# RELATING TO CRIMINAL PROCEDURE

Introduced By: Senators Goldin, Conley, Jabour, Lynch, and Archambault

Date Introduced: February 26, 2015

Referred To: Senate Judiciary

It is enacted by the General Assembly as follows:

1	SECTION 1. Title 12 of the General Laws entitled "Criminal Procedure" is hereby
2	amended by adding thereto the following chapter:
3	CHAPTER 7.1
4	STRIP SEARCHES OF DETAINEES
5	12-7.1-1. Short title This chapter shall be known and may be cited as the "Rhode
6	Island Strip Searches of Detainees Act of 2015."
7	12-7.1-2. Purpose The general assembly recognizes that the use of strip searches and
8	body cavity searches of individuals lawfully detained may, under certain circumstances, be
9	necessary to protect the safety of law enforcement personnel, members of the public, and other
10	detainees; to detect and secure evidence of criminal activity; and to safeguard the security, safety
11	and orderly administration of criminal detention and holding facilities. The general assembly
12	further recognizes the substantial intrusion on personal privacy and integrity caused by such
13	searches and the consequent necessity that these searches be conducted only with proper
14	justification and authority and with due recognition of and deference to the human dignity of
15	those being searched.
16	12-7.1-3. Definitions (a) "Body cavity search" means any search involving internal
17	physical examination of body cavities, with the exception of a visual inspection of the ears, nose,
18	and mouth.
19	(b) "Detainee" means any person who is detained, under arrest, or otherwise in the

1 custody and control of any state or local law enforcement personnel or agent within the state of 2 Rhode Island, but does not include criminal offenders committed to the adult correctional 3 institution or to persons confined at the Wyatt Detention Center. 4 (c) "Probable cause" means sufficient, objective facts or circumstances to lead a 5 reasonable person to believe that a detainee is in possession of a weapon, contraband, or evidence of a crime that cannot be detected and seized pursuant to a thorough frisk or pat search of a 6 7 detainee's person. 8 (d) "Reasonable suspicion" means sufficient, objective facts or circumstances to lead a 9 reasonable person to suspect that a detainee is in possession of a weapon, contraband or evidence 10 of a crime, that cannot be detected and seized pursuant to a thorough frisk or pat search of a 11 detainee's person. 12 (e) "Strip search" means any search requiring the removal or rearrangement of some or 13 all of the clothing of a detainee to permit the visual inspection of the genitalia, buttocks, anus, female breasts or undergarments of the detainee. 14 15 12-7.1-4. Policy. -- No detainee in the state of Rhode Island shall be subject to a strip 16 search or body cavity search, except in accordance with the procedures set forth herein. Detainees confined at the adult correctional institution shall be subject to a search pursuant to regulations 17 promulgated by the department of corrections in accordance with applicable law. Detainees 18 19 confined at the Wyatt Detention Center shall be subject to a search in accordance with rules and 20 regulations of that facility promulgated in accordance with applicable law. 21 12-7.1-5. Search prerequisites. -- (a) Standard of belief. Neither strip searches nor body 22 cavity searches shall be conducted as a matter of routine procedure. A strip search may be 23 conducted based upon reasonable suspicion. A body cavity search may be conducted only 24 pursuant to a warrant based upon probable cause. 25 (b) Basis of belief. Neither reasonable suspicion nor probable cause, as defined herein, 26 may be based solely on the nature of the offense charged or on the detainee's previous criminal 27 record. A belief or suspicion sufficient to support either search also may not be based on mere 28 speculation, conjecture, or hunch. Facts or circumstances sufficient to establish reasonable 29 suspicion or probable cause may include, but are not limited to, the following: 30 (1) The nature of the offense charged; 31 (2) The detainee's appearance and demeanor; 32 (3) The circumstances surrounding the arrest or detention; 33 (4) The detainee's criminal record, particularly past crimes of violence and narcotics 34 offenses;

1	(5) The discovery of evidence of a major offense in plain view or in the course of a
2	search incident to arrest;
3	(6) Detection of suspicious objects beneath the detainee's clothing during a field search
4	incident to arrest; or
5	(7) The type of clothing and manner in which it is worn by the detainee.
6	12-7.1-6. Procedure (a) A strip or body cavity search may be performed only in
7	accordance with the following procedures:
8	(1) Prior to search.
9	(i) A written request describing the detainee to be searched and the specific facts and/or
10	circumstances establishing the requisite reasonable suspicion or probable cause to justify the
11	search;
12	(ii) Written approval of the request by a supervisory or other designated official;
13	(iii) Application for and approval of a search warrant for a body cavity search;
14	(iv) The search must be conducted in a secure, private area where it cannot be visually
15	monitored by electronic or other means or observed by persons not participating in the search;
16	(v) No more than two (2) persons shall participate in the search unless the participation of
17	additional persons is deemed essential to the safety of the detainee and/or those participating in
18	the search;
