Such assistance shall be provided to the adult parent, legal guardian, or other adult relative on behalf of the individual and child unless otherwise authorized by the department.

(2) This subsection shall not apply if the minor parent or pregnant minor has no parent, legal guardian or other adult relative who is living and/or whose whereabouts are unknown; or the department determines that the physical or emotional health or safety of the minor parent, or his or her child, or the pregnant minor, would be jeopardized if he or she was required to live in the same residence as his or her parent, legal guardian or other adult relative (refusal of a parent, legal guardian or other adult relative to allow the minor parent or his or her child, or a pregnant minor, to live in his or her home shall constitute a presumption that the health or safety would be so jeopardized); or the minor parent or pregnant minor has lived apart from his or her own parent or legal guardian for a period of at least one year before either the birth of any child to a minor parent or the onset of the pregnant minor's pregnancy; or there is good cause, under departmental regulations, for waiving the subsection; and the individual resides in supervised supportive living arrangement to the extent available.

(3) For purposes of this section "supervised supportive living arrangement" means an

arrangement which requires minor parents to enroll and make satisfactory progress in a program leading to a high school diploma or a general education development certificate, and requires minor parents to participate in the adolescent parenting program designated by the department, to the extent the program is available; and provides rules and regulations which ensure regular adult supervision.

(2) Consent to and cooperate with the state in establishing the paternity and in establishing and/or enforcing child support and medical support orders for all children in the family or assistance unit in accordance with Title 15 of the general laws, as amended, unless the parent or caretaker relative is found to have good cause for refusing to comply with the requirements of this subsection.

(3) Absent good cause, as defined by the department of human services through the rule making process, for refusing to comply with the requirements of (1) and (2) above, cash assistance to the family shall be reduced by twenty-five percent (25%) until the adult member of the family who has refused to comply with the requirements of this subsection consents to and cooperates with the state in accordance with the requirements of this subsection.

(4) As a condition of eligibility for cash and medical assistance under this chapter, each adult member, parent or caretaker relative of the family/assistance unit must consent to and cooperate with the state in identifying and providing information to assist the state in pursuing any third-party who may be liable to pay for care and services under Title XIX of the Social Security Act, 42 U.S.C. § 1396 et seq."

In all cases, building height shall be measured to the top of the highest point of the existing or proposed roof or structure. This distance shall exclude spires, chimneys, flag poles, and the like. For any property or structure located in a special flood hazard area, as shown on the official FEMA Flood Insurance Rate Maps (FIRMs), building height shall be measured from base flood elevation, and where freeboard, as defined in this section, is being utilized or proposed, such freeboard area, not to exceed five feet (5'), shall be excluded from the building height calculation; provided, however that the Rhode Island coastal resources management council design elevation maps may be used by an owner or applicant to establish a base flood elevation for a property that is higher

than the official FEMA FIRMS.

(13) Cluster. A site-planning technique that concentrates buildings in specific areas on the site to allow the remaining land to be used for recreation, common open space, and/or preservation of environmentally, historically, culturally, or other sensitive features and/or structures. The techniques used to concentrate buildings shall be specified in the ordinance and may include, but are not limited to, reduction in lot areas, setback requirements, and/or bulk requirements, with the resultant open land being devoted by deed restrictions for one or more uses. Under cluster development, there is no increase in the number of lots that would be permitted under conventional development except where ordinance provisions include incentive bonuses for certain types or conditions of development.

(14) Common ownership. Either:

(i) Ownership by one or more individuals or entities in any form of ownership of two (2) or more contiguous lots; or

(ii) Ownership by any association (ownership may also include a municipality) of one or more lots under specific development techniques.

(15) Community residence. A home or residential facility where children and/or adults reside in a family setting and may or may not receive supervised care. This does not include halfway houses or substance-use-disorder-treatment facilities. This does include, but is not limited to, the following:

(i) Whenever six (6) or fewer children or adults with intellectual and/or developmental disability reside in any type of residence in the community, as licensed by the state pursuant to chapter 24 of title 40.1. All requirements pertaining to local zoning are waived for these community residences;

(ii) A group home providing care or supervision, or both, to not more than eight (8) persons with disabilities, and licensed by the state pursuant to chapter 24 of title 40.1;

(iii) A residence for children providing care or supervision, or both, to not more than eight (8) children, including those of the caregiver, and licensed by the state pursuant to chapter 72.1 of title 42;

(iv) A community transitional residence providing care or assistance, or both, to no more than six (6) unrelated persons or no more than three (3) families, not to exceed a total of eight (8) persons, requiring temporary financial assistance, and/or to persons who are victims of crimes, abuse, or neglect, and who are expected to reside in that residence not less than sixty (60) days nor more than two (2) years. Residents will have access to, and use of, all common areas, including eating areas and living rooms, and will receive appropriate social services for the purpose of fostering independence, self-sufficiency, and eventual transition to a permanent living situation.

