RELATING TO HEALTH AND SAFETY -- COMPREHENSIVE HEALTH INSURANCE  
PROGRAM

Date Introduced: February 27, 2019

It is enacted by the General Assembly as follows:

1 SECTION 1. Chapter 42-14.5 of the General Laws entitled "The Rhode Island Health  
2 Care Reform Act of 2004 - Health Insurance Oversight" is hereby repealed in its entirety.

3 ~~CHAPTER 42-14.5~~

4 ~~The Rhode Island Health Care Reform Act of 2004—Health Insurance Oversight~~

5 ~~**42-14.5-1. Health insurance commissioner.**~~

6 ~~There is hereby established, within the department of business regulation, an office of the~~  
7 ~~health insurance commissioner. The health insurance commissioner shall be appointed by the~~  
8 ~~governor, with the advice and consent of the senate. The director of business regulation shall~~  
9 ~~grant to the health insurance commissioner reasonable access to appropriate expert staff.~~

10 ~~**42-14.5-1.1. Legislative findings.**~~

11 ~~The general assembly hereby finds and declares as follows:~~

12 ~~(1) A substantial amount of health care services in this state are purchased for the benefit~~  
13 ~~of patients by health care insurers engaged in the provision of health care financing services or is~~  
14 ~~otherwise delivered subject to the terms of agreements between health care insurers and providers~~  
15 ~~of the services.~~

16 ~~(2) Health care insurers are able to control the flow of patients to providers of health care~~  
17 ~~services through compelling financial incentives for patients in their plans to utilize only the~~  
18 ~~services of providers with whom the insurers have contracted.~~

1 ~~(3) Health care insurers also control the health care services rendered to patients through~~  
2 ~~utilization review programs and other managed care tools and associated coverage and payment~~  
3 ~~policies.~~

4 ~~(4) By incorporation or merger the power of health care insurers in markets of this state~~  
5 ~~for health care services has become great enough to create a competitive imbalance, reducing~~  
6 ~~levels of competition and threatening the availability of high quality, cost-effective health care.~~

7 ~~(5) The power of health care insurers to unilaterally impose provider contract terms may~~  
8 ~~jeopardize the ability of physicians and other health care providers to deliver the superior quality~~  
9 ~~health care services that have been traditionally available in this state.~~

10 ~~(6) It is the intention of the general assembly to authorize health care providers to jointly~~  
11 ~~discuss with health care insurers topics of concern regarding the provision of quality health care~~  
12 ~~through a committee established by an advisory to the health insurance commissioner.~~

13 **42-14.5-2. Purpose.**

14 ~~With respect to health insurance as defined in § 42-14-5, the health insurance~~  
15 ~~commissioner shall discharge the powers and duties of office to:~~

16 ~~(1) Guard the solvency of health insurers;~~

17 ~~(2) Protect the interests of consumers;~~

18 ~~(3) Encourage fair treatment of health care providers;~~

19 ~~(4) Encourage policies and developments that improve the quality and efficiency of~~  
20 ~~health care service delivery and outcomes; and~~

21 ~~(5) View the health care system as a comprehensive entity and encourage and direct~~  
22 ~~insurers towards policies that advance the welfare of the public through overall efficiency,~~  
23 ~~improved health care quality, and appropriate access.~~

24 **42-14.5-3. Powers and duties.**

25 ~~The health insurance commissioner shall have the following powers and duties:~~

26 ~~(a) To conduct quarterly public meetings throughout the state, separate and distinct from~~  
27 ~~rate hearings pursuant to § 42-62-13, regarding the rates, services, and operations of insurers~~  
28 ~~licensed to provide health insurance in the state; the effects of such rates, services, and operations~~  
29 ~~on consumers, medical care providers, patients, and the market environment in which the insurers~~  
30 ~~operate; and efforts to bring new health insurers into the Rhode Island market. Notice of not less~~  
31 ~~than ten (10) days of the hearing(s) shall go to the general assembly, the governor, the Rhode~~  
32 ~~Island Medical Society, the Hospital Association of Rhode Island, the director of health, the~~  
33 ~~attorney general, and the chambers of commerce. Public notice shall be posted on the~~  
34 ~~department's website and given in the newspaper of general circulation, and to any entity in~~

1 ~~writing requesting notice.~~

2 ~~(b) To make recommendations to the governor and the house of representatives and~~  
3 ~~senate finance committees regarding health care insurance and the regulations, rates, services,~~  
4 ~~administrative expenses, reserve requirements, and operations of insurers providing health~~  
5 ~~insurance in the state, and to prepare or comment on, upon the request of the governor or~~  
6 ~~chairpersons of the house or senate finance committees, draft legislation to improve the regulation~~  
7 ~~of health insurance. In making the recommendations, the commissioner shall recognize that it is~~  
8 ~~the intent of the legislature that the maximum disclosure be provided regarding the~~  
9 ~~reasonableness of individual administrative expenditures as well as total administrative costs. The~~  
10 ~~commissioner shall make recommendations on the levels of reserves, including consideration of:~~  
11 ~~targeted reserve levels; trends in the increase or decrease of reserve levels; and insurer plans for~~  
12 ~~distributing excess reserves.~~

13 ~~(c) To establish a consumer/business/labor/medical advisory council to obtain~~  
14 ~~information and present concerns of consumers, business, and medical providers affected by~~  
15 ~~health insurance decisions. The council shall develop proposals to allow the market for small~~  
16 ~~business health insurance to be affordable and fairer. The council shall be involved in the~~  
17 ~~planning and conduct of the quarterly public meetings in accordance with subsection (a). The~~  
18 ~~advisory council shall develop measures to inform small businesses of an insurance complaint~~  
19 ~~process to ensure that small businesses that experience rate increases in a given year may request~~  
20 ~~and receive a formal review by the department. The advisory council shall assess views of the~~  
21 ~~health provider community relative to insurance rates of reimbursement, billing, and~~  
22 ~~reimbursement procedures, and the insurers' role in promoting efficient and high-quality health~~  
23 ~~care. The advisory council shall issue an annual report of findings and recommendations to the~~  
24 ~~governor and the general assembly and present its findings at hearings before the house and~~  
25 ~~senate finance committees. The advisory council is to be diverse in interests and shall include~~  
26 ~~representatives of community consumer organizations; small businesses, other than those~~  
27 ~~involved in the sale of insurance products; and hospital, medical, and other health provider~~  
28 ~~organizations. Such representatives shall be nominated by their respective organizations. The~~  
29 ~~advisory council shall be co-chaired by the health insurance commissioner and a community~~  
30 ~~consumer organization or small business member to be elected by the full advisory council.~~

