

2023 -- H 6114

LC001294

STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2023

A N A C T

RELATING TO EDUCATION -- THE EDUCATION EQUITY AND PROPERTY TAX
RELIEF ACT

Introduced By: Representatives Cotter, Casimiro, Potter, Kennedy, Chippendale, Fenton-Fung, Donovan, Speakman, Spears, and Tanzi

Date Introduced: March 03, 2023

Referred To: House Finance

It is enacted by the General Assembly as follows:

1 SECTION 1. Section 16-7.2-6 of the General Laws in Chapter 16-7.2 entitled "The
2 Education Equity and Property Tax Relief Act" is hereby amended to read as follows:

3 **16-7.2-6. Categorical programs, state funded expenses.**

4 In addition to the foundation education aid provided pursuant to § 16-7.2-3, the permanent
5 foundation education-aid program shall provide direct state funding for:

6 (a) Excess costs associated with special education students. Excess costs are defined when
7 an individual special education student's cost shall be deemed to be "extraordinary." Extraordinary
8 costs are those educational costs that exceed the state-approved threshold based on an amount
9 above five times the core foundation amount (total of core-instruction amount plus student success
10 amount). The department of elementary and secondary education shall prorate the funds available
11 for distribution among those eligible school districts if the total approved costs for which school
12 districts are seeking reimbursement exceed the amount of funding appropriated in any fiscal year;
13 and the department of elementary and secondary education shall also collect data on those
14 educational costs that exceed the state-approved threshold based on an amount above two (2), three
15 (3), and four (4) times the core-foundation amount;

16 (b) Career and technical education costs to help meet initial investment requirements
17 needed to transform existing, or create new, comprehensive, career and technical education
18 programs and career pathways in critical and emerging industries and to help offset the higher-

1 than-average costs associated with facilities, equipment maintenance and repair, and supplies
2 necessary for maintaining the quality of highly specialized programs that are a priority for the state.
3 The department shall develop criteria for the purpose of allocating any and all career and technical
4 education funds as may be determined by the general assembly on an annual basis. The department
5 of elementary and secondary education shall prorate the funds available for distribution among
6 those eligible school districts if the total approved costs for which school districts are seeking
7 reimbursement exceed the amount of funding available in any fiscal year;

8 (c) Programs to increase access to voluntary, free, high-quality pre-kindergarten programs.
9 The department shall recommend criteria for the purpose of allocating any and all early childhood
10 program funds as may be determined by the general assembly;

11 (d) Central Falls, Davies, and the Met Center Stabilization Fund is established to ensure
12 that appropriate funding is available to support their students. Additional support for Central Falls
13 is needed due to concerns regarding the city's capacity to meet the local share of education costs.
14 This fund requires that education aid calculated pursuant to § 16-7.2-3 and funding for costs outside
15 the permanent foundation education-aid formula, including, but not limited to, transportation,
16 facility maintenance, and retiree health benefits shall be shared between the state and the city of
17 Central Falls. The fund shall be annually reviewed to determine the amount of the state and city
18 appropriation. The state's share of this fund may be supported through a reallocation of current
19 state appropriations to the Central Falls school district. At the end of the transition period defined
20 in § 16-7.2-7, the municipality will continue its contribution pursuant to § 16-7-24. Additional
21 support for the Davies and the Met Center is needed due to the costs associated with running a
22 stand-alone high school offering both academic and career and technical coursework. The
23 department shall recommend criteria for the purpose of allocating any and all stabilization funds as
24 may be determined by the general assembly;

25 (e) Excess costs associated with transporting students to out-of-district non-public schools.
26 This fund will provide state funding for the costs associated with transporting students to out-of-
27 district non-public schools, pursuant to chapter 21.1 of this title. The state will assume the costs of
28 non-public out-of-district transportation for those districts participating in the statewide system.
29 The department of elementary and secondary education shall prorate the funds available for
30 distribution among those eligible school districts if the total approved costs for which school
31 districts are seeking reimbursement exceed the amount of funding available in any fiscal year;
32 provided, effective with the fiscal year 2024 budget, the general assembly shall ensure that
33 transportation categorical funds between the state and regional school districts shall be fully funded
34 in an amount equal to what is both intended and provided for under this subsection, in order to

1 [ensure that the interests of regional school districts are protected and also to advance the education](#)
2 [mission of regional school districts;](#)

3 (f) Excess costs associated with transporting students within regional school districts. This
4 fund will provide direct state funding for the excess costs associated with transporting students
5 within regional school districts, established pursuant to chapter 3 of this title. This fund requires
6 that the state and regional school district share equally the student transportation costs net any
7 federal sources of revenue for these expenditures. The department of elementary and secondary
8 education shall prorate the funds available for distribution among those eligible school districts if
9 the total approved costs for which school districts are seeking reimbursement exceed the amount
10 of funding available in any fiscal year;

