STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2021

AN ACT

RELATING TO HEALTH AND SAFETY – TRANSPORTATION EMISSIONS AND MOBILE (TEAM) COMMUNITY ACT

Introduced By: Senators DiMario, McCaffrey, Goodwin, Euer, Quezada, Miller,

Valverde, Goldin, and Kallman

Date Introduced: May 05, 2021

Referred To: Senate Environment & Agriculture

It is enacted by the General Assembly as follows:

SECTION 1. The General Assembly hereby finds:

(1) There is scientific consensus that Earth's climate is now changing faster than at any point in the history of modern civilization, primarily as a result of greenhouse gas (GHG) emissions from human activities; climate change has resulted in the increased frequency and severity of extreme weather events; and climate change poses a clear, present, and increasingly dangerous and

(2) Rhode Island has committed to mitigate the risks of climate change through strategies intended to reduce GHG emissions across all sectors; and the transportation sector causes

9 approximately forty percent (40%) of GHG emissions in Rhode Island.

costly threat to the health, safety and welfare of the residents of Rhode Island.

(3) A group of Northeastern and Mid-Atlantic states, as well as the District of Columbia (the "Participating Jurisdictions"), have worked together to create the transportation climate initiative program ("TCI Program").

(4) The participating jurisdictions agreed to collaborate on the establishment of a multijurisdictional cap-and-invest program (the "TCI Program") that will ensure reductions in greenhouse gas emissions from the transportation sector, and to strategically invest in programs to help residents transition to affordable, low-carbon transportation options that provide substantial public health benefits, reduce congestion, and increase both economic and job opportunities.

(5) The goal of the Rhode Island TCI ("RITCI") is to cap and reduce CO₂ emissions from

1	the transportation sector in a cost-effective and market-based manner and invest in projects that
2	support the goals of the TCI program.
3	(6) Living and working near sources of air pollution can lead to higher exposures of air
4	contaminants, many of which contribute to adverse health effects that negatively impact public
5	health.
6	(7) Lower-income households, people of color and other disadvantaged communities are
7	disproportionately exposed to air pollution from mobile sources. Higher exposures to air pollution
8	and other contaminants contribute to adverse health effects that negatively impact public health.
9	(8) The state of Rhode Island is committed to working with communities, businesses and
10	labor to accelerate the transition to an equitable, safe, and affordable low-carbon transportation
11	sector that will improve public health, create new economic opportunities, and provide enhanced
12	mobility options for Rhode Island communities.
13	(9) The state of Rhode Island recognizes and is committed to working with and investing
14	in communities that are overburdened by air pollution, vulnerable to the impacts of a changing
15	climate and/or underserved by the existing transportation system.
16	SECTION 2. Title 23 of the General Laws entitled "HEALTH AND SAFETY" is hereby
17	amended by adding thereto the following chapter:
	CVV 1 PPPPP 0.5
18	CHAPTER 95
	CHAPTER 95 TRANSPORTATION EMISSIONS AND MOBILE (TEAM) COMMUNITY ACT

As used in this chapter: (1) "Allowance" means a limited authorization to emit a fixed amount of carbon dioxide (CO ₂), subject to all applicable limitations contained in this chapter and the rules and regulations to be adopted by the department. (2) "Department" means the Rhode Island department of environmental management. (3) "Equity and environmental justice advisory board" or "board" means the board established pursuant to the provisions of § 23-95-5.
118 119 220 221 222 23 224 225 226 227 228 229 330 331 332	TRANSPORTATION EMISSIONS AND MOBILE (TEAM) COMMUNITY ACT 23-95-1. Short title. This chapter shall be known and may be cited as the "Transportation Emissions and Mobile (TEAM) Community Act". 23-95-2. Definitions. As used in this chapter: (1) "Allowance" means a limited authorization to emit a fixed amount of carbon dioxide (CO ₂), subject to all applicable limitations contained in this chapter and the rules and regulations to be adopted by the department. (2) "Department" means the Rhode Island department of environmental management. (3) "Equity and environmental justice advisory board" or "board" means the board established pursuant to the provisions of § 23-95-5. (4) "Regulated entity" means an entity that the department by regulation determines shall