31 ~~(d) To establish and provide guidance and assistance to a subcommittee ("the~~  
32 ~~professional provider health plan work group") of the advisory council created pursuant to~~  
33 ~~subsection (c), composed of health care providers and Rhode Island licensed health plans. This~~  
34 ~~subcommittee shall include in its annual report and presentation before the house and senate~~

1 ~~finance committees the following information:~~

2 ~~(1) A method whereby health plans shall disclose to contracted providers the fee~~

3 ~~schedules used to provide payment to those providers for services rendered to covered patients;~~

5 ~~purpose of verifying professional qualifications of participating health care providers;~~

6 ~~(3) The uniform health plan claim form utilized by participating providers;~~

7 ~~(4) Methods for health maintenance organizations, as defined by § 27-41-2, and nonprofit~~

8 ~~hospital or medical service corporations, as defined by chapters 19 and 20 of title 27, to make~~

9 ~~facility-specific data and other medical service-specific data available in reasonably consistent~~

10 ~~formats to patients regarding quality and costs. This information would help consumers make~~

11 ~~informed choices regarding the facilities and clinicians or physician practices at which to seek~~

12 ~~care. Among the items considered would be the unique health services and other public goods~~

13 ~~provided by facilities and clinicians or physician practices in establishing the most appropriate~~

14 ~~cost comparisons;~~

15 ~~(5) All activities related to contractual disclosure to participating providers of the~~

16 ~~mechanisms for resolving health plan/provider disputes;~~

17 ~~(6) The uniform process being utilized for confirming, in real time, patient insurance~~

18 ~~enrollment status, benefits coverage, including co-pays and deductibles;~~

19 ~~(7) Information related to temporary credentialing of providers seeking to participate in~~

20 ~~the plan's network and the impact of the activity on health plan accreditation;~~

21 ~~(8) The feasibility of regular contract renegotiations between plans and the providers in~~

22 ~~their networks; and~~

23 ~~(9) Efforts conducted related to reviewing impact of silent PPOs on physician practices.~~

24 ~~(e) To enforce the provisions of Title 27 and Title 42 as set forth in § 42-14-5(d).~~

25 ~~(f) To provide analysis of the Rhode Island affordable health plan reinsurance fund. The~~

26 ~~fund shall be used to effectuate the provisions of §§ 27-18.5-9 and 27-50-17.~~

27 ~~(g) To analyze the impact of changing the rating guidelines and/or merging the individual~~

28 ~~health insurance market, as defined in chapter 18.5 of title 27, and the small employer health~~

30 ~~(1) The analysis shall forecast the likely rate increases required to effect the changes~~

31 ~~recommended pursuant to the preceding subsection (g) in the direct pay market and small~~

32 ~~employer health insurance market over the next five (5) years, based on the current rating~~

33 ~~structure and current products.~~

34 ~~(2) The analysis shall include examining the impact of merging the individual and small-~~

1 ~~employer markets on premiums charged to individuals and small employer groups.~~

2 ~~(3) The analysis shall include examining the impact on rates in each of the individual and~~  
3 ~~small employer health insurance markets and the number of insureds in the context of possible~~  
4 ~~changes to the rating guidelines used for small employer groups, including: community rating~~  
5 ~~principles; expanding small employer rate bonds beyond the current range; increasing the~~  
6 ~~employer group size in the small group market; and/or adding rating factors for broker and/or~~  
7 ~~tobacco use.~~

8 ~~(4) The analysis shall include examining the adequacy of current statutory and regulatory~~  
9 ~~oversight of the rating process and factors employed by the participants in the proposed, new~~  
10 ~~merged market.~~

11 ~~(5) The analysis shall include assessment of possible reinsurance mechanisms and/or~~  
12 ~~federal high risk pool structures and funding to support the health insurance market in Rhode~~  
13 ~~Island by reducing the risk of adverse selection and the incremental insurance premiums charged~~  
14 ~~for this risk, and/or by making health insurance affordable for a selected at risk population.~~

15 ~~(6) The health insurance commissioner shall work with an insurance market merger task~~  
16 ~~force to assist with the analysis. The task force shall be chaired by the health insurance~~  
17 ~~commissioner and shall include, but not be limited to, representatives of the general assembly, the~~  
18 ~~business community, small employer carriers as defined in § 27-50-3, carriers offering coverage~~  
19 ~~in the individual market in Rhode Island, health insurance brokers, and members of the general~~  
20 ~~public.~~

21 ~~(7) For the purposes of conducting this analysis, the commissioner may contract with an~~  
22 ~~outside organization with expertise in fiscal analysis of the private insurance market. In~~  
23 ~~conducting its study, the organization shall, to the extent possible, obtain and use actual health-~~  
24 ~~plan data. Said data shall be subject to state and federal laws and regulations governing~~  
25 ~~confidentiality of health care and proprietary information.~~

26 ~~(8) The task force shall meet as necessary and include its findings in the annual report,~~  
27 ~~and the commissioner shall include the information in the annual presentation before the house~~  
28 ~~and senate finance committees.~~

29 ~~(h) To establish and convene a workgroup representing health care providers and health~~  
30 ~~insurers for the purpose of coordinating the development of processes, guidelines, and standards~~  
31 ~~to streamline health care administration that are to be adopted by payors and providers of health-~~  
32 ~~care services operating in the state. This workgroup shall include representatives with expertise~~  
33 ~~who would contribute to the streamlining of health care administration and who are selected from~~  
34 ~~hospitals, physician practices, community behavioral health organizations, each health insurer,~~

