Introduced By: Representatives Serpa, Shekarchi, O'Brien, Kazarian, and McKiernan
Date Introduced: February 12, 2015
Referred To: House Health, Education & Welfare

It is enacted by the General Assembly as follows:

SECTION 1. Sections 4-1.1-1, 4-1.1-2, 4-1.1-3, 4-1.1-4 and 4-1.1-5 of the General Laws in Chapter 4-1.1 entitled "Unlawful Confinement of a Covered Animal" are hereby amended to read as follows:

4-1.1-1. Definitions. -- For the purposes of this chapter:

(1) "Calf raised for veal" means a calf of the bovine species kept for the purpose of producing the food product referred to as veal.

(2) "Crate" means a "gestation crate" for sows or a "veal crate" for calves.

(3) "Covered animal" means any sow during gestation, calf raised for veal, or egg-laying hen that is kept on a farm.

(4) "Enclosure" means any cage, crate, or other structure used to confine a covered animal. Enclosure includes what is commonly described as a "gestation crate or stall" for sows during gestation, a "veal crate" for calves raised for veal, or a "battery cage" for egg-laying hens.

(5) "Farm" means the land, building, support facilities, and other equipment that are wholly or partially used for the commercial production of animals or animal products used for food or fiber; and does not include live animal markets.

(6) "Farm owner or operator" means any person who owns or controls the operation of a farm, and does not include any non-management employee, contractor, or consultant.
“Fully extending the animal’s limbs” means fully extending all limbs without touching the side of an enclosure. In the case of egg-laying hens, “fully extending the animal’s limbs” means fully spreading both wings without touching the side of an enclosure or other egg-laying hens and having access to at least two hundred sixteen (216) square inches of usable floor space per hen.

“Person” means any individual, firm, partnership, joint venture, association, limited liability company, corporation, estate, trust, receiver, or syndicate.

“Sow during gestation” means a pregnant pig of the porcine species kept for the purpose of breeding.

“Turning around freely” means turning in a complete circle without any impediment including a tether, and without touching the side of a crate an enclosure or another animal.

4-1.1-2. Purpose. -- The purpose of this chapter, subject to exceptions set forth in § 4-1.1-4, is to prohibit the confinement of calves raised for veal and sows during gestation a covered animal in a manner that prevents the animal from turning around fully, lying down, standing up or fully extending the animal’s limbs.

4-1.1-3. Unlawful confinement. -- Notwithstanding any other provision of law, a person is guilty of unlawful confinement of a sow or calf covered animal if the person is a farm owner or operator who knowingly tethers or confines any sow or calf covered animal in a manner that prevents such animal from turning around freely, lying down, standing up, or fully extending the animal’s limbs. Provided, however, the continued use of presently owned enclosures for egg-laying hens installed before July 1, 2015, which provide for less than the space required by § 4-1.1-1(7), shall be permitted; provided, however, no person or entity may replace, retrofit or modify an existing enclosure for egg-laying hens with a new or used enclosure that does not provide for the space required by § 4-1.1-1(7).

4-1.1-4. Exceptions. -- This section shall not apply:

(1) During medical research.

(2) Temporary confinement prior to and during examination, testing, individual treatment or operation for veterinary purposes.

(3) During transportation.

(4) During rodeo exhibitions, state or county fair exhibitions, 4-H programs, and similar exhibitions or educational programs.

(5) During temporary confinement for animal husbandry purposes for no more than six (6) hours in any twenty-four (24) hour period unless ordered by a licensed veterinarian.
(6) During the humane slaughter of a sow or pig covered animal accordance with the
provisions of chapter 4-17, and other applicable laws and regulations.

(7) To a sow during the fourteen (14) day period prior to the sows expected date of
giving birth and extending for a duration of time until the piglets are weaned. This period may be
modified upon the order of a licensed veterinarian.

(8) To calves being trained to exhibit.

(9) To calves being trained to accept routine confinement in dairy and beef housing.

4-1.1-5. Penalty. -- (a) The provisions of this chapter are in addition to, and not in lieu of,
any other laws protecting animal welfare. This chapter may not be construed to limit any other
state laws or rules protecting the welfare of animals or to prevent a local governing body from
adopting and enforcing its own animal welfare laws and regulations.

(b) It is not an affirmative defense to alleged violations of this chapter that the calf or
sow covered animal was kept as part of an agricultural operation and in accordance with
customary animal husbandry or farming practices.

(c) Any person who violates the provisions of this chapter or any rules or regulations
promulgated hereunder shall be fined not less than fifty dollars ($50.00) nor exceeding five
hundred dollars ($500), or both.

SECTION 2. This act shall take effect one year after its passage and enactment.
