FLOOR AMENDMENT
TO
2021 -- H 5130 SUBSTITUTE A

AN ACT RELATING TO LABOR AND LABOR RELATIONS -- MINIMUM WAGES

Mr. Speaker:

I hereby move to amend 2021 -- H 5130 SUBSTITUTE A, entitled "AN ACT RELATING TO LABOR AND LABOR RELATIONS -- MINIMUM WAGES", as follows:

1. On page 2, between lines 10 and 11, by inserting the following language:
"SECTION 2. Section 40-8-19 of the General Laws in Chapter 40-8 entitled "Medical Assistance" is hereby amended to read as follows:
40-8-19. Rates of payment to nursing facilities.

(a) Rate reform.

(1) The rates to be paid by the state to nursing facilities licensed pursuant to chapter 17 of title 23, and certified to participate in Title XIX of the Social Security Act for services rendered to Medicaid-eligible residents, shall be reasonable and adequate to meet the costs that must be incurred by efficiently and economically operated facilities in accordance with 42 U.S.C. § 1396a(a)(13). The executive office of health and human services ("executive office") shall promulgate or modify the principles of reimbursement for nursing facilities in effect as of July 1, 2011, to be consistent with the provisions of this section and Title XIX, 42 U.S.C. § 1396 et seq., of the Social Security Act.

(2) The executive office shall review the current methodology for providing Medicaid payments to nursing facilities, including other long-term-care services providers, and is authorized to modify the principles of reimbursement to replace the current cost-based methodology rates with rates based on a price-based methodology to be paid to all facilities with recognition of the acuity of patients and the relative Medicaid occupancy, and to include the following elements to be developed by the executive office:

(i) A direct-care rate adjusted for resident acuity;

(ii) An indirect-care rate comprised of a base per diem for all facilities;

(iii) A rearray of costs for all facilities every three (3) years beginning October, 2015, that may or may not result in automatic per diem revisions;

(iv) Application of a fair-rental-value system;

(v) Application of a pass-through system; and

(vi) Adjustment of rates by the change in a recognized national nursing home inflation index to be applied on October 1 of each year, beginning October 1, 2012. This adjustment will not occur on October 1, 2013, October 1, 2014, or October 1, 2015, but will occur on April 1, 2015. The adjustment of rates will also not occur on October 1, 2017, October 1, 2018, and October 1, 2019. Effective July 1, 2018, rates paid to nursing facilities from the rates approved by the Centers for Medicare and Medicaid Services and in effect on October 1, 2017, both fee-for-service and managed care, will be increased by one and one-half percent (1.5%) and further increased by one percent (1%) on October 1, 2018, and further increased by one percent (1%) on October 1, 2019. The inflation index shall be applied without regard for the transition factors in subsections (b)(1) and (b)(2). For purposes of October 1, 2016, adjustment only, any rate increase that results from application of the inflation index to subsections (a)(2)(i) and (a)(2)(ii) shall be dedicated to increase compensation for direct-care workers in the following manner: Not less than 85% of this aggregate amount shall be expended to fund an increase in wages, benefits, or related employer costs of direct-care staff of nursing homes. For purposes of this section, direct-care staff shall include registered nurses (RNs), licensed practical nurses (LPNs), certified nursing assistants (CNAs), certified medical technicians, housekeeping staff, laundry staff, dietary staff, or other similar employees providing direct-care services; provided, however, that this definition of direct-care staff shall not include: (i) RNs and LPNs who are classified as "exempt employees" under the Federal Fair Labor Standards Act (29 U.S.C. § 201 et seq.); or (ii) CNAs, certified medical technicians, RNs, or LPNs who are contracted, or subcontracted, through a third-party vendor or staffing agency. By July 31, 2017, nursing facilities shall submit to the secretary, or designee, a certification that they have complied with the provisions of this subsection (a)(2)(vi) with respect to the inflation index applied on October 1, 2016. Any facility that does not comply with terms of such certification shall be subjected to a clawback, paid by the nursing facility to the state, in the amount of increased reimbursement subject to this provision that was not expended in compliance with that certification.

(vii) Commencing January 1, 2022, any increase in the required minimum wage pursuant to § 28-12-3 or any successor statute payable by a nonprofit nursing facility, including group homes providing services as a nursing facility, shall result in the increase of the direct and indirect care components of the Medicare rates to be paid by the state to the nonprofit nursing facility, including

group homes providing services as a nursing facility. The amount of Medicaid reimbursement payable as a result of the increase of the required minimum wage incurred by a nonprofit nursing facility, including group homes providing services as a nursing facility, shall be determined by increasing the Medicaid reimbursement rate by the same percentage by which the minimum wage is increased. The effective date of any such adjusted Medicaid reimbursement rate shall be the date upon which the minimum wage increase becomes effective and shall take place irrespective of and in addition to any inflation index applied to Medicaid reimbursement rates payable by the state.

(b) Transition to full implementation of rate reform. For no less than four (4) years after the initial application of the price-based methodology described in subsection (a)(2) to payment rates, the executive office of health and human services shall implement a transition plan to moderate the impact of the rate reform on individual nursing facilities. Said transition shall include the following components:

(1) No nursing facility shall receive reimbursement for direct-care costs that is less than the rate of reimbursement for direct-care costs received under the methodology in effect at the time of passage of this act; for the year beginning October 1, 2017, the reimbursement for direct-care costs under this provision will be phased out in twenty-five-percent (25%) increments each year until October 1, 2021, when the reimbursement will no longer be in effect, except for direct care costs increased as a result of increased minimum wage costs incurred pursuant to § 28-12-3, which shall be reimbursed pursuant to the provisions of subsection (a)(4)(vii) of this section; and

(2) No facility shall lose or gain more than five dollars (\$5.00) in its total, per diem rate the first year of the transition. An adjustment to the per diem loss or gain may be phased out by twenty-five percent (25%) each year; except, however, for the years beginning October 1, 2015, there shall be no adjustment to the per diem gain or loss, but the phase out shall resume thereafter; and

(3) The transition plan and/or period may be modified upon full implementation of facility per diem rate increases for quality of care-related measures. Said modifications shall be submitted in a report to the general assembly at least six (6) months prior to implementation.

(4) Notwithstanding any law to the contrary, for the twelve-month (12) period beginning July 1, 2015, Medicaid payment rates for nursing facilities established pursuant to this section shall not exceed ninety-eight percent (98%) of the rates in effect on April 1, 2015. Consistent with the other provisions of this chapter, nothing in this provision shall require the executive office to restore the rates to those in effect on April 1, 2015, at the end of this twelve-month (12) period."

2. On page 2, line 11, by deleting the numeral "2", and by inserting in place thereof the numeral "3".

Respectfully submitted,

Representative Place