1 ~~and other affected entities. The workgroup shall also include at least one designee each from the~~  
2 ~~Rhode Island Medical Society, Rhode Island Council of Community Mental Health~~  
3 ~~Organizations, the Rhode Island Health Center Association, and the Hospital Association of~~  
4 ~~Rhode Island. The workgroup shall consider and make recommendations for:~~

5 ~~(1) Establishing a consistent standard for electronic eligibility and coverage verification.~~

6 ~~Such standard shall:~~

7 ~~(i) Include standards for eligibility inquiry and response and, wherever possible, be~~  
8 ~~consistent with the standards adopted by nationally recognized organizations, such as the Centers~~  
9 ~~for Medicare and Medicaid Services;~~

11 ~~system-to-system basis or using a payor-supported web browser;~~

12 ~~(iii) Provide reasonably detailed information on a consumer's eligibility for health care~~  
13 ~~coverage; scope of benefits; limitations and exclusions provided under that coverage; cost-sharing~~

15 ~~accumulated or limited benefits; out of pocket maximums; any maximum policy amounts; and~~  
16 ~~other information required for the provider to collect the patient's portion of the bill;~~

17 ~~(iv) Reflect the necessary limitations imposed on payors by the originator of the~~  
18 ~~eligibility and benefits information;~~

19 ~~(v) Recommend a standard or common process to protect all providers from the costs of~~  
20 ~~services to patients who are ineligible for insurance coverage in circumstances where a payor~~  
21 ~~provides eligibility verification based on best information available to the payor at the date of the~~  
22 ~~request of eligibility.~~

23 ~~(2) Developing implementation guidelines and promoting adoption of the guidelines for:~~

24 ~~(i) The use of the National Correct Coding Initiative code edit policy by payors and~~

30 ~~(iv) The processing of corrections to claims by providers and payors.~~

31 ~~(v) A standard payor denial review process for providers when they request a~~  
32 ~~reconsideration of a denial of a claim that results from differences in clinical edits where no~~  
33 ~~single, common standards body or process exists and multiple conflicting sources are in use by~~  
34 ~~payors and providers.~~

1 ~~(vi) Nothing in this section, nor in the guidelines developed, shall inhibit an individual~~  
2 ~~payor's ability to employ, and not disclose to providers, temporary code edits for the purpose of~~  
3 ~~detecting and deterring fraudulent billing activities. The guidelines shall require that each payor~~  
4 ~~disclose to the provider its adjudication decision on a claim that was denied or adjusted based on~~  
5 ~~the application of such edits and that the provider have access to the payor's review and appeal~~  
6 ~~process to challenge the payor's adjudication decision.~~

7 ~~(vii) Nothing in this subsection shall be construed to modify the rights or obligations of~~  
8 ~~payors or providers with respect to procedures relating to the investigation, reporting, appeal, or~~  
9 ~~prosecution under applicable law of potentially fraudulent billing activities.~~

10 ~~(3) Developing and promoting widespread adoption by payors and providers of~~  
11 ~~guidelines to:~~

12 ~~(i) Ensure payors do not automatically deny claims for services when extenuating~~  
13 ~~circumstances make it impossible for the provider to obtain a preauthorization before services are~~  
14 ~~performed or notify a payor within an appropriate standardized timeline of a patient's admission;~~

15 ~~(ii) Require payors to use common and consistent processes and time frames when~~  
16 ~~responding to provider requests for medical management approvals. Whenever possible, such~~

19 ~~medical management includes prior authorization of services, preauthorization of services,~~  
20 ~~precertification of services, post service review, medical necessity review, and benefits advisory;~~

22 ~~where providers can obtain payors' preauthorization, benefits advisory, and preadmission~~  
23 ~~requirements;~~

24 ~~(iv) Establish guidelines for payors to develop and maintain a website that providers can~~  
25 ~~use to request a preauthorization, including a prospective clinical necessity review; receive an~~  
26 ~~authorization number; and transmit an admission notification.~~

27 ~~(4) To provide a report to the house and senate, on or before January 1, 2017, with~~  
28 ~~recommendations for establishing guidelines and regulations for systems that give patients~~

6 ~~reimbursement procedures. Findings, recommendations, and assessments shall be made available~~  
7 ~~to the public.~~

8 ~~(k) To monitor the transition from fee for service and toward global and other alternative~~  
9 ~~payment methodologies for the payment for health care services. Alternative payment~~  
10 ~~methodologies should be assessed for their likelihood to promote access to affordable health~~  
11 ~~insurance, health outcomes, and performance.~~

12 ~~(l) To report annually, no later than July 1, 2014, then biannually thereafter, on hospital~~  
13 ~~payment variation, including findings and recommendations, subject to available resources.~~

26 SECTION 3. Title 23 of the General Laws entitled "HEALTH AND SAFETY" is hereby  
27 amended by adding thereto the following chapter:

28 CHAPTER 95

29 THE RHODE ISLAND COMPREHENSIVE HEALTH INSURANCE PROGRAM

30 **23-95-1. Legislative findings.**

31 (a) The general assembly finds the following:

32 (1) Rising health care costs are a major economic threat to Rhode Islanders:

33 (i) Between 1991 and 2014, health care spending in Rhode Island per person rose by over  
34 250% – rising much faster than income and greatly reducing disposable income; and

1           (ii) It is estimated that by 2025, the cost of health insurance for an average family of four  
2 (4) will equal about one-half (1/2) of their annual income; and

3           (iv) In the U.S., about two-thirds (2/3) of personal bankruptcies have been medical cost-  
4 related and of these, about three-fourths (3/4) of those bankrupted had health insurance; and

5           (v) Rhode Island private businesses bear most of the costs of employee health insurance  
6 coverage and spend significant time and money choosing from a confusing array of increasingly  
7 expensive plans which do not provide comprehensive coverage; and

8           (vi) Rhode Island employees and retirees are losing significant wages and pensions as  
9 they are forced to pay higher amounts of health insurance and health care costs; and

10          (vii) The state and its municipalities face enormous other post employment benefits  
11 (OPEB) unfunded liabilities mostly due to health insurance costs.

