STATE \mathbf{OF} RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2023

AN ACT

RELATING TO COMMERCIAL LAW--GENERAL REGULATORY PROVISIONS -- RHODE ISLAND DATA TRANSPARENCY AND PRIVACY PROTECTION ACT

> Introduced By: Representatives Shanley, Carson, Edwards, Craven, Bennett, Cotter, Spears, Dawson, Vella-Wilkinson, and O'Brien Date Introduced: February 03, 2023

Referred To: House Innovation, Internet, & Technology

It is enacted by the General Assembly as follows:

1 SECTION 1. Title 6 of the General Laws entitled "COMMERCIAL LAW - GENERAL 2 REGULATORY PROVISIONS" is hereby amended by adding thereto the following chapter: CHAPTER 48.1 3 RHODE ISLAND DATA TRANSPARENCY AND PRIVACY PROTECTION ACT 4 5 6-48.1-1. Short title. This chapter shall be known and may be cited as the "Rhode Island Data Transparency and 6 Privacy Protection Act." 7 8 6-48.1-2. Legislative findings. The general assembly hereby finds and declares that: 9 10 (1) The right to privacy is a personal and fundamental right protected by the United States 11 Constitution. As such, all individuals have a right to privacy in information pertaining to them. This 12 state recognizes the importance of providing consumers with transparency about how their 13 personally identifiable information, especially information relating to their children, is shared by 14 businesses. This transparency is crucial for Rhode Island citizens to protect themselves and their families from cyber-crimes and identity thieves. 15 16 (2) Furthermore, for free market forces to have a role in shaping the privacy practices and for "opt-in" and "opt-out" remedies to be effective, consumers must be more than vaguely informed 17 that a business might share personally identifiable information with third parties (as that term is

1	hereinafter defined). Consumers must be better informed about what kinds of personally
2	identifiable information is shared with other businesses. With these specifics, consumers can
3	knowledgeably choose to opt-in, opt-out, or choose among businesses that disclose (as that term is
4	hereinafter defined) personally identifiable information to third parties on the basis of how
5	protective the business is of consumers' privacy.
6	(3) Businesses are now collecting personally identifiable information and disclosing it in
7	ways not contemplated or properly covered by the current law. Some websites are installing
8	tracking tools that record when consumers visit webpages, and sending personally identifiable
9	information, such as age, gender, race, income, health concerns, religion, and recent purchases to
10	third-party marketers and data brokers. Third-party data broker companies are buying and
11	disclosing personally identifiable information obtained from mobile phones, financial institutions,
12	social media sites, and other online and brick and mortar companies. Some mobile applications are
13	sharing personally identifiable information, such as location information, unique phone
14	identification numbers, age, gender, and other personal details with third-party companies.
15	(4) As such, consumers need to know the ways that their personally identifiable
16	information is being collected by companies and then shared or sold to third parties in order to
17	properly protect their privacy, personal safety, and financial security.