1	the combustion of the quantities of fuel supplied in Rhode Island by the regulated entities.
2	(6) "Transportation climate initiative program" or "TCI Program" means the multi-
3	jurisdictional cap-and-invest program developed by a group of northeastern and mid-atlantic states
4	and the District of Columbia and outlined in a memorandum of understanding dated December 21,
5	2020, as may be amended or expanded, designed to cap and reduce CO ₂ emissions from the
6	transportation sector, and to invest proceeds from the program in measures designed to further
7	reduce CO ₂ emissions, provide incentives for low-carbon and more resilient transportation, and
8	otherwise further the goals of the TCI program.
9	23-95-3. Rhode Island transportation climate initiative implementation.
10	(a) The department shall promulgate regulations establishing the Rhode Island
11	transportation climate initiative (RITCI) to limit and reduce the CO ₂ emissions that result from the
12	combustion of fuel the regulated entities supplied in Rhode Island and to promote the purposes of
13	the TCI program.
14	(b) The regulations shall be substantially similar to those promulgated by other
15	participating jurisdictions and shall allow the holders of allowances to trade them in a multi-
16	jurisdictional market established through the TCI program.
17	(c) A regulated entity's compliance obligation is based on the total tons of indirect CO ₂
18	emissions that result from the combustion of the quantity of fuel the regulated entity supplied in
19	Rhode Island during the compliance period pursuant to department regulations. The department
20	may require third-party verification of the accuracy of information reported by such regulated
21	entities.
22	(d) The department may establish the number of allowances equal to the total amount of
23	indirect CO ₂ emissions allowed in Rhode Island. Regulated entities shall acquire and surrender
24	allowances equivalent to the tons of CO ₂ emissions that result from the combustion of the quantity
25	of fuel the regulated entity supplied in Rhode Island during the compliance period.
26	(e) The department is authorized to conduct auctions and sell up to one hundred percent
27	(100%) of the allowances created under RITCI. The department shall hold the proceeds from the
28	auction of allowances in a separate, restricted receipt account, and is authorized to spend the
29	proceeds to support the purposes of the RITCI in accordance with § 23-95-5 and ensure that the
30	funds Rhode Island receives from the sale of allowances be invested in programs and initiatives to
31	reduce the use of fossil fuels in the transportation sector, reduce greenhouse gas emissions from the
32	transportation sector, and ensure equitable distribution of these benefits to those communities that
33	have suffered disproportionate impacts of vehicular pollution and climate change.
34	(f) The department is authorized to request and obtain information from regulated entities,

1	and other persons, to verify the amount of CO_2 emissions the regulated entity reported to the state
2	and obtain such information from other Rhode Island agencies including, but not limited to, the
3	department of revenue and the office of energy resources, as well as agencies in other states or
4	jurisdictions. All information collected under this subsection may be shared with other TCI
5	program participating jurisdictions, provided those jurisdictions protect from public disclosure
6	information that would be exempt from disclosure pursuant to § 38-2-2(4)(B)
7	(g) The department may work with other TCI program participating jurisdictions to create
8	a multi-jurisdictional organization or join an existing administrative organization to provide
9	technical and administrative assistance on the ongoing administration and implementation of the
10	TCI program and RITCI including, but not limited to, the establishment of a multi-jurisdictional
11	emissions and allowance tracking system, the administration of a multi-jurisdictional auction, the
12	monitoring of transportation fuel and allowance trading markets. The administrative organization
13	shall not be a joint regulatory body with regulatory and enforcement powers that are greater than
14	those of the state and the other participating jurisdictions.
15	(h) Any violation by a regulated entity of the provisions of this chapter or the rules and
16	regulations promulgated by the department shall be deemed to be an air pollution violation subject
17	to enforcement under § 23-23-14.
18	23-95-4. Transportation climate initiative special fund.

A minimum of thirty-five percent (35%) of the annual proceeds from auction of allowances shall be used to benefit overburdened and underserved communities, as defined through the processes set forth in § 23-95-5. In keeping with the CO2 emissions reduction goals of RITCI, the proceeds may be used to promote clean transportation and improve mobility, including, but not limited to, the following: (1) Projects to enhance and expand public transportation services particularly for low-income communities, and environmental justice populations, and communities underserved by public transportation;