12          (b) Although Rhode Island significantly expanded health care coverage for its citizens  
13 under the federal Affordable Care Act (ACA), it is not enough:

14           (1) Currently, about forty-seven thousand (47,000) Rhode Islanders remain uninsured,  
15 and even fully implemented, the ACA would leave forty-two thousand (42,000) Rhode Islanders  
16 four percent (4%) uninsured and many more underinsured - resulting in many excess deaths; and

17           (2) Efforts at the federal level to repeal or defund the ACA severely threaten the health  
18 and welfare of Rhode Island citizens.

19          (c) The U.S. has hundreds of health insurance providers (i.e., multiple "payers") who  
20 make our health care system unjustifiably expensive and ineffective:

21           (1) Every industrialized nation in the world, except the United States, offers universal  
22 health care to its citizens under a "single payer" program and enjoys better health outcomes for  
23 about one-half (1/2) the cost; and

24           (2) About one-third (1/3) of every health care dollar spent in the U.S. goes towards  
25 administrative costs (e.g., paperwork, overhead, CEO salaries, and profits) rather than on actual  
26 health care.

27          (d) The solution is for Rhode Island to institute an improved Medicare-for-all style single  
28 payer program:

29           (1) Health care is rationed under our current multi-payer system, despite the fact that  
30 Rhode Islanders already pay enough money to have comprehensive and universal health  
31 insurance under a single-payer system; and

32           (2) Single payer health care would establish a true "free market" system where doctors  
33 compete for patients rather than health insurance companies dictating which patients are able to  
34 see which doctors and setting reimbursement rates; and

1 (3) The high costs of medical care could be lowered significantly if the state could  
2 negotiate on behalf of all its residents for bulk purchasing, as well as gain access to usage and  
3 price information currently kept confidential by private health insurers as "proprietary  
4 information;" and

5 (4) In 1962, Canada's successful single payer program began in the province of  
6 Saskatchewan (with approximately the same population as Rhode Island) and became a national  
7 program within ten (10) years; and

8 (5) Single payer would provide comprehensive coverage that will include vision, hearing  
9 and dental care, mental health and substance abuse services, as well as prescription medications,  
10 medical equipment, supplies, diagnostics and treatments; and

11 (6) Health care providers will spend significantly less time with administrative work  
12 caused by multiple health insurance company requirements and barriers to care delivery and will  
13 spend significantly less for overhead costs because of streamlined billing.

14 (e) Rhode Island must act because there are currently no effective state or federal laws  
15 that can adequately control rising premiums, co-pays, deductibles and medical costs, or prevent  
16 private insurance companies from continuing to limit available providers and coverage.

17 **23-95-2. Legislative purpose.**

18 It is the intent of the general assembly that this act establish a universal, comprehensive,  
19 affordable single-payer health care insurance program that will help control health care costs  
20 which shall be referred to as, "the Rhode Island comprehensive health insurance program"  
21 (RICHIP). The program will be paid for by consolidating government and private payments to  
22 multiple insurance carriers into a more economical and efficient improved Medicare-for-all style  
23 single payer program and substituting lower progressive taxes for higher health insurance  
24 premiums, co-pays, deductibles and costs in excess of caps. This program will save Rhode  
25 Islanders from the current overly expensive, inefficient and unsustainable multi-payer health  
26 insurance system that unnecessarily prevents access to medically necessary health care.

27 **23-95-3. Definitions.**

28 As used in this chapter:

29 (1) "Affordable Care Act" or "ACA" means the federal Patient Protection and Affordable  
30 Care Act (Pub. L. 111-148), as amended by the federal Health Care and Education Reconciliation  
31 Act of 2010 (42 U.S.C. § 1800/et seq. Pub. L. 111-152), and any amendments to, or regulations  
32 or guidance issued under, those acts.

33 (2) "Carrier" means either a private health insurer authorized to sell health insurance in  
34 Rhode Island or a health care service plan, i.e., any person who undertakes to arrange for the

1 provision of health care services to subscribers or enrollees, or to pay for or to reimburse any part  
2 of the cost for those services, in return for a prepaid or periodic charge paid by or on behalf of the  
3 subscribers or enrollees, or any person, whether located within or outside of this state, who  
4 solicits or contracts with a subscriber or enrollee in this state to pay for or reimburse any part of  
5 the cost of, or who undertakes to arrange or arranges for, the provision of health care services that  
6 are to be provided wholly or in part in a foreign country in return for a prepaid or periodic charge  
7 paid by or on behalf of the subscriber or enrollee.

23 Security Act (42 U.S.C. § 301 et seq.).

25 prescription drugs) required for the prevention, diagnosis, cure, or treatment of a health-related  
26 condition including any such services that are necessary to prevent a detrimental change in either  
27 medical or mental health status. Medically necessary services must be provided in a cost-effective  
28 and appropriate setting and must not be provided solely for the convenience of the patient or  
29 service provider. "Medically necessary" does not include services or goods that are primarily for  
30 cosmetic purposes; and does not include services or goods that are experimental, unless approved  
31 pursuant to § 23-95-6(b).

12 be filled by a representative from the same constituent group as the new member's predecessor.

13 **23-95-5. Coverage.**

14 (a) All qualified Rhode Island residents may participate in RICHIP. The director shall  
15 establish procedures to determine eligibility, enrollment, disenrollment and disqualification,  
16 including criteria and procedures by which RICHIP can:

17 (1) Identify, automatically enroll, and provide a RICHIP card to qualified Rhode Island  
18 residents;

19 (2) Process applications from individuals seeking to obtain RICHIP coverage for  
20 dependents after the implementation date;

21 (3) Ensure eligible residents are knowledgeable and aware of their rights to health care;

22 (4) Determine whether an individual should be disenrolled (e.g., for leaving the state);

23 (5) Determine whether an individual should be disqualified (e.g., for fraudulent receipt of  
24 benefits or reimbursements);

25 (6) Determine appropriate actions that should be taken with respect to individuals who  
26 are disenrolled or disqualified (including civil and criminal penalties); and

27 (7) Permit individuals to request review and appeal decisions to disenroll or disqualify  
28 them.

