The revenue raised in accordance with this subsection shall not exceed the revenue able to be raised through the federal government assessment and shall be established in accordance and conformity with the federal government assessment upon those insurers offering products on the Federal Health Benefit exchange. Revenues from the assessment shall be deposited in a restricted receipt account for the sole use of the exchange and shall be exempt from the indirect cost recovery provisions of § 35-4-27 of the general laws.

(b) The purpose of this chapter is to authorize the director to create the Rhode Island reinsurance program to stabilize health insurance rates and premiums in the individual market and provide greater financial certainty to consumers of health insurance in this state.

SECTION 5. Chapter 44-30 of the General Laws entitled “Personal Income Tax” is hereby amended by adding thereto the following sections:

44-30-101. Requirements concerning qualifying health insurance coverage.

(a) Definitions. For purposes of this section:

(1) “Applicable individual” has the same meaning as set forth in 26 U.S.C. § 5000A(d).

(2) “Minimum essential coverage” has the same meaning as set forth in 26 U.S.C. § 5000A(f).

(3) “Shared Responsibility Payment Penalty” means the penalty imposed pursuant to subsection (c) of this section.

(4) “Taxpayer” means any resident individual, as defined in section 44-30-5 of the general laws.

(b) Requirement to maintain minimum essential coverage. Every applicable individual must maintain minimum essential coverage for each month beginning after December 31, 2019.

(c) Shared Responsibility Payment Penalty imposed for failing to maintain minimum essential coverage. As of January 1, 2020, every applicable individual required to file a personal income tax return pursuant to section 44-30-51 of the general laws, shall indicate on the return, in a manner to be prescribed by the tax administrator, whether and for what period of time during the
relevant tax year the individual and his or her spouse and dependents who are applicable individuals were covered by minimum essential coverage. If a return submitted pursuant to this subsection fails to indicate that such coverage was in force or indicates that any applicable individuals did not have such coverage in force, a Shared Responsibility Payment Penalty shall hereby be assessed as a tax on the return.

(d) Shared Responsibility Payment Penalty calculation. Except as provided in subsection (e), the Shared Responsibility Payment Penalty imposed shall be equal to a taxpayer’s federal shared responsibility payment for the taxable year under section 5000A of the Internal Revenue Code of 1986, as amended, and as in effect on the 15th day of December 2017.

(e) Exceptions.

(1) Penalty cap. The amount of the Shared Responsibility Payment Penalty imposed under this section shall be determined, if applicable, using the statewide average premium for bronze-level plans offered through the Rhode Island health benefits exchange rather than the national average premium for bronze-level plans.

(2) Hardship exemption determinations. Determinations as to hardship exemptions shall be made by the exchange under section 42-157-11 of the general laws.

(3) Religious conscience exemption determinations. Determinations as to religious conscience exemptions shall be made by the exchange under section 42-157-11 of the general laws.

(4) Taxpayers with gross income below state filing threshold. No penalty shall be imposed under this section with respect to any applicable individual for any month during a calendar year if the taxpayer’s household income for the taxable year as described in section 1412(b)(1)(B) of the Patient Protection and Affordable Care Act is less than the amount of gross income requiring the taxpayer to file a return as set forth in section 44-30-51 of the general laws.

(5) Out of State Residents. No penalty shall be imposed by this section with respect to any applicable individual for any month during which the individual is a bona fide resident of another state.

(f) Health Insurance Market Integrity Fund. The tax administrator is authorized to withhold from any state tax refund due to the taxpayer an amount equal to the calculated Shared Responsibility Payment Penalty and shall place such amounts in the Health Insurance Market Integrity Fund created pursuant to section 42-157.1-5 of the general laws.

(g) Deficiency. If, upon examination of a taxpayer’s return, the tax administrator determines there is a deficiency because any refund due to the taxpayer is insufficient to satisfy the Shared Responsibility Penalty or because there was no refund due, the tax administrator may notify the taxpayer of such deficiency in accordance with section 44-30-81 and interest shall accrue on
such deficiency as set forth in section 44-30-84. All monies collected on said deficiency shall be
placed in the Health Insurance Market Integrity Fund created pursuant to section 42-157.1-5 of the
genral laws.

(h) Application of Federal law. The Shared Responsibility Payment Penalty shall be
assessed and collected as set forth in this chapter and, where applicable, consistent with regulations
promulgated by the federal government, the exchange and/or the tax administrator. Any federal
regulation implementing section 5000A of the Internal Revenue Code of 1986, as amended, and in
effect on the 15th day of December 2017, shall apply as though incorporated into the Rhode Island
Code of Regulations. Federal guidance interpreting these federal regulations shall similarly apply.

Except as provided in subsections (i) and (k), all references to federal law shall be construed as
references to federal law as in effect on December 15, 2017, including applicable regulations and
administrative guidance that were in effect as of that date.

(i) Unavailability of Federal premium tax credits. For any taxable year in which federal
premium tax credits available pursuant to 26 U.S.C. section 36B become unavailable due to the
federal government repealing that section or failing to fund the premium tax credits, the Shared
Responsibility Payment Penalty under this section shall not be enforced.

