (f) The recalculated nonforfeiture net level premium shall be equal to the result obtained
33 by dividing subdivision (f)(1) by subdivision (f)(2) where:

34 (1) Equals the sum of:

1 (i) The nonforfeiture net level premium applicable prior to the change multiplied by the
2 present value of an annuity of one per annum payable on each anniversary of the policy on or
3 subsequent to the date of the change on which a premium would have fallen due had the change
4 not occurred, and

5 (ii) The present value of the increase in future guaranteed benefits provided for by the
6 policy; and

7 (2) Equals the present value of an annuity of one per annum payable on each anniversary
8 of the policy on or subsequent to the date of change on which a premium falls due.

9 (g) Notwithstanding any other provisions of this section to the contrary, in the case of a
10 policy issued on a substandard basis which provides reduced graded amounts of insurance so that,
11 in each policy year, the policy has the same tabular mortality cost as a similar policy issued on the
12 standard basis which provides for a higher uniform amount of insurance, adjusted premiums and
13 present values for the substandard policy may be calculated as if it were issued to provide higher
14 uniform amounts of insurance on the standard basis.

15 (h) All adjusted premiums and present values referred to in this chapter shall for all
16 policies of ordinary insurance be calculated on the basis of the commissioners 1980 standard
17 ordinary mortality table or, at the election of the company for any one or more specified plans of
18 life insurance, the commissioners 1980 standard ordinary mortality table with ten (10) year select
19 mortality factors; adjusted premiums and present values shall for all policies of industrial
20 insurance be calculated on the basis of the commissioners 1961 standard industrial mortality
21 table; for all policies issued in a particular calendar year be calculated on the basis of a rate of
22 interest not exceeding the nonforfeiture interest rate as defined in this section, for policies issued
23 in that calendar year. Provided, however that:

24 (1) At the option of the insurance company, calculations for all policies issued in a
25 particular calendar year may be made on the basis of a rate of interest not exceeding the
26 nonforfeiture interest rate, as defined in this section, for policies issued in the immediately
27 preceding calendar year;

28 (2) Under any paid-up nonforfeiture benefit, including any paid-up dividend additions,
29 any cash surrender value available, whether or not required by section 27-4.3-2, shall be
30 calculated on the basis of the mortality table and rate of interest used in determining the amount
31 of any paid-up nonforfeiture benefit and paid-up dividend additions, if any;

32 (3) An insurance company may calculate the amount of any guaranteed paid-up
33 nonforfeiture benefit including any paid-up additions under the policy on the basis of an interest
34 rate no lower than that specified in the policy for calculating cash surrender values;

1 (4) In calculating the present value of any paid-up term insurance with accompanying
2 pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be
3 not more than those shown in the commissioners 1980 extended term insurance table for policies
4 of ordinary insurance and not more than the commissioners 1961 industrial extended term
5 insurance table for policies of industrial insurance;

6 (5) For insurance issued on a substandard basis, the calculation of any adjusted
7 premiums and present values may be based on appropriate modifications of the tables mentioned
8 in this subsection;

9 (6) (i) For policies issued prior to the operative date of the valuation manual, any
10 ~~commissioners' standard~~ [Commissioners Standard](#) ordinary mortality tables, adopted after 1980
11 by the National Association of Insurance Commissioners, that are approved by regulation
12 promulgated by the commissioner of insurance for use in determining the minimum nonforfeiture
13 standard, may be substituted for the commissioners 1980 standard ordinary mortality table with or
14 without ten (10) year select mortality factors or for the commissioners 1980 extended term
15 insurance table.

16 (ii) For policies issued on or after the operative date of the valuation manual the
17 valuation manual shall provide the ~~commissioners' standard~~ [Commissioners Standard](#) mortality
18 table for use in determining the minimum nonforfeiture standard that may be substituted for the
19 commissioners 1980 Standard Ordinary Mortality Table with or without ten (10) year Select
20 Mortality Factors or for the Commissioners 1980 Extended Term Insurance Table. If the
21 commissioner approves by regulation any ~~commissioners' standard~~ [Commissioners Standard](#)
22 ordinary mortality table adopted by the NAIC for use in determining the minimum nonforfeiture
23 standard for policies issued on or after the operative date of the valuation manual then that
24 minimum nonforfeiture standard supersedes the minimum nonforfeiture standard provided by the
25 valuation manual.

26 (7) (i) For policies issued prior to the operative date of the valuation manual, any
27 ~~commissioners' standard~~ [Commissioners Standard](#) industrial mortality tables, adopted after 1980
28 by the National Association of Insurance Commissioners, that are approved by regulation
29 promulgated by the commissioner of insurance for use in determining the minimum nonforfeiture
30 standard, may be substituted for the commissioners 1961 standard industrial mortality table or the
31 commissioners 1961 industrial extended term insurance table.

32 (ii) For policies issued on or after the operative date of the valuation manual the
33 valuation manual shall provide the ~~commissioners' standard~~ [Commissioners Standard](#) mortality
34 table for use in determining the minimum nonforfeiture standard that may be substituted for the

1 Commissioners 1961 Standard Industrial Mortality Table or the Commissioners 1961 Industrial
2 Extended Term Insurance Table. If the commissioner approves by regulation any ~~commissioners'~~
3 ~~standard~~ Commissioners Standard industrial mortality table adopted by the NAIC for use in
4 determining the minimum nonforfeiture standard for policies issued on or after the operative date
5 of the valuation manual then that minimum nonforfeiture standard supersedes the minimum
6 nonforfeiture standard provided by the valuation manual.