29 (b) Medicare and Medicaid eligible coverage under RICHIP shall be as follows:

30 (1) If all necessary federal waivers are obtained, qualified Rhode Island residents eligible  
31 for federal Medicare ("Medicare eligible residents") shall continue to pay required fees to the  
32 federal government. RICHIP shall establish procedures to ensure that Medicare eligible residents  
33 shall have such amounts deducted from what they owe to RICHIP under § 23-95-12(h). RICHIP  
34 shall become the equivalent of qualifying coverage under Medicare part D and Medicare

1 advantage programs, and as such shall be the vendor for coverage to RICHIP participants.  
2 RICHIP shall provide Medicare eligible residents benefits equal to those available to all other  
3 RICHIP participants and equal to or greater than those available through Medicare. To streamline  
4 the process, RICHIP shall seek to receive federal reimbursements for services and goods to  
5 Medicare eligible residents and administer all Medicare funds.

6 (2) If all necessary federal waivers are obtained, RICHIP shall become the state's sole  
7 Medicaid provider. RICHIP shall create procedures to enroll all qualified Rhode Island residents  
8 eligible for Medicaid ("Medicaid eligible residents") in the Medicaid program to ensure a  
9 maximum amount of federal Medicaid funds go to the RICHIP trust fund. RICHIP shall provide  
10 benefits to Medicaid eligible residents equal to those available to all other RICHIP participants.

11 (3) If all necessary federal waivers are not granted from the Medicaid or Medicare  
12 programs operated under Title XVIII or XIX of the Social Security Act, the Medicaid or  
13 Medicare program for which a waiver is not granted shall act as the primary insurer for those  
14 eligible for such coverage, and RICHIP shall serve as the secondary or supplemental plan of  
15 health insurance coverage. Until such time as a waiver is granted, the plan shall not pay for  
16 services for persons otherwise eligible for the same health care benefits under the Medicaid or  
17 Medicare program. The director shall establish procedures for determining amounts owed by  
18 Medicare and Medicaid eligible residents for supplemental RICHIP coverage and the extent of  
19 such coverage.

20 (4) The director may require Rhode Island residents to provide information necessary to  
21 determine whether the resident is eligible for a federally matched public health program or for  
22 Medicare, or any program or benefit under Medicare.

23 (5) As a condition of eligibility or continued eligibility for health care services under  
24 RICHIP, a qualified Rhode Island resident who is eligible for benefits under Medicare shall enroll  
25 in Medicare, including Parts A, B, and D.

26 (c) Veterans. RICHIP shall serve as the secondary or supplemental plan of health  
27 insurance coverage for military veterans. The director shall establish procedures for determining  
28 amounts owed by military veterans who are qualified residents for such supplemental RICHIP  
29 coverage and the extent of such coverage.

30 (d) This chapter does not create any employment benefit, nor require, prohibit, or limit  
31 the providing of any employment benefit.

32 (e) This chapter does not affect or limit collective action or collective bargaining on the  
33 part of a health care provider with their employer or any other lawful collective action or  
34 collective bargaining.

1           **23-95-6. Benefits.**

2           (a) This chapter shall provide insurance coverage for services and goods (including  
3 prescription drugs) deemed medically necessary by a qualified health care provider and that is  
4 currently covered under:

5           (1) The federal Medicare program (42 U.S.C. § 1395 et seq. Social Security Act title  
6 XVIII) parts A, B and D;

7           (2) The federal Medicaid program except that long-term care shall be available only to  
8 those who currently qualify for Medicaid coverage;

9           (3) The state's children's health insurance program; and

10           (4) All essential health benefits mandated by the Affordable Care Act as of January 1,  
11 2017, including, services and goods within the following categories:

12           (i) Primary and preventive care;

13           (ii) Approved dietary and nutritional therapies;

14           (iii) Inpatient care;

15           (iv) Outpatient care;

16           (v) Emergency and urgently needed care;

17           (vi) Prescription drugs and medical devices;

18           (vii) Laboratory and diagnostic services;

19           (viii) Palliative care;

20           (ix) Mental health services;

21           (x) Oral health, including dental services, periodontics, oral surgery, and endodontics;

22           (xi) Substance abuse treatment services;

23           (xii) Physical therapy and chiropractic services;

24           (xiii) Vision care and vision correction;

25           (xiv) Hearing services, including coverage of hearing aids;

26           (xv) Podiatric care;

27           (xvi) Comprehensive family planning, reproductive, maternity, and newborn care; and

28           (xvii) Short-term rehabilitative services and devices.

29           (b) Additional coverage. The director shall create a procedure in consultation with the  
30 RICHIP advisory committee that may permit additional medically necessary goods and services  
31 beyond that provided by federal laws cited herein and within the areas set forth in § 23-95-5, if  
32 the coverage is for services and goods deemed medically necessary based on credible scientific  
33 evidence published in peer-reviewed medical literature generally recognized by the relevant  
34 medical community, physician specialty society recommendations, and the views of physicians

1 practicing in relevant clinical areas and any other relevant factors. The director shall create  
2 procedures for handling complaints and appeals concerning the benefits package.

3 (c) Restrictions shall not apply. In order for RICHIP participants to be able to receive  
4 medically necessary goods and services, this chapter shall override any state law that restricts the  
5 provision or use of state funds for any medically necessary goods or services, including those  
6 related to family planning and reproductive health care.

7 (d) Medically necessary goods:

8 (1) Prescription drug formulary:

9 (i) In general. The director shall work with the executive office of health and human  
10 services (EOHHS) Rhode Island pharmacy & therapeutics committee to establish a prescription  
11 drug formulary system, which shall comply with §§ 24-95-6(a)(4)(i) through (a)(4)(xvii) and  
12 encourage best-practices in prescribing and discourage the use of ineffective, dangerous, or  
13 excessively costly medications when better alternatives are available.

14 (ii) Promotion of generics. The formulary under this subsection shall promote the use of  
15 generic medications to the greatest extent possible.

