5 **21-38-1. Authorization.**

6 The wholesale prescription drug importation program, referred to in this chapter as the
7 ("program,") is established to provide for the wholesale importation of prescription drugs from
8 Canada by or on behalf of the state. The program must be designed in accordance with the

16 regarding safety and cost savings. The program design must:

17 (1) Designate a state agency to become a licensed drug wholesaler or to contract with a

2 (2) Use prescription drug suppliers in Canada regulated under the laws of Canada or of one
3 or more Canadian provinces, or both;

8 (5) Ensure that the program complies with the transaction and tracing requirements of 21
9 U.S.C. §§ 360eee and 360eee-1 to the extent feasible and practical prior to imported prescription
10 drugs coming into the possession of the licensed drug wholesaler and that the program complies
11 fully with those federal requirements after imported prescription drugs are in the possession of the
12 licensed drug wholesaler;
13 (6) Consider whether the program may be developed on a multistate basis through
14 collaboration with other states;
15 (7) Prohibit the distribution, dispensing or sale of imported prescription drugs outside of
16 the state;
17 (8) Recommend a charge per prescription or another method of financing to ensure that the
18 program is adequately funded in a manner that does not jeopardize significant cost savings to
19 consumers, including adequate funding for the initial start-up costs of the program;
20 (9) Apply for and receive funds, grants or contracts from public and private sources; and
21 (10) Include an audit function.
22 (b) Rules. The executive office of health and human services shall adopt and promulgate

24 of this section no later than January 1, 2022.