11 (g) Public school districts that are regionalized shall be eligible for a regionalization bonus
12 as set forth below:

13 (1) As used herein, the term “regionalized” shall be deemed to refer to a regional school
14 district established under the provisions of chapter 3 of this title, including the Chariho Regional
15 School district;

16 (2) For those districts that are regionalized as of July 1, 2010, the regionalization bonus
17 shall commence in FY 2012. For those districts that regionalize after July 1, 2010, the
18 regionalization bonus shall commence in the first fiscal year following the establishment of a
19 regionalized school district as set forth in chapter 3 of this title, including the Chariho Regional
20 School District;

21 (3) The regionalization bonus in the first fiscal year shall be two percent (2.0%) of the
22 state’s share of the foundation education aid for the regionalized district as calculated pursuant to
23 §§ 16-7.2-3 and 16-7.2-4 in that fiscal year;

24 (4) The regionalization bonus in the second fiscal year shall be one percent (1.0%) of the
25 state’s share of the foundation education aid for the regionalized district as calculated pursuant to
26 §§ 16-7.2-3 and 16-7.2-4 in that fiscal year;

27 (5) The regionalization bonus shall cease in the third fiscal year;

28 (6) The regionalization bonus for the Chariho regional school district shall be applied to
29 the state share of the permanent foundation education aid for the member towns; and

30 (7) The department of elementary and secondary education shall prorate the funds available
31 for distribution among those eligible regionalized school districts if the total, approved costs for
32 which regionalized school districts are seeking a regionalization bonus exceed the amount of
33 funding appropriated in any fiscal year;

34 (h) Additional state support for English learners (EL). The amount to support EL students

1 shall be determined by multiplying an EL factor of ten percent (10%) by the core-instruction per-
2 pupil amount defined in § 16-7.2-3(a)(1) and applying that amount of additional state support to
3 EL students identified using widely adopted, independent standards and assessments identified by
4 the commissioner. All categorical funds distributed pursuant to this subsection must be used to
5 provide high-quality, research-based services to EL students and managed in accordance with
6 requirements set forth by the commissioner of elementary and secondary education. The
7 department of elementary and secondary education shall collect performance reports from districts
8 and approve the use of funds prior to expenditure. The department of elementary and secondary
9 education shall ensure the funds are aligned to activities that are innovative and expansive and not
10 utilized for activities the district is currently funding. The department of elementary and secondary
11 education shall prorate the funds available for distribution among eligible recipients if the total
12 calculated costs exceed the amount of funding available in any fiscal year;

13 (i) State support for school resource officers. For purposes of this subsection, a school
14 resource officer (SRO) shall be defined as a career law enforcement officer with sworn authority
15 who is deployed by an employing police department or agency in a community-oriented policing
16 assignment to work in collaboration with one or more schools. School resource officers should have
17 completed at least forty (40) hours of specialized training in school policing, administered by an
18 accredited agency, before being assigned. Beginning in FY 2019, for a period of three (3) years,
19 school districts or municipalities that choose to employ school resource officers shall receive direct
20 state support for costs associated with employing such officers at public middle and high schools.
21 Districts or municipalities shall be reimbursed an amount equal to one-half (½) of the cost of
22 salaries and benefits for the qualifying positions. Funding will be provided for school resource
23 officer positions established on or after July 1, 2018, provided that:

24 (1) Each school resource officer shall be assigned to one school:

25 (i) Schools with enrollments below one thousand twelve hundred (1,200) students shall
26 require one school resource officer;

27 (ii) Schools with enrollments of one thousand twelve hundred (1,200) or more students
28 shall require two school resource officers;

29 (2) School resource officers hired in excess of the requirement noted above shall not be
30 eligible for reimbursement; and

31 (3) Schools that eliminate existing school resource officer positions and create new
32 positions under this provision shall not be eligible for reimbursement; and

33 (j) Categorical programs defined in subsections (a) through (g) shall be funded pursuant to
34 the transition plan in § 16-7.2-7.

1 SECTION 2. This act shall take effect upon passage.

EXPLANATION
BY THE LEGISLATIVE COUNCIL
OF
A N A C T
RELATING TO EDUCATION -- THE EDUCATION EQUITY AND PROPERTY TAX
RELIEF ACT

1 This act would provide that, effective with the fiscal year 2024 budget, the general
2 assembly would ensure that transportation categorical funds between the state and regional school
3 districts would be fully funded in order to ensure that the interests of regional school districts are
4 protected and also to advance the education mission of regional school districts.

5 This act would take effect upon passage.