(16) Comprehensive plan. The comprehensive plan adopted and approved pursuant to chapter 22.2 of this title and to which any zoning adopted pursuant to this chapter shall be in compliance.

(17) Day care -- Day-care center. Any other day-care center that is not a family day-care home.

(18) Day care -- Family day-care home. Any home, other than the individual's home, in which day care in lieu of parental care or supervision is offered at the same time to six (6) or less individuals who are not relatives of the caregiver, but may not contain more than a total of eight (8) individuals receiving day care.

(25) Extractive industry. The extraction of minerals, including: solids, such as coal and ores; liquids, such as crude petroleum; and gases, such as natural gases. The term also includes quarrying; well operation; milling, such as crushing, screening, washing, and flotation; and other preparation customarily done at the extraction site or as a part of the extractive activity.

(26) Family. A person, or persons, related by blood, marriage, or other legal means. See also "household".

(27) Floating zone. An unmapped zoning district adopted within the ordinance that is established on the zoning map only when an application for development, meeting the zone requirements, is approved.

(28) Floodplains, or Flood hazard area. As defined in § 45-22.2-4.

(29) Freeboard. A factor of safety expressed in feet above the base flood elevation of a flood hazard area for purposes of floodplain management. Freeboard compensates for the many unknown factors that could contribute to flood heights, such as wave action, bridge openings, and the hydrological effect of urbanization of the watershed.

(30) Groundwater. "Groundwater" and associated terms, as defined in § 46-13.1-3.

(31) Halfway house. A residential facility for adults or children who have been institutionalized for criminal conduct and who require a group setting to facilitate the transition to a functional member of society.

(33) Historic district or historic site. As defined in § 45-22.2-4.

(34) Home occupation. Any activity customarily carried out for gain by a resident, conducted as an accessory use in the resident's dwelling unit.

One or more persons living together in a single-dwelling unit, with common access to, and common use of, all living and eating areas and all areas and facilities for the preparation and storage of food within the dwelling unit. The term "household unit" is synonymous with the term "dwelling unit" for determining the number of units allowed within any structure on any lot in a zoning district. An individual household shall consist of any one of the following:

(i) A family, which may also include servants and employees living with the family; or

(ii) A person or group of unrelated persons living together. The maximum number may be set by local ordinance, but this maximum shall not be less than three (3).

(36) Incentive zoning. The process whereby the local authority may grant additional development capacity in exchange for the developer's provision of a public benefit or amenity as specified in local ordinances.

(37) Infrastructure. Facilities and services needed to sustain residential, commercial, industrial, institutional, and other activities.

(38) Land-development project. A project in which one or more lots, tracts, or parcels of land are developed or redeveloped as a coordinated site for one or more uses, units, or structures, including, but not limited to, planned development or cluster development for residential, commercial, institutional, recreational, open space, or mixed uses as provided in the zoning ordinance.

(39) Lot. Either:

(i) The basic development unit for determination of lot area, depth, and other dimensional regulations; or

(ii) A parcel of land whose boundaries have been established by some legal instrument, such as a

recorded deed or recorded map, and that is recognized as a separate legal entity for purposes of transfer of title.

(40) Lot area. The total area within the boundaries of a lot, excluding any street right-of-way, usually reported in acres or square feet.

(41) Lot area, minimum. The smallest land area established by the local zoning ordinance upon which a use, building, or structure may be located in a particular zoning district.

(42) Lot building coverage. That portion of the lot that is, or may be, covered by buildings and accessory buildings.

(43) Lot depth. The distance measured from the front lot line to the rear lot line. For lots where the front and rear lot lines are not parallel, the lot depth is an average of the depth.