7 (i) The nonforfeiture interest rate is defined below:

8 (A) For policies issued prior to the operative date of the valuation manual, the
9 nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be
10 equal to one hundred and twenty-five percent (125%) of the calendar year statutory valuation
11 interest rate for the policy as defined in chapter 4.5 of this title, rounded to the nearer one-quarter
12 of one percent (.25%); provided, however, that the nonforfeiture interest rate shall not be less than
13 four percent (4%).

14 (B) For policies issued on and after the operative date of the valuation manual the
15 nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be
16 provided by the valuation manual.

17 (j) Notwithstanding any other provision in this title to the contrary, any re-filing of
18 nonforfeiture values or their methods of computation for any previously approved policy form
19 which involves only a change in the interest rate or mortality table used to compute nonforfeiture
20 values shall not require re-filing of any other provisions of that policy form.

3 term "engage" includes employment and contracting.

4 (g) The commissioner may require a company to change any assumption or method that

19 with an examination made under chapter 27-13.1 is not held as private and confidential
20 information under chapter 27-13.1, an examination report or other material prepared in
21 connection with an examination made under subsection 27-4.5-13(f) of this chapter shall not be
22 "confidential information" to the same extent as if such examination report or other material had
23 been prepared in accordance with chapter 27-13.1;

27 respect to a principle-based valuation and any other documents, materials and other information,

6 commissioner (together with any "experience data", the "experience materials") and any other
7 documents, materials, data and other information, including, but not limited to, all working
8 papers, and copies thereof, created, produced or obtained by or disclosed to the commissioner or
9 any other person in connection with such experience materials.

10 (b) Privilege for, and confidentiality of, confidential information.

11 (1) Except as provided in this section 27-4.5-16, a company's confidential information is
12 confidential by law and privileged, and shall not be subject to chapter 38-2, shall not be subject to
13 subpoena and shall not be subject to discovery or admissible in evidence in any private civil
14 action; provided, however, that the commissioner is authorized to use the confidential information
15 in the furtherance of any regulatory or legal action brought against the company as a part of the
16 commissioner's official duties.

17 (2) Neither the commissioner nor any person who received confidential information
18 while acting under the authority of the commissioner shall be permitted or required to testify in
19 any private civil action concerning any confidential information.

20 (3) In order to assist in the performance of the commissioner's duties, the commissioner

22 agencies and with the NAIC and its affiliates and subsidiaries; and (ii) In the case of confidential
23 information specified in subdivisions 27-4.5-16(a)(1) and 27-4.5-16(a)(4) only, with the actuarial
24 board for counseling and discipline or its successor upon request stating that the confidential
25 information is required for the purpose of professional disciplinary proceedings and with state,
26 federal and international law enforcement officials; in the case of subsections (a) and (b),
27 provided, that, such recipient agrees, and has the legal authority to agree, to maintain the
28 confidentiality and privileged status of such documents, materials, data and other information in
29 the same manner and to the same extent as required for the commissioner.

30 (4) The commissioner may receive documents, materials, data and other information,
31 including otherwise confidential and privileged documents, materials, data or information, from
32 the NAIC and its affiliates and subsidiaries, from regulatory or law enforcement officials of other

7 result of sharing as authorized in subdivision 27-4.5-16(b)(3).

8 (7) A privilege established under the law of any state or jurisdiction that is substantially
9 similar to the privilege established under subsection 27-4.5-16(b) shall be available and enforced

14 subdivisions 27-4.5-16(a)(1) and 27-4.5-14(a)(4):

15 (1) May be subject to subpoena for the purpose of defending an action seeking damages
16 from the appointed actuary submitting the related memorandum in support of an opinion
17 submitted under section 27-4.5-3 or principle-based valuation report developed under subdivision
18 27-4.5-14(b)(3) by reason of an action required by this chapter or by regulations promulgated
19 hereunder;

20 (2) May otherwise be released by the commissioner with the written consent of the
21 company; and

22 (3) Once any portion of a memorandum in support of an opinion submitted under section
23 27-4.5-3 or a principle-based valuation report developed under subdivision 27-4.5-14(b)(3) is
24 cited by the company in its marketing or is publicly volunteered to or before a governmental
25 agency other than a state insurance department or is released by the company to the news media,
26 all portions of such memorandum or report shall no longer be confidential.

27 SECTION 3. Section 42-14-18 of the General Laws in Chapter 42-14 entitled

32 submitted by insurers, as that term is defined in section 27-29-2(~~e~~)(4), for review and approval by
33 the director prior to use:

34 (1) For each policy or certificate form included in a single package, including any related

1 forms, rates, and other documents submitted in the same package -- forty dollars (\$40.00); and

2 (2) For related forms or revised rates in connection with a policy that has been
3 previously approved, submitted in a single package, charged based upon the number of policies
4 involved -- twenty-five dollars (\$25.00).

5 (3) Fees shall be submitted with each filing and shall be deposited as general revenue.
6 These fees shall be in addition to any taxes and fees otherwise payable to the state.

7 (4) Before any form approved pursuant to chapter 27-2.5 may be used in the state of