16 (iii) Formulary updates and petition rights. The formulary under this subsection shall be  
17 updated frequently and the director shall create a procedure for patients and providers to make  
18 requests and appeal denials to add new pharmaceuticals or to remove ineffective or dangerous  
19 medications from the formulary.

20 (iv) Use of off-formulary medications. The director shall promulgate rules regarding the  
21 use of off-formulary medications which allow for patient access but do not compromise the  
22 formulary.

23 (v) Approved devices and equipment. The director shall work with the executive office of  
24 health and human services (EOHHS) Rhode Island pharmacy & therapeutics committee to  
25 promulgate a list of medically necessary goods that shall be covered by RICHIP and comply with  
26 §§ 24-95-6(a)(4)(i) through (a)(4)(xvii).

27 (vi) Bulk purchasing. The director shall seek and implement ways to obtain goods at the  
28 lowest possible cost, including bulk purchasing agreements.

29 **23-95-7. Providers.**

30 (a) Rhode Island providers.

31 (1) Licensing. Participating providers must meet state licensing requirements in order to  
32 participate in RICHIP. No provider whose license is under suspension or has been revoked may  
33 participate in the program.

34 (2) Participation. All providers may participate in RICHIP by providing items on the

1 RICHIP benefits list for which they are licensed. Providers may elect either to participate fully, or  
2 not at all, in the program.

3 (3) For-profit providers. For-profit providers may continue to offer services and goods in  
4 Rhode Island, but are prohibited from charging patients more than RICHIP reimbursement rates  
5 for covered services and goods and must notify qualified Rhode Island residents when the  
6 services and goods they offer will not be reimbursed fully under RICHIP.

7 (b) Out-of-state providers. Except for emergency and urgently needed service, as set forth  
8 in § 23-95-7(d), RICHIP shall not pay for health care services obtained outside of Rhode Island  
9 unless the following requirements are met:

10 (1) The patient secures a written referral from a qualified Rhode Island physician prior to  
11 seeking such services; and

12 (2) The referring physician determines that the services are not available in the state or  
13 cannot be performed within the state at the level of expertise that would provide medically  
14 necessary care.

15 (c) Out-of-state provider reimbursement. The program shall pay out-of-state health care  
16 providers an amount not to exceed RICHIP rates as set forth in § 23-95-9(a). RICHIP participants  
17 are responsible for paying out-of-state providers for costs in excess of RICHIP reimbursements.  
18 The RICHIP participant is responsible for paying all costs of out-of-state services that fail to meet  
19 the requirements of §§ 23-95-7(b)(1) and (b)(2).

20 (d) Out-of-state emergency provider reimbursement. The program shall pay for  
21 emergency and urgently needed services and goods that are obtained by the RICHIP participant  
22 anywhere outside of Rhode Island to the same extent allowed if such services or goods were  
23 provided in Rhode Island in accordance with § 23-95-9. RICHIP participants are responsible for  
24 paying out-of-state emergency providers for costs in excess of RICHIP reimbursements.

25 (e) Out-of-state residents.

26 (1) In general. Rhode Island providers who provide any services to individuals who are  
27 not RICHIP participants shall not be reimbursed by RICHIP and must seek reimbursement from  
28 those individuals or other sources.

29 (2) Emergency care exception. Nothing in this chapter shall prevent any individual from  
30 receiving or any provider from providing emergency health care services and goods in Rhode  
31 Island. The director shall adopt rules to provide reimbursement; however, the rules shall  
32 reasonably limit reimbursement to protect the fiscal integrity of RICHIP. The director shall  
33 implement procedures to secure reimbursement from any appropriate third-party funding source  
34 or from the individual to whom the emergency services were rendered.

1           **23-95-8. Cross-border employees.**

2           (a) State residents employed out-of-state. If an individual is employed out-of-state by an  
3 employer that is subject to Rhode Island state law, the employer and employee shall be required  
4 to pay the payroll taxes as to that employee as if the employment were in the state. If an  
5 individual is employed out-of-state by an employer that is not subject to Rhode Island state law,  
6 the employee health coverage provided by the out-of-state employer to a resident working out-of-  
7 state shall serve as the employee's primary plan of health coverage, and RICHIP shall serve as the  
8 employee's secondary plan of health coverage. The director shall establish procedures for  
9 determining amounts owed by residents employed out-of-state for such supplemental secondary  
10 RICHIP coverage and the extent of such coverage.

11           (b) Out-of-state residents employed in the state. The payroll tax set forth in § 23-95-12(i)  
12 shall apply to any out-of-state resident who is employed or self-employed in the state. However,  
13 such out-of-state residents shall be able to take a credit for amounts they spend on health benefits  
14 for themselves that would otherwise be covered by RICHIP if the individual were a RICHIP  
15 participant. The out-of-state resident's employer shall be able to take a credit against such payroll  
16 taxes regardless of the form of the health benefit (e.g., health insurance, a self-insured plan, direct  
17 services, or reimbursement for services), to ensure that the revenue proposal does not relate to  
18 employment benefits in violation of the federal Employee Retirement Income Security Act  
19 ("ERISA") law. For non-employment-based spending by individuals, the credit shall be available  
20 for and limited to spending for health coverage (not out-of-pocket health spending). The credit  
21 shall be available without regard to how little is spent or how sparse the benefit. The credit may  
22 only be taken against the payroll taxes set forth in § 23-95-12(i). Any excess amount may not be  
23 applied to other tax liability. For employment-based health benefits, the credit shall be distributed  
24 between the employer and employee in the same proportion as the spending by each for the  
25 benefit. The employer and employee may each apply their respective portion of the credit to their  
26 respective portion of the payroll taxes set forth in § 23-95-12(i). If any provision of this clause or  
27 any application of it shall be ruled to violate ERISA, the provision or the application of it shall be  
28 null and void and the ruling shall not affect any other provision or application of this section or  
29 this chapter.