(44) Lot frontage. That portion of a lot abutting a street. A zoning ordinance shall specify how noncontiguous frontage will be considered with regard to minimum frontage requirements.

(45) Lot line. A line of record, bounding a lot, that divides one lot from another lot or from a public or private street or any other public or private space and shall include:

(i) Front: the lot line separating a lot from a street right-of-way. A zoning ordinance shall specify the method to be used to determine the front lot line on lots fronting on more than one street, for example, corner and through lots;

(ii) Rear: the lot line opposite and most distant from the front lot line, or in the case of triangular or otherwise irregularly shaped lots, an assumed line at least ten feet (10') in length entirely within the lot, parallel to and at a maximum distance from, the front lot line; and

(iii) Side: any lot line other than a front or rear lot line. On a corner lot, a side lot line may be a street lot line, depending on requirements of the local zoning ordinance.

(46) Lot size, minimum. Shall have the same meaning as "minimum lot area" defined herein.

(47) Lot, through. A lot that fronts upon two (2) parallel streets, or that fronts upon two (2) streets that do not intersect at the boundaries of the lot.

(48) Lot width. The horizontal distance between the side lines of a lot measured at right angles to its depth along a straight line parallel to the front lot line at the minimum front setback line.

(51) Modification. Permission granted and administered by the zoning enforcement officer of the city or town, and pursuant to the provisions of this chapter to grant a dimensional variance other than lot area requirements from the zoning ordinance to a limited degree as determined by the zoning ordinance of the city or town, but not to exceed twenty-five percent (25%) of each of the applicable dimensional requirements.

(52) Nonconformance. A building, structure, or parcel of land, or use thereof, lawfully existing at the time of the adoption or amendment of a zoning ordinance and not in conformity with the provisions of that ordinance or amendment. Nonconformance is of only two (2) types:

(i) Nonconforming by use: a lawfully established use of land, building, or structure that is not a permitted use in that zoning district. A building or structure containing more dwelling units than are permitted by the use regulations of a zoning ordinance is nonconformity by use; or

(ii) Nonconforming by dimension: a building, structure, or parcel of land not in compliance with the dimensional regulations of the zoning ordinance. Dimensional regulations include all regulations of the zoning ordinance, other than those pertaining to the permitted uses. A building or structure containing more dwelling units than are permitted by the use regulations of a zoning ordinance is nonconforming by use; a building or structure containing a permitted number of dwelling units by the use regulations of the zoning ordinance, but not meeting the lot area per dwelling unit regulations, is nonconforming by dimension.

(53) Overlay district. A district established in a zoning ordinance that is superimposed on one or

more districts or parts of districts. The standards and requirements associated with an overlay district may be more or less restrictive than those in the underlying districts consistent with other applicable state and federal laws.

(55) Permitted use. A use by right that is specifically authorized in a particular zoning district.

(57) Plant agriculture. The growing of plants for food or fiber, to sell or consume. The cultivation and processing of marijuana is not plant agriculture.

(58) Preapplication conference. A review meeting of a proposed development held between applicants and reviewing agencies as permitted by law and municipal ordinance, before formal submission of an application for a permit or for development approval.

(59) Setback line or lines. A line, or lines, parallel to a lot line at the minimum distance of the required setback for the zoning district in which the lot is located that establishes the area within which the principal structure must be erected or placed.

(60) Site plan. The development plan for one or more lots on which is shown the existing and/or the proposed conditions of the lot.

(61) Slope of land. The grade, pitch, rise, or incline of the topographic landform or surface of the ground.

(62) Special use. A regulated use that is permitted pursuant to the special-use permit issued by the authorized governmental entity, pursuant to § 45-24-42. Formerly referred to as a special exception.

(63) Structure. A combination of materials to form a construction for use, occupancy, or ornamentation, whether installed on, above, or below the surface of land or water.

(64) Substandard lot of record. Any lot lawfully existing at the time of adoption or amendment of a zoning ordinance and not in conformance with the dimensional or area provisions of that ordinance.

(65) Use. The purpose or activity for which land or buildings are designed, arranged, or intended, or for which land or buildings are occupied or maintained.

(66) Variance. Permission to depart from the literal requirements of a zoning ordinance. An authorization for the construction or maintenance of a building or structure, or for the establishment or maintenance of a use of land, that is prohibited by a zoning ordinance. There are only two (2) categories of variance, a use variance or a dimensional variance.