1	venicles more arrordable and accessible for low- and moderate-income resident drivers and for
2	Rhode Island businesses and municipalities;
3	(4) Projects that expand and increase the safety of bicycle and pedestrian transportation
4	and micromobility, particularly in low-income communities;
5	(5) Projects that accommodate an increase in pedestrians, bicyclists and transit users;
6	(6) Projects to increase the resiliency of transportation infrastructure to withstand the
7	impacts of climate change;
8	(7) Projects that will promote density, reduce congestion, and increase the production of
9	affordable housing near public transit, and/or promote the use of public transportation;
10	(8) Payment for costs associated with administration of TCI program;
11	(9) Support for the purchase, construction, operation and maintenance of zero-emission
12	vehicle fueling and charging systems and supply equipment in Rhode Island;
13	(10) Projects to increase the availability of broadband Internet access; and
14	(11) Support for related complementary policies and programs that further the goals of
15	<u>RITCI.</u>
16	(c) Up to five percent (5%) of program proceeds annually shall be available to the
17	department to administer the program.
18	(d) Investments of auction proceeds under this chapter should comply with the
19	requirements of chapter 13 of title 37 and should promote fair labor standards, support local jobs
20	and prioritize hiring and training for workers affected by the transition to cleaner transportation,
21	underrepresented in the workforce, or facing employment barriers, including women, people of
22	color, veterans, formerly incarcerated individuals, and people with disabilities.
23	(e) Monies in the TCI fund shall only be used to support the programs and activities
24	authorized pursuant to this section and shall not be available to meet the general obligations of the
25	state. Balances in the TCI fund shall be carried forward and remain in the TCI fund at the end of
26	each fiscal year and interest earned shall remain in the fund.
27	(f) The TCI fund shall be exempt from the indirect cost recovery provisions of § 35-4-27.
28	(g) The department shall submit a report annually to the governor, speaker of the house
29	and president of the senate delineating how the TCI fund proceeds have been administered and
30	verifying compliance with subsection (b) of this section.
31	23-95-5. Equity and environmental justice advisory board.
32	(a) There shall be an equity and environmental justice advisory board to ensure that
33	overburdened and underserved communities are able to provide meaningful input into decision-
34	making processes relating to the investment of RITCI proceeds. The department shall establish an

1	equity advisory board composed of diverse stakeholder groups to include one member of each of
2	the state's Health Equity Zones, with a majority of the remaining members being representatives of
3	overburdened and underserved communities or populations, to advise on decision making and
4	equitable outcomes. The roles of the equity advisory board shall include:
5	(1) Developing criteria for defining overburdened and underserved communities, building
6	on existing criteria and definitions, including, but not limited to, cumulative impacts on an affected
7	geographical area and the criteria set forth in chapter 6.2 of title 42, where applicable;
8	(2) Providing recommendations for equitable investments of RITCI proceeds and
9	complementary policies that would achieve the requisite benefits for overburdened and underserved
10	communities and prioritize support for environmental justice areas as defined by the department;
11	<u>and</u>
12	(3) Developing metrics for evaluating how investments of program proceeds demonstrably
13	provide direct and meaningful benefits for overburdened and underserved communities.
14	23-95-6. Severability.
15	If any clause, sentence, paragraph, section, or part of this chapter shall be adjudged by any
16	court of competent jurisdiction to be invalid, that judgment shall not affect, impair, or invalidate
17	the remainder of the chapter but shall be confined in its operation to the clause, sentence, paragraph,
18	section, or part directly involved in the controversy in which that judgment shall have been
19	rendered.
20	SECTION 3. Section 35-4-27 of the General Laws in Chapter 35-4 entitled "State Funds"
21	is hereby amended to read as follows:
22	35-4-27. Indirect cost recoveries on restricted receipt accounts.
23	Indirect cost recoveries of ten percent (10%) of cash receipts shall be transferred from all
24	restricted-receipt accounts, to be recorded as general revenues in the general fund. However, there
25	shall be no transfer from cash receipts with restrictions received exclusively: (1) From contributions
26	from nonprofit charitable organizations; (2) From the assessment of indirect cost-recovery rates on
27	federal grant funds; or (3) Through transfers from state agencies to the department of administration
28	for the payment of debt service. These indirect cost recoveries shall be applied to all accounts,
29	unless prohibited by federal law or regulation, court order, or court settlement. The following
30	restricted receipt accounts shall not be subject to the provisions of this section:
31	Executive Office of Health and Human Services
32	Organ Transplant Fund
33	HIV Care Grant Drug Rebates

EXPLANATION

BY THE LEGISLATIVE COUNCIL

OF

AN ACT

RELATING TO HEALTH AND SAFETY – TRANSPORTATION EMISSIONS AND MOBILE (TEAM) COMMUNITY ACT

This act would establish the Transportation Emission and Mobile (TEAM) Community Act
intended to limit and reduce indirect carbon dioxide emissions throughout the state while promoting
the purposes of the transportation climate initiative program.

This act would take effect upon passage.