30           **23-95-9. Provider reimbursement.**

31           (a) Rates for services. RICHIP reimbursements to providers shall match the highest  
32 reimbursement rates offered by Medicare or Medicaid to Rhode Island qualified residents that are  
33 in effect at the time services and goods are provided. If the director determines that there are no  
34 such federal reimbursement rates or that such rates are significantly different from those in

1 neighboring states, the director shall set additional or alternative rates in consultation with the  
2 RICHIP advisory committee such that rates of reimbursement are fair and reasonable. The  
3 director in consultation with the RICHIP advisory committee shall review the rates at least  
4 annually and shall establish procedures by which complaints about reimbursement rates may be  
5 reviewed and appealed.

6 (b) Rates for goods. The prices to be paid to providers for medically necessary goods  
7 (e.g., prescription drugs, approved devices and equipment) shall be established annually by the  
8 director in consultation with the advisory committee.

9 (c) Billing and payments. Providers shall submit billing for services to RICHIP  
10 participants in the form of electronic invoices entered into RIFANS, the state's computerized  
11 financial system. The director shall coordinate the manner of processing and payment with the  
12 office of accounts and control and the RIFANS support team within the division of information  
13 technology. Payments shall be made by check or electronic funds transfer in accordance with  
14 terms and procedures coordinated by the director and the office of accounts and control and  
15 consistent with the fiduciary management of the RICHIP trust fund.

16 (d) Provider restrictions. Providers who accept any payment from RICHIP may not bill  
17 any patient for any covered benefit. Providers cannot use any of their operating budgets for  
18 expansion, profit, excessive executive income, marketing, or major capital purchases or leases.

19 **23-95-10. Private insurance companies.**

20 (a) Non-duplication. It is unlawful for a private health insurer to sell health insurance  
21 coverage to qualified Rhode Island residents that duplicates the benefits provided under this  
22 chapter. Nothing in this chapter shall be construed as prohibiting the sale of health insurance  
23 coverage for any additional benefits not covered by this chapter, including additional benefits that  
24 an employer may provide to employees or their dependents, or to former employees or their  
25 dependents (e.g., multiemployer plans can continue to provide wrap-around coverage for any  
26 benefits not provided by RICHIP).

27 (b) Displaced employees. Re-education and job placement of persons employed in Rhode  
28 Island-located enterprises who have lost their jobs as a result of this chapter shall be managed by  
29 the Rhode Island department of labor and training or an appropriate federal retraining program.  
30 The director may provide funds from RICHIP or funds otherwise appropriated for this purpose  
31 for retraining and assisting job transition for individuals employed or previously employed in the  
32 fields of health insurance, health care service plans, and other third-party payments for health care  
33 or those individuals providing services to health care providers to deal with third-party payers for  
34 health care, whose jobs may be or have been ended as a result of the implementation of the

1 program, consistent with applicable laws.

2 **23-95-11. Budgeting.**

3 (a) Operating budget. Annually, the director shall create an operating budget for the  
4 program that includes the costs for all benefits set forth in § 23-95-5 and the costs for RICHIP  
5 administration. The director shall determine appropriate reimbursement rates for benefits  
6 pursuant to § 23-95-9(a). The operating budget shall be reviewed by the advisory committee and  
7 approved by the executive board prior to submission to the governor and general assembly.

8 (b) Capital expenditures. The director shall work with the advisory committee,  
9 representatives from state entities involved with provider capital expenditures (e.g., the Rhode  
10 Island department of administration office of capital projects, the Rhode Island Health and  
11 Educational Building Corporation, etc.), and providers to help ensure that capital expenditures  
12 proposed by providers, including amounts to be spent on construction and renovation of health  
13 facilities and major equipment purchases, will address health care needs of RICHIP participants.  
14 To the extent that providers are seeking to use RICHIP funds for capital expenditures, the director  
15 shall have the authority to approve or deny such expenditures.

16 (c) Prohibition against co-mingling operations and capital improvement funds. It is  
17 prohibited to use funds under this chapter that are earmarked:

18 (1) For operations for capital expenditures; or

19 (2) For capital expenditures for operations.

20 **23-95-12. Financing.**

21 (a) RICHIP trust fund. There shall be established a RICHIP trust fund into which funds  
22 collected pursuant to this chapter are deposited and from which funds are distributed. All money  
23 collected and received shall be used exclusively to finance RICHIP. The governor or general  
24 assembly may provide funds to the RICHIP trust fund, but may not remove or borrow funds from  
25 the RICHIP trust fund.

26 (b) Revenue proposal. After consulting with the RICHIP advisory committee and gaining  
27 approval of the RICHIP executive board, the director shall submit to the governor and the general  
28 assembly a revenue plan and, if required, legislation (referred to collectively in this section as the  
29 "revenue proposal") to provide the revenue necessary to finance RICHIP. The initial revenue  
30 proposal shall be submitted for the fiscal year commencing the year after this this chapter is  
31 enacted and annually, thereafter. The basic structure of the initial revenue proposal will be based  
32 on a consideration of:

33 (1) Anticipated savings from a single payer program;

34 (2) Government funds available for health care;

1           (3) Private funds available for health care; and  
2           (4) Replacing current regressive health insurance payments made to multiple health  
3 insurance carriers with progressive contributions to a single payer (RICHIP) in order to make  
4 health care insurance affordable and remove unnecessary barriers to health care access.  
5 Subsequent proposals shall adjust the RICHIP contributions, based on projections from the total  
6 RICHIP costs in the previous year, and shall include a five (5) year plan for adjusting RICHIP  
7 contributions to best meet the goals set forth in this section and § 23-95-2.

8           (c) Anticipated savings. It is anticipated that RICHIP will lower health care costs by:

9           (1) Eliminating payments to private health insurance carriers;

10          (2) Reducing paperwork and administrative expenses for both providers and payers  
11 created by the marketing, sales, eligibility checks, network contract management, issues  
12 associated multiple benefit packages, and other administrative waste associated with the current  
13 multi-payer private health insurance system;

14          (3) Allowing the planning and delivery of a public health strategy for the entire  
15 population of Rhode Island;

16          (4) Improving access to preventive health care; and

17          (5) Negotiating on behalf of the state for bulk purchasing of medical supplies and  
18 pharmaceuticals.

