3 vital records as provided in § 23-3-12 or 23-3-13, before a new certificate of birth is established,
4 except that when the date and place of birth and parentage have been established in accordance
5 with this chapter in the adoption proceedings, a delayed certificate shall not be required.

6 (d) When a new certificate of birth is established by the state registrar of vital records, all
7 copies of the original certificate of birth in the custody of any custodian of permanent local records
8 in this state shall be sealed from inspection or forwarded to the state registrar of vital records, as he
9 or she shall direct.

10 (e)(1) The state registrar shall, upon request, prepare and register a certificate in this state
11 for a person born in a foreign country who is not a citizen of the United States and who was adopted

20 (2) If the child was born in a foreign country but was a citizen of the United States at the

33 imposed upon non-adopted citizens of the state.

34 (2) The division shall prescribe and, upon request, shall make available to each birth parent

1 of an adoptee named on the original birth certificate, a contact preference form on which the birth
2 parent may state a preference regarding contact by an adoptee who is the birth child of the birth
3 parent. The contact preference form shall be returned to the division. Upon such a request, the
4 division shall also provide the birth parent with an updated medical history form, which may be
5 completed and returned to the Passive Voluntary Adoption Mutual Consent Registry. The contact
6 preference form shall provide the birth parent with the following options from which the birth
7 parent shall select one:

8 (a) I would like to be contacted.

9 (b) I would prefer to be contacted only through an intermediary.

10 (c) I would prefer not to be contacted at this time."

11 (3) When the division receives a completed contact preference form from a birth parent,
12 the division shall place the form on file and create an index of all contact preference forms filed.
13 When the vital records office receives a request for an original birth certificate they will then open
14 the adoptee's sealed file and check the file for the names of the birth parent(s). These names will
15 then be cross referenced with the birth parent(s) names listed on the contact preference form index.
16 If there is a match, the vital records office will provide the adoptee a copy of the contact preference
17 form. The division shall inform the adoptee of his or her right to contact the Passive Voluntary
18 Adoption Mutual Consent Registry to see if an updated medical history form has been filed by his
19 or her birth parent.

20 (4) Beginning September 1, 2011, the division shall make reasonable efforts to inform the
21 public of the existence of the adoptee vital records file; the ability of adult adoptees born in the
22 State of Rhode Island to access non-certified copies of their birth certificates subject to the
23 provisions of this chapter; and the ability of the birth parent(s) of adoptees to file a contact
24 preference form with the division of vital records.

25 (h) The division shall maintain the following statistics, which shall be made available to
26 the general public on a quarterly basis or more frequently if possible:

28 (2) Number of contact preference forms filed; and

29 (3) Number of birth parent(s) who indicated on the contact preference form that they would