(i) Use variance. Permission to depart from the use requirements of a zoning ordinance where the applicant for the requested variance has shown by evidence upon the record that the subject land or structure cannot yield any beneficial use if it is to conform to the provisions of the zoning ordinance.

(ii) Dimensional variance. Permission to depart from the dimensional requirements of a zoning ordinance, where the applicant for the requested relief has shown, by evidence upon the record, that there is no other reasonable alternative way to enjoy a legally permitted beneficial use of the subject property unless granted the requested relief from the dimensional regulations. However, the fact that a use may be more profitable or that a structure may be more valuable after the relief is granted are not grounds for relief.

(67) Waters. As defined in § 46-12-1(23).

(68) Wetland, coastal. As defined in § 45-22.2-4.

(69) Wetland, freshwater. As defined in § 2-1-20.

(70) Zoning certificate. A document signed by the zoning-enforcement officer, as required in the zoning ordinance, that acknowledges that a use, structure, building, or lot either complies with, or is legally nonconforming to, the provisions of the municipal zoning ordinance or is an authorized variance

or modification therefrom.

(71) Zoning map. The map, or maps, that are a part of the zoning ordinance and that delineate the boundaries of all mapped zoning districts within the physical boundary of the city or town.

(72) Zoning ordinance. An ordinance enacted by the legislative body of the city or town pursuant to this chapter and in the manner providing for the adoption of ordinances in the city or town's legislative or home rule charter, if any, that establish regulations and standards relating to the nature and extent of uses of land and structures; that is consistent with the comprehensive plan of the city or town as defined in chapter 22.2 of this title; that includes a zoning map; and that complies with the provisions of this chapter.

(73) Zoning-use district. The basic unit in zoning, either mapped or unmapped, to which a uniform set of regulations applies, or a uniform set of regulations for a specified use. Zoning-use districts include, but are not limited to: agricultural, commercial, industrial, institutional, open space, and residential. Each district may include sub-districts. Districts may be combined."

FLOOR AMENDMENT TO 2019 -- H 5151 SUBSTITUTE A

AN ACT RELATING TO MAKING APPROPRIATIONS IN SUPPORT OF FY 2020

Mr. Speaker:

I hereby move to amend 2019 -- H 5151 SUBSTITUTE A, entitled "AN ACT RELATING TO MAKING APPROPRIATIONS IN SUPPORT OF FY 2020", as follows:

By adding thereto the following new Article:

"ARTICLE _____

AN ACT RELATING TO CENTRAL FALLS RETIREES' BENEFICIARIES

SECTION 1. Section 45-21-67 of the General Laws in Chapter 45-21 entitled "Retirement of Municipal Employees" is hereby amended to read as follows:

45-21-67. Central Falls retirees -- Settlement agreement.

(a) Definitions. As used in this section:

(1) "Base pension benefit" is the amount listed on Appendix A, Appendix D-A, and Appendix E-A, attached to the settlement agreement, under the column labeled "amount prior to reduction", which is the amount each Central Falls retiree was receiving as of July 31, 2011.

(2) "Central Falls retirees" are the retirees, or the beneficiaries of retirees, of the city of Central Falls, listed on Appendix A to the settlement agreement, as amended from time to time, when a retiree or beneficiary dies.

(3) "Settlement agreement" shall mean that settlement and release agreement, as set forth in P.L. 2012, Ch. 241, Art. 22, signed by and between the receiver of the city of Central Falls, the director of revenue and the participating retirees, approved by the bankruptcy court by order dated January 9, 2012.

(b) Legislative findings and purpose.

(1) Pursuant to P.L. 2012, Ch. 241, Art. 22, which defined the terms of the initial appropriation, the state made an appropriation of two million six hundred thirty-six thousand nine hundred thirty-two dollars (\$2,636,932), which was deposited into a restricted account held by the city of Central Falls, for the purpose of supplementing the reduced pensions of the Central Falls retirees, to enable the city to pay the Central Falls retirees seventy-five percent (75%) of their base pension benefit as of July 31, 2011, for a five-year (5) period, with the last supplemental appropriation to be paid on or within thirty (30) days of July 1, 2015.