19          (d) Federal funds. The director shall seek and obtain waivers and other approvals relating  
20 to Medicaid, the Children's Health Insurance Program, Medicare, the ACA, and any other  
21 relevant federal programs so that:

22          (1) Federal funds and other subsidies for health care that would otherwise be paid to the  
23 state and its residents and health care providers, would be paid by the federal government to the  
24 state and deposited into the RICHIP trust fund,

25          (2) Programs would be waived and such funding from federal programs in Rhode Island  
26 would be replaced or merged into RICHIP so it can operate as a single payer program;

27          (3) Maximum federal funding for health care is sought even if any necessary waivers or  
28 approvals are not obtained and multiple sources of funding with RICHIP trust fund monies are  
29 pooled, so that RICHIP can act as much as possible like a single payer program to maximize  
30 benefits to Rhode Islanders; and

31          (4) Federal financial participation in the programs that are incorporated into RICHIP are  
32 not jeopardized.

33          (e) State funds. State funds that would otherwise be appropriated to any governmental  
34 agency, office, program, instrumentality, or institution for services and benefits covered under

1 RICHIP shall be directed into the RICHIP trust fund. Payments to the fund pursuant to this  
2 section shall be in an amount equal to the money appropriated for those purposes in the fiscal  
3 year beginning immediately preceding the effective date of this chapter.

4 (f) Private funds. Private grants (e.g., from nonprofit corporations) and other funds  
5 specifically ear-marked for health care (e.g., from litigation against tobacco companies, opioid  
6 manufacturers, etc.), shall also be put into the RICHIP trust fund.

7 (g) Assignments from RICHIP participants. Receipt of health care services under the plan  
8 shall be deemed an assignment by the RICHIP participant of any right to payment for services  
9 from a policy of insurance, a health benefit plan or other source. The other source of health care  
10 benefits shall pay to the fund all amounts it is obligated to pay to, or on behalf of, the RICHIP  
11 participant for covered health care services. The director may commence any action necessary to  
12 recover the amounts due.

13 (h) Replacing current health insurance payments with progressive contributions. Instead  
14 of making health insurance payments to multiple carriers (i.e., for premiums, co-pays,  
15 deductibles, and costs in excess of caps) for limited coverage, individuals and entities subject to  
16 Rhode Island taxation pursuant to § 44-30-1 shall pay progressive contributions to the RICHIP  
17 trust fund (referred to collectively in this section as the "RICHIP contributions") for  
18 comprehensive coverage. These RICHIP contributions shall be set and adjusted over time to an  
19 appropriate level to:

20 (1) Cover the actual cost of the program;

21 (2) Ensure that higher brackets of income subject to specified taxes shall be assessed at a  
22 higher marginal rate than lower brackets; and

23 (3) Protect the economic welfare of small businesses, low-income earners and working  
24 families through tax credits or exemptions.

25 (i) Contributions based on earned income. The amounts currently paid by employers and  
26 employees for health insurance shall initially be replaced by a ten percent (10%) payroll tax,  
27 based on the projected average payroll of employees over three (3) previous calendar years. The  
28 employer shall pay eighty percent (80%) and the employee shall pay twenty percent (20%) of this  
29 payroll tax, except that an employer may agree to pay all or part of the employee's share. Self-  
30 employed individuals shall initially pay one-hundred percent (100%) of the payroll tax. The ten  
31 percent (10%) initial rate will be adjusted by the director so that higher brackets of income  
32 subject to these taxes shall be assessed at a higher marginal rate than lower brackets and so that  
33 small businesses and lower income earners receive a credit or exemption.

34 (j) Contributions based on unearned income. There shall be a progressive contribution

1 based on unearned income (i.e., capital gains, dividends, interest, profits, and rents). Initially, the  
2 unearned income RICHIP contributions shall be equal to ten percent (10%) of such unearned  
3 income. The ten percent (10%) initial rate may be adjusted by the director to allow for a  
4 graduated progressive exemption or credit for individuals with lower unearned income levels.

5 **23-95-13. Implementation.**

6 (a) State laws and regulations.

7 (1) In general. The director shall work with the executive board and receive such  
8 assistance as may be necessary from other state agencies and entities to examine state laws and  
9 regulations and to make recommendations necessary to conform such laws and regulations to  
10 properly implement the RICHIP program. The director shall report recommendations to the  
11 governor and the general assembly.

12 (2) Anti-trust laws. The intent of this chapter is to exempt activities provided for under  
13 this chapter from state antitrust laws and to provide immunity from federal antitrust laws through  
14 the state action doctrine.

15 (b) Severability. If any provision or application of this chapter shall be held to be invalid,  
16 or to violate or be inconsistent with any applicable federal law or regulation, that shall not affect  
17 other provisions or applications of this chapter which can be given effect without that provision  
18 or application; and to that end, the provisions and applications of this chapter are severable.

19 (c) The director shall complete an implementation plan to provide health care coverage  
20 for qualified residents in accordance with this chapter within six (6) months of the effective date.

21 SECTION 3. This act shall take effect upon passage.

EXPLANATION  
BY THE LEGISLATIVE COUNCIL  
OF

A N A C T

RELATING TO HEALTH AND SAFETY -- COMPREHENSIVE HEALTH INSURANCE  
PROGRAM

\*\*\*

1           This act would repeal the "Rhode Island Health Care Reform Act of 2004 – Health  
2 Insurance Oversight" as well as the "Rhode Island Health Benefit Exchange." The act would  
3 establish a universal, comprehensive, affordable single-payer health care insurance program and  
4 help control health care costs, which shall be referred to as, "the Rhode Island Comprehensive  
5 Health Insurance Program" (RICHIP). The program will be paid for by consolidating government  
6 and private payments to multiple insurance carriers into a more economical and efficient  
7 improved Medicare-for-all style single payer program and substituting lower progressive taxes  
8 for higher health insurance premiums, co-pays, deductibles and costs due to caps. This program  
9 will save Rhode Islanders from the current overly expensive, inefficient and unsustainable multi-  
10 payer health insurance system that unnecessarily prevents access to medically necessary health  
11 care.

12           This act would take effect upon passage.
