19 term bonds or a combination thereof and shall be payable, either by the maturity of principal in
20 the case of serial bonds or by mandatory serial redemption in the case of term bonds, in annual
21 installments of principal, the first installment to be not later than three (3) years after the date of
22 the bonds. Sections 45-12-5.1 and 45-12-5.2 shall apply to any such bonds.

23 (b) The bonds shall be signed by the district treasurer and by the manual or facsimile
24 signature of the chairman of the board of fire commissioners and shall be sold at not less than par
25 and accrued interest. Unless otherwise determined in the vote of the district authorizing the same,
26 the manner of sale, denominations, maturities, interest rates and other terms, conditions and
27 details of such bonds may be fixed by the proceedings of the board of fire commissioners
28 authorizing the issue or by separate vote of the board of fire commissioners or, to the extent
29 provisions for these matters are not so made, they may be fixed by the officers authorized to sign
30 the bonds. Interest coupons, if any, shall bear the facsimile signature of the district treasurer. The
31 proceeds derived from the sale of the bonds shall be delivered to the district treasurer and such
32 proceeds exclusive of premiums and accrued interest shall be expended for the purposes provided
33 in subsection (a) of this section. No purchaser of any bonds or notes under this section shall be in
34 any way responsible for the proper application of the proceeds derived from the sale thereof.

1 (c) If said fire district shall authorize the issuance of bonds under subsection (a) of this
2 section, the board of fire commissioners of said district may by resolution authorize the issuance
3 from time to time of interest bearing or discounted notes in anticipation of the issue of such bonds
4 or in anticipation of the receipt of federal or state aid for the purpose for which such bonds are to
5 be issued. The amount of original notes issued in anticipation of bonds may not exceed the
6 amount of bonds which may be issued under subsection (a) of this section and the amount of
7 original notes issued in anticipation of federal or state aid may not exceed the amount of available
8 federal or state aid as estimated by the district treasurer. Temporary notes issued under this
9 subsection shall be signed by the district treasurer and by the chairman of the board of fire
10 commissioners and shall be payable within three (3) years from their respective dates, but the
11 principal of and interest on notes issued for a shorter period may be renewed or paid from time to
12 time by the issue of other notes hereunder, provided the period from the date of an original note
13 to the maturity of any note issued to renew or pay the same or the interest thereon shall not
14 exceed three (3) years.

15 (d) In addition to the bonds and notes authorized in subsections (a) and (c) of this section,
16 said fire district is hereby empowered to borrow from time to time in each financial year, in
17 anticipation of the receipt of the proceeds of the annual tax due or to become due in said financial
18 year upon the ratable property within said fire district, and in anticipation of the receipt of the
19 then uncollected proceeds of the annual tax for the next preceding financial year, an amount
20 which, together with any money borrowed in anticipation of taxes in any prior year which remain
21 unpaid, shall not exceed eighty percent (80%) of the tax levy of the next preceding financial year,
22 the money to be borrowed to be used and expended for the payment of the current liabilities and
23 expenses of the fire district, and to authorize its treasurer to issue, with the approval of the board
24 of fire commissioners, its interest bearing or discounted notes therefore. Notes issued pursuant to
25 this subsection shall be signed by the district treasurer and the chairman of the board of fire
26 commissioners and shall be made payable not later than one year from their dates, but may be
27 renewed or paid by the issue of new notes payable not later than one year from the date of the
28 original notes so renewed or paid. Said fire district shall assess and levy a tax in each financial
29 year.

30 (e) Any proceeds of bonds or notes issued hereunder or of any applicable federal or state
31 assistance, pending their expenditure, may be deposited or invested by the district treasurer in
32 demand deposits, time deposits or savings deposits in banks which are members of the Federal
33 Deposit Insurance Corporation or in obligations issued or guaranteed by the United States of
34 America or by any agency or instrumentality thereof as may be provided in any other applicable

1 law of the state of Rhode Island.

2 (f) All bonds and notes issued under this act and the debts evidenced thereby shall be
3 obligatory on the district in the same manner and to the same extent as other debts lawfully
4 contracted by it. The district shall annually appropriate a sum sufficient to pay the principal and
5 interest coming due within the year on bonds and notes issued hereunder to the extent that
6 moneys therefore are not otherwise provided. If such sum is not appropriated, it shall
7 nevertheless, be added to the annual tax levy. In order to provide such sum in each year and
8 notwithstanding any provision of law to the contrary, all taxable property in the district shall be
9 subject to ad valorem taxation by the district without limitation as to rate or amount.

10 (g) Any bonds or notes issued under the provisions of this act and coupons on any bonds,
11 if properly executed by officers of the district in the office on the date of execution, shall be valid
12 and binding according to their terms notwithstanding that before the delivery thereof and payment
13 therefore any and all of such officers shall for any reason have ceased to hold office.

14 (h) Notwithstanding any provision of law to the contrary, any bonds or notes issued by
15 the district hereunder, their transfer, and the income thereon (including any profits made on the
16 sale thereof) shall at all times be exempt from taxation by the state of Rhode Island or any
17 subdivision thereof other than estate and succession taxes.

18 (i) In addition to the powers set forth herein, the Lincoln Fire District will be authorized
19 and empowered to consolidate the current Saylesville firefighters' pension plan administered by
20 ERISA with the current COLA firefighters' pension of the Albion firefighters currently
21 administered by ERISA with the assets and liabilities of both plans combined.

22 *Section 16. Bylaws.*

23 Said residents shall have power to enact bylaws prescribing the duties of all officers of
24 the district and such as they shall deem necessary and expedient for carrying out the provisions of
25 this act, including establishing procedures for the approval of the district's budget, and also for the
26 protection of all apparatus and property of the district.

27 *Section 17. Tax Exemption from Real and Personal Property Taxes.*

28 The real and personal property of the Lincoln Fire District shall be exempt from taxation
29 for state, town and school purposes.

30 *Section 18. Amendments to Charter.*

31 Should the board of fire commissioners propose that the general assembly amend this
32 charter, it shall first publish notice of said proposed amendments in two (2) successive issues of a
33 local newspaper or any other Rhode Island newspaper of general circulation within the town of
34 Lincoln. Said notice shall include the text of any proposed amendments to this charter. Prior to

1 submission of said charter amendments to the general assembly, the board of fire commissioners
2 shall conduct a public hearing and consider the views of any district taxpayer expressed at said
3 hearing for or against said amendments.

4 Section 19. Charters' Consolidation and Albion and Saylesville Fire Districts' Wind
5 Down.

6 This act shall constitute the original charter of the consolidated districts and be
7 substituted for the original charters of the individual districts passed by the general assembly, as
8 the same have been amended from time to time; except that, all prior acts of the general assembly
9 authorizing bond issues of the districts shall remain in full force and effect. The existing districts
10 of Albion and Saylesville shall have until December 31, 2020 to take all steps necessary to
11 effectuate the consolidation of the districts as referenced herein. Any extension of the date set