(2) The drastic pension reductions experienced by the Central Falls retirees provided a harsh example of the risks of unfunded-pension liabilities, which, in turn, provided the primary incentive toward successful pension negotiations with other municipal, police, and fire retirees, saving the state more than sixty million dollars (\$60,000,000).

(3) If said appropriation is not made prior to July 1, 2016, the Central Falls retirees, many of whom sustained serious and permanent injuries in service to the city, will have their pensions reduced yet again, in some instances to less than sixty percent (60%) of the pension they were receiving on July 11, 2011.

(4) It is fair and just that the state appropriate sufficient funds to the city to supplement the city's funding of the pension benefits to the Central Falls retirees to ensure that the Central Falls retirees continue to receive no less than seventy-five percent (75%) of the base pension benefit, after taking into account all applicable cost-of-living adjustments, for their lifetime, and to the extent applicable, for the life of their beneficiaries.

(c) Appropriation payment.

(1) Appropriation payment and restrictions on use. In accordance with the terms set forth in Article 22 and the settlement agreement, the state shall annually appropriate sufficient funds to the restricted account for the city of Central Falls to supplement the city's funding for payments to Central Falls retirees in order that they continue to receive no less than seventy-five percent (75%) of their base pension benefit as of July 31, 2011, after taking into account all applicable cost-of-living adjustments, for their lifetime, and to the extent applicable, for the life of their beneficiaries. Such appropriation shall be determined annually by an actuarial valuation ("appropriation amount"), and it is expected over the life of the existing retirees to total four million eight hundred seventeen thousand seven hundred eight dollars (\$4,817,708).

(2) Deposit of appropriation payment and payments to Central Falls retirees. The appropriation payment shall be immediately deposited by the city into the previously established "participating retirees restricted five-year (5) account", which shall be redesignated as the "participating retirees' restricted account." The participating retirees' account shall be administered by the city and not by any third-party pension-fund manager.

(d) Any and all withdrawals, transfers, and payments from the participating retirees' account shall be made as set forth in the settlement agreement and accompanying appendices and said Article 22 (c) until the payments are made on July 1, 2015.

(e) Beginning on or within thirty (30) days of July 1, 2016, and annually thereafter, with payments to be paid each retiree or beneficiary as applicable on or within thirty (30) days of July 1 of each year they are eligible for benefits under the Central Falls pension plan, the city shall distribute to each participating retiree or beneficiary the annual amount listed on the actuarial spreadsheets prepared by Sherman Actuarial Services, which shall supplement the pension payments paid by the city in order that each retiree will receive no less than seventy-five percent (75%) of his or her base pension benefit,

after taking into account all applicable cost-of-living adjustments, for his or her lifetime, and to the extent applicable, sixty-seven and one-half percent (67.5%) of the base pension benefit, after taking into account all applicable cost-of-living adjustments, to his or her beneficiaries for his or her lifetime. Such supplemental distributions shall be made by the city when the funds appropriated by the state are made available to the city, which shall be as close to July 1 as practicable.

(f) Relationship to base pension payments. The supplemental payments to the Central Falls retirees from the participating retirees' restricted account shall not be included in the calculation of base pension benefits for the purposes of determining a retiree's or beneficiary's cost-of-living adjustment.

(g) The cost-of-living adjustments as set forth in the settlement agreement are to be paid by the city of Central Falls to the Central Falls retirees, and to the extent applicable, their beneficiaries.

(h) The following provision shall amend and supersede P.L. 2012, Ch. 241, Art. 22 (c)(4) regarding the balance in the participating retirees' restricted account as of August 1, 2015:

(1) Distribution of balance. As of August 1, 2015, no further supplemental payments shall be distributed to the Central Falls retirees under the terms of the settlement agreement. The balance of monies in the participating retirees' restricted account shall be distributed in accordance with this Article, in the amounts and to those retirees and beneficiaries listed on the actuarial spreadsheets prepared by Sherman Actuarial Services, LLC and maintained and administered by the city. The amounts set forth on the actuarial spreadsheets will supplement the pension payments being made by the city in order that each retiree will receive no less than seventy-five percent (75%) of their base pension benefit, after taking into account all applicable cost-of-living adjustments, for his or her lifetime, and to the extent applicable, sixty-seven and one-half percent (67.5%) of the base pension benefit, after taking into account all applicable cost-of-living adjustments, to their beneficiaries for his or her lifetime.

