6 basis, the performance of both local education agencies ("LEAs") and individual public schools.  
7 The system shall:

8 (1) Include instruments designed to assess the extent to which schools and LEAs succeed  
9 in improving or fail to improve student performance, as defined by:

10 (i) Student acquisition of the skills, competencies, and knowledge called for by the  
11 academic standards and embodied in the curriculum frameworks established in the areas of  
12 mathematics, English language arts, science and technology, history and social studies, world  
13 languages, and the arts; and

14 (ii) Other gauges of student learning judged by the board to be relevant and meaningful to  
15 students, parents, teachers, administrators, and taxpayers.

17 to improve the effectiveness of curriculum and instruction.

18 (3) In its design and application, strike a balance among considerations of accuracy,  
19 fairness, expense, and administration.

- 1 (4) Employ a variety of assessment instruments on either a comprehensive or statistically  
2 valid sampling basis. Such instruments shall:
- 3 (i) Be criterion-referenced, assessing whether students are meeting the academic standards  
4 described in this chapter;
- 5 (ii) As much as is practicable, especially in the case of students whose performance is  
6 difficult to assess using conventional methods, include consideration of work samples, projects,  
7 and portfolios, and shall facilitate authentic and direct gauges of student performance;
- 8 (iii) Provide the means to compare student performance among the various school systems  
9 and communities in the state, and between students in other states and in other nations, especially  
10 those nations that compete with the state for employment and economic opportunities;
- 11 (iv) Be designed to avoid gender, cultural, ethnic, or racial stereotypes; and
- 12 (v) Recognize sensitivity to different learning styles and impediments to learning, which  
13 may include issues related, but not limited, to cultural, financial, emotional, health, and social  
14 factors.

16 students in the state and the particular circumstances of students with special needs.
- 17 (6) Comply with federal requirements for accommodating children with special needs.
- 18 (7) Allow all potential English-proficient students from language groups in which English  
19 language learner programs are offered opportunities for assessment of their performance in the  
20 language that best allows them to demonstrate educational achievement and mastery of academic  
21 standards and curriculum frameworks.
- 22 (8) Identify individual schools and LEAs that need comprehensive support and  
23 improvement.
- 24 (b) The board shall take all appropriate action to bring about and continue the state's

28 conducted at least in the fourth, eighth, and tenth or eleventh grades. The diagnostic assessments

30 administrators, and the students themselves, as to individual academic performance.
- 31 (d) The board shall develop procedures for updating, improving, or refining the assessment  
32 system.