(j) Imposition of Federal shared responsibility payment. For any taxable year in which a
federal penalty under section 5000A of the Internal Revenue Code of 1986 is imposed on a taxpayer
in an amount comparable to the Shared Responsibility Payment Penalty assessed under this section,
the state penalty shall not be enforced.

(k) Agency Coordination. Where applicable, the tax administrator shall implement this
section in consultation with the office of the health insurance commissioner, the office of
management and budget, the executive office of health and human services, and the Rhode Island
health benefits exchange.

44-30-102. Reporting Requirement for Applicable Entities providing Minimum
Essential Coverage.

(a) Findings.

(1) Ensuring the health of insurance markets is a responsibility reserved for states under
the McCarran-Ferguson Act and other federal law.

(2) There is substantial evidence that being uninsured causes health problems and
unnecessary deaths.

(3) The Shared Responsibility Payment Penalty imposed by subsection 44-30-101(c) of the
general laws is necessary to protect the health and welfare of the state’s residents.

(4) The reporting requirement provided for in this section is necessary for the successful
implementation of the Shared Responsibility Payment Penalty imposed by subsection 44-30-101(c) of the general laws. This requirement provides the only widespread source of third-party reporting to help taxpayers and the tax administrator verify whether an applicable individual maintains minimum essential coverage. There is compelling evidence that third-party reporting is crucial for ensuring compliance with tax provisions.

(5) The Shared Responsibility Payment Penalty imposed by subsection 44-30-101(c) of the general laws, and therefore the reporting requirement in this section, is necessary to ensure a stable and well-functioning health insurance market. There is compelling evidence that, without an effective Shared Responsibility Payment Penalty in place for those who go without coverage, there would be substantial instability in health insurance markets, including higher prices and the possibility of areas without any insurance available.

(6) The Shared Responsibility Payment Penalty imposed by subsection 44-30-101(c) of the general laws, and therefore the reporting requirement in this section, is also necessary to foster economic stability and growth in the state.

(7) The reporting requirement in this section has been narrowly tailored to support compliance with the Shared Responsibility Payment Penalty imposed by subsection 44-30-101(c) of the general laws, while imposing only an incidental burden on reporting entities. In particular, the information that must be reported is limited to the information that must already be reported under a similar federal reporting requirement under section 6055 of the Internal Revenue Code of 1986. In addition, this section provides that its reporting requirement may be satisfied by providing the same information that is currently reported under such federal requirement.

(b) Definitions. For purposes of this section:

(1) “Applicable entity” means:

(i) An employer or other sponsor of an employment-based health plan that offers employment-based minimum essential coverage to any resident of Rhode Island.

(ii) The Rhode Island Medicaid single state agency providing Medicaid or Children’s Health Insurance Program (CHIP) coverage.

(iii) Carriers licensed or otherwise authorized by the Rhode Island office of the health insurance commissioner to offer health coverage providing coverage that is not described in subparagraphs (i) or (ii).

(2) “Minimum essential coverage” has the meaning given such term by section 44-30-101(a)(2) of the general laws.

(c) For purposes of administering the Shared Responsibility Payment Penalty to individuals who do not maintain minimum essential coverage under subsection 44-30-101(b) of the general law.
laws, every applicable entity that provides minimum essential coverage to an individual during a
calendar year shall, at such time as the tax administrator may prescribe, file a form in a manner
prescribed by the tax administrator.

(d) Form and manner of return.

(1) A return, in such form as the tax administrator may prescribe, contains the following
information:

(i) the name, address and TIN of the primary insured and the name and TIN of each other
individual obtaining coverage under the policy;

(ii) the dates during which such individual was covered under minimum essential coverage
during the calendar year, and

(iii) such other information as the tax administrator may require.

(2) Sufficiency of information submitted for federal reporting. Notwithstanding the
requirements of paragraph (1), a return shall not fail to be a return described in this section if it
includes the information contained in a return described in section 6055 of the Internal Revenue
Code of 1986, as that section is in effect and interpreted on the 15th day of December 2017.

(e) Statements to be furnished to individuals with respect to whom information is reported.

(1) Any applicable entity providing a return under the requirements of this section shall
also provide to each individual whose name is included in such return a written statement
containing the name, address and contact information of the person required to provide the return
to the tax administrator and the information included in the return with respect to the individuals
listed thereupon. Such written statement must be provided on or before January 31 of the year
following the calendar year for which the return was required to be made or by such date as may
be determined by the tax administrator.

(2) Sufficiency of federal statement. Notwithstanding the requirements of paragraph (1),
the requirements of this subsection (e) may be satisfied by a written statement provided to an
individual under section 6055 of the Internal Revenue Code of 1986, as that section is in effect and
interpreted on the 15th day of December 2017.

(f) Reporting responsibility.

(1) Coverage provided by governmental units. In the case of coverage provided by an
applicable entity that is any governmental unit or any agency or instrumentality thereof, the officer
or employee who enters into the agreement to provide such coverage (or the person appropriately
designated for purposes of this section) shall be responsible for the returns and statements required
by this section.

(2) Delegation. An applicable entity may contract with third-party service providers,
including insurance carriers, to provide the returns and statements required by this section.

SECTION 6. Section 2 of this article shall take effect January 1, 2020. The remainder of this article shall take effect upon passage.