(2) Any monies remaining in the participating retirees' restricted account after the last-living retiree attains seventy-five percent (75%) of the base pension benefit, after taking into account all applicable cost-of-living adjustments, or last-living beneficiary attains sixty-seven and one-half percent (67.5%) of the base pension benefit, after taking into account all applicable cost-of-living adjustments, shall be returned to the state under state law.

(i) Access to account information and records. The city shall maintain appropriate account information and records relating to all receipts into, maintenance of, and distributions from, the participating retirees' restricted account, and shall allow, at all reasonable times, for the full inspection and copying and sharing of information about such account and any and all payments therefrom with any participating retiree and the state.

(j) Unclaimed payments. Any monies distributed to a participating retiree or beneficiary from the participating retirees' restricted account and not claimed by a participating retiree or beneficiary after the city has exercised good faith attempts over a six-month (6) period to deliver it to the best, last-known address of such participating retiree or beneficiary, shall not escheat under state law, but shall remain in the participating retirees' restricted account until the conditions of subsection (h) herein have been satisfied.

(k) Liabilities and penalties for inappropriate use of appropriation payment. Any person, whether in his/her individual capacity, who uses, appropriates, or takes or instructs another to use, appropriate, or take, the appropriation payment, or any portion thereof, that is not specifically used for making payments to participating retirees or their beneficiaries as required hereunder and under the terms of the settlement agreement, shall be personally liable for repayment of said funds and further shall be subject to any and all applicable civil and criminal sanctions and/or penalties for such act(s).

(l) Retirees' beneficiaries. Upon the death of any retiree covered by this section, their beneficiary shall receive sixty-seven percent (67%) of the retiree's base pension benefit, as defined in § 45-21-67(a)(1)."

SECTION 2. Each line appearing in Section 1 of this Article shall constitute an appropriation.

SECTION 3. Upon the transfer of any function of a department or agency to another department or agency, the Governor is hereby authorized by means of executive order to transfer or reallocate, in whole or in part, the appropriations and the full-time equivalent limits affected thereby; provided, however, in accordance with Rhode Island General Law, Section 42-6-5, when the duties or administrative functions of government are designated by law to be performed within a particular department or agency, no transfer of duties or functions and no re-allocation, in whole or part, of appropriations and full-time equivalent positions to any other department or agency shall be authorized.

SECTION 4. From the appropriation for contingency shall be paid such sums as may be required at the discretion of the Governor to fund expenditures for which appropriations may not exist. Such contingency funds may also be used for expenditures in the several departments and agencies where appropriations are insufficient, or where such requirements are due to unforeseen conditions or are non-recurring items of an unusual nature. Said appropriations may also be used for the payment of bills incurred due to emergencies or to any offense against public peace and property, in accordance with the provisions of Titles 11 and 45 of the General Laws of 1956, as amended. All expenditures and transfers from this account shall be approved by the Governor.

SECTION 5. The general assembly authorizes the state controller to establish the internal service accounts shown below, and no other, to finance and account for the operations of state agencies that provide services to other agencies, institutions and other governmental units on a cost reimbursed basis. The purpose of these accounts is to ensure that certain activities are managed in a businesslike manner, promote efficient use of services by making agencies pay the full costs associated with providing the services, and allocate the costs of central administrative services across all fund types, so that federal and other non-general fund programs share in the costs of general government support. The controller is authorized to reimburse these accounts for the cost of work or services performed for any other department or agency subject to the following expenditure limitations:

Full-time equivalent positions do not include seasonal or intermittent positions whose scheduled period of employment does not exceed twenty-six consecutive weeks or whose scheduled hours do not exceed nine hundred and twenty-five (925) hours, excluding overtime, in a one-year period. Nor do they include individuals engaged in training, the completion of which is a prerequisite of employment. Provided, however, that the Governor or designee, Speaker of the House of Representatives or designee, and the President of the Senate or designee may authorize an adjustment to any limitation. Prior to the authorization, the State Budget Officer shall make

a detailed written recommendation to the Governor, the Speaker of the House, and the President of the Senate. A copy of the recommendation and authorization to adjust shall be transmitted to the chairman of the House Finance Committee, Senate Finance Committee, the House Fiscal Advisor and the Senate Fiscal Advisor.
